THE FULL TEXT OF THE PROPOSED RULE IS:

69O-149.0025 Definitions.

(1) through (5) No change.

(6) Credible Data:

(a) Except as provided in paragraph (b), if a policy form has 2,000 or more policies in force, then full (100 percent) credibility is given to the experience; if fewer than 500 policies are in force, then zero (0 percent) credibility is given.

(b)1. For policy forms with low expected claims frequency, the data from the fewest number of entire calendar years, starting with the most recent experience year and looking back year by year as necessary, to the calendar year in which the accumulated claims first equal or exceed a total of at least 1,000 claims, such as accident and long term care over a period not to exceed the most recent 5-year period, shall be assigned 100 percent credibility; 200 claims shall be assigned 0 percent credibility. If 100 percent credibility is not achieved by using the most recent five year period, the data from the most recent five year period only shall be used. The determination of low expected claims frequency is determined at issue and not at different durations of the coverage.

(I) Policy forms that are determined not to be low expected claims frequency forms include, but are not limited to: Medicare Supplement, vision, dental, hospital indemnity, medical expense and other coverage described in Section 627.6561(5), F.S., as creditable coverage.

(II) Policy forms that are determined to be low expected claims frequency forms include, but are not limited to: accident, disability with benefit periods of 24 months or longer, coverage subject to the Long-Term Care Insurance Act, Section 627.9401 – 627.9408, F.S., cancer, specified disease, and critical illness.

2. For purposes of this section, a claim is counted as the first incidence or diagnosis of an event resulting in a covered benefit or series of covered benefits. It is not each provider encounter or service that may provide care or benefits due to such event.

3. A distinct incident resulting from a recurring chronic condition may be considered as a new claim if the incident triggering the claim is distinct from the incident triggering the prior claim, and the insured had recovered from the prior claim.

(c) Linear interpolation is used for inforce amounts between the low and high values in paragraph (a) or (b).

(d) For group policy forms, the numbers in this definition refer to individual group certificates or subscribers, not policies.

(e) For coverage that is not subject to paragraph (f) below,:

1. Florida only experience shall be used if it is 100 percent credible.

2.a. If Florida experience is not 100 percent credible, a combination of Florida and nationwide experience shall be used.

b. The Florida data shall be given the weight of the ratio of the Florida credibility to the nationwide credibility. For example, if Florida data is 10 percent credible and nationwide is 40 percent credible, the Florida data will be given the weight of [10%/40%] 25 percent.

c. The nationwide data shall be given the weight of the ratio of the nationwide credibility less the Florida credibility to the nationwide credibility. In the above example, the nationwide data will be given the weight of [(40%-10%)/40%] 75 percent.

d. The data is combined using the indicated weights (in the example above, the experience data would be weighted 25%/75%). The combination of the two weights will always equal 100 percent. A rate change is determined from the blended data. If the nationwide credibility is less than 100 percent, the indicated rate change is weighted by the nationwide credibility (40 percent in the above example) and medical trend, if applicable, by the complement of the nationwide credibility (60 percent in the above example). If nationwide credibility is 100 percent, there would be no trend component.

3. The analysis in subparagraph 2. above is equivalent to determining the indicated rate increase from the Florida only data and the total nationwide data separately, and then weighting the resulting rate changes from each distinct analysis by the credibility of each distinct component. In the example above, the Florida rate increase would be weighted by 10 percent, the nationwide rate increase would be weighted by 30 percent (40%-10% = the non-Florida credibility component) and trend would be weighted by the complement of the nationwide credibility (1-40%) 60 percent.

(f) Due to the geographic pricing of medical expense coverage, Florida-only data shall be used. When Florida data is not fully credible, the complement of the experience credibility factor shall be weighted with medical trend.

(7) Durational Loss Ratio Table: The table of annual loss ratios where a loss ratio is the ratio of incurred claims divided by earned premium for each policy duration, by policy duration determined from the original actuarial memorandum when the form was first approved.

(a) No change.

(b) The approved durational loss ratio table is the durational loss ratio table contained in the filing when the form was originally approved, or any subsequent durational loss ratio table filed where the Office explicitly approved the table. The present value of these durational loss ratios is designated as the lifetime target loss ratio.

(8) through (23) No change.

(24) Target Loss Ratio: The lifetime loss ratio and the present value of the durational loss ratios developed in initial pricing projections as may be subsequently amended and approved pursuant to this rule chapter. For annually rated groups, the anticipated loss ratio over the rating period.

Specific Authority 624.308(1), 627.410(6)(b), (e) FS. Law Implemented 627.410(1), (2), (6), 627.411(1)(e) FS. History—New 6-19-03, Formerly 4-149.0025, Amended 5-18-04, 12-22-05.

69O-149.005 Reasonableness of Benefits in Relation to Premiums.

