DEPARTMENT OF FINANCIAL SERVICES

NOTICE IS HEREBY GIVEN THAT on November 13, 2007, the Department of Financial Services, Division of Workers' Compensation issued an Order.

The Order is regarding the Petition for Variance From or Waiver of Rule 69L-6.025, F.A.C., filed on August 13, 2007, by Petitioner, Keene's Nursery, Inc. The Notice of Petition was published in Section V, Vol. 33, No. 36 of the September 7, 2007, F.A.W. Petitioner sought a waiver from or variance of Rule 69L-6.025, F.A.C., entitled, "Conditional Release of Stop-Work Order and Periodic Payment Agreement". The above-referenced Rule establishes guidelines and criteria for conditional releases from stop-work orders. Petitioner requested the variance or waiver so that it may pay monthly installments over ten (10) years without the initial 10% down payment.

On November 13, 2007, the Department denied the Petition, finding that Petitioner failed to establish that the purpose of the underlying statute, Section 440.107(7), Florida Statutes, would be achieved by the granting of the variance or waiver. The Department further found that Petitioner failed to demonstrate that application of Rule 69L-6.025, F.A.C. would create a substantial hardship or violate principles of fairness.

A copy of the Order may be obtained by contacting: Andrew Sabolic, Assistant Division Director, Division of Workers' Compensation, 200 E. Gaines Street, Tallahassee, Florida 32399-4228, or by telephone at (850)413-1600.

FLORIDA MEDICAL MALPRACTICE JOINT UNDERWRITING ASSOCIATION

Florida Medical Malpractice JUA Offers The Dr. Alvin E. Smith Safety of Health Care Services Grant Program

The Florida Medical Malpractice Joint Underwriting Association (FMMJUA) announces the availability of up to \$2 million in grants for partnerships to improve the safety of health care services. The application deadline is January 11, 2008; the FMMJUA Board of Governors will make the final decisions April 30.

The FMMJUA intends to commit up to \$2 million in funds to finance an unspecified number of grants. The projects should focus on one or more of the following elements related to health care safety: 1) Identifying and Evaluating Effective Patient Safety Practices, and 2) Teaching, Disseminating, and Implementing Effective Patient Safety Practices; and 3) Maintaining Vigilance by Continuous Monitoring and Evaluation of Threats to Patient Safety.

The goal of the FMMJUA request for applications (RFA) is to have the FMMJUA partner with other agencies or institutions in the state of Florida to improve the safety of health care by implementing practices that eliminate or reduce the risk of medical errors, hazards or harmful action. The FMMJUA application materials assert that "The number of patients in the United States and in the state of Florida harmed by the delivery of health care services is unacceptably high."

This is a new grant program offered by the FMMJUA. Applications can be made for projects of up to 36 months in duration. To learn more about the RFA please visit the FMMJUA Web site, www.fmmjua.com.
