DEPARTMENT OF CHILDREN AND FAMILY SERVICES

Economic Self-Sufficiency Program

RULE NO.: RULE TITLE:
65A-1.712 SSI-Related Medicaid Resource Eligibility Criteria

NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 38, No. 8, February 24, 2012 issue of the Florida Administrative Weekly.

(2) Exclusions. The Department follows SSI policy prescribed in 20 C.F.R. § 416.1210 and 20 C.F.R. § 416.1218 ~~(2011)~~ in determining resource exclusions, with the exceptions in paragraphs (a) through ~~(g)~~~~(f)~~ below, in accordance with as adopted by the Department under 42 U.S.C. § 1396a(r)(2) ~~(2010)~~.

(e) One automobile is excluded, regardless of value.

(e) through (f) relettered (f) through (g) No change.

(3)(a) The Department follows the policy for transfer of resources in accordance with ~~mandated by~~ 42 U.S.C. §§ 1396p ~~(2010)~~ and 1396r-5 ~~(2010)~~. Transfer policies apply to the transfer of income and resources.

(b)2.a. ~~Certain~~ Transactions, such as additions of principal to an existing annuity or electing to annuitize an existing annuity that occurs on or after November 1, 2007 make an annuity (including an annuity purchased before November 1, 2007) subject to the transfer of resources provisions unless the criteria of 2.(a) through 2.(d) above are met.

(d)4. A life estate interest purchased in another individual's home on or after November 1, 2007 (and within the look back period) is considered a transfer of resources for less than fair market value. If the individual has not lived in the home for at least one year after the date of the purchase, the full amount of the purchase price paid for the life estate will be considered an uncompensated transfer without considering the value of the life estate. If the individual who purchased the life estate has resided in the home for at least one continuous year after the date of the purchase, the value of the life estate will be considered compensation and will be calculated by multiplying the current market value of the property at the time of the purchase by the life estate factor that corresponds to the individual's age at the time of the purchase. The life estate tables can be found on ~~from~~ the Social Security Administration's website at <https://secure.ssa.gov/apps10/poms.nsf/lnx/0501140120> online Program Operations Manual System (SI 01140.120) (04/99), can be found in Appendix A 17 of the Department's online manual located at <http://www.def.state.fl.us/programs/access/esspolicymanual.shtml>. Brief absences from the life estate property such as stays in a rehabilitation facility or vacations may not disrupt the client's residency in the home. The facts of each absence will be evaluated to determine if the home continued to be the individual's principal place of residence such as whether the person's mail was delivered and received there or whether they paid the property taxes.

(g) For transfers prior to November 1, 2007 (and within the look back period), periods of ineligibility are calculated beginning with the month in which the transfer occurred and shall be equal to the actual computed period of ineligibility, rounded down to the nearest whole number. For transfers made on or after November 1, 2007 (and within the look back period), periods of ineligibility begin with the later of the following dates: (1) the day the individual is eligible (pursuant to Rules 65A-1.711 through 65A-1.713, F.A.C.) for Medicaid and would be receiving institutional level care services in a nursing home facility, an institution with a level of care equivalent to that of a nursing facility, or home or community based services furnished under a waiver based on an approved application for such care but for the application of the penalty period; or (2) the first day of the month in which the individual transfers the asset; or (3) the first day following the end of an existing penalty period. The Department shall not round down, or otherwise disregard, any fractional period of ineligibility of the penalty period but will calculate the period down to the day. There is no limit on the period of ineligibility. Once the penalty period is imposed, it will continue although the individual may no longer meet all factors of eligibility and may no longer qualify for Medicaid long-term care benefits, unless all assets or income are returned to the individual or fair market value compensation is paid for the transferred assets or income. If all transferred assets or income are returned to the individual, the penalty period is eliminated. Eligibility must be

evaluated with returned assets included as though the individual had never transferred the assets or income. Returned assets or income must be counted as available when determining eligibility for retroactive months. Penalty periods will not be shortened when only a partial return is made.

