DEPARTMENT OF EDUCATION

NOTICE TO DESIGN/BUILDER:

The University of Florida Board of Trustees announces that Design/Build services will be required for the project listed below:

Project: UF-310, East Campus Office Building (Gainesville, FL)

The project consists of constructing a 3 to 5 story office building that will include approximately 80,000 gross square feet of office space. This facility will house various office and administrative functions of the university. Some functions will relocate from the main campus to help increase on-campus space for academic needs. Other functions will move to the facility from office space currently leased in other buildings. This building will serve as a significant cornerstone in the development of the East Campus as well as east Gainesville.

The building will be designed as a typical office building according to Florida Building Code. The UF Campus Design and Construction Standards will not be utilized for this building. The construction budget is estimated at \$12,000,000.00, including, but not limited to, site improvements and utilities. Construction shall be "fast-tracked" with final completion no later than December 2009. *Silver LEED (Leadership in Energy and Environmental Design) accreditation by the U.S. Green Building Council is a mandatory minimum.*

The contract for design/build services will consist of two parts. Part one services include design, construction administration, value engineering, constructability analyses, development of a cost model, estimating, and the development of a Guaranteed Maximum Price (GMP) proposal based on 60% Construction Documents, for which the design/builder will be paid a fixed fee.

If the GMP is accepted, part two, the construction phase, will be implemented. In part two of the contract, the design/builder becomes the single point of responsibility for completion of the construction documents, performance of the construction of the project and shall publicly bid trade contracts. Failure to negotiate an acceptable fixed fee for part one of the contract, or

to arrive at an acceptable GMP within the time provided in the agreement may result in the termination of the design/builder's contract.

Blanket design professional liability insurance will be required for this project in the amount of \$2,000,000, and will be provided as a part of Basic Services. Plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Applicants will be evaluated on the basis of their past performance, experience, personnel, location, design and construction ability, references, bonding capacity, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant must be licensed to practice as a general contractor in the State of Florida and the applicant or its architectural, landscape architectural, and engineering consultants must possess current design licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida.

Applicants desiring to provide design/build services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be limited to 60 pages or 30 double-sided, consecutively numbered sheets and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.
2. Company information and signed certification.
3. A completed, project-specific "Design/Builder Qualifications Supplement" (DBQS) proposal. Applications on any other form will not be considered.
4. Resumes, LEED accreditation, and other pertinent credentials for all proposed staff (applicant and consultants).
5. Proof of the applicant's corporate status in Florida (if applicable) and copies of current licenses for all construction, architectural, landscape architectural, and engineering entities (applicant and consultants) from the appropriate governing board.
6. Proof of bonding capacity and proof of all design entities' or consultants' (architecture and engineering) ability to be insured for the level of professional liability coverage demanded for this project.

If the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida. As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected design/builder must warrant that it

will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Unsigned proposals or proposals containing expired or invalid licenses will be disqualified. Submittal materials will not be returned.

The project-specific DBQS forms, instructions, Project Fact Sheet, Facilities Program, UF Design Services Guide, standard University of Florida Owner-Design/Builder agreement, and other project and process information can be found on the Facilities Planning and Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet. Submittals must be received in the Facilities Planning and Construction office by 3:00 p.m. (Local Time) on Friday, August 15, 2008. Facsimile (FAX) submittals are not acceptable and will not be considered.

NOTICE TO PROFESSIONAL CONSULTANTS

The College of Visual and Performing Arts, University of South Florida announces that Professional Services in the discipline of Architecture will be required for the project listed below:

PROJECT NUMBER: 551

PROJECT AND LOCATION: Center for Advanced Study of the Visual Arts (CASVA), Tampa, Florida

PROJECT DESCRIPTION:

The USF Center for Advanced Study of the Visual Arts (CASVA) is planned to consist of the planning, design and construction of a 29,700 NASF expansion to the Contemporary Art Museum (CAM), a 26,000 NASF addition for the Graphicstudio and a 28,800 NASF addition for the School of Art and Art History. Currently, the Museum is 12,000 sq. ft. and while each unit is to maintain its own identity, the facility will ensure and make permanent the physical configurations of spaces to enhance the interdisciplinarity being displayed currently by faculty, artists and students in these programs.

The CASVA project is projected to be funded through private and state matching grant funds and while fund raising for the project has begun, it is anticipated to be more successful when visuals representing the design of the project are available to show potential donors. The selected Architect/Engineer Team will work with the CASVA Building Committee members to develop documents to support and enhance fund raising efforts for the project including a facility master plan, conceptual design and visuals, (presentation materials, renderings, etc.) in the initial phase of project development.

