Proposed Rules

**DEPARTMENT OF BUSINESS AND PROFESSIONAL
REGULATION**

Board of Professional Engineers

RULE NO. **RULE TITLE:**
61G15-20.0010 Application for Licensure as Professional
Engineer

61G15-20.0015 Application for Certification as Engineering
Intern

PURPOSE AND EFFECT: The purpose of the amendment is to create for professional engineer and engineer intern licensure by combining the examination and endorsement applications into one rule; each updating licensure requirements as required by Chapter 2019-86, Laws of Florida; and creating new combined application forms for each.

SUMMARY: Substantial rewrite of the rule text to combine licensure requirements.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 471.008, 471.013, 471.015 FS.

LAW IMPLEMENTED: 120.60(1), 471.013, 471.015 FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Zana Raybon, Executive Director, Board of Professional Engineers, 2639 North Monroe Street, Suite B-112, Tallahassee, FL 32303; (850)521-0500.

(a) Are graduates of a "Board approved engineering program" as required by section 471.013(1)(a), F.S. and defined by subsection 61G15-20.001(2), F.A.C.;

(b) Have the requisite number of years of acceptable engineering experience as required by Section 471.015(2), F.S. and defined by rule 61G15-20.002, F.A.C.;

(c) Have passed the examinations required by section 471.013(1)(b) and (c), F.S. and as defined by Rule 61G15-21.001, F.A.C.; and

(d) Have passed the Laws and Rules Study Guide as required by Rule 61G15-20.0016, F.A.C.

(2) If an applicant for licensure satisfies the conditions found in section 471.015(5)(a), F.S., then the Board shall deem that the applicant has passed an examination substantially equivalent to Part I, fundamentals of the engineering examination. If an applicant for licensure by endorsement satisfies the conditions found in section 471.015(5)(b), F.S., then the Board shall deem that the applicant has passed an examination substantially equivalent to Part I, fundamentals, and Part II, principles and practice, of the engineering examination.

(3) The Board shall deem that an applicant for licensure, who has an engineering or engineering technology degree from a program that is not EAC/ABET accredited, has demonstrated substantial equivalency to an EAC/ABET or ETAC/ABET accredited engineering program, as required by rules 61G15-20.007 and 61G15-20.008, F.A.C., when such applicant has held a valid professional engineer's license in another state for 15 years and has had 20 years of professional-level engineering experience, to include the active practice of engineering for at least 3 to 5 years.

(4) An applicant who previously held licensure as a professional engineer in the State of Florida and whose license became void because of non-renewal may not reapply for licensure pursuant to this rule. Such applicants must apply for reinstatement of the void license pursuant to the provisions of Rule 61G15-22.0002, F.A.C. Such applicants, if otherwise eligible, shall be subject to disciplinary sanctions as a condition of licensure if it is demonstrated that they practiced engineering during any period their license was delinquent and/or void.

(5) Upon submission of an application, the Board will timely notify an applicant of any apparent errors or omissions, or any additional information which is required to complete the application. All errors and omissions, and any additional information, must be submitted before the application can be presented to the Board for review, unless the applicant notifies

the Board to process the application as submitted. If an applicant fails to correct any errors or omissions, or supply any requested information, within one (1) year of notification, the application will be presented to the Board for review and decision on the application as submitted.

Florida Building Commission

RULE NO.: 61G20-2.001 RULE TITLE: Commission Organization and Operations
PURPOSE AND EFFECT: To amend the Commission’s operational procedures in order to provide a means for the powers and duties of the chairmanship to be exercised during a vacancy in the position.

SUMMARY: Upon a vacancy in the chairmanship of 30 days, the duties of the Chairman shall devolve to the vice-chairman until a new Chairman is appointed, or to the Commission. Appointments made by the vice-chairman shall be subject to the review and approval of the Commission.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein:

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 553.76(1),(4), FS.

LAW IMPLEMENTED: 553.75, 553.76, FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Thomas Campbell, Department of Business and Professional Regulation, 2601 Blair Stone Road, Tallahassee, Florida 32399-0772, (850)717-1823.

THE FULL TEXT OF THE PROPOSED RULE IS:

61G20-2.001 Commission Organization and Operations.
(1) through (3) No change.

(4) Upon a vacancy in the chairmanship of 30 days, the duties of the Chairman shall devolve to the vice-chairman until a new Chairman is appointed. Any appointments made by the vice-chairman are subject to the review and approval of the Commission. In the event there is no vice-chairman, the duties of the Chairman may be performed by the Commission until a new Chairman is appointed.

~~(5)(4)~~ Program Oversight Committees shall be standing Committees composed of not less than five (5) members of the Florida Building Commission whose purpose/mission is to provide oversight of the programs the Legislature has assigned to the Commission.

