## BOARD OF TRUSTEES OF THE INTERNAL IMPROVEMENT TRUST FUND

Notices for the Board of Trustees of the Internal Improvement Trust Fund between December 28, 2001 and June 30, 2006, go to <http://www.dep.state.fl.us/> under the link or button titled "Official Notices."

## STATE BOARD OF ADMINISTRATION

### Estimated Capacity

NOTICE IS HEREBY GIVEN by the State Board of Administration of Florida (the Board) of the estimated borrowing capacity, estimated claims-paying capacity, and projected balance of the Florida Hurricane Catastrophe Fund (the Fund) as of December 31, 2010, in compliance with the requirements of Section 215.555(4)(c)2., Florida Statutes. The Fund's projected post-event borrowing capacity estimate is \$9.363 billion. Given the current state of the financial markets, the range of potential borrowing capacity estimates is

dependent on many factors, such as: the size of the event, the markets accessed, the time necessary to access such markets, and the interest rates utilized. The estimated borrowing capacity and projected available year-end cash balance, together with other liquid resources, provides the Fund with a total estimated claims-paying capacity of \$18.776 billion over the next twelve months. Greater detail can be obtained in the "October 2010 Estimated Claims Paying Capacity Report," which can be found on the Fund's website at: [www.sbafla.com/fhcf/](http://www.sbafla.com/fhcf/) under "Bonding Program." The obligation of the Board for the payment of reimbursable losses is limited in Section 215.555(4)(c)2., Florida Statutes, and shall not exceed the actual claims-paying capacity of the Fund. The projected year-end balance on December 31, 2010, is estimated to be \$5.914 billion, which represents the amount of assets available to pay claims, not including any bond proceeds, resulting from Covered Events which may occur during the June 1, 2010 through May 31, 2011 Contract Year. The Board recognizes that its good faith estimate is being made while highly volatile global financial market conditions exist; therefore, changing market conditions can dramatically impact the Fund's actual claims-paying capacity either positively or negatively. Current conditions may or may not be the same if and when the Board determines that it is necessary to seek the issuance of revenue bonds.