Fee payment for the Architect/Engineer services will occur if and when full funding is secured for all or at least the first phase of the project to be developed since there are no funds available for project development at this time.

The Architect/Engineer Team will be selected based on qualifications and will be expected to provide drawings and information which can be used for fund raising purposes. A contract for complete Architect/Engineer services will be negotiated with the selected firm which shall include provisions that payment shall be received for services only if and when funds are available for development of the complete

project or for the complete first phase of the project to be developed. If the funds do not become available under the preceding conditions, no payment shall be made to the Architect/Engineer for services performed or expenses incurred in performing those services.

The construction delivery method is anticipated to be Construction Management. The Construction Manager selection process shall proceed if the private funds for the project are secured and the request has been submitted to obtain the state matching grant funds.

The construction budget is estimated to be approximately \$42,213,000 including site development, LEED certification, and hurricane hardening. Project development, including professional services, is contingent upon availability of funds. If funding is realized, the University has the option to incorporate additional scope/funding under this contract.

The selected firm shall initially provide facility master planning, conceptual design and visuals to assist with phasing strategies and support the fund raising efforts, and shall ultimately provide full Architectural Services subject to availability of funds. The University is seeking to hire a consultant team with experience with museum and art facility design. All disciplines required for the design of the facility are to be provided for this project under the contract with the selected firm, including architecture, engineering, interior design and any specialty consultants. Consultant services for design expertise unique to the Center for Advanced Study of the Visual Arts (CASVA) may be provided by specialty design consultants.

Firm submittals should include descriptions of experience and knowledge of Sustainable Design and Hurricane Hardening. The design services by the selected team shall provide solutions meeting requirements of the program for the facility needs. The selected firm will be required to provide computer drawings according to the standards of the University of South Florida, including computer record drawings reflecting as-built conditions to facilitate the University's space management program. Blanket professional liability insurance will be required for this project in the amount of \$3,000,000 and will be provided as a part of Basic Services. It is the University's responsibility to negotiate a fair, competitive, and reasonable compensation per Section 287.055, F.S. A fair, competitive and reasonable compensation shall be evaluated based upon the following information: (1) Compensation on similar projects; (2) other compensation reference data; and (3) after approval of the ranking, proposals requested from the short-listed firms based upon a scope of services document to be provided at the time of negotiations.

Selection of finalists for interview will be made on the basis of professional qualifications of the proposed design team, including experience and ability to meet the project requirements and the goals and objectives of the University's Strategic Plan; past experience; design ability; volume of

work; and distance from project. The distance factor for this project will provide a maximum of one point difference in scoring for location between in-state and out-of-state applicants. As part of the University of South Florida's Strategic Plan, USF made a commitment to foster a diverse community distinguished by a shared purpose, collaboration, open and timely communication, mutual respect, trust, and inclusiveness. The University of South Florida is an equal opportunity institution, and, as such, strongly encourages the lawful use of certified Minority and Women-owned Business Enterprises ("MBEs") in the provision of design and construction-related services by providing a fair and equal opportunity to compete for, or for participation in, design and/or construction-related services.

The plans and specifications for the University of South Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes. As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$25,000 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

INSTRUCTIONS:

Firms desiring to apply to provide professional services shall submit one (1) original submittal and six (6) bound copies consisting of the information as required in the "Submittal Requirements" of the Project Fact Sheet including a letter of interest, a completed "USF Professional Qualifications Supplement (PQS)" dated July 2008 for the Center for Advanced Study of the Visual Arts (CASVA) and any required or additional information within the proposal limits. Applications on any other form will not be considered. Submittals are part of the public record. All applicants must be properly registered at the time of application to practice its profession in the State of Florida. If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida. Applications which do not comply with the above instructions may be disqualified. Application materials will not be returned.

The "Professional Qualifications Supplement (PQS)" for the Center for Advanced Study of the Visual Arts (CASVA), dated July 2008, and "Project Fact Sheet", which includes project information and selection criteria, may be obtained by contacting: Kathy Bennett, Contracts Administrator, University of South Florida, Facilities Planning and Construction, via e-mail at kbennett@admin.usf.edu, by mail at 4202 East Fowler Avenue, FPC110, Tampa, Florida 33620-7550, or by phone at (813)974-3098, (813)974-2625. Interested firms are invited and encouraged to attend a Pre-Submittal Meeting at 10:00 a.m. Eastern Time, on

