## Section XII Miscellaneous

### DEPARTMENT OF COMMUNITY AFFAIRS

To: Local Governments, State and Regional Agencies, Indian Tribal Governments, Private Non-Profit Organizations Submitting Hazard Mitigation Grant Program Applications for the Groundhog Day and Christmas Day Tornadoes

From: W. Craig Fugate, State Coordinating Officer

Subject: Hazard Mitigation Grant Program Funding Summary

#### Program Summary

The Department of Community Affairs, Division of Emergency Management is pleased to announce the availability of Hazard Mitigation Grant Program (HMGP) funds as a result of the recent Presidential Disaster Declarations (FEMA-1679 and 1680-DR-FL). The HMGP is authorized by Section 404 of the Robert T. Stafford Disaster Relief Act and is designed to assist communities in implementing mitigation measures designed to reduce or eliminate long-term risk to people and property from natural hazards and their effects. DEM is soliciting applications and encourage all eligible applicants to identify and submit

applications that address eligible mitigation activities that are designed to reduce your community's overall risk to hazards. The amount of funding available to the state is based on 20% of the total federal disaster assistance for these events. The application period will close October 15, 2007. Therefore, all applications must be postmarked by October 15, 2007. The Department encourages and welcomes the submittal of complete applications at anytime during this cycle.

#### Application Timeline

Applications are currently being accepted. The deadline for the submission of applications is October 15, 2007 (postmarked). Applications will only be accepted from eligible applicants as defined in the Minimum Program Eligibility section of this notice. Please provide four completed copies of the State of Florida Joint Hazard Mitigation and Flood Mitigation Assistance Application and all appropriate attachments, which may be obtained at the DEM website located at <http://www.floridadisaster.org/brm/hmgrp/htm>.

Alternatively, you may contact the DEM directly at (850)922-4182. In order to be considered, completed applications must be sent to the following address:

ATTN: Hazard Mitigation Grant Program

#### Minimum Program Eligibility

Eligible Applicants: are local governments, state agencies, federally recognized Indian Tribal governments and private non-profit organizations and institutions. Eligible Activities: include mitigation projects that will result in protection of public or private property from natural hazards. Eligible projects include, but are not limited to:

- Acquisition of hazard prone properties
- Retrofitting of existing buildings and facilities
- Elevation of flood prone structures
- Infrastructure protection measures
- Storm water management improvements
- Minor structural flood control projects
- Relocation of structures from hazard prone areas
- Retrofitting of existing buildings and facilities for shelters

The state will not consider funding request for:

- Generators-unless they are an integral part of a larger eligible project (see *Attachment A*).
- Construction of new facilities – however, the cost associated with above code upgrades can be considered.
- Equipment such as emergency pumps, vehicles and communication devices (see *Attachment A*).
- Tree removal.
- *Projects already in progress. (Construction may not begin until the project has met requirements of the National Environmental Policy Act. In addition the contract between the State and subgrantee must be executed.)*

All projects submitted must meet the following minimum criteria to be considered for funding:

- Conform with the State Mitigation Plan and the respective community's Local Mitigation Strategy;
- Demonstrate cost-effectiveness;
- Is technically feasible;
- Provide a beneficial impact upon the designated disaster area;
- Conform to all applicable environmental laws, and regulations and executive orders;
- Solve a problem independently or constitutes a functional part of a solution;
- Is in an NFIP participating community that is not on probation or have been suspended from NFIP; and
- Meet all applicable state and local codes and standards

#### Cost-Share Requirements

Under the HMGP, FEMA will contribute up to 75 percent (75%) of the total amount approved under the grant award to implement eligible cost-effective mitigation measures. The applicant must provide the remaining 25 percent (25%) non-federal share. All contributions, cash or in-kind services, are acceptable as part of the non-federal share. Requirements for in-kind contributions can be found in 44 *Code Federal Regulations*, Section 13.24. In-kind contributions must be directly related to the eligible project cost. In-kind resources are those personnel, materials, equipment and supplies owned, controlled and operated by the applicant or a third party contributor. Applicants are encouraged to link HMGP funds with other state, local and private sources.

#### Pre-Award Costs

Prior to receiving a grant award, Pre-award cost may be requested. Pre-award costs include items such as engineering, environmental study, permitting and other "soft" costs associated with a construction project. *Construction activities are not considered pre-award costs.* Pre-award costs must be requested in writing. Guidelines for pre-award costs are included, see *Attachment B*.

#### County Fund Distribution

To ensure funds are distributed equitably, declared counties have been assigned a portion of the total HMGP grant. The amount is based on its proportional share of the total federal assistance under the Public Assistance (PA), Individual Assistance (IA) and Small Business Administration (SBA) programs as of June 2007. Commitment of project funds by the Division is contingent upon receipt of appropriate Legislative Budget Authority.