(1) No change.

(2) A premium schedule is not excessive if the following are true:

(a) No change.

(b)1. For individual forms, and group policy forms other than annually rated group policy forms, approved on or after 2/1/94 or issued on or after 6/1/94, the Premium Schedule satisfies the following:

a. No change.

b. The current lifetime loss ratio, as defined in subparagraph 69O-149.006(3)(b)24., F.A.C., is not less than the initial filed target loss ratio for the form as may be subsequently amended and approved pursuant to this rule chapter.

2. For annually rated group policy forms, the target loss ratio is not less than the loss ratio anticipated in the current premium schedule, as may be subsequently amended and approved pursuant to this rule chapter.

(c) through (d) No change.

Specific Authority 624.308(1), 626.9611, 627.410(6)(b), (d), (e) FS. Law Implemented 626.9541(1), 627.410(6)(d), (e), 627.410(7), 627.411(1)(a), (e), 627.9175 FS. History—New 7-1-85, Formerly 4-58.05, 4-58.005, Amended 4-18-94, 11-20-02, Formerly 4-149.005, Amended 5-18-04, 11-2-06, 6-18-07.

69O-149.006 Actuarial Memorandum.

(1) through (2) No change.

(3) Descriptions.

(a) No change.

(b) The descriptions, by item number, of the terms listed above in subsection (2) follow:

1. through 19. No change.

20. Anticipated Loss Ratio: This section shall provide the anticipated loss ratio and the interest rate(s) used in the determination of the value. The target loss ratio for an annually rated group policy form may be reduced upon demonstration and justification of an increase in administrative costs, but not less than the minimum required standard for the policy form.

a. No change.

b. This section shall also include the current approved durational loss ratio table for the form.

(I) through (III) No change.

(IV) A new table shall produce a lifetime loss ratio at least as great as the lifetime loss ratio developed from the current approved loss ratio table and shall become the lifetime standard or target loss ratio for the form.

(V) No change.

21. through 22. No change.

23. Experience on the Form (Past and Future Anticipated): This section shall display the actual experience on the form and that expected for the future.

a. No change.

b. Future periods where the projected values are based on inforce experience:

(I) The experience period used as the basis for determining projected values shall be clearly indicated.

(II) The experience period shall reflect the most current data available, ~~generally the most recent 12 months.~~ For forms subject to the credibility standards of paragraph 69O-149.0025(6)(b), F.A.C., the experience period shall be for coverage subject to medical inflation or the period of time used to determine credible data pursuant to paragraph subsection 69O-149.0025(6)(b), F.A.C. For other forms, the experience period shall be the period consisting of the most recently completed four (4) calendar quarters, where such period must end at least 45 days before the date of the filing. (For example, the experience period for a filing submitted on August 1 would be April 1 of the prior year through March 31 of the current year. The experience period for a filing submitted on September 1 would be July 1 of the prior year through June 30 of the current calendar year). Use of other data shall be justified to the office as to why the requisite data is not available or appropriate to use.

(III) through (VIII) No change.

c. No change.

d. No change.

24. through 28. No change.

THE FULL TEXT OF THE PROPOSED RULE IS:

69O-149.003 Rate Filing Procedures.

(1)(a) Pooling. For purposes of submitting a rate filing under this part for individual policy forms and for group Medicare supplement and long-term care group policy forms, in order to encourage adequate risk sharing for all generations of policyholders, the experience of all policy forms providing similar benefits, whether open or closed, shall be combined.

1. Separate rating pools may be used for policy forms defined in subsections 69O-149.005(5) and (6), F.A.C., and for stop-loss insurance policy forms.

2. Once policy forms have been combined, they remain so for all rating purposes, unless otherwise approved by the Office. This combining of the experience of policy forms is referred to as pooling. All policy forms within a pool are reviewed based on the analysis of the aggregate experience.

3. The same percentage rate adjustment shall be applicable to all policy forms within the pool.

4. In lieu of subparagraph 3. above, percentage rate adjustments that are not the same for all policy forms within the pool shall be permitted subject to the following:

a. Resulting premium rate schedules are actuarially equivalent based on benefit differences or different regulatory standards, such as margins or retentions, between the policy forms within the pool;

b. Assumptions used to determine future experience and actuarial equivalence shall be based on the same set of common morbidity assumptions for all policy forms within the pool;

c. Policy forms with existing premium rate schedules not meeting the standards of sub-subparagraphs a. and b. above shall not be required to reduce rates to bring the policy forms into compliance, but any proposed rate adjustment shall be required to improve the relationship of the policy forms' premium rate schedules to bring them closer to compliance with sub-subparagraphs a. and b. above; and

d. Non-uniform rate increases shall be subject to the implementation provisions of sub-sub-subparagraph 69O-149.006(3)(b)20.b.(V), F.A.C., on a revenue neutral basis as though a level percentage adjustment had been applied.