Thursday, August 14, 2008 at the University of South Florida, Marshall Center Room 296 (Trustee's Terrace) to review the scope and requirements of this project. The University address is 4202 East Fowler Avenue, Tampa, Florida 33620-7550. Requests for meetings by individual firms will not be granted. No verbal communication shall take place between the applicants and the employees of the University of South Florida except as provided at the Pre-Submittal Meeting, the Pre-Interview Meeting and the request for the PQS and Fact Sheet. Requests for any project information must be in writing to the above e-mail address. The Selection Committee may waive any irregularities and may reject all proposals and stop the selection process at any time. One (1) original and six (6) copies of the requested submittal data, bound in the order listed in the "Submittal Requirements" of the Project Fact Sheet shall be addressed to:

Walter Pestrak, Project Manager
Facilities Planning and Construction
University of South Florida
4202 East Fowler Avenue, FPC 110
Tampa, Florida 33620-7550.

Applications that do not comply with the above instructions may be disqualified. Submittals are to be received in the University of South Florida, Facilities Planning and Construction office, FPC110 by 2:00 p.m. (Eastern Time), Friday, August 29, 2008. Facsimile (FAX) or electronic submittals are not acceptable and will not be considered.

NOTICE TO CONSTRUCTION MANAGERS

The University of Central Florida, announces that construction management services will be required for the project listed below:

Project No. UCF-536

Project and Location: Partnership III Building, Central Florida Research Park, Orlando, Florida 32826.

Project Description: The pre-construction and construction of a new facility that contains approximately 26,992 sq. ft. of research labs, 15,000 sq. ft. of office/computers, and 5,000 sq. ft. of classrooms.

The new building will provide "state of the art" technology for simulation and professional training. In keeping with local structures, the use of pre-cast construction is preferred for speed and feasibility of construction.

This facility will be located adjacent to the Partnership II Building in the Central Florida Research Park. The user groups are made up of a variety of organizations involved in modeling, simulation and advanced distributed learning. The construction cost will be approximately \$16,000,000.

The contract for construction management services will consist of two phases. Phase one is pre-construction services, for which the construction manager will be paid a fixed fee. Phase one services include value engineering, constructability

analyses, development of a cost model, estimating, and the development of a Guaranteed Maximum Price (GMP) at 50% Construction Document phase (or other phase, if applicable. If so, change this reference). If the GMP is accepted, phase two, the construction phase, will be implemented. In phase two of the contract, the construction manager becomes the single point of responsibility for performance of the construction of the project and shall publicly bid trade contracts, encouraging the inclusion of Minority Business Enterprises (MBEs). Failure to negotiate an acceptable fixed fee for phase one of the contract, or to arrive at an acceptable GMP within the time provided in the agreement may result in the termination of the construction manager's contract.

Selection of finalists for interviews will be made on the basis of construction manager qualifications, including experience and ability; past experience; bonding capacity; record-keeping/administrative ability; qualification of the firm's personnel, staff and consultants. The Selection Committee may reject all proposals and stop the selection process at any time. The construction manager shall have no ownership, entrepreneurial or financial affiliation with the selected architect/engineer involved with this project.

Firms desiring to provide construction management services for the project shall submit a letter of application and a completed University of Central Florida "Construction Manager Qualifications Supplement." Proposals must not exceed 40 pages, including the Construction Manager Qualifications Supplement and letter of application. Pages must be numbered consecutively. Submittals which do not comply with these requirements or do not include the requested data will not be considered. No submittal material will be returned.

All applicants must be licensed to practice as general contractors in the State of Florida at the time of application. Corporations must be registered to operate in the State of Florida by the Department of State, Division of Corporations, at the time of application. As required by Section 287.133, Florida Statutes, a construction management firm may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected construction management firm must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of placement on the convicted vendor list.

Carefully review the Construction Management Contract and General Condition's documents. Submitting a proposal for this project constitutes complete agreement with and acceptance of the terms and conditions contained within these documents.

The Construction Manager Qualifications Supplement forms and the Project Fact Sheet may be obtained by contacting: Gina Seabrook, Office of Facilities Planning, University of Central

Florida, 4000 Central Florida Boulevard, Orlando, FL 32816-3020, Phone: (407)823-2166, Fax: (407)823-5141, Email: gseabroo@mail.ucf.edu. These documents can be found on our website at www.fp.ucf.edu with the advertisement.

Five (5) bound copies of the required proposal data shall be submitted to: Ms. Gina Seabrook, Facilities Planning, 4000 Central Florida Blvd., Post Office Box 163020, Orlando, FL 32816-3020. Submittals must be received by 5:00 p.m. (Local Time), September 12, 2008. Facsimile (FAX) submittals are not acceptable and will not be considered. Late submissions will not be accepted.

