The Pre-Disaster Mitigation (PDM) program is a nation-wide competitive grant program that was created to assist State and local governments, including Indian Tribe governments, with the implementation of cost-effective hazard mitigation activities prior to disasters. The intent of this program is to reduce overall risk to people and property, while also minimizing the cost of disaster recovery.

Eligible Sub-Applicants:

The following entities are eligible to apply for assistance: State-level agencies including State institutions (i.e., State hospital or university); Federally-recognized Indian tribal governments; local governments, including State-recognized tribes, authorized tribal organizations, and Alaska Native villages; public colleges and universities; and tribal colleges and universities. Private non-profit (PNP) organizations and private colleges and universities are not eligible Sub-Applicants; however, an eligible, relevant State agency or local governments may apply to the Applicant as the Sub-Applicant for assistance to benefit the private entity.

Sub-applicants may request up to 10% of the funds requested for their mitigation project sub-application for information dissemination activities (public awareness and education) regarding cost-effective mitigation technologies. These activities may include marketing and outreach (i.e., brochures, videos) and must relate directly to the project sub-application. Any information dissemination activities should be identified as separate line items in the Cost.

Sub-applicants may include a maximum of 5% of the total funds requested (Federal and non-Federal shares) for their project sub-application for management costs to support the project. Sub-applicant cost activities must be consistent with the Office of Management and Budget Circular A-87.

Eligible Activities:

Funding is restricted to a maximum of \$3 million Federal share per project sub-application. The Federal share will cover 75% of the project cost. Sub-applicants are required to provide the remaining 25% in matching funds. All project submissions must have a Benefit Cost Analysis of 1 or greater.

DCA Final Order No.: DCA10-OR-154
In Re: MONROE COUNTY LAND DEVELOPMENT
REGULATIONS ADOPTED BY MONROE COUNTY
ORDINANCE NO. 018-2010

FINAL ORDER

The Department of Community Affairs (the "Department") hereby issues its Final Order, pursuant to Section 380.05(6) and Section 380.0552(9), Florida Statutes (2009), approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Monroe County is a local government within the Florida Keys Area.
2. On June 7, 2010, the Department received for review Monroe County Ordinance No. 018-2010 ("Ord. 018-2010"), adopted by Monroe County on May 19, 2010.
3. The purpose of Ord. No.: 018-2010 is to amend the sunset date for A-Frame Signs in Monroe County Code Section 142-4, for signs that are allowed on commercial lots along US Highway 1 to provide greater visibility.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are enacted, amended, or rescinded by any local government in the Florida Keys Area of Critical State Concern. Section 380.05(6), Florida Statutes, and Section 380.0552(9), Florida Statutes (2009).
5. Monroe County is a local government within the Florida Keys Area of Critical State Concern. Section 380.0552, Florida Statutes (2009) and Rule 28-29.002 (superseding Chapter 27F-8), Florida Administrative Code.
6. "Land development regulations" include local zoning, subdivision, building, and other regulations controlling the development of land. Section 380.031(8), Florida Statutes (2009). The regulations adopted by Ord. 018-2010 are land development regulations.
7. All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in Section 380.0552(7), Florida Statutes. See *Rathkamp v. Department of*

Community Affairs, 21 F.A.L.R. 1902 (Dec. 4, 1998), aff'd, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.

8. Ord. 018-2010 promotes and furthers the following Principles:
 - (a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without the continuation of the area of critical state concern designation.
9. Ord. 018-2010 is consistent with the Principles for Guiding Development as a whole.
10. Ord. 018-2010 furthers Monroe County Comprehensive Plan and is not inconsistent with the Comprehensive Plan.

WHEREFORE, IT IS ORDERED that Ord. 018-2010 is found to be consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby APPROVED.

This Order becomes effective 21 days after publication in the Florida Administrative Weekly unless a petition is filed as described below.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Notices for the Department of Environmental Protection between December 28, 2001 and June 30, 2006, go to <http://www.dep.state.fl.us/> under the link or button titled "Official Notices."