These figures are shown in *Attachment D* and represent the estimated amount of HMGP funds currently available. HMGP funding is available to only those counties that have a FEMA

approved Disaster Mitigation Act of 2000 compliant Local Mitigation Strategy (LMS). Project applications will be considered only if:

- (1) The application is accompanied by an endorsement by the LMS Chairperson or Vice-Chairperson stating that the project is included in the current LMS; and,
- (2) If more than one project is submitted, the endorsement indicates the prioritization. A sample project submission letter is shown in *Attachment E*.

DEM will attempt to fund each submitted project in priority order until the county's allocation has been exhausted. Any allocation remaining after all eligible projects in any declared county are funded shall be re-allocated to those counties included in the relevant disaster declaration whose allocation was not sufficient to fund all submitted eligible projects. Please see explanation of funding tiers in *Attachment E*.

#### Funding Availability and Notifications

FEMA notifies the State of HMGP funding availability at several milestones:

##### 1. Initial Estimate

This represents an early estimate only, is not an actual commitment of funding by FEMA. It may increase or decrease based on actual disaster claims during the declaration period. These estimates are provided for planning purposes and to jump-start the HMGP application process.

##### 2. 180 Days from the Date of Declaration

This represents the State's Lock-in Amount. It is the minimum the State can expect to receive from FEMA. County allocations listed in *Attachment C* are based on this estimate. After this disclosure, HMGP funds to the State cannot be decreased.

It is important for potential applicants to recognize that HMGP funds are contingent upon FEMA's reexamination of the disaster figures at the given time intervals. A county's funding allocation can increase or decrease after it has submitted an application.

#### Technical Assistance

DEM is in the process of scheduling HMGP application development workshops. The date, time, location and a short overview of the workshops will be posted on the DEM website [www.floridadisaster.org](http://www.floridadisaster.org). DEM will provide technical assistance throughout the application process. DEM will be available to assist with the application process, Benefit Cost Analysis, Engineering Feasibility and Environmental/Historical Preservation Compliance. If there are any questions regarding the allocation of funds or the project review and selection criteria, please call Bureau staff at one of the following numbers:

##### **NOTICE OF INTENT TO ISSUE PROPOSED**

##### **MODIFICATION OF POWER PLANT CERTIFICATION**

The Florida Department of Environmental Protection (Department) hereby provides notice of an intent to modify the Power Plant Conditions of Certification issued pursuant to the Florida Electrical Power Plant Siting Act, Chapter 403.501 et seq., Florida Statutes, concerning: Cedar Bay Cogeneration Facility, Power Plant Siting Application No. PA 88-24H, OGC Case No. 07-1180. On May 30, 2007, the Department received an application to modify the Conditions of Certification for Cedar Bay Cogeneration Facility from Cedar Bay Cogeneration, Inc., pursuant to Section 403.516(1)(c), Florida Statutes, to modify sampling and testing requirements and to retire the Facility's ash pelletizer system and associated emission units.

A copy of the proposed modification may be obtained by contacting Michael P. Halpin, P.E., Administrator, Siting Coordination Office, Department of Environmental Protection, 2600 Blair Stone Road, M.S. 48, Tallahassee, Florida 32399-2400, (850)245-8002.

Pursuant to Section 403.516(1)(c)2., Florida Statutes, parties to the certification proceeding have 45 days from issuance of notice to such party's last address of record in which to object to the requested modification. Failure of any of the parties to

file a response will constitute a waiver of objection to the requested modification. Any person who is not already a party to the certification proceeding and whose substantial interest is affected by the requested modification has 30 days from the date of publication of this public notice to object in writing. The written objection must be filed (received) in the Office of General Counsel Department, 3900 Commonwealth Boulevard, M.S. 35, Tallahassee, Florida 32399-3000, within the specified time period. If no objections are timely received, then a Final Order approving the modification shall be issued by the Department. If objections are raised and agreement can not be reached, then pursuant to Rule 62-17.211, Florida Administrative Code, the applicant may file a petition for modification seeking approval of those portions of the request for modification to which written objections were timely filed. Mediation is not available in this proceeding.

**NOTICE OF DRAFT EVERGLADES FOREVER ACT  
PERMIT, PUBLIC MEETING, AND OPPORTUNITY FOR  
PUBLIC COMMENT**

The Florida Department of Environmental Protection (Department) gives notice of the preparation of a draft permit under the Everglades Forever Act (EFA), Section 373.4592, Florida Statutes, to be issued to the South Florida Water Management District (SFWMD), 3301 Gun Club Road, West Palm Beach, Florida 33406. This permit, when issued, will authorize modifications to, and continued operation of, Stormwater Treatment Areas 1 East (STA-1E) and 1 West (STA-1W). STA-1E and STA-1W are created wetlands treatment systems that discharge treated surface waters into Water Conservation Area (WCA) 1, which is part of the Everglades Protection Area and which is also known as the Arthur R. Marshall Loxahatchee National Wildlife Refuge. (The Everglades Protection Area is defined in Section 373.4592(2), Florida Statutes as WCA-1, WCA-2, WCA-3, and Everglades National Park). STA-1E and STA-1W are part of the Everglades Construction Project as defined in Section 373.4592(2)(g), Florida Statutes. The following permits have previously been issued by the Department to SFWMD for the operation and maintenance of these structures: Everglades Permit Nos. 0195030 (STA-1E EFA Permit), FL0304549 (STA-1E NPDES Permit), 0226317 (STA-1W EFA permit), and FL0177962 (STA-1W NPDES permit). A request to

modify the NPDES Permit Nos. FL0177962-002-IW7A and FL0304594-002-IW7A has also been received and is being processed.