5. The experience of policies and policy forms where the rate schedule is not subject to change, such as non-cancellable policy forms and paid up policies, shall not be pooled with policy forms where the rates are subject to change.

6. The rate increase for a Medicare supplement form may be adjusted, on a revenue neutral basis, to mitigate the impact on the refund credit calculation required for the form pursuant to Rule 69O-156.011, F.A.C., where the company can demonstrate that without such adjustment, the rate increase will result in refunds being required.

7. Notwithstanding the provisions of subsection 69O-149.0025(22), F.A.C., the experience of all policy forms with at least 50% of anticipated claims costs within the form at the time of the filing attributed to cancer claims and claims related to the cancer treatment shall be combined. This percentage of anticipated claims would be determined over the next projection year. If so indicated, notwithstanding the provisions of subparagraph 69O-149.003(1)(a)2., F.A.C., form(s) may be required to move from one pool to another. In such a situation, all experience associated with a form likewise changes pools. When forms are moved into a pool, all forms shall be reevaluated subject to 4. above with any rate increase due to the transfer of experience being phased in over a three year period.

(b) Credibility. In analyzing the experience of policy forms, and to improve the statistical credibility and predictability of anticipated experience, credible data shall be used.

(2) Filing Format for Individual Policies and Group Policies and Certificates.

(a)1. All filings shall be made in accordance with paragraph (b) below.

2.a. For purposes of the rules in this part and the time periods in Section 627.410, F.S., a filing is considered "filed" with the Office upon the receipt of the material required by paragraph (b), on business days between the hours of 8:00 a.m. and 5:00 p.m. (Eastern Time). Filings received after 5:00 p.m. shall be considered to be received the following business day.

b. For purposes of the rules in this Part, the term "filed" does not mean "approved." The term "filed" refers to the date on which the filing is filed with the Office and is the date on which the approval process of Section 627.410, F.S., commences.

c. Filings shall be made on a company distinct basis.

(b) A health insurance rate filing shall consist of the following items:

1. A brief letter explaining the type and nature of the filing. The letter shall indicate if the filing is for a new policy form, a benefit revision, a rate revision, justification of existing rates, or a resubmission. If the filing is a resubmission, the letter shall indicate the Florida filing number of the prior filing.

2. Form OIR-B2-1507, "Office of Insurance Regulation Life and Health Forms and Rates Universal Standardized Data Letter" as adopted in Rule 69O-149.022, F.A.C., completely filled out in accordance with Form OIR-B2-1507A, "Office of Insurance Regulation Life and Health Forms and Rates Universal Standardized Data Letter Instruction Sheet" as adopted in Rule 69O-149.022, F.A.C.

3. The actuarial memorandum, completed as required by Rule 69O-149.006, F.A.C.

4. Rate pages that define all proposed rates, rating factors and methodologies for determining rates applicable in the state. For companies that have a complete rate manual on file with the Office, only the pages that are being changed need to be filed, unless requested by the Office.

(3) Filings shall be submitted electronically to <https://iportal.fldfs.com/>.

(4)(a) Every insurer submitting a rate filing shall be notified as to whether the filing has been affirmatively approved by the Office or has been disapproved by the Office within any statutory review period of the date of receipt of the filing.

(b) Submissions that do not include the required material to meet the definition of a filing, or that include material that is illegible, shall not be accepted and shall be returned as incomplete without processing.

(c) Every insurer submitting a rate filing which does not comply with the requirements of Rules 69O-149.002 through .006, F.A.C., or for which the Office determines that additional information is necessary for a proper review, will be notified of the additional information necessary within the statutory limit.

Every insurer shall submit the required data by a date certain stated in the clarification letter, to allow the Office sufficient time to perform a proper review. Failure to correct the filing by the date certain in the clarification letter will result in an affirmative disapproval of the filing by the Office.

(5)(a) Insurers with fewer than 1,000 Florida policyholders, under medical expense forms with coverage meeting the definition of Section 627.6561(5)(a)2., F.S., or any form or pooled group of Medicare supplement forms with fewer than 1,000 nationwide policyholders, or medical expense forms with coverage meeting the definition of Section 627.6561(5)(a)2., F.S., may, at their option, file a streamlined rate increase filing where the annualized rate increase does not exceeding annual medical trend as provided in subsection (6) below.

(b) The number indicated in paragraph (5)(a) above represents the individual primary insureds and does not include spouses or dependants.

(c) For group coverage, the number indicated in paragraph (5)(a) above represents the individual certificateholders or subscribers.

(d) For Medicare supplement business, this provision applies for each type considered separately: Standard, Pre-standard and Select Medicare supplement coverage.