The Department of Environmental Protection (Department) gives notice of its intent to grant a variance, File #0155875-023-EV-VE, to Mosaic Fertilizer, LLC (Mosaic), 13830 Circa Crossing Drive, Lithia, Florida 33547, under Section 403.201(1)(a), Florida Statutes (F.S.), from the provisions of Rule 62-302.530, Florida Administrative Code (F.A.C.), which provides minimum standards for dissolved oxygen levels in surface waters. This variance, File No.: 0155875-023-EV-VE, will apply to dissolved oxygen levels in the hypolimnion (the deepest layer) in the man-made lakes proposed in Wetland Resource Permit modification application #0155875-020 and the Conceptual Reclamation Plan modification designated MOS-FCL-CPH, Four Corners Lonesome Mine. The low dissolved oxygen levels in the hypolimnion of the man-made lakes are not expected to result in any on-site or off-site impacts. Oxygen levels in the upper

layers of the lakes are expected to meet the requirements of Rule 62-302.530, F.A.C., and be adequate to support healthy fish populations. Mediation is not available.

The files associated with this order are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the: Bureau of Mining and Minerals Regulation, 2051 East Dirac Drive, Tallahassee, Florida 32310-3760. A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Under subsection 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with: Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

If a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Intervention will be permitted only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with Section 403.201, F.S., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57,

F.S. A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) the name and address of each agency affected and each agency's file or identification number, if known; (b) the name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) a statement of when and how the petitioner received notice of the agency decision; (d) a statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) a concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; (f) a statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and (g) a statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This intent to grant a variance constitutes an order of the Department. Subject to the provisions of Section 120.68(7)(a), F.S., which may require a remand for an administrative hearing, the applicant has the right to seek judicial review of the order under Section 120.68, F.S., by the filing of a notice of appeal under Rule 9.110 of the Florida Rules of Appellate Procedure with the: Clerk of the Department, Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the order is filed with the Clerk of the Department.

The Department of Environmental Protection (Department) gives notice of its intent to grant a variance, File #0155875-037, to Mosaic Fertilizer, LLC (Mosaic), 13830 Circa Crossing Drive, Lithia, Florida 33547, under Section 378.212(1)(b), Florida Statutes (F.S.), from the posting of security on the number of acres the applicant must reclaim at Four Corners Lonesome Mine during the current (2010-2014) five-year period required by portions of Section 378.208(2)(f),

F.S., and paragraph 62C-16.0075(1)(b), Florida Administrative Code (F.A.C.). Environmentally beneficial efforts to reuse existing clay settling areas have reduced the need for five new clay settling areas that would have been 3,464 acres. However, continued long-term use of land for clay settling has delayed reclamation of existing areas and reduced the ability of Mosaic to meet the rate of reclamation. Based on the efforts to reuse existing clay settling areas, the Department has determined that there exists sufficient justification for granting approval of a variance for a five-year period ending December 31, 2015. Mosaic will be required to post \$18,697,788 in security for 2,224.7 acres that were not reclaimed during the 2005-2009 five-year period. Mediation is not available.

The files associated with this order are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Bureau of Mining and Minerals Regulation, 2051 East Dirac Drive, Tallahassee, Florida 32310-3760.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received by the clerk) in the: Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000.

Under subsection 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the: Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

If a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Intervention will be permitted only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with Section 378.212(3), F.S., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first. Under

Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S. A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) the name and address of each agency affected and each agency's file or identification number, if known; (b) the name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) a statement of when and how the petitioner received notice of the agency decision; (d) a statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) a concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; (f) a statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and (g) a statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This intent to grant a variance constitutes an order of the Department. Subject to the provisions of Section 120.68(7)(a), F.S, which may require a remand for an administrative hearing, the applicant has the right to seek judicial review of the order under Section 120.68, F.S., by the filing of a notice of appeal under Rule 9.110 of the Florida Rules of Appellate Procedure with the: Clerk of the Department, Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399 3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with

the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the order is filed with the Clerk of the Department.