~~(6)(5)~~ Ad Hoc Committees shall consist of members of the Florida Building Commission as appointed by the Chairman from time to time to whose purpose/mission is to conduct investigations within the areas for which they are created and report all findings along with recommendations to the Commission for action. Members serve until the Ad Hoc completes assigned task(s).

~~(7)(6)~~ The Chairman shall appoint members of the Commission and other interested parties as members of standing Technical Advisory Committees that reflect each of the technical sections of the Florida Building Code. Membership on each Committee shall be balanced to represent the interests of consumers, producers and a general interest category in conformance with ANSI consensus standards committee membership criteria for regulatory standards. The purpose/mission of the Committees is to review and advise the Commission regarding requests for declaratory statement, proposed amendments to the Florida Building Code pursuant to Rule 61G20-2.002, F.A.C., and in other areas of interest to the Commission as delegated by the Chairman. Non-Commission members of the Committees will serve on a voluntary basis without compensation for travel or per diem.

~~(8)(7)~~ The Chairman may appoint work groups to study issues and present findings and recommendations to the appropriate Committees.

~~(9)(8)~~ Non-Commissioner members of Committees and work groups may designate an alternate to participate in meetings and vote in their absence.

~~(10)(9)~~ The Commission and all of its Committees (Ad Hoc Committees, Program Oversight Committees, and Technical Advisory Committees) shall make decisions only when a quorum is present. A quorum shall be constituted by at least 51% of the appointed members being present (simple majority).

~~(11)(10)~~ The Commission and all of its Committees will utilize Robert’s Rules of Order to make and approve motions except as provided in subsection (11).

~~(12)(11)~~ Resolution of petitions for declaratory statement shall be resolved as provided in Chapter 120, F.S., and Chapter

28-105, F.A.C., upon a vote of the majority of Commissioners or Committee members present. Resolution of petitions for waiver of accessibility requirements shall be resolved as provided in Chapter 61G20-4, F.A.C.

~~(13)(12)~~ In all other matters, excepting procedural motions and votes on amendments to the Florida Building Code by Technical Advisory Committees, a 75% supermajority voting requirement will supersede the normal voting requirements used in Robert’s Rules of Order for decision making on all motions. The Commission and all of its Committees shall only consider motions to approve and not consider motions to deny. In addition, the Commission and all of its Committees shall utilize their adopted meeting guidelines for conduct during meetings.

~~(14)(13)~~ With respect to matters within the jurisdiction of the Commission, the Department of Business and Professional Regulation is responsible for the implementation and faithful discharge of all decisions of the Commission relative to Chapter 553, F.S.

~~(15)(14)~~ The Department shall be responsible for the provision of administration and staff support services relating to functions of the Commission.

~~(16)(15)~~ Information relative to Commission operations including, but not limited to publications and documents, may be obtained during regular business hours from the Department of Business and Professional Regulation, Office of Codes & Standards, 2601 Blairstone Road, Tallahassee, Florida 32399-0772.

~~(17)(16)~~ The Commission operates under the provisions of Chapter 553, F.S., as implemented by these rules.

~~(18)(17)~~ Records of all Commission proceedings are kept by the Department and may be examined in the Department office during regular business hours. Copies of Commission proceedings records may be obtained from the Department by paying the cost of copying.

~~(19)(18)~~ All Commission proceedings are open to the public, and any member of the public may address the Commission upon request.

NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 45 No. 180, September 16, 2019 issue of the Florida Administrative Register.

The previous summary of statement of estimated regulatory costs and legislative ratification was incomplete and should read as thus:

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that no SERC is required and that no legislative ratification pursuant to subsection 120.541(3), F.S. is required based upon the Agency’s review of information at the time of analysis and the preparation of a checklist for each rule to determine the need for the creation of a SERC.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Agency has determined that no SERC is required and that no legislative ratification pursuant to subsection 120.541(3), F.S. is required based upon the Agency’s review of information at the time of analysis and the preparation of a checklist for each rule to determine the need for the creation of a SERC.

UF 373 Special Collections - Re-advertisement

NOTICE TO DESIGN-BUILDER:

The University of Florida Board of Trustees announces that Design-Build services will be required for the project listed below:

Project: UF-373, Special Collections Building (Florida Museum of Natural History, Main Campus, University of Florida)

The new two-story, Special Collections building will be approximately 30,000 GSF and will have a receiving area for

the specimens/collections as well as a compact storage shelving system specifically designed for museum collections. Offices for staff working with the collections as well as lab/work areas will be designed to optimize efficiency, adjacencies and collaboration. The facility needs access to the existing Powell Hall and will be designed for future expansion.

The estimated project budget is firm at \$6,280,000.00 including all design, engineering, site improvements, underground utilities, landscaping, data/communications, impact fees, permitting fees, etc. The project will be delivered using the Design-Build and is scheduled to begin design in November 2019 with construction commencing around August 2020. Gold certification from Florida Green Building Coalition will be required.