(e) The filing:

1. Shall be made in accordance with paragraph 69O-149.003(2)(b), F.A.C.; and

2. Shall provide a certification that the filing includes all forms with similar benefits in lieu of the actuarial memorandum referenced in subparagraph 69O-149.003(2)(b)3., F.A.C.

(f) This provision is an option available to the company. The company may choose, at its option, to make a complete filing in accordance with paragraph 69O-149.003(2)(b), F.A.C., including a complete actuarial memorandum in accordance with Rule 69O-149.006, F.A.C.

(6) No change.

Specific Authority 624.308(1), 624,424(1)(c), 627.410(6)(b), (e) FS. Law Implemented 119.07(1)(b), 624.307(1), 626.9541(1), 627.410 FS. History—New 7-1-85, Formerly 4-58.03, 4-58.003, Amended 8-23-93, 4-18-94, 8-22-95, 4-4-02, 10-27-02, 6-19-03, Formerly 4-149.003, Amended 5-18-04, 12-22-05.

69O-149.005 Reasonableness of Benefits in Relation to Premiums.

(1) Benefits will be determined to be reasonable in relation to the premium rates charged if the premium schedule is not excessive, not inadequate and not unfairly discriminatory. In determining whether a premium schedule satisfies these requirements, the Office will consider all items presented in the filing with special emphasis placed on the information included in the actuarial memorandum.

(2) A premium schedule is not excessive if the following are true:

(a) For a new policy form, group or individual,
 1. the anticipated loss ratio is not less than the indicated adjusted entry in the loss ratio tables, in subsection (4), below.

2. The insurer does not knowingly price any individual rate within the rate schedule to be charged to an insured to be excessive. This requirement does not apply to any group policy where the final premium charged to the employer is an average of the premium charged to the individual members.

(b)1. For individual forms, and group policy forms other than annually rated group policy forms, approved on or after 2/1/94 or issued on or after 6/1/94, the Premium Schedule satisfies the following:

a. An Anticipated Loss Ratio test such that the present value of projected claims is not less than the present value of expected claims over the entire future lifetime of the form. This is equivalent to the present value of the future A/E ratio not being less than 1.0; and

b. The current lifetime loss ratio, as defined in subparagraph 69O-149.006(3)(b)24., F.A.C., is not less than the initial filed loss ratio for the form as may be subsequently amended and approved pursuant to this rule chapter.

2. For annually rated group policy forms, the target loss ratio is not less than the loss ratio anticipated in the current premium schedule, as may be subsequently amended and approved pursuant to this rule chapter.

(c) For an existing Individual Policy Form issued up to 6/1/94 for forms approved prior to 2/1/94, the Premium Schedule satisfies subparagraphs 1. and 2., below:

1. The anticipated Loss Ratio is not less than the initial filed loss ratio; and

2. The current lifetime Loss Ratio is not less than the initial filed loss ratio.

(d) For an existing group policy form issued up to 6/1/94 for forms approved prior to 2/1/94, the anticipated loss ratio is not less than the appropriate adjusted entry in the loss ratio tables in subsection (3), below.

(3) Loss Ratios for Individual Policies and Group Certificates issued up to 6/1/94 for forms approved prior to 2/1/94. The loss ratios in the table in paragraph (d), below, are adjusted pursuant to paragraph (a), (b), or (c), below, where

$$I = (\text{CPI-U, year N-1})/103.9$$

N-1 is the calendar year immediately preceding the calendar year (N) in which the rate filing is submitted in Florida, and

CPI-U is the consumer price index for all urban consumers, for all items and for all regions of the U.S. combined, as determined by the U.S. Department of Labor, Bureau of Labor Statistics; and the CPI-U for any year is the value as of September.

(a) If the average annual premium per individual policy or group certificate, (X), is less than \$ 300xI, then the minimum loss ratio is adjusted to R' by the following formula: $R' = R \times ((800xI + X)/(1100xI))$, where the reduction cannot exceed 10 percentage points.

(b) If the average annual premium per individual policy or group certificate, (X) exceeds \$ (I*2000), then the minimum loss ratio is adjusted to R' by the following formula: $R' = R * ((I*9000)+X)/(I*11000)$. R' cannot exceed R by more than 10 percentage points.

(c) For group insurance certificates, there is an additional adjustment R".

1. For E greater than 0 and less than or equal to 100

$$R'' = R' \times ((550 + E) / 550)$$

2. For E greater than 100

$$R'' = R' \times ((6400 + E) / 5500)$$

3. E is normally the average number of certificateholders in a group rating class.

4. However, where a group is composed of subgroups, e.g., multiple employer trusts, E is the average number of certificateholders per subgroup. Where a group is composed of certificateholders issued as a result of solicitations of individuals through the mail or by mass media advertising, including both print and broadcast advertising, E shall be 50. In no event will R" be greater than 80%. The average annual premium (X) shall be per certificate under a group policy and shall be estimated by the insurer based on an anticipated distribution of business considering all significant criteria having a rate difference. Such estimate shall assume an annual mode for all certificates, i.e., the fractional premium loading shall not affect the average annual premium or anticipated loss ratio calculation. The value of X shall be determined on the basis of the rates being filed.

