LAND AND WATER ADJUDICATORY COMMISSION

**MYAKKA RANCH COMMUNITY
DEVELOPMENT DISTRICT**

On December 6, 2006, the Florida Land and Water Adjudicatory Commission ("FLWAC" or "Commission") received a petition to establish the Myakka Ranch Community Development District (the "District"). The Commission received supplements to the petition from Petitioner on January 19, 22, and 25, 2007, and February 2, 22, and 26, 2007. The Commission will follow the requirements of Chapter 42-1, Florida Administrative Code (FAC), as amended, and Chapter 190, Florida Statutes (F.S.), as amended, in ruling on this petition, as supplemented.

SUMMARY OF CONTENTS OF PETITION: The petition, as supplemented, filed by Resource Conservation of Sarasota, LLC, requests the Commission to establish a community development district located entirely within the unincorporated area of Sarasota County, Florida. The land area proposed to be served by the District comprises approximately 1,055 acres. A general location map is contained as Exhibit 1 to the petition, as supplemented, to establish the District. The Petitioner either owns or has written consent to establish the District from the owners of 100% of the real property located within the proposed District. The development is planned for approximately 375 single family residential units. The District contemplates providing certain master infrastructure improvements within the boundaries to include stormwater management and wetlands mitigation maintenance services, roadways and potable water and sanity sewer service to all of these residences.

SUMMARY OF ESTIMATED REGULATORY COSTS: The statement of estimated regulatory costs (SERC) supports the petition, as supplemented, to establish the District. The complete text of the SERC is contained as Exhibit 4 to the petition, as supplemented. The requirements for a SERC are found in Section 120.541(2), F.S. A SERC must contain (a) a good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a description of the types of individuals likely to be affected by the rule; (b) a good faith estimate of the costs to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues; (c) a good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local governmental entities, required to comply with the requirements of the rule; (d) an analysis of the impact on small businesses, small counties, and small cities; (e) any additional information that the agency determines may be useful; and (f) any good faith written proposal submitted under section (a) and either a statement adopting the alternative or a statement rejecting the alternative in favor of the proposed rule. Addressing section (a), the principal entities that are likely to be required to comply with the rule include the District, the State of Florida, and Sarasota

County. Under section (b), FLWAC and the State of Florida will incur modest administrative costs. Sarasota County will incur modest costs resulting from the initial review and on-going costs resulting from the on-going administration of the District. There is a filing fee paid to Sarasota County to offset any costs it may incur. Adoption of the proposed rule to approve the formation of the District will not have an adverse impact on State and local revenues. Addressing section (c), the District may levy non-ad valorem special assessments on properties within its boundaries to finance infrastructure that the District funds and to defray the costs of operating and maintaining the infrastructure and associated community facilities. The District may issue notes, bonds, or other indebtedness to fund its improvement program. Prospective future land owners would be required to pay off such indebtedness over time in the form of non-ad valorem special assessments or other rates, fees or charges. The District may also impose an annual levy for the operation and maintenance of the District. Under section (d), approval of the petition, as supplemented, to establish the District will have no impact or a positive impact on all small businesses. The petition, as supplemented, to establish the District will not have an impact on small counties as defined by Section 120.52, F.S., as Sarasota County is not defined as a small county. Under section (e), the analysis provided in the SERC was based on a straightforward application of economic theory. Input was received from the Petitioner's engineer and other professionals associated with the Petitioner.

The total estimated construction cost is \$2,750,000. The project is expected to qualify for a State Revolving Fund loan composed of federal and state matching funds.

A full copy of the Florida Categorical Exclusion Notice can be obtained by writing to: Bryan Goff, Bureau of Water Facilities Funding, Department of Environmental Protection, 2600 Blair Stone Road, MS #3505, Tallahassee, Florida 32399-2400 or by calling (850)245-8358.