(4) Spousal Impoverishment. The Department follows policy in accordance with 42 U.S.C. § 1396r-5 (2010) for resource allocation and income attribution and protection when an institutionalized individual, including a hospice recipient residing in a nursing facility, has a community spouse. Spousal impoverishment policies are not applied to individuals applying for, or receiving services under, HCBS Waiver Programs, except for individuals in the Long-Term Care Community Diversion Program, the Assisted Living Facility Waiver or the Cystic Fibrosis Waiver.

(5)(a) The Department follows the policy for home equity interest in accordance with 42 U.S.C. § 1396p(f). Individuals shall not be eligible for ICP, Institutional Hospice or HCBS Waiver Programs on or after November 1, 2007, if the equity interest in the home exceeds the home equity limit \$525,000.

2. Unless evidence to the contrary is on file or is received, accept the individual or designated representative's statement for the as-to equity value of a home that is more than \$25,000 below the home equity limit less than \$500,000. For equity values within \$25,000 of the home equity limit value of \$500,000 or more, the individual or designated representative must provide verification of current market value and indebtedness. Verification of the current market value must be obtained from a knowledgeable source commonly involved in the housing industry in the geographic locale, such as a real estate broker, mortgage broker, property appraiser, or builder. The verification must include the current market value, the name of the person providing the estimate, and the contact information of the business or agency for whom the person providing the estimate works.

3. Paragraph (5)(a) above does not apply if the individual's spouse, individual's child under age 21 or the individual's blind or disabled child (in accordance with based on the federal definitions of "blindness" in 20 C.F.R. §§ 416.981-416.986 (2011), and "disability" in 20 C.F.R. §§ 416.905-416.906) (2011), of any age is residing in the institutionalized individual's home.

5. The Department will mail a Notice of Excess Home Equity Interest, CF-ES 2354, 05/2012, incorporated by reference, to individuals whose home equity interest exceeds the home equity limit \$525,000 (Form CF-ES 2354, 02/2007, Notice of Excess Home Equity Interest, incorporated herein by reference), advising of the opportunity to have the home equity interest policy waived.

(c) The Department follows SSI policy prescribed in 20 C.F.R. § 416.1208 in determining SSA's Program Operations Manual System, SI 01120.010 and SI 01140.215 with regard to block accounts as countable resources. SSI policy requires

~~resources in a blocked account to be countable resources.~~ This applies regardless of whether the individual or their representative is required to petition the court to withdraw funds for the individual's care. A blocked account is one in which state law protects an individual's funds by specifically requiring that the funds be made available for the care and maintenance of the individual.

Section IV Emergency Rules

DEPARTMENT OF EDUCATION

State Board of Education

RULE NO.: 6AER12-1
 RULE TITLE: Implementation of Florida’s System of School Improvement and Accountability – 2011-12 Writing Component

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: School Grades as defined in Section 1008.34, F.S., are based on a combination of factors, including annual student writing proficiency as measured by the Florida Comprehensive Assessment Test (FCAT) writing for fourth, eighth, and tenth grades. Current Rule 6A-1.09981, F.A.C., awards credit to schools towards their school grades based upon the percentage of students scoring “4.0” or higher on FCAT writing. The 4.0 threshold is an increase from a previously designated threshold of 3.5. The manner in which the 2012 FCAT Writing assessment was scored changed from prior administrations for two reasons. First, the Department returned to the use of two raters to score each test rather than one, and second, the scoring rules required higher proficiency for each level than those in all prior years. When the increased threshold of 4.0 was established by rule, the State Board of Education did not have, and could not have had, impact data that would reflect how the scoring changes would impact the school grade calculations. Based on preliminary results of the 2012 writing assessment, applying the 4.0 threshold in addition to the heightened scoring mechanisms may have unforeseen adverse impacts upon school grades, warranting emergency review by the State Board of Education.