(d) Loss Ratio Table:

Renewal Clauses	Loss Ratio in %
Optionally Renewable	60
Conditionally Renewable	55
Guaranteed Renewable	55
Non-cancellable	50
Non-renewable	50

(4) Loss Ratios for Individual Policies and Group Certificates approved on or after 2/1/94 or issued on or after 6/1/94. These tables are not applicable to Medicare Supplement or Long-Term Care Policy Forms. The minimum loss ratios for those policy forms are found in Rule Chapters 69O-156 and 69O-157, F.A.C., respectively.

(a) The loss ratios in the tables below are adjusted in accordance with the following formula, where R = the loss ratio from the table,

A = the average annual premium per individual policy or per group certificate,

R' = the adjusted loss ratio, and

I is as defined in subsection 69O-149.005(3), F.A.C.

Then $R' = (A-25I)R/A$ and R' cannot be more than 10 percentage points less than R, for coverage with at least 12 months and pro rata for coverage with less than 12 months, nor less than 50 percent; except R' cannot be less than 45 percent as to accident only non-cancellable policies.

(b) Loss Ratio Table – Group Policy Forms

Group Size	Medical Expense Loss Ratio	Medical Indemnity or any policy with an average annual premium per certificate less than \$1000 Loss Ratio
Fewer than 51 certificates	65%	57.5%
51 through 500 certificates	70%	62.5%
All others	75%	67.5%

(c)1. Loss Ratio Table – Individual and Stop-loss Policy Forms.

Renewal Clause	Medical Expense Loss Ratio %	Medical Indemnity, Loss of Income Loss Ratio
Non-Cancellable	55%	50%
Non-Renewable	60%	55%
Guaranteed Renewable	65%	60%
All Other	70%	65%
Minimum Acceptable	55%	50%

2. For purposes of determining the minimum required loss ratio for stop-loss policies, the average annual premium for purposes of determining the R' above, shall be the average premium per employee covered by the employer's stop-loss policy.

(5)(a) Group conversion insurance, other than long-term care and medicare supplement insurance, issued on either a group or an individual basis, is exempt from the loss ratios required above.

(b) The loss ratio for group conversion insurance shall not be less than 120 percent.

(c) The insurer may charge the excess of the group conversion loss ratio over that required for group insurance on active lives to the experience for insurance on active lives.

(d) The premium to be charged for group conversion insurance subject to Section 627.6675, F.S., shall not exceed the limits of Section 627.6675(3), F.S., based on the standard risk rates as established in Part X of this rule chapter.

(6) Blanket Insurance is exempt from the loss ratios required above. The minimum loss ratio for blanket insurance is 65%.

(7) As provided by Section 627.411(3)(a), F.S., the minimum loss ratio in the above tables for health insurance coverage as described in Section 627.6561(5)(a)2., F.S., shall be at least 65 percent.

(8) Anticipated loss ratios lower than those otherwise required by this part shall not be permitted unless the insurer demonstrates that the proposed loss ratios are in accordance with sound actuarial principles; do not result in unfair discrimination in sales practices; and are otherwise in substantial compliance with the requirements of this part.

(9) A premium schedule shall not be disapproved on the grounds of inadequacy if:

(a) The expected profit margin on the policy form is non-negative. This margin equals the sum of premium income and investment income, minus the sum of benefit payments, expenses, taxes and contingency margins;

(b) The premium schedule incorporates for the entire future lifetime of the policy, the projected entire effects of insurance trend; and

(c) The premium schedule is determined such that if all assumptions are satisfied, the annual rate increases needed will not be greater than medical trend, as defined in subparagraph 69O-149.006(3)(b)18., F.A.C.

(10) through (14) No change.

(15) Rates charged for periods where a certification has been made to the office that the rates, at the time of the certification, met the standards of Florida law and promulgated rules and which after investigation by the office have been determined to fail to meet such standards, or are for periods where the insurer has failed to make the required annual filing, shall constitute an unfair and deceptive trade practice in violation of Section 626.9541(1)(e), F.S.

(a) In making the determination that the benefits are not reasonable in relationship to the rates charged for any rating period, the office shall make its determination based on the information used and relied upon by the actuary, as well as all company related information and other information that was readily available to the company's actuary upon using due diligence, which information would provide an impact to the analysis using generally accepted actuarial standards and practices, at the time the certification was made.

