Such projects must adhere to recognized sustainability standards and must comply with the Secretary of the Interior's Standards for the Treatment of Historic Properties.

Applications for all types of eligible projects are earnestly solicited and encouraged and will be judged on their merits according to the criteria in Rule 1A-39.008, Florida Administrative Code.

VIVA FLORIDA

Projects that reflect the goals of Viva Florida, a series of statewide events recognizing the historic significance of Spanish exploration in Florida, will be of special interest. Such projects should include efforts to enrich the general public's understanding of Florida's Spanish history through education, public events, and efforts to promote Florida's unique Spanish history. Please see www.vivaflorida.org and the Viva Florida document accompanying this solicitation.

SPECIAL STATEWIDE PROJECTS within the Small Matching Grant Program

For the special projects described below, the Grant Review Panels appointed by the Florida Secretary of State may waive matching requirements. The Panels reserve the right to decline to recommend funding for any applications in these areas if, in the judgment of the Bureau and the Panels, the proposed goals of these projects would not be met.

1. Florida Main Street Program

Special consideration will be given for grants to national and statewide organizations whose programs assist local redevelopment of historic downtown business districts to assist in the administration and provision of technical assistance within the Florida Main Street Program, and non-matching \$10,000 "start-up" grants for newly selected Florida Main Street communities.

2. Sustainable Stewardship, Phase 2

Special consideration will be given to proposals for Phase II of a study titled SUSTAINABLE STEWARDSHIP: The Environmental Benefits of Historic Preservation in Florida. The Phase I preliminary study was completed by Bender & Associates Architects, P.A. and Green Building Services in September 2009 and is available by request in electronic format from the Division. In the Phase I study, bibliographic sources were identified, as well as potential sources for statistical information and case studies. Partner organizations were identified and several have committed to support the future project. Potential Members of a Technical Advisory Committee for Phase II were identified, and many have committed by letter or email to donate their time to the project. The goal of Phase II is to produce documented scientific data that will build a case for historic preservation by describing the common goals of historic preservation and sustainable practices. The final grant product will be a technical report, similar to the 2010 Update of the Economic Impacts of Historic Preservation in Florida Technical Report, available upon request from the Division. This Phase II Sustainable Stewardship product should include recommendations for compatibility and resolution of conflict between LEED and the Secretary of the Interior's Standards for Preservation. The Phase II product will be an organized assemblage of raw data which will be distributed to professionals and the public and should provide guidance for preservation projects to comply fully with both the Secretary's Standards and LEED standards. This will set the stage for Phase III of the project which will be to publish and distribute the data in plain language formats.

MATCH REQUIREMENTS AND PROJECT SUPPORT

The above special projects and applications submitted by local governments and not-for-profit organizations located in communities that are eligible to request a waiver or reduction of matching requirements as per Section 288.06561, Florida Statutes, are the only potential non-matching grants anticipated. All other funding will be awarded in the form of 50/50 matching grants. That is, funds will be given to support up to 50% of the cost of an eligible project, with the other 50% to be provided by the grant recipient (grantee) in the form of cash match or allowable in-kind and donated services match with a specified cash value. The required match must include a minimum cash contribution of 25 percent.

In computing grant match, please note that, while direct administrative costs for conducting grant activities will be considered allowable expenditures, indirect administrative

charges or overhead are not allowable. (Please see documents accompanying this solicitation notice.) In valuing in-kind and donated services, please be sure to use a value that reflects a typical fair market value you would pay if you were purchasing such services. Also, please be aware that you may not use expenditures of any kind made prior to the grant period as part of your match.

It is important that the applicant document support for the project for which funding is requested. Several letters of support, endorsements, resolutions, and other documentation evidencing local, regional or statewide support for the project contribute significantly to the application review.

APPLICATION REVIEW AND PROJECT SELECTION

All applications submitted online by 11:59 p.m. (Eastern Standard Time), on December 15, 2010, with one printed copy and attachments delivered to the Bureau of Historic Preservation by 5:00 p.m., December 15, 2010, OR clearly postmarked by 11:59 p.m., December 15, 2010, OR showing evidence of submission to an express mail service by 11:59 p.m., December 15, 2010, will be reviewed for eligibility.

All eligible applications will be evaluated on a competitive basis by Grant Review Panels appointed by the Secretary of State in public meetings scheduled for March 21 and 22, 2011, in Tallahassee.

The Panels will prioritize all applications and recommend a level of funding (full or partial) for each project. In accordance with the Government Performance and Accountability Act of 1994, the Division of Historical Resources is mandated to increase the number of historic and archaeological properties protected or preserved for public use.

Please note that many projects may not be recommended for the full amount requested; rather, the Panel members may recommend an amount intended as a significant contribution to the project. Final project selection will be made by the Department of State and will depend heavily upon Grant Review Panel recommendations.

Projects selected for grant awards will be announced by July 1, 2011. Grant award agreements will be forwarded to grantees in July of 2011, and project work may not be initiated until a formal grant award agreement between the grantee and the Department is executed. Work begun before July 1, 2011, or conducted after June 30, 2012, including that paid with matching funds, will not be eligible for reimbursement.