A school’s grade has wide-ranging impact for districts, parents, students, and tax-payers. It is necessary that school grades accurately and fairly reflect a school’s efforts and that the grades be released as soon as possible after the close of one school year to allow school districts time to prepare for the next school year. Preparations to be taken by school districts as a result of school grades include: contracting for services to poor performing schools; closing repeat, poor performing schools; shifting staff, students, and faculty; allocating special service cases, reallocating dollars appropriated through the Florida Education Finance Program; and providing opportunity scholarships to students attending failing schools.

There is not sufficient time to amend the rule by the non-emergency rulemaking procedures. Florida school districts must prepare for the 2012-13 school year between July 1 and August, when the 2012-13 school year starts, and school grades must be released well in advance. As a result, there is not time to make the change through normal rulemaking procedures.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: Because school begins in August, there is not sufficient time to amend the rule through non-emergency means before the start of the 2012-13 school year. The emergency rule was discussed and authorized at a State Board meeting held on May 15, 2012. The meeting was noticed and open to the public. Further, the emergency rule was published on the Department’s website, an email notice was provided to interested persons based upon the agency’s list-serve and the media were provided notice of the meeting, all in an effort to reach interested persons.

SUMMARY: The emergency rule awards credit to schools towards their school grades based upon the percentage of students scoring “3.0” or higher instead of “4.0” or higher on FCAT 2.0 writing.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Jane Fletcher, Interim Deputy Commissioner, Accountability, Research, and Measurement, 325 West Gaines Street, Tallahassee, Florida, (850)245-0437

THE FULL TEXT OF THE EMERGENCY RULE IS:

6AER12-1 Implementation of Florida’s System of School Improvement and Accountability – 2011-12 Writing Component.

Notwithstanding any other rule to the contrary, for 2011-2012 school grades, the student achievement component for the FCAT writing assessment shall be based on the student achievement scores, aggregated for each school, which indicate the percent of eligible students who score at or above FCAT Achievement Level 3.0 or higher on the FCAT writing assessment.

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice on April 20, 2012, the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and Paragraph 5-202.11(A), 2001 FDA Food Code, paragraph 61C-1.004(2)(a), subsections 61C-4.010(6), (7), Florida Administrative Code, and Section 6-402.11, 2001 FDA Food Code, Section 5-203.13, 2001 FDA Food Code, Paragraph 4-301.12(A), 2001 FDA Food Code and subsection 61C-4.010(5), Florida Administrative Code, from JR's Rib Shack located in Rockledge, FL. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport water and wastewater; at least one accessible bathroom for use by customers and employees, at least one service sink for the cleaning of mops or similar cleaning tools and the disposal of mop water, dishwashing facilities for manually washing, rinsing and sanitizing equipment and utensils and an area for food preparation. They are requesting to have holding tanks and share bathroom, mop sink, warewashing and food preparation areas located within Clayton's Crab Company (Firm #18773).

The Petition for this variance was published in Vol. 38, No. 18 on May 4, 2012. The Order for this Petition was signed on May 10, 2012, and after a complete review of the variance request, the Division finds that the application of this rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tanks are emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that the three-compartment sink, mop sink and food preparation areas within the Clayton's Crab Company are maintained in a clean and sanitary manner and all sinks are provided with hot and cold running water under pressure and available during all hours of operation. The Petitioner shall also ensure the bathrooms located within Clayton's Crab Company (Firm #18773) are maintained in a clean and sanitary manner and are provided with hot and cold running water under pressure, soap, approved hand drying devices, and available during all hours of operation and directional signage is installed within or outside the establishment clearly stating the location of the bathrooms. If the ownership of Clayton's Rib Shack changes, an updated signed agreement for use of the bathroom facilities is required immediately.

