DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Board of Cosmetology

RULE NOS.: 61G5-22.002, 61G5-22.003, 61G5-22.015, 61G5-22.016, 61G5-22.017 RULE TITLES: Definitions, Level of Acceptability, Specialty Certification, Minimum Curriculum for Nail Specialty Training, Minimum Curriculum for Facial Specialty Training.
 PURPOSE AND EFFECT: The rule amendments align training hours with recent statutory changes and allow cosmetology specialist instructors to evaluate competence based on performance rather than on students having completed a minimum number of services.
 SUMMARY: These rule amendments specify the number of training hours required by the Board for specialist training topics and services and eliminates the requirement for performing a specified number of services.
 SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: 64B17-7.0027 RULE TITLE: Procedure for Compliance with Board Ordered Laws and Rules Exam

PURPOSE AND EFFECT: The rule amendment incorporates an updated laws and rules exam application form DH-MQA 1144.

SUMMARY: This rule updates the laws and rules exam application form to be used by licensees completing the Board ordered laws and rules exam.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal

for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