(b) For purposes of this rule, the office shall limit its investigation of rates to the period beginning twelve months subsequent to the date of the most recent rate filing, filed under

Section 627.410(7)(b)1., F.S., explicitly approved by the office, e.g. the office shall limit its investigation to rates charged after 7/1/07 where the last approved rate was 7/1/06.

(c) If the office determines that such violation has occurred:

1. The insurer may agree that any subsequent rate increase to existing insureds shall be implemented over a period equal to the length of time the rates charged have failed to comply with the provisions of Section 627.410(6) or (7), F.S. and these rules. The rate for any new insured shall be an adequate rate approved by the office.

2. Benefit enhancements, rate reductions, rate credits refunds, or any combination thereof, shall be determined to return the rates to a level that meet the standards of these rules, to be implemented through a filing submitted to the Office for approval within 30 days of the determination by the Office that such a violation has occurred.

(d) If the insurer does not agree to the corrective actions outlined in (c), then the Office may pursue administrative action and remedies, including the penalties provided by Section 624.418, F.S.

(e) Nothing in this rule effects or limits in anyway the remedies and penalties that are available under Chapter 626, Part IX.

Specific Authority 624.308(1), 626.9611, 627.410(6)(b), (d), (e) FS. Law Implemented 626.9541(1), 627.410(6)(d), (e), 627.410(7), 627.411(1)(a), (e), 627.9175 FS. History—New 7-1-85, Formerly 4-58.05, 4-58.005, Amended 4-18-94, 11-20-02, Formerly 4-149.005, Amended 5-18-04, 11-2-06, 6-18-07.

690-149.007 Annual Rate Certification (ARC) Filing Procedures.

(1) This rule applies to filings made pursuant to Section 627.410(7)(b)2., F.S., in which no rate change is proposed.

(2) The filings required by this rule shall be on an individual company basis.

(3) This rule is not applicable for Medicare supplement coverage. Medicare supplement forms are subject to Rule 690-149.003, F.A.C.

(4) Non-cancellable coverages which are no longer available for sale and which have not been sold or marketed for at least 5 years and are in compliance with the reasonableness standards of Rule 690-149.005, F.A.C., shall be exempt from the filing requirements of this rule. If a company is subsequently discovered not to have met the standards, they shall, in addition to other administrative remedies, be required to enhance benefits and make premium refunds to bring the form into full compliance with the loss ratio standards of Rule 690-149.005, F.A.C.

(5) An ARC filing shall consist of:

(a) A cover letter indicating the nature of the filing;

(b) Form OIR-B2-1507, "Office of Insurance Regulation Life and Health Forms and Rates Universal Standardized Data Letter" as adopted in Rule 690-149.022, F.A.C., completely

filled out in accordance with Form OIR-B2-1507A, "Office of Insurance Regulation Life and Health Forms and Rates Universal Standardized Data Letter Instruction Sheet" as adopted in Rule 690-149.022, F.A.C.; ~~Form OIR-B2-1507, as adopted in Rule 690-149.022, F.A.C.;~~ and

(c) A certification by an actuary, that is in accordance with subparagraph 690-149.006(3)(b)28., F.A.C. In addition, the certification should include a statement that, based on current experience and projection assumptions, rates schedules are not forecast to increase over the next twelve (12) months.

(6) A filing shall include only forms that are pooled together for rating purposes as provided by subsection 690-149.003(1), F.A.C. Separate filings shall be made for separate rating pools.

(7) For noncredible blocks of business on a nationwide basis, the company may request a waiver of the requirement. The request shall be made annually and be accompanied by a letter indicating the nature of the filing, the type of product, and the reason for the request.

(8) When a company using a current rate schedule is unable to demonstrate that the minimum loss ratio standards in Rule 690-149.005, F.A.C., are met, it shall make a rate filing with the Office pursuant to Rule 690-149.003, F.A.C., to reduce rates, enhance benefits, make refunds, or a combination of these to satisfy the standards.

(a) A company may make a certification in compliance with this rule without such change to benefits, refunds, or premiums if the A/E ratio for the past experience periods are, both in pattern and aggregate value, consistently at or in excess of .85; or

(b) For rating pools that are not fully credible, the company may make a certification in compliance with this rule if both the lifetime A/E ratio and the future A/E ratio are at or in excess of .85 when assuming best estimate assumptions in determining projected values.

(c) If the certification in paragraph (a) or (b) is unable to be made, and the company has been in compliance with these rules, the company shall make a rate filing pursuant to Rule 690-149.003, F.A.C., to reduce rates, enhance benefits, make refunds, or a combination of these which shall target a future A/E ratio of at least 1.0.

(9) A company may request exemption from all future ARC filings upon demonstration that the form or rating pool consists only of policy forms which are no longer available for sale and:

(a) The company has no other form with similar benefits that is currently available for sale,

(b) The accumulated experience from inception to date exceeds the required lifetime loss ratio standard for the form,

(c) The present value of future premiums is less than 10 percent of the accumulated value of past earned premiums or the data is 0 percent credible, and

(d) The company certifies that it will not increase premiums in the future.

