In re: MONROE COUNTY LAND
 DEVELOPMENT REGULATIONS
 ADOPTED BY MONROE COUNTY
 ORDINANCE NO. 007-2007

FINAL ORDER

The Department of Community Affairs (the "Department") hereby issues its Final Order, pursuant to §§ 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2006), approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Monroe County is a local government within the Florida Keys Area.

2. On May 11, 2007, the Department received for review Monroe County Ordinance No. 007-2007 ("Ord. 007-2007"), adopted by Monroe County on April 18, 2007.
3. The purpose of the Ordinance is to amend Monroe County Code Section 9.5-22(h)(2) in order to change the location of one of the two monthly Planning Commission meetings to a location in the Lower Keys rather than the current location in Marathon. The regularly scheduled (bi-monthly) meetings shall rotate between the lower Keys and the upper Keys sub-areas and provide easier access for the citizenry of the lower Keys to participate in public hearings appropriate to the lower Keys sub area.
4. Ordinance 007-2007 is consistent with the 2010 Monroe County Comprehensive Plan, Goal 1303.

CONCLUSIONS OF LAW

5. The Department is required to approve or reject land development regulations that are enacted, amended, or rescinded by any local government in the Florida Keys Area of Critical State Concern. § 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2006).
6. Monroe County is a local government within the Florida Keys Area of Critical State Concern. § 380.0552, Fla. Stat. (2006) and Rule 28-29.002 (superseding Chapter 27F-8), Fla. Admin. Code.
7. "Land development regulations" include local zoning, subdivision, building, and other regulations controlling the development of land. § 380.031(8), Fla. Stat. (2006). The regulations adopted by Ord. 007-2007 are land development regulations.
8. All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in § 380.0552(7), Fla. Stat. See Rathkamp v. Department of Community Affairs, 21 F.A.L.R. 1902 (Dec. 4, 1998), aff'd, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.
9. Ord. 007-2007 promotes and furthers the following Principles:
 - (a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without the continuation of the area of critical state concern designation.
 - (l) To protect the public health, safety, and welfare of the citizens of the Florida Keys and maintain the Florida Keys as a unique Florida resource.
10. Ord. 007-2007 is consistent with the Principles for Guiding Development as a whole.

WHEREFORE, IT IS ORDERED that Ord. 007-2007 is found to be consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby APPROVED.

This Order becomes effective 21 days after publication in the Florida Administrative Weekly unless a petition is filed as described below.

DONE AND ORDERED in Tallahassee, Florida.

LAND AND WATER ADJUDICATORY COMMISSION

NOTICE OF RECEIPT OF PETITION

On May 22, 2007, the Florida Land and Water Adjudicatory Commission ("FLWAC" or "Commission") received a petition to establish the Huntington Hammocks Community Development District (the "District"). The Commission will follow the requirements of Chapter 42-1, Florida Administrative Code (F.A.C.), as amended, and Chapter 190, Florida Statutes (F.S.), as amended, in ruling on this petition.

SUMMARY OF CONTENTS OF PETITION: The petition, filed by Seville LLC, requests the Commission establish a community development district located entirely within unincorporated Hernando County, Florida. The land area proposed to be served by the District comprises approximately 1,036.71 acres. A general location map is contained as Exhibit 1B to the petition to establish the District. The proposed land area is generally located in Northern Hernando County, with its Northern boundary comprised of the Hernando County/Citrus County Line. The proposed District is further located West of U.S. 98 and East of U.S. 19. There are 83 parcels of real property located within the external boundaries of the proposed District which are to be excluded from the District. Exhibit 2 to the petition depicts the location and provides a list of the real properties located within the external boundaries of the proposed District which are to be excluded from the District. The 83 parcels generally include road rights-of-way; a future electric utility site; a water treatment well site; and, 79 parcels of real property consisting of residential platted lots and common ground green space tracts. The Petitioner has obtained written consent to establish the District from the landowners of 100% of the real property located within the proposed District. The proposed infrastructure plan consists of roads, paving and street lighting; water and wastewater; stormwater management; and, an irrigation system.