FLORIDA DEVELOPMENTAL DISABILITIES COUNCIL

Request for Proposals # 2008-IP-7100

The Florida Developmental Disabilities Council, Inc. (FDDC) announces the availability of a Request for Proposals (RFP). Copies of the RFP can be downloaded for the FDDC website (www.fddc.org) or copies may be requested by writing FDDC, 124 Marriott Drive, Suite 203, Tallahassee, Florida 32301, or calling (850)488-4180, 1(800)580-7801 (Toll Free), 1(888)488-8633 (TDD). To register to receive electronic mail (email) notices of future RFPs, please visit our website (www.fddc.org) and click on the "RFPs" button near the top of the page, then click on the "sign up" button and follow the directions.

The Florida Developmental Disabilities Council, Inc. (FDDC) is pleased to announce that this request for proposals (RFP #2008-IP-7100) is released in order to assist individuals with developmental disabilities and their families to participate in various training opportunities, meetings forums and information sessions that will enable them to become better self-advocates and enhance their quality of life through improved knowledge of many aspects of the disability system. The selected provider will do this by awarding financial assistance and making arrangements for individuals with developmental disabilities and families to attend such events. FDDC has set aside federal funds for a period not to exceed one (1) year for fiscal support of this RFP. Interested parties should obtain a copy of RFP #2008-IP-7100 for specific information related to funding amounts.

The deadline for submitting written questions and letters of intent for this RFP is September 1, 2008, by 4:00 p.m. (EST). In order for your proposal to be considered, your letter of intent must be received by the above referenced deadline. Letters of Intent will only be accepted by fax, mail, or hand delivery. Letters of Intent by email will not be accepted. All answers to written questions will be posted on the FDDC

website during the week of September 8, 2008. The deadline for submitting proposals for this RFP to FDDC is October 10, 2008, by 2:00 p.m. (EST).

DEPARTMENT OF COMMUNITY AFFAIRS

**NOTICE OF INTENT TO FIND PUBLIC SCHOOLS
INTERLOCAL AGREEMENT CONSISTENT WITH
SECTION 163.31777(2), FLORIDA STATUTES
DCA DOCKET NO. 18-01**

The Department gives notice of its intent to find the Public Schools Interlocal Agreement (“Agreement”) executed between the Flagler County School Board and each of the following local governments: Cities of Bunnell and Palm Coast, pursuant to Section 163.31777, F.S., to be consistent with the minimum requirements of Sections 163.31777(2) and (3), F.S.

The Agreement is available for public inspection Monday through Friday, except for legal holidays, during normal business hours, at the City of Bunnell, 200 South Church Street, Bunnell, Florida 32110 and City of Palm Coast, 2 Commerce Blvd., Palm Coast, Florida 32164.

Any affected person, as defined in Section 163.31777(3)(b), F.S., has a right to petition for an administrative hearing to challenge the proposed agency determination that the Agreement is consistent with the minimum requirements of Section 163.31777(2), F.S. The petition must be filed within twenty-one (21) days after publication of this notice in the Florida Administrative Weekly, and must include all of the information and contents described in Uniform Rule 28-106.201, F.A.C. The petition must be filed with the Agency Clerk, Department of Community Affairs, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2100, and a copy mailed or delivered to Flagler County School Board, Bunnell and Palm Coast. Failure to timely file a petition shall constitute a waiver of any right to request an administrative proceeding as a petitioner under Sections 120.569 and 120.57, F.S. If a petition is filed, the purpose of the administrative hearing will be to present evidence and testimony and forward a recommended order to the Department. If no petition is filed, this Notice of Intent shall become final agency action.

If a petition is filed, other affected persons may petition for leave to intervene in the proceeding. A petition for intervention must be filed at least twenty (20) days before the final hearing and must include all of the information and contents described in Uniform Rule 28-106.205, F.A.C. A petition for leave to intervene shall be filed at the Division of Administrative Hearings, Department of Management Services, 1230 Apalachee Parkway, Tallahassee, Florida 32399-1550. Failure to petition to intervene within the allowed time frame constitutes a waiver of any right such a person has to request a hearing under Sections 120.569 and 120.57, F.S., or to participate in the administrative hearing.

If a formal or informal proceeding is commenced as described above, any party to that proceeding may suggest mediation under Section 120.573, F.S. Mediation is not available as of right, and will not occur unless all parties agree to participate in the mediation. Choosing mediation does not affect the right to an administrative hearing.
