**DEPARTMENT OF EDUCATION**

Project: UF-286, The Harrell Medical Education Building (Main Campus)

**NOTICE TO PROFESSIONAL CONSULTANTS:**

The University of Florida Board of Trustees announces that Professional Services in the discipline of architecture will be required for the project listed below:

Project: UF-286, The Harrell Medical Education Building (Main Campus)

The project consists of a four story approximately 90,000 GSF facility that will provide current and innovative teaching laboratories and support facilities which respond to the latest trends toward small-group learning, the use of simulators and standardized patients for professional development and assessment, state of the art information technology, and access to information in a wireless environment. Space will be provided to allow for distance learning opportunities for the urban campus in Jacksonville and other sites as required.

The estimated construction budget is approximately \$43,500,000.00, including (site improvements, underground utilities, other). The project will be delivered using the Construction Manager At-Risk method. (Gold) LEED (Leadership in Energy and Environmental Design) certification by the U.S. Green Building Council is a mandatory Minimum. The project will actively pursue the Living Building Challenge and Net Zero effect.

The selected firm will provide design, construction documents and construction administration services for the referenced project. Plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Blanket design professional liability insurance will be required from the architect, mechanical, electrical, plumbing, fire protection and structural engineering subconsultants for this project and will be provided as a part of Basic Services.

Applicants will be evaluated on the basis of their past performance, experience, personnel, design ability, references, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant and its landscape architectural and engineering consultants must possess current design licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida. If the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida.

Applicants desiring to provide professional services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be prepared as specified in the PQS Instructions and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, design intent, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.
2. A completed, project-specific "Professional Qualifications Supplement" (PQS) proposal with signed certification. Applications on any other form will not be considered.
