<p>RULE NOS.:</p> <p>34-12.200</p> <p>34-12.300</p>	<p>RULE TITLES:</p> <p>Registration Requirements</p> <p>Registration Forms</p>
---	--

PURPOSE AND EFFECT: The proposed amendments to Chapter 34-12 amend the Executive Branch Lobbyist Registration form (CE Form 20) and the Executive Branch Lobbyist Renewal form (CE Form 20-R). Both forms are adopted by reference in Chapter 34-12, F.A.C. Additionally, the most recent version of the North American Industry Classification System (2012 NAICS) is adopted by reference.

SUMMARY: It has been requested by lobbyists that the lobbying firm compensation report (CE Form 24) be automatically "repopulated" with the principal's telephone number so that the lobbying firm will not have to enter it manually each quarter when the CE Form 24 is filed. The best way to "capture" this data electronically is to create a field for it on the registration form and the annual renewal form. Therefore, this proposed amendment will revise the CE Form 20 and the CE Form 20-R to include a space to enter a telephone number for each principal. Also, the most recent version of the North American Industry Classification System – the 2012 NAICS – is adopted by reference.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: Although nominal, the agency has determined that this rule could have a favorable impact on small businesses inasmuch as most lobbying firms are "small businesses," and the person who completes and files a lobbying firm's quarterly compensation report will no longer have to re-enter each principal's telephone number on the CE Form 24 when it is filed each quarter. Instead, by providing the information once,

at initial registration or upon renewal, the compensation report will automatically repopulate with the phone numbers provided by the lobbyist at the time of registration.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

 RULE TITLE: Application, Certification, Registration, and Licensure Fees

PURPOSE AND EFFECT: The rule currently allows those who receive a medical license to pay a pro-rated fee if they are licensed in the last quarter of the second year of the licensure biennium. STATE BOARD OF ADMINISTRATION

Estimated Capacity

NOTICE IS HEREBY GIVEN by the State Board of Administration of Florida (the Board) of the estimated borrowing capacity, estimated claims-paying capacity, and projected balance of the Florida Hurricane Catastrophe Fund (the Fund) as of December 31, 2012, in compliance with the requirements of Section 215.555(4)(c)2., Florida Statutes. These estimates relate to the 2012-2013 Reimbursement Contract Year. The Fund's projected post-event borrowing capacity estimate is \$7.0 billion for October 2012. Given the current state of the financial markets, the borrowing capacity estimate is dependent on many factors, such as: the size of an event or events, the limitations or constraints of the financial markets to absorb potential debt issuances, the time necessary to access such markets, and the existing level of interest rates at the time of issuance. The estimated borrowing capacity and projected available year-end cash balance provide the Fund with a total estimated claims-paying capacity of \$15.503 billion over the next twelve months. Greater detail can be obtained in the "October 9, 2012 Claims-Paying Capacity Estimates" Report, which can be found on the Fund's website at www.sbafla.com/fhcf/ under "Bonding Program." The obligation of the Board for the payment of reimbursable losses

is limited in Section 215.555(4)(c)1., Florida Statutes, and shall not exceed the actual claims-paying capacity of the Fund. The projected year-end balance on December 31, 2012, is estimated to be \$8.503 billion, which represents the amount of assets available to pay claims, not including any bond proceeds, resulting from Covered Events which may occur during the June 1, 2012 through May 31, 2013 Contract Year. The Board recognizes that its good faith estimate is being made while highly volatile global financial market conditions exist; therefore, changing market conditions can dramatically impact the Fund's actual claims-paying capacity either positively or negatively. Current conditions may or may not be the same if and when the Board determines that it is necessary to issue revenue bonds.

The State Surgeon General determined that this summary procedure was fair under the circumstances, in that there was no other method available to adequately protect the public.