DCA Final Order No.: DCA10-OR-181

In Re: MONROE COUNTY LAND
DEVELOPMENT REGULATIONS
ADOPTED BY MONROE COUNTY
ORDINANCE NO.: 020-2010

FINAL ORDER

The Department of Community Affairs (the "Department") hereby issues its Final Order, pursuant to Section 380.05(6), Florida Statutes and Section 380.0552(9), Florida Statutes (2009), approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Monroe County is a local government within the Florida Keys Area.
2. On July 14, 2010, the Department received for review Monroe County Ordinance No. 020-2010 ("Ord. 020-2010"), adopted by Monroe County on June 16, 2010.
3. The purpose of Ord. No. 020-2010 is to amend Section 138-24 of the Monroe County Code to allow the County to set aside Rate of Growth Ordinance allocations for properties that have already been ranked and are competing for ROGO beginning July 12, 2009, that are held in abeyance and not awarded because of a lack of a final tier designation due to the determination made in Amended Final Order No.: 06-2449. The ROGO allocations will be available in the future upon final determination of the challenged tier designations and will be classified as used and will not convert to affordable housing allocations.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are enacted, amended, or rescinded by any local government in the Florida Keys Area of Critical State Concern. Section 380.05(6), Florida Statutes, and Section 380.0552(9), Florida Statutes (2009).

5. Monroe County is a local government within the Florida Keys Area of Critical State Concern. Section 380.0552, Florida Statutes (2009) and Rule 28-29.002 (superseding Chapter 27F-8), Florida Administrative Code.
6. "Land development regulations" include local zoning, subdivision, building, and other regulations controlling the development of land. Section 380.031(8), Florida Statutes (2009). The regulations adopted by Ord. 020-2010 are land development regulations.
7. All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in Section 380.0552(7), Florida Statutes. See *Rathkamp v. Department of Community Affairs*, 21 F.A.L.R. 1902 (Dec. 4, 1998), *aff'd*, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.
8. Ord. 020-2010 promotes and furthers the following Principles:
 - (a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without the continuation of the area of critical state concern designation.
9. Ord. 020-2010 is consistent with the Principles for Guiding Development as a whole.
10. Ord. 020-2010 furthers Monroe County Comprehensive Plan and is consistent with the Comprehensive Plan Policy 101.2.3.

WHEREFORE, IT IS ORDERED that Ord.: 020-2010 is found to be consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby APPROVED.

This Order becomes effective 21 days after publication in the Florida Administrative Weekly unless a petition is filed as described below.

NOTICE OF RIGHTS

1. A person whose substantial interests are or may be affected has the right to request an administrative hearing by filing a written petition with the St. Johns River Water Management District (District). Pursuant to Chapter 28-106 and Rule 40C-1.1007, Florida Administrative Code, the petition must be filed (received) either by delivery at the office of the: District Clerk at District Headquarters, P. O. Box 1429, Palatka Florida 32178-1429 (4049 Reid St., Palatka, FL 32177) or by e-mail with the District Clerk at Clerk@sjrwmd.com, within nineteen (19) days of the District depositing the notice of intended District decision in the mail (for those persons to whom the District mails actual notice) or within fourteen (14) days of newspaper publication of the notice of intended District decision (for those persons to whom the District does not mail actual notice). A petition must comply with Sections 120.54(5)(b)4. and 120.569(2)(c), Florida Statutes, and Chapter 28-106, Florida Administrative Code. The District will not accept a petition sent by facsimile (fax), as explained in paragraph no. 5 below. Mediation pursuant to Section 120.573, Florida Statutes, is not available.
2. If the District takes action that substantially differs from the notice of intended District decision, a person whose substantial interests are or may be affected has the right to request an administrative hearing by filing a written petition with the District, but this request for administrative hearing shall only address the substantial deviation. Pursuant to Chapter 28-106 and Rule 40C-1.1007, Florida Administrative Code, the petition must be filed (received) at the office of the District Clerk at the mail/street address or email address described in paragraph no. 1 above, within nineteen (19) days of the District depositing notice of final District decision in the mail (for those persons to whom the District mails actual notice) or within fourteen (14) days of newspaper publication of the notice of final District decision (for those persons to whom the District does not mail actual notice). A petition must comply with Sections 120.54(5)(b)4. and 120.569(2)(c), Florida Statutes, and Chapter 28-106, Florida Administrative Code. Mediation pursuant to Section 120.573, Florida Statutes, is not available.
3. A person whose substantial interests are or may be affected has the right to a formal administrative hearing pursuant to Sections 120.569 and 120.57(1), Florida Statutes, where there is a dispute between the District and the party regarding an issue of material fact. A petition for formal hearing must also comply with the requirements set forth in Rule 28-106.201, Florida Administrative Code.
4. A person whose substantial interests are or may be affected has the right to an informal administrative hearing pursuant to Sections 120.569 and 120.57(2), Florida Statutes, where no material facts are in dispute. A petition for an informal hearing must also comply with the requirements set forth in Rule 28-106.301, Florida Administrative Code.

The District's regular business hours are 8:00 a.m. – 5:00 p.m., excluding weekends and District holidays. Petitions received by the District Clerk after the District's regular business hours shall be deemed filed as of 8:00 a.m. on the District's next regular business day. The District's acceptance of petitions filed by e-mail is subject to certain conditions set forth in the District's Statement of Agency Organization and Operation (issued pursuant to Rule 28-101.001, Florida Administrative Code), which is available for viewing at: www.sjrwmd.com. These conditions include, but are not limited to, the petition being in the form of a PDF or TIFF file and being capable of being stored and printed by the District. Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means the District's final action may be different from the position taken by it in this notice. A person whose substantial

interests are or may be affected by the District’s final action has the right to become a party to the proceeding, in accordance with the requirements set forth above.

8. Pursuant to Section 120.68, Florida Statutes, a party to the proceeding before the District who is adversely affected by final District action may seek review of the action in the District Court of Appeal by filing a notice of appeal pursuant to Rules 9.110 and 9.190, Florida Rules of Appellate Procedure, within 30 days of the rendering of the final District action (in this case, the final order on the petition for variance). A District action is considered rendered after it is signed on behalf of the District and is filed by the District Clerk. Failure to observe the relevant time frames for filing a petition for judicial review will result in waiver of that right to review.