(10) All filings made pursuant to this rule shall be on a company distinct basis and submitted electronically to <https://iportal.fldfs.com>.

THE FULL TEXT OF THE PROPOSED RULE IS:

69O-157.301 Rate Increase Standards.

(1) Rate increase filings for long term care insurance shall be filed in accordance with filing requirements and standards of Rule Chapters 69O-149 and 69O-157, F.A.C.

(2) The term "policies with similar coverage" has the same meaning as "similar policy forms" as defined in subsection 69O-157.103(17), F.A.C.

(3) The footnote following Section 627.9407, F.S., states that Section 11, Ch. 2006-254, L.O.F., provides that "[t]his act shall apply to long-term care insurance policies issued or renewed on or after July 1, 2006. For any long-term care insurance policy issued prior to July 1, 2006, the provisions of [Section 627.94076, F.S.] shall apply to such policy only upon renewal of such policy on or after July 1, 2008, and the policy shall so provide by endorsement to the policy."

(4) Pursuant to the provisions of Section 627.9407(7)(c), F.S., for insurers that are currently actively marketing and issuing similar coverage, the rates resulting after a rate increase filing shall not exceed the insurer's new business rate.

(5)(a) Section 627.9407(7)(c), F.S., requires that the office annually determine and publish the currently available new business rates for similar coverage being sold in Florida. The published new business rates represent the maximum annual rate that may be charged after a rate increase for insurers not currently issuing new coverage.

(b) The published rates shall be determined by first identifying those carriers currently issuing policies with similar coverage. For each of the similar coverage categories, the Florida new business earned premium, defined as first year premium in Florida, is determined for the prior calendar year. Those insurers reporting at least the top 80% of that earned premium, cumulatively, starting with the largest, will be used to tabulate the new business rate. The new business rate shall be the weighted average of the insurers' rates, using the market share, as measured by first year premium in Florida, as the weight.

(c)1. The new business rates are for the standard underwriting class for the insurer. Standard underwriting class is the underwriting class with the most predominant sales, measured by number of policies, regardless of the name given to it by the insurer.

2. The new business rates for other underwriting classes, as well as for more liberal or more restrictive standards for benefit triggers as defined by Section 627.94074, F.S., or area factors, shall bear the same relationship to the standard rate schedules that the insurer has filed and approved. For example, if an insurer's preferred rate is 85% of its standard rate, the premium limit applicable to the rate increase for business sold as preferred will be 85% of the standard rate schedule.

(d)1. The published new business rates represent the particular benefit configuration listed. If an insurer has policies in force that have benefits different from the benefit used to determine the published rates, including differences in benefit triggers, the insurer may contact the office for the new business rate that reflect the different benefits.

2. The office shall determine the new business rates for the requested benefit configuration in the same manner as it used for determining the published rates. The resulting rates shall be consistent with the published new business rates reflecting benefit differences only.

3. Insurers needing a different benefit configuration should make such request of the office in advance of a rate filing so as to give the office time to determine such rates and provide them to the insurer.

4. If the office is unable to determine the rates by a tabulation of the insurers currently selling similar coverage, the office shall use its best actuarial judgment in determining the new business rates using the information available from the insurers in the 80% market share. Alternatively in such cases, If the Office is unable to determine the new business rates based on the above procedures, at the option of the insurer, the insurer may, at its option, submit the results of a model used to price new long term care products by an actuarial consulting firm currently pricing long term care for other clients, who is independent of the insurer, acceptable to the office, and contracted by the insurer. The assumptions used shall be available to the office for review and approval. The model will be used to develop the new business pricing for the insurer's policy benefit configuration, the new business pricing for the published benefit configuration, and to develop a factor which is the ratio of the insurer's policy benefits to the published benefits. It is noted that the provisions of Section 627.9407(7)(c), F.S., provide that the differences shall be benefit differences only; all other provisions of the two policies being modeled shall be identical. Such factor, representing benefit differences only, shall be used to adjust the published new business rates. Independent, as used in this section, shall mean that the actuarial consulting firm or the actuary to be involved in the project has no relationship currently or for the last three years with the insurers for pricing, valuation, or other reviews.

(e) If the application of this rule results in different increases being applied to different plans within the filing, the requirements of subparagraph 69O-149.003(1)(a)4., F.A.C. shall apply.

~~(f) The published rates apply to sales in Hillsborough County. For all other counties, the rate from the published table should be adjusted by the insurer's current area factor applicable in that county relative to the insurer's area factor in Hillsborough County.~~

(f) The premium for all additional benefits provided in the policy or by rider to the policy shall be the same proportion of the base rates after any rate change as they were before such change.

