

## Section XI Notices Regarding Bids, Proposals and Purchasing

### DEPARTMENT OF EDUCATION

#### NOTICE TO PROFESSIONAL CONSULTANTS:

The University of Florida Board of Trustees announces that Professional Services in the discipline of architecture/facility planning will be required for the project listed below:

Project: MP-282C, Reitz Union New Building Program (Gainesville, FL)

The project consists of working with the University, J. Wayne Reitz Union (JWRU), Multicultural and Diversity Affairs, Multicultural groups, student groups and others in developing a facility master plan to reorganize and/or add onto the Union and develop a multicultural center. The JWRU is seeking a leader in Student Union facility master planning. The existing student union is a multi-purpose facility with over 350,000 GSF of public space and averages in excess of 20,000 guests per day. In addition to developing a master plan, the University would like concept images to aid with funding the future construction of the project.

The selected firm will provide facility master planning and concept design images for the referenced project. Blanket professional liability insurance will be required for this project in the amount of \$1,000,000, and will be provided as a part of Basic Services. Plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Applicants will be evaluated on the basis of their past performance, experience, personnel, design ability, references, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant and its landscape, architectural and engineering consultants must possess current design licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida. If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida.

Applicants desiring to provide professional services for the project shall submit a proposal only after thoroughly reviewing the Project Fact Sheet, and other background information. The proposal shall be limited to 40 single-sided, consecutively-numbered pages OR 20 double-sided, consecutively-numbered pages and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, design intent, and other goals and considerations as outlined in the Project Fact Sheet.

2. A completed, project-specific "Professional Qualifications Supplement" (PQS) proposal with signed certification. Applications on any other form will not be considered.
3. Resumes, LEED accreditation, and other pertinent credentials for all proposed staff (applicant and consultants).
4. Proof of the applicant's corporate status in Florida (if applicable) and copies of current licenses for applicant and all engineering and landscape architecture consultants from the appropriate governing board.
5. Proof of the applicant's and all engineering consultants' ability to be insured for the level of professional liability coverage demanded for this project.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected professional must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Unsigned proposals or proposals containing expired or invalid licenses will be disqualified. Submittal materials will not be returned.

The project-specific PQS form, instructions, Project Fact Sheet, UF Design Services Guide, UF Design and Construction Standards, standard University of Florida Owner-Professional agreement, and other project and process information can be found on the Facilities Planning and Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet. Submittals must be received in the Facilities Planning and Construction office by 3:00 p.m. (Local Time), Thursday, July 9, 2009. Facsimile (FAX) submittals are not acceptable and will not be considered.

#### NOTICE TO DESIGN/BUILDER:

The University of Florida Board of Trustees announces that Design/Build services will be required for the project listed below:

Project: UF-305, PKY Developmental Research School Phase I (Main Campus)

The project consists of demolition of existing building 514, and design and construction of a new 2 story 36,000 GSF elementary school. The design of the new facility will be laid

out to an advanced schematic level and the designer will be expected to use that program and layout to complete design documents.

The total project budget is \$9,175,500.00, including site improvements, underground utilities, fees, surveys and tests, total building commissioning, furnishings and equipment, and contingencies. (Gold) LEED (Leadership in Energy and Environmental Design) certification by the U.S. Green Building Council is mandatory.

The contract for design/build services will consist of two parts. Part one services include design, construction administration, value engineering, constructability analyses, development of a cost model, estimating, and the development of a Guaranteed Maximum Price (GMP) proposal based on 100% Construction Documents, for which the design/builder will be paid a fixed fee.

If the GMP is accepted, part two, the construction phase, will be implemented. In part two of the contract, the design/builder becomes the single point of responsibility for completion of the construction documents, performance of the construction of the project and shall publicly bid trade contracts. Failure to negotiate an acceptable fixed fee for part one of the contract, or to arrive at an acceptable GMP within the time provided in the agreement may result in the termination of the design/builder's contract.

Blanket design professional liability insurance will be required for this project in the amount of \$1,000,000, and will be provided as a part of Basic Services. Plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Applicants will be evaluated on the basis of their past performance, experience, personnel, design and construction ability, references, bonding capacity, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant must be licensed to practice as a general contractor in the State of Florida and the applicant or its architectural, landscape architectural, and engineering consultants must possess current design licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida.

