Regarding Declaratory Statements

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

NOTICE IS HEREBY GIVEN that Construction Industry Licensing Board has issued an order disposing of the petition for declaratory statement filed by Robert J. Koning on January 24, 2012. The following is a summary of the agency's disposition of the petition:

The Notice of Petition for Declaratory Statement was published in Vol. 38, No. 6, of February 10, 2012, Florida Administrative Weekly. The Board considered the Petition at a duly-noticed public meetings held on March 16, 2012 and May 11, 2012. The Petitioner requested the Board's interpretation of Sections 468.831 and 864.831(2), (3) and (4), Florida Statutes, and whether home inspection services are within the scope of licensure of a Certified Division 1 Contractor when performing such services prove they are not representing themselves as a licensed home inspector. The Board's Order, filed on May 16, 2012, issues a declaratory statement that home inspection services as described in the Petition are within the scope of licensure of a Certified Division 1 Contractor, provided the Division 1 contractor is not holding themselves out specifically as a home inspector licensed under the Chapter 468, Florida Statutes.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Drew Winters, Executive Director, Construction Industry Licensing Board, Post Office Box 5257, Tallahassee, Florida 32314-5257.

DEPARTMENT OF EDUCATION

REQUEST FOR QUALIFICATIONS (Construction)

Made by the University of Florida Board of Trustees:

PROJECT: LM-5046/ITB13MB-105, Government House Rehabilitation, St. Augustine, FL

SCOPE OF WORK:

This Project will rehabilitate portions of the St. Augustine Government House to accommodate a new museum space (3,473 gsf) and associated lobby, circulation, restroom spaces, and history-related retail sales space (3,332 gsf). The design will include specifications for fixed casework, lighting, interior finishes, HVAC upgrades, electrical upgrades, security, fire suppression, audio-visual equipment, food preparation space, storage, and reception area in keeping with the historic character of the Government House structure. This rehabilitation will seek to update the current Government House museum to accommodate travelling exhibits with flexible spaces for lectures, public gatherings, and a film exhibit. The resulting work product will position the State of Florida to install a world-class interpretive museum in St. Augustine while accomplishing significant building restoration. This first phase of work is critical to the overall project and will create a centerpiece for the upcoming anniversaries of the State of Florida and the city of St.

Augustine spanning the years 2013 through 2017 and will draw many visitors to St. Augustine and St. Johns County, generating significant revenue and job creation.

Generally, the work is expected to commence in September of 2012. The contractor must coordinate its efforts to allow potential exhibit construction/installation as well as complete occupancy of other portions of the Government House and its surrounding sites. Pedestrian travel in all areas adjacent to the Government House structure cannot be compromised and staging/laydown areas will be minimal, both presenting logistical challenges to the contractors that will be included in the bid.

The budget for this project is \$1,000,000 and is intended to cover the base bid and as many alternates as can be purchased within the budget. A staggered funding stream will force a division of the work into several additive alternates. All, some, or none of these alternates may be awarded, but in any event, the duration of the project shall remain constant, provided that such alternates are awarded within 90 calendar days of the Notice To Proceed. The design (by Walker Architects, Moses & Associates, and Structural Engineers Group) is in progress, so no plans or specifications will be made available during the pre-qualification process. Contractors completing the pre-qualification process successfully will proceed to the bidding phase with full bid documentation available at that time.

PROPOSAL:

The method of delivery is design-bid-build, with an enhanced pre-qualification process due to the nature of the work. The following criteria shall be used to pre-qualify potential bidders:

1. Past Performance
2. Qualifications and Experience
3. Financial Standing & Workload
4. Safety Record

To retrieve the Statement of Qualifications forms, instructions, and additional information, go to the Facilities Planning & Construction website: www.facilities.ufl.edu. Choose "Project News" under the PROJECTS heading; select the LM-5046 project link and click on the link entitled "Information for Contractors." Information can also be obtained at the UF Purchasing website: www.facilities.ufl.edu under "Schedule of Bids" Select "Construction" ITB13MB-105

PRE-PROPOSAL MEETING:

A non-mandatory Pre-Qualification Proposal Meeting will be held at 10:00 a.m., Friday, June 29, 2012, at the Government House in St. Augustine. The purpose is to generally explain and review the technical scope of work, other project parameters such as site constraints and schedule, and the pre-qualification process itself. A site visit/tour will not be included at this time.