Specific Authority 627.9408(1) FS. Law Implemented 627.9407(7) FS. History—New 11-1-07.

69O-157.302 Facility Only Rates.

(1) The footnote following Section 627.9407, F.S., states that Section 11, Ch. 2006-254, L.O.F., provides that “[t]his act shall apply to long-term care insurance policies issued or renewed on or after July 1, 2006. For any long-term care insurance policy issued prior to July 1, 2006, the provisions of [Section 627.94076, F.S.] shall apply to such policy only upon renewal of such policy on or after July 1, 2008, and the policy shall so provide by endorsement to the policy.”

(2) The following maximum new business rates are effective for ~~2006 rate increase filings and for 20087 and later rate filings~~ until new rates are published: These annual rates are appropriate for:

- (a) Tax qualified policies;
- (b) A benefit of \$100/day;
- (c) An elimination period of 90 days.
- (d) Policies offering Restoration of Benefits, and

(e) Sales in Hillsborough County. For all other counties, the rate from this table should be adjusted by the insurer’s current area factor applicable in that county relative to the insurer’s area factor in Hillsborough County

(f) Insurers who did not use area factors in the closed blocks for which a rate change is being requested may calculate the new business rate as a weighted average of the Hillsborough and the South Florida area factors, where the weights used are in-force premium by county. For the purposes of this calculation, the South Florida area factors are those that apply in Broward, Duval and Palm Beach county. The South Florida area factor is equal to 1.00.

Section VII Notices of Petitions and Dispositions Regarding Declaratory Statements

BOARD OF TRUSTEES OF THE INTERNAL IMPROVEMENT TRUST FUND

Notices for the Board of Trustees of the Internal Improvement Trust Fund between December 28, 2001 and June 30, 2006, go to <http://www.dep.state.fl.us/> under the link or button titled "Official Notices."

AGENCY FOR HEALTH CARE ADMINISTRATION

NOTICE IS HEREBY GIVEN THAT the Agency for Health Care Administration has issued an order disposing of the petition for declaratory statement filed by American Health Associates Clinical Laboratory, Inc. on April 7, 2008. The following is a summary of the agency's disposition of the petition:

The Agency issued a Declaratory Statement on July 7, 2008 which declared that clinical laboratories that reduce the fee charged to skilled nursing facilities for ancillary laboratory services for Medicare Part A patients have engaged in a prohibited act under Section 483.245(1), Florida Statutes (2008), and Rule 59A-7.037, Florida Administrative Code. The conduct described in the Petition may additionally be

prohibited under Section 400.17, Florida Statutes (2008). Further, the Agency may be required to show "intent" in some instances in order to enforce the law.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Richard J. Shoop, Esquire, Agency Clerk, Agency for Health Care Administration, 2727 Mahan Drive, Mail Stop #3, Tallahassee, Florida 32308.

NOTICE IS HEREBY GIVEN THAT the Agency for Health Care Administration has issued an order disposing of the petition for declaratory statement filed by Dominion Diagnostics on April 9, 2008. The following is a summary of the agency's disposition of the petition:

The Agency for Health Care Administration has issued a Final Order declaring the suggested marketing practices of providing free specimen test cups (as described in the petition) and providing free personnel to assist physicians with specimen collections are both in violation of current Agency rules.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Richard Shoop, Agency Clerk, Agency for Health Care Administration, 2727 Mahan Drive, Building 3, MS 3, Tallahassee, Florida 32308.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

NOTICE IS HEREBY GIVEN THAT the Division of Florida Land Sales, Condominiums, and Mobile Homes, Department of Business and Professional Regulation, State of Florida, has declined to rule on the petition for declaratory statement filed by Grant Brockway, Petitioner, In RE: The Moorings of Manatee Association, Inc., Docket No. 2008029734 on May 15, 2008. The following is a summary of the agency's declination of the petition:

The Division declined to issue an order because it does not have substantial competent evidence to support its conclusions and the facts are unclear as to how Section 718.111(11)(b)2., Florida Statutes, would apply to petitioner.

A copy of the Order Declining of the Petition for Declaratory Statement may be obtained by contacting: Division Clerk, Department of Business and Professional Regulation, Division of Florida Land Sales, Condominiums, and Mobile Homes, 1940 North Monroe Street, Tallahassee, Florida 32399-2217.

Please refer all comments to: Janis Sue Richardson, Chief Assistant General Counsel, Department of Business and Professional Regulation, Division of Florida Land Sales, Condominiums, and Mobile Homes, 1940 North Monroe Street, Tallahassee, Florida 32399-2202.

NOTICE IS HEREBY GIVEN THAT the Division of Florida Land Sales, Condominiums, and Mobile Homes, Department of Business and Professional Regulation, State of Florida, has