The Department also announces a public meeting to which all persons are invited.

**DATE AND TIME:** Friday, July 20, 2007, 7:00 p.m. – 10:00 p.m.

**PLACE:** Florida Department of Environmental Protection, Southeast District Office, 400 N. Congress Avenue, 2nd Floor, Main Conference Room, West Palm Beach, Florida 33401

**GENERAL SUBJECT MATTER TO BE CONSIDERED:** The public meeting, which will occur immediately after the previously noticed public meeting on the draft permits for STA-2, STA-5 and STA-6, will provide an opportunity for the public to provide comments and pose questions regarding the proposed EFA permit for STA-1E and STA-1W, and the associated data and supporting documentation submitted as part of SFWMD's permit application.

Copies of the agenda for the public meeting, the draft permit, the permit application and supporting data, and other relevant material can be obtained prior to the public meeting by written request to: Ernie Marks, Florida Department of Environmental Protection, Water Quality Standards and Special Projects Section, 2600 Blairstone Rd., MS 3560, Tallahassee, FL 32399-2400, (850)245-8440 or online <http://ftp.dep.state.fl.us/pub/water/everglades/STA-1E&1W%20Combined%20EFA%20Permit/>. This material is also available for public inspection at the Department's above address during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays. All data submitted by the applicant is available as part of the administrative record.

Any interested person may submit oral or written statements and data regarding the draft permit for STA-1E and STA-1W in advance of the public meeting or at the public meeting. As a result of significant public comment, the Department's final action may be different from the position taken by it in the draft permit. Written comments should be sent to: Ernie Marks, Florida Department of Environmental Protection, Water Quality Standards and Special Projects Section, 2600 Blairstone Road, M.S. 3560, Tallahassee, Florida 32399-2400. Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this hearing is asked to advise the agency at least five (5) days before the hearing by contacting Ernie Marks at

(850)245-8440. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

The Department of Environmental Protection gives notice that it intends to grant a variance request from the City of North Port, received on February 13, 2007, for its public water system located near the intersection of U.S. Highway 41 and North Port Blvd. in Sarasota County. The request was filed under the authority of Rule 62-560.510, F.A.C., and was for relief from the secondary drinking water standards for total dissolved solids (500 mg/L) and sulfate (250 mg/L). The variance intends to allow total dissolved solids not to exceed 1000 mg/L and sulfate not to exceed 500 mg/L during the duration of the variance that is until June 30, 2012. After that date, the City must have treatment in place to remove the excess concentrations of these parameters. The file number is OGC File No.: 07-0474.

A person whose substantial interests are affected by the Department's action may petition for an administrative hearing under Sections 120.569 and 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Blvd., Mail Station 35, Tallahassee, Florida 32399-3000, within 30 days of this notice.

Mediation is not available.

If a timely and sufficient petition for administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to intervene in the proceeding. Intervention will be permitted only at the discretion of the presiding officer upon filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsections 28-106.111(2), F.A.C., and paragraph 62-110.106(3)(a) and subsection (4), F.A.C., petitions for an administrative hearing must be filed within 30 days of publication of the notice or receipt of written notice, whichever occurs first. Under subsection 62-110.106(4), Florida Administrative Code, a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Blvd., Mail Station 25, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time will toll the

running of the time period for filing a petition until the request is acted upon. Upon motion by the requesting party showing that failure to file a request for an extension of time before the deadline was the result of excusable neglect, the Department may also grant the requested extension of time.

The petitioner shall mail a copy of the petition to the applicant, City of North Port Utilities at 6644 West Price Blvd., North Port, Florida 34286, at the time of filing.

The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute waiver of that right.

A petition that disputes the material facts on which the Department's action is based must contain the following information: a) the name and address of each agency affected and each agency's file or identification number, if known; b) the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding, and an explanation of how the petitioner's substantial interests are or will be affected by the agency action; c) a statement of when and how the petitioner received notice of the agency decision; d) a concise statement of all disputed issues of material fact. If there are none, the petition must so indicate; e) a concise statement of the ultimate facts alleged, including the specific facts the petitioner contends require reversal or modification of the agency's proposed action; f) a statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; and g) a statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information set forth above, as required by Rule 28-106.301, F.A.C.

Under Sections 120.569(2)(c) and (d), Florida Statutes, a petition for administrative hearing shall be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed. Complete copies of all documents relating to this determination are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, at Department of Environmental Protection, Southwest District, 13051 North

Telecom Parkway, Temple Terrace, Florida 33637. Please contact Gwen Shofner, Drinking water Program Manager at (813)632-7600, ext. 306.