PRE-SUBMISSION INQUIRIES:

Submit inquiries, questions, or comments via e-mail to the University's Project Manager identified in the Statement of Qualifications instructions. All requests for information or clarification must be submitted in writing by e-mail by 5:00 PM local time on July 6, 2012. Responses to questions or comments will be posted to the UF FP&C and UF Purchasing Division web sites. No hard copy reply will be issued.

SUBMISSION OF QUALIFICATIONS:

The Statement of Qualifications – Five original copies and one CD ROM – shall be submitted no later than 2:00 p.m. (Local Time), Thursday, July 12, 2012, to the UF Division of Purchasing, Elmore Hall, Building 465, Radio Road, Gainesville, FL [telephone (352)392-1331]. Late, electronic, or facsimile (FAX) submittals are not acceptable and will not be considered.

NOTICE TO PROFESSIONAL CONSULTANTS:

The University of Florida Board of Trustees announces that Professional Services in the discipline of engineering will be required for the project listed below:

Project: UF-368, Reitz Union Expansion & Renovation (Gainesville, FL)

The project consists of the expansion and renovation of the J. Wayne Reitz Union (JWRU) in the heart of campus at the University of Florida. The project will demolish the existing colonnade building, build approximately 100,000 GSF in this location and renovate roughly 50,000 GSF in the existing building. The JWRU was constructed in 1967 when there were only 19,000 students and 150 student clubs. UF currently has approximately 50,000 students and over 900 registered clubs and organizations without any significant expansion to the student space.

The estimated construction budget is approximately \$47,000,000, including demolition, site improvements, window replacement, emergency shelter requirements and utility infrastructure improvement. The project will be delivered using the Construction Manager method and construction shall be phased with demolition, new construction and renovation. Platinum LEED (Leadership in Energy and Environmental Design) certification by the U.S. Green Building Council is mandatory.

The selected firm will provide program verification, design, Life Cycle Cost Analysis, energy modeling, construction documents and construction administration services for the referenced project. Plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Blanket design professional liability insurance in the amount of \$5,000,000 will be required from the engineering firm for this project and will be provided as a part of Basic Services.

Applicants will be evaluated on the basis of their past performance, experience, personnel, design ability, references, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant and any engineering consultants must possess current design licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida.

The selected engineering team will be under the contract of the Architect and will be negotiated, coordinated and billed through as a consultant to the UF selected Architect.

Applicants desiring to provide professional services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be prepared as specified in the PQS Instructions and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, design intent, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.
2. A completed, project-specific "Professional Qualifications Supplement" (PQS) proposal with signed certification. Applications on any other form will not be considered.
3. Resumes, LEED accreditation, and other pertinent credentials for all proposed staff (applicant and consultants).
4. Copies of current licenses for applicant firm and all engineering consultant firms from the appropriate governing board.
5. Proof of the applicant's and any engineering consultants' ability to be insured for \$5,000,000 of professional liability coverage demanded for this project.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected professional must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Incomplete proposals will be disqualified. Submittal materials will not be returned.

Additional information to assist the applicant in preparing a complete proposal – including the project-specific PQS forms, instructions, Project Fact Sheet, facilities program, UF Design Services Guide, UF Design and Construction Standards,

standard University of Florida Owner-Professional agreement, and other project and process information – can be found on the Facilities Planning & Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet. Submittals must be received in the Facilities Planning & Construction office by 3:00 p.m. (Local Time), Tuesday, July 10, 2012. Facsimile (FAX) submittals are not acceptable and will not be considered.

NOTICE TO CONSTRUCTION MANAGERS

The University of South Florida announces that continuing construction management services are required for the following discipline:

Construction Manager (Up to 5) (Tampa Campus with the ability to include other campuses as required).

