Board of Professional Engineers

RULE NO.: RULE TITLE:

61G15-22.006: Demonstrating Compliance

PURPOSE AND EFFECT: The Board proposes the rule amendment to delete unnecessary language and add new language to clarify procedures for demonstrating licensee's compliance with continuing education requirements.

SUMMARY: Compliance with continuing education requirements for licensure renewal.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

FISH AND WILDLIFE CONSERVATION COMMISSION

Marine Fisheries

RULE NO.: RULE TITLE:

68B-31.0156: Florida East Coast Shrimp Bed: Repeal of Section 370.156, Florida Statutes; Seasonal Food Shrimp Production Closure; Exception; Definition

PURPOSE AND EFFECT: The purpose of this rule amendment is to modify the Commission’s Florida East Coast Shrimp Bed regulations, 68B-31.0156, Florida Administrative Code (FAC). The proposed amendment would modify the boundaries of the area off northeast Florida that is open to the commercial harvest of food shrimp during April and May.

The state waters on the Atlantic coast generally extend three nautical miles from the coast. However, in the case of the St. Johns River mouth, the state waters boundary extends three nautical miles from the offshore jetties that stabilize the entrance to the river. This creates a seaward curve in the state waters boundary in the region. The curvature of this line is referred to by shrimpers in the region as the “bubble.”

In 1995, the Marine Fisheries Commission created an exception to the April-May shrimping closure for a portion of the “bubble” at the industry’s request. Shrimp in this area were believed to be large enough to be marketable, as were those in adjacent federal waters, and it was easier for the shrimp fleet to operate if they could trawl through the “bubble” when fishing in federal waters instead of having to pick up their nets or trawl around it.

The shrimp industry has requested they be allowed to shrimp throughout the entire “bubble” during the two-month closure so that they can trawl continuously across the entire area. This change would require moving the western boundary of the area open to fishing between 0.5 – 1 mile to the west. Thereby creating a straight line that cuts directly across the base of the “bubble” and approximates a straight line three nautical miles off the mouth of the St. Johns River.

SUMMARY: Modifications to the western boundary line for the allowable harvest area would expand the area slightly and make it easier for the shrimp fishery in the region to operate without negatively impacting the shrimp resource.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within

one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: the nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

THE FULL TEXT OF THE PROPOSED RULE IS:

68B-31.0156 Florida East Coast Shrimp Bed: Repeal of Section 370.156, Florida Statutes; Seasonal Food Shrimp Production Closure; Exception; Definition.

(1) It is the intent of this rule to effect the repeal of and replace Section 370.156, F.S. (1995). The Marine Fisheries Commission has determined that the repeal and replacement of this statutory provision will not adversely affect the shrimp resources of the counties of the Florida East Coast Shrimp Bed or of the State of Florida.

(2)(a) Except as provided in paragraph (b), no person shall operate as a food shrimp producer during the months of April or May each year in any waters of the Florida East Coast Shrimp Bed.

(b) Paragraph (a) shall not apply to any person operating as a food shrimp producer during these two months in state waters east of ~~81°20' 00" West Longitude and north of 30°20' 00" North Latitude~~ a line extending from 81°20.950'W Longitude and 30°26.658'N Latitude and continuing to 81°20.325'W Longitude and 30°21.469'N Latitude.

(3) For purposes of this rule the term “Florida East Coast Shrimp Bed” means all state waters of Nassau, Duval, Clay, Putnam, St. Johns, Flagler, Volusia, Seminole, Brevard, Indian River, and St. Lucie Counties.

Final Order No. DEO-17-147

In re: A LAND DEVELOPMENT REGULATION

ADOPTED BY ISLAMORADA, VILLAGE OF ISLANDS, FLORIDA, ORDINANCE NO. 17-08

FINAL ORDER

REJECTING ISLAMORADA ORDINANCE NO. 17-08

The Department of Economic Opportunity (“Department”) hereby issues its Final Order, pursuant to sections 380.05(6) and 380.0552(9), Florida Statutes, rejecting land development regulations adopted by the Islamorada, Village of Islands, Florida, Ordinance No. 17-08 (the “Ordinance”).

FINDINGS OF FACT

1. The Florida Keys Area is designated by section 380.0552, Florida Statutes, as an area of critical state concern. Islamorada, Village of Islands (the “Village”), is a local government within the Florida Keys Area.
 2. The Ordinance was adopted by Islamorada, Village of Islands, on July 13, 2017, and rendered to the Department on August 16, 2017.
 3. The Ordinance amends the Islamorada, Village of Islands, Code of Ordinances to allow for the exchange of the Village’s Building Permit Allocation System (BPAS) parcels for a privately-owned parcel of land. The exchanged BPAS parcels can only be used to build accessory units, and the privately-owned parcel will be placed under a Grant of Conservation Easement Agreement.
- CONCLUSIONS OF LAW**
4. The Department is required to approve or reject land development regulations that are adopted by any local government in an area of critical state concern. *See* sections 380.05(6) and 380.0552(9), Florida Statutes.
 5. Islamorada, Village of Islands, is a local government within the Florida Keys Area of Critical State Concern. *See* section 380.0552, Fla. Stat.
 6. “Land development regulations” include local zoning, subdivision, building, and other regulations controlling the development of land. Section 380.031(8), Florida Statutes. The regulations adopted by the Ordinance are land development regulations.
 7. The Ordinance is inconsistent with the Islamorada, Village of Islands, Comprehensive Plan Objective 3-1.1, and Policy 3-1.1.3. *See* section 163.3177(1), Florida Statutes.
 8. All land development regulations enacted, amended, or rescinded within an area of critical state concern must also be consistent with the principles for guiding development for that area. *See* sections 380.05(6) and 380.0552(9), Florida Statutes. The Principles for Guiding Development for the Florida Keys

Area of Critical State Concern are set forth in section 380.0552(7), Florida Statutes.

9. The Ordinance is inconsistent with the Principles for Guiding Development, as a whole, and is specifically inconsistent with the following Principles:

(a) Strengthening local government capabilities for managing land use and development so that local government is able to achieve these objectives without continuing the area of critical state concern designation.

(k) Limiting the adverse impacts of public investments on the environmental resources of the Florida Keys.

WHEREFORE, IT IS ORDERED that the Department finds that the Islamorada, Village of Islands, Ordinance No. 17-08 is inconsistent with the Islamorada, Village of Islands, Comprehensive Plan and the Principles for Guiding Development for the Florida Keys Area of Critical State Concern and is hereby **REJECTED**.

This Order becomes effective 21 days after publication in the Florida Administrative Register unless a petition is timely filed as described in the Notice of Administrative Rights below.