DEPARTMENT OF FINANCIAL SERVICES

NOTICE IS HEREBY GIVEN that the Department of Financial Services has declined to rule on the petition for declaratory statement filed by Robert L. Buck, Esquire, P.A. on February 28, 2012. The following is a summary of the agency's declination of the petition:

The agency is unaware of what is referred to as a "cosmetic check" and unaware of any property insurance policy provision that addresses "cosmetic" perils. Section 626.860, Florida Statutes, exempts licensed attorneys from being required to obtain and maintain a public adjuster's license to adjust insurance claims, so the question asked is both moot and hypothetical. Declaratory Statements are to be issued to when there are set facts and the need for resolution of the matter. Those conditions are not present in this matter. Because Robert L. Buck, has the legal ability to adjust insurance claims, any statutes applicable to public adjusting are not applicable to him, and in the adjustment of insurance claims Robert L. Buck is governed by the rules of the Florida Bar and not the Department.

A copy of the Order Declining of the Petition for Declaratory Statement may be obtained by contacting: Michael Davidson, Assistant General Counsel, Department of Financial Services, Division of Legal Services, 200 East Gaines Street, Tallahassee, Florida 32399-0333.

The Petition seeks a declaration that affordable housing is an important state resource or facility, and guidance as to the meaning of “concentration” in the phrase “avoid the concentration of affordable housing units only in specific areas of the jurisdiction” in Section 163.3177(6)(f)1.g., F.S., and in the Housing Element Policy 1.10 of the Collier County Comprehensive Plan.

A copy of the Petition for Declaratory Statement may be obtained by contacting: Miriam Snipes, Agency Clerk, Department of Economic Opportunity, 107 East Madison Street, Tallahassee, Florida 32399-4128.

STATE BOARD OF ADMINISTRATION

NOTICE IS HEREBY GIVEN by the State Board of Administration of Florida (the Board) of the estimated borrowing capacity, estimated claims-paying capacity, and projected balance of the Florida Hurricane Catastrophe Fund (the Fund) as of December 31, 2012, in compliance with the requirements of Section 215.555(4)(c)2., Florida Statutes. These estimates relate to the 2012-2013 Reimbursement Contract Year. The Fund's projected post-event borrowing capacity estimate is \$7.0 billion for May 2012. Given the current state of the financial markets, the borrowing capacity estimate is dependent on many factors, such as: the size of an event or events, the limitations or constraints of the financial markets to absorb potential debt issuances, the time necessary

Notice of Publication for a New Point Franchise Motor Vehicle Dealer in a County of More than 300,000 Population

Pursuant to Section 320.642, Florida Statutes, notice is given that Pacific Rim International West, Inc., intends to allow the establishment of Scooter City of Sarasota, LLC, as a dealership for the sale of motorcycles manufactured by Huzhou Daixi Zhenhua Technology Trade Co. to access such markets, and the existing level of interest rates at the time of issuance. The estimated borrowing capacity and projected available year-end cash balance provide the Fund with a total estimated claims-paying capacity of \$15.560 billion over the next twelve months. Greater detail can be obtained in the "May 10, 2012 Claims-Paying Capacity Estimates" Report, which can be found on the Fund's website: www.sbafla.com/fhcf/ under "Bonding Program." The obligation of the Board for the payment of reimbursable losses is limited in Section 215.555(4)(c)2., Florida Statutes, and shall not exceed the actual claims-paying capacity of the Fund. The projected year-end balance on December 31, 2012, is estimated to be \$8.560 billion, which represents the amount of assets available to pay claims, not including any bond proceeds, resulting from Covered Events which may occur during the June 1, 2012 through May 31, 2013 Contract Year. The Board recognizes that its good faith estimate is being made while highly volatile global financial market conditions exist; therefore, changing market conditions can dramatically impact the Fund's actual claims-paying capacity either positively or negatively. Current conditions may or may not be the same if and when the Board determines that it is necessary to issue revenue bonds.