PROJECT DESCRIPTION:

Projects included in the scope of this Agreement will be specific projects for renovations, alterations, new construction, and/or additions for University facilities that have a basic construction budget that does not exceed \$2,000,000 or survey or studies for which the fee for services that does not exceed \$200,000. Projects for University facilities may include Teaching, Research, Health, Academic, Administrative, Recreation and Residence Life Facilities, as well as Infrastructure and Utility projects. Continuing Service Contracts for these projects provide that the Construction Manager will be available on an as-needed basis for an initial period of one (1) year with an Owner's option to renew for one (1) additional year at a time up to a total of two (2) additional years. This selection is based upon Construction Management services only. The Construction Managers receiving the award will not have an exclusive contract to perform services for these projects. The University may have additional Continuing Service Construction Managers under contract during the same time period. Continuing Service projects include projects that are awarded based upon competitive proposals from Continuing Service Construction Managers under contract and may include projects that are negotiated individually with a specific construction manager. Services required to be provided under the Continuing Services Contracts include the recording of as-built conditions by the Continuing Service Construction Manager for projects constructed by that Construction Manager for use in developing record drawings to facilitate the University's space management program. Any new construction projects should have the ability to be USGBC

LEED certified, to a minimum certification level of Silver, if required by the Owner and shall be included as part of basic services and will not be considered as an additional service.

Performance and Payment Bonds shall be provided for individual projects exceeding \$100,000 and liability and worker's compensation insurance shall be required for the contract. Builder's Risk insurance may be required for specific projects based upon need.

INSTRUCTIONS:

Firms desiring to provide Construction Management services shall submit one (1) original submittal and four (4) spiral bound copies consisting of the information as required in the "Submittal Requirements" of the Project Fact Sheet including a letter of interest, a completed "USF Construction Manager Qualifications Supplement" dated May 2012 and any required or additional information within the proposal limits as described in the CMQS Instructions, addressing the criteria contained therein, in the order listed, in a clear and concise manner. Submittals that do not comply with these requirements or do not include the requested information may not be considered. Submittals are not to exceed forty (40) pages, including the Construction Manager Qualifications Supplement, letter of interest, attachments and additional information. Pages must be numbered consecutively. Submittals are part of the public record and no submittal material will be returned. Applications submitted in any other format may not be considered.

An applicant must be licensed to practice as a general contractor in the State of Florida at the time of application. Corporations must be registered to operate in the State of Florida by the Department of State, Division of Corporations, at the time of application. As required by Section 287.133, Florida Statutes, a Construction Management firm may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected Construction Management firm(s) must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$25,000 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

PROJECT SELECTION CRITERIA:

Selection of finalists for interviews will be made on the basis of Construction Manager qualifications including applicant's experience, applicant's personnel, applicant's ability to provide service, (record-keeping/administrative ability, recording of as-built conditions, critical path scheduling expertise, conceptual cost estimating and cost control ability, quality control capability, etc.) and the applicant's license, bondability and insurability. As part of the University of South Florida's Strategic Plan, USF made a commitment to foster a diverse community distinguished by a shared purpose, collaboration, open and timely communication, mutual respect, trust, and

inclusiveness. The University of South Florida is an equal opportunity institution, and, as such, strongly encourages the lawful use of certified Minority and Women-owned Business Enterprises ("MBEs") in the provision of design and construction-related services by providing a fair and equal opportunity to compete for, or for participation in, design and/or construction-related services. MBE participation information by the Construction Manager and/or the Construction Manager's consultants, for this contract, shall be provided by the Construction Manager in response to a periodic request from the University's Supplier Diversity Manager's office.

The University of South Florida Construction Manager Qualifications Supplement Form, dated May 2012, and the Project Fact Sheet may be obtained by contacting: Ms. Kathy Bennett, Facilities Planning and Construction, University of South Florida, 4202 East Fowler Avenue, FPC110, Tampa, Florida 33620-7550, via e-mail: kbennett@admin.usf.edu or phone: (813)974-3098, (813)974-2625 or Fax: (813)974-3542. All interested firms are invited to and encouraged to attend a Pre-Submittal Meeting to be held at 1:00 p.m. (Eastern Time), Tuesday, June 26, 2012 at the University of South Florida in the Marshall Center Oak, Room #3707, 4202 East Fowler Avenue, Tampa, Florida, to review the scope and requirements of this project.