The contract for design/build services will consist of two parts. Part one services include design, construction administration, value engineering, constructability analyses, development of a cost model, estimating, and the development of a Guaranteed Maximum Price (GMP) proposal based on 100% Construction Documents, for which the design-builder will be paid a fixed fee.

If the GMP is accepted, part two, the construction phase, will be implemented. In part two of the contract, the Design-Builder becomes the single point of responsibility for completion of the construction documents, performance of the construction of the project and shall publicly bid trade contracts. Failure to negotiate an acceptable fixed fee for part one of the contract, or to arrive at an acceptable GMP within the time provided in the agreement may result in the termination of the Design-Builder's contract.

Blanket design professional liability insurance will be required from the architect, mechanical, electrical, plumbing, fire protection, structural, landscape, and civil engineering consultants for this project and will be provided as a part of Basic Services. The selected applicant will also be required to provide insurance coverage for General Liability, Automotive Liability, Workers' Compensation, and Builder's Risk.

Plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Applicants will be evaluated on the basis of their past performance, experience, personnel, design and construction ability, references, bonding capacity, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant must be licensed to practice as a general contractor in the State of Florida and the applicant or its architectural, landscape architectural, and engineering consultants must possess current design licenses from the appropriate governing board and be properly

registered to practice its profession in the State of Florida. If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida.

Applicants desiring to provide Design-Build services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be prepared as specified in the DBQS Instructions and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.
2. Company information and signed certification.
3. A completed, project-specific "Design-Builder Qualifications Supplement" (DBQS) proposal. Applications on any other form will not be considered.
4. Resumes, LEED or FGBC accreditation, and other pertinent credentials for all proposed staff (applicant and consultants).
5. Proof of the applicant's corporate status in Florida (if applicable) and copies of current licenses for all construction, architectural, landscape architectural, and engineering entities (applicant firm and consulting firms) from the appropriate governing board.
6. Proof of bonding capacity and proof of design consultants' (architecture and engineering) ability to be insured for the level of professional liability coverage demanded for this project.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected Design-Builder must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Incomplete proposals will be disqualified. Submittal materials will not be returned.

Additional information to assist the applicant in preparing a complete proposal – including the project-specific DBQS forms, Instructions, Project Fact Sheet, Facilities Program, UF Design and Commissioning Services Guide, UF Design and Construction Standards, standard University of Florida Owner-Design/Builder agreement, and other project and process information – can be found on the Planning Design & Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet. Submittals must be received in the Planning Design & Construction office by 1:30 PM local time, on Wednesday,

October 16, 2019. Facsimile (FAX) submittals are not acceptable and will not be considered.

Advertisement for Construction Management Services

The University of Florida Board of Trustees announces that CM-At-Risk services will be required for the project listed below:

Project: UF-401, Music Building Renovation (Gainesville, Florida)

The School of Music was constructed in 1970 is in dire need of renovations to correct numerous building deficiencies. Most prominently, the HVAC system is significantly inadequate to control the climate within the building, as a considerable number of spaces open into hallways and patios that are not closed off from the outside elements. In addition to inadequate heating and cooling for occupants, uncontrollable humidity levels are causing damage to musical instruments and interior building finishes. Subsequently, a 2016 UF Environmental Health and Safety Indoor Environmental Quality Assessment recommends a full system replacement of the HVAC system.

The primary components of the electrical system are all original to the building and were rated for an expected useable life of 25 years, resulting in an underpowered system which is unable to accommodate current demands of the School of Music.

The estimated construction budget is approximately \$4,900,000. The project will be delivered using the Construction Manager at Risk method and construction shall be at fast tracked. Completion date is currently set for June 30, 2019.

(Gold) LEED (Leadership in Energy and Environmental Design) certification by the U.S. Green Building Council will NOT BE PURSUED for this project. See notes on CMQS.

The contract for construction management services will consist of two phases, pre-construction and construction. Pre-construction services will begin immediately; analysis of the design documents for constructability, coordination, detailing, materials, and systems; development and maintenance of the

construction schedule; production of detailed jobsite management plans; development of strategies for the procurement of trade contracts; development of waste management strategies; and development of a Guaranteed Maximum Price (GMP) proposal based on Design Development phase of this project. GMP proposal will be reviewed, negotiated and executed, the construction phase will be implemented at completion of the 100%CDs, but material and equipment procurement will begin immediately at design development level. In this phase, the construction manager becomes the single point of responsibility for performance of the construction of the project and shall publicly bid trade contracts. Failure to negotiate an acceptable fixed fee for the contract, or failure to arrive at an acceptable GMP budget within the time provided in the agreement, may result in the termination of the construction manager's contract immediately.

Applicants will be evaluated on the basis of their past performance, experience, personnel, references, bonding capacity, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.