Applicants desiring to provide design/build services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be limited to 60 single-sided, consecutively-numbered pages OR 30 double-sided, consecutively-numbered pages and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.

2. Company information and signed certification.
3. A completed, project-specific "Design/Builder Qualifications Supplement" (DBQS) proposal. Applications on any other form will not be considered.
4. Resumes, LEED accreditation, and other pertinent credentials for all proposed staff (applicant and consultants).
5. Proof of the applicant's corporate status in Florida (if applicable) and copies of current licenses for all construction, architectural, landscape architectural, and engineering entities (applicant and consultants) from the appropriate governing board.
6. Proof of bonding capacity and proof of all design entities' or consultants' (architecture and engineering) ability to be insured for the level of professional liability coverage demanded for this project.

If the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida. As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected design/builder must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Unsigned proposals or proposals containing expired or invalid licenses will be disqualified. Submittal materials will not be returned.

The project-specific DBQS forms, instructions, Project Fact Sheet, facilities program, UF Design Services Guide, UF Design and Construction Standards, standard University of Florida Owner-Design/Builder agreement, and other project and process information can be found on the Facilities Planning and Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet. Submittals must be received in the Facilities Planning and Construction office by 3:00 p.m. (Local Time), Tuesday, July 14, 2009. Facsimile (FAX) submittals are not acceptable and will not be considered.

**NOTICE TO DESIGN/BUILDER:**

The University of Florida Board of Trustees announces that Design/Build services will be required for the project listed below:

Project: UF-350, CNS Data Center at the East Campus (Gainesville, FL)

The project consists of constructing a 1-story data center that will include approximately 14,400 gross square feet of computing and administrative space. The computing space will be equally split between "Tier 3" (approximately 5,000 net square feet) and "Tier 0" (approximately 5,000 net square feet), respectively. The purpose of this building is to allow for the consolidation, redundancy of enterprise system, and expandability of operation. This building will serve as a significant cornerstone in the development of the East Campus as well as east Gainesville. We expect that this building will have a compatible facade with the newly constructed East Campus Office Building.

The building will be designed as a typical Tier 3 Data Center building. The UF Campus Design and Construction Standards will be utilized for this building. The construction budget is estimated at \$9,000,000.00, including, but not limited to, site improvements and utilities. Construction shall be "fast-tracked" with final completion no later than April 2010. Gold LEED (Leadership in Energy and Environmental Design) accreditation by the U.S. Green Building Council is a mandatory minimum.

The contract for design/build services will consist of two parts. Part one services include design, construction administration, value engineering, constructability analyses, development of a cost model, estimating, and the development of a Guaranteed Maximum Price (GMP) proposal based on 60% Construction Documents, for which the design/builders will be paid a fixed fee.

If the GMP is accepted, part two, the construction phase, will be implemented. In part two of the contract, the design/builders becomes the single point of responsibility for completion of the construction documents, performance of the construction of the project and shall publicly bid trade contracts. Failure to negotiate an acceptable fixed fee for part one of the contract, or to arrive at an acceptable GMP within the time provided in the agreement may result in the termination of the design/builders' contract.

Blanket design professional liability insurance will be required for this project in the amount of \$3,000,000, and will be provided as a part of Basic Services. Plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Applicants will be evaluated on the basis of their past performance, experience, personnel, location, design and construction ability, references, bonding capacity, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant must be licensed to practice as a general contractor in the State of Florida and the applicant or its architectural, landscape architectural, and engineering consultants must possess current design licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida.

Applicants desiring to provide design/build services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be limited to 60 pages or 30 double-sided, consecutively-numbered sheets and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.
2. Company information and signed certification.
3. A completed, project-specific "Design/Builder Qualifications Supplement" (DBQS) proposal. Applications on any other form will not be considered.
4. Resumes, LEED accreditation, and other pertinent credentials for all proposed staff (applicant and consultants).
5. Proof of the applicant's corporate status in Florida (if applicable) and copies of current licenses for all construction, architectural, landscape architectural, and engineering entities (applicant and consultants) from the appropriate governing board.
6. Proof of bonding capacity and proof of all design entities' or consultants' (architecture and engineering) ability to be insured for the level of professional liability coverage demanded for this project.