SUMMARY OF ESTIMATED REGULATORY COSTS: The statement of estimated regulatory costs (SERC) supports the petition to establish the District. The complete text of the SERC is contained as Exhibit 8 to the petition. The requirements for a SERC are found in Section 120.541(2), F.S. A SERC must contain (a) a good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a description of the types of individuals likely to be affected by the rule; (b) a good faith estimate of the costs to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues; (c) a good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local governmental entities, required to comply with the requirements of the rule; (d) an analysis of the impact on small businesses as defined by Section 288.703, F.S., and an analysis of the impact on small counties and small cities as defined by Section 120.52, F.S.; (e) any additional information that the agency determines may be useful; and (f) any good faith written proposal submitted under section (a) and either a statement adopting the alternative or a statement rejecting the alternative in favor of the proposed rule. Addressing section (a), the District, Hernando County, and certain state agencies are the principal entities that are likely to be required to comply with the rule. In addition, current and future property owners will be affected by the establishment of the proposed District. Under section (b), FLWAC and the State of Florida will incur administrative costs. Hernando County will incur costs resulting from the

initial review and on-going costs resulting from the on-going administration of the District. There is a \$15,000 filing fee paid to Hernando County to offset any costs it may incur. Adoption of the proposed rule to approve the formation of the District will not have an adverse impact on State and local revenues. Addressing section (c), the District may levy non-ad valorem special assessments on properties within its boundaries to finance infrastructure that the District funds and to defray the costs of operating and maintaining the infrastructure and associated community facilities. The District may issue notes, bonds, or other indebtedness to fund its improvement program. Prospective future land owners would be required to pay off such indebtedness over time in the form of non-ad valorem special assessments or other rates, fees or charges. The District may also impose an annual levy for the operation and maintenance of the District. Under section (d), approval of the petition to establish the District will have no impact or a positive impact on small businesses. Hernando County has a population of 130,802 according to the Census 2000 conducted by the United States Census Bureau and is therefore not defined as a "small" county according to Section 120.52, Florida Statutes. Under section (e), the analysis provided in the SERC was based on a straightforward application of economic theory. Input was received from the Petitioner's engineer and other professionals associated with the Petitioner.

The Florida Department of Environmental Protection (Department) hereby provides notice of an intent to modify the Power Plant Conditions of Certification issued pursuant to the Florida Electrical Power Plant Siting Act, Chapter 403.501 et seq., Florida Statutes, concerning: Palm Beach County Resource Recovery Facility Power Plant Siting Application No. PA 84-20, OGC Case No. 07-1171. Pursuant to Section 403.516(1)(c), Florida Statutes, the Department proposes to modify the Conditions of Certification for the Palm Beach County Resource Recovery Facility site to require the submittal and implementation of a facility-wide water conservation plan.

A copy of the proposed modification may be obtained by contacting Michael P. Halpin, P.E., Administrator, Siting Coordination Office, Department of Environmental Protection, 2600 Blair Stone Road, M.S. 48, Tallahassee, Florida 32399-2400, (850)245-8002.

Pursuant to Section 403.516(1)(c)2., Florida Statutes, parties to the certification proceeding have 45 days from issuance of notice to such party's last address of record in which to object to the requested modification. Failure of any of the parties to file a response will constitute a waiver of objection to the requested modification. Any person who is not already a party to the certification proceeding and whose substantial interest is affected by the requested modification has 30 days from the date of publication of this public notice to object in writing. The written objection must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, M.S. 35, Tallahassee, Florida 32399-3000 within the specified period. If no objections are timely received, then a Final Order approving the modification shall be issued by the

Department. If timely objections are raised and agreement can not be reached, then pursuant to Chapter 62-17.211, Florida Administrative Code, the applicant may file a petition for modification seeking approval of those portions of the request for modification to which written objections were timely filed. Mediation is not available in this proceeding.