The Department of Environmental Protection gives notice of its intent to grant a water quality criteria exemption for the aesthetically based secondary drinking water standard for color (standard 15 color units, exemption limit 70 color units) to The Club Pelican Bay, Ms. Katherine G. McCullough, Secretary. The water quality criteria exemption is for the reclaimed water aquifer storage and recovery (ASR) project at The Club Pelican Bay golf course. Future exemptions must be petitioned for by the applicant in conjunction with a construction permit for any other ASR well or operation permit for any injection project at this site. The injection facility is located at 707 Gulf Park Drive, Naples, Florida (Collier County).

A person whose substantial interests are affected by the Department's proposed exemption decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee,

McCullough, The Club Pelican Bay, 707 Gulf Park Drive, Naples, Florida 34108, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57 of the Florida Statutes, or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will only be at the discretion of the presiding officer upon the filing of a motion in compliance with rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information:

(a) The name, address, and telephone number of each petitioner; the name, address, and telephone number of the petitioner's representative, if any; the Department case or identification number and the county in which the subject matter or activity is located;

(b) A statement of when and how each petitioner received notice of the Department action;

(c) A statement of how each petitioner's substantial interests are affected by the Department action;

(d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;

(e) A statement of facts that the petitioner contends warrant reversal or modification of the Department action;

(f) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and

(g) Demand for relief (sought by the petitioner, stating precisely the action that the petitioner wants the Department to take).

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise contain the same information as set forth above, as required by Rule 28-106.301, Florida Administrative Code.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the petitions have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available for this proceeding.

The application is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Bob Martinez Center, 2600 Blair Stone Road, Room 212E, Tallahassee, Florida 32399-2400.

Citizens may also issue bonds or incur other indebtedness in the absence of a hurricane or other weather-related event, upon a determination by Citizens, subject to approval by the Office, that such action would enable it to efficiently meet its financial obligations and that such financings are reasonably necessary to effectuate the

requirements of the Citizens Act. The Citizens Act authorizes Citizens to borrow funds for the Personal Lines Account and the Commercial Lines Account by issuing bonds or by incurring other indebtedness and to pledge assessments under the Act and other funds available to Citizens' Personal Lines Account and the Commercial Lines Account as the source of security and repayment for such borrowings.

On or about May 24, 2007, Citizens' Board is expected to adopt the Authorizing Resolution authorizing the issuance of Personal Lines Account/Commercial Lines Account Senior Secured Bonds, Series 2007, in one or more series, in the aggregate principal amount of not exceeding \$950,000,000, to pay policyholder claims and other obligations of the Personal Lines Account and the Commercial Lines Account.

As required by Section 19(B) of the Plan of Operation, Citizens has filed with the Office a statement of the purpose of the Series 2007 Bonds, attached as Exhibit B, and an estimate of the costs, not including the cost of bond insurance which is still to be determined, attached as Exhibit C, to be incurred by Citizens in connection with the issuance of the Series 2007 Bonds.

The Office, having considered this submission, and being otherwise advised in the premises, hereby finds that:

1. The Office, by and through the Insurance Commissioner, has jurisdiction over the subject matter of, and the parties to, this proceeding pursuant to the Citizens Act.
2. The Series 2007 Bonds are being issued for the primary purpose of providing additional resources to assist Citizens to cover policyholder claims and expenses within the Personal Lines Account and the Commercial Lines Account. The Indenture is hereby deemed to be a "trust indenture" within the meaning of, and is approved for purposes of, Section 19(B) of the Plan of Operation.
3. Pursuant to the Citizens Act, and Sections 19(B) and 20 of the Plan of Operation, Citizens has authority to enter into the Indenture, to issue the Series 2007 Bonds under the Indenture and to make the same payable and secured as provided in the Indenture.

IT IS THEREFORE ORDERED:

That the Office hereby APPROVES, the Indenture, the issuance of the Series 2007 Bonds under the Indenture, and the pledge by Citizens of the Pledged Revenues (as defined in the Indenture) to secure the Series 2007 Bonds; provided that, the approvals granted in this Order are subject to the Board's adoption of the Authorizing Resolution.

DONE and ORDERED this ____ day of May 2007.
