FISH AND WILDLIFE CONSERVATION COMMISSION**Marine Fisheries**

RULE NO.: RULE TITLE:
68B-44.004 Bag and Vessel Limits Applicable to Florida Waters; Restrictions on Possession of Prohibited Species; Transit Through Florida Waters

PURPOSE AND EFFECT: The purpose of this rule development notice is to address a possible federal consistency action to add oceanic whitetip shark to Florida's list of prohibited shark species, thereby prohibiting commercial and recreational harvesters from landing, attempting to land, or harming this shark species. This action would be consistent with current federal regulations, maintain Florida's compliance with the Atlantic States Marine Fisheries Commission Interstate Fishery Management Plan for Coastal Sharks, and promote recovery of oceanic whitetip shark. Oceanic whitetip shark is listed as threatened under the federal Endangered Species Act. The effect of this federal consistency action would be to prohibit commercial and recreational harvesters from landing, attempting to land, or harming oceanic whitetip shark in all Florida state waters.

SUBJECT AREA TO BE ADDRESSED: The subject areas addressed in the rule development notice are prohibited shark species as well as recreational and commercial bag and vessel limits on oceanic whitetip shark in Florida state waters.

DEPARTMENT OF EDUCATION

University of Florida

UF-693, Communicore 3rd Floor Renovation - CM Selection

NOTICE TO CONSTRUCTION MANAGERS:

The University of Florida Board of Trustees announces that CM-At-Risk services will be required for the project listed below:

Project: UF-693, Communicore 3rd Floor Renovation, Main Campus (Gainesville)

The project consists of the renovation of approximately 20,000 SQFT of the 3rd floor of the Communicore building. The renovation will create modern and flexible spaces that support the user's functional goals and mission/vision. The Clinical Artificial Intelligence CO:LAB and Experiential Design Studio will have a computer laboratory and training space for students

in experiential medical AI design and implementation, and a transdisciplinary co-laboratory for researchers in applied clinical AI. The space will facilitate research partnerships and establish a national and international reputation in artificial intelligence, informatics, immersive technologies, and data science in medicine. The Clinical Research Hub will support centralized clinical research operations, training, and provide support for the development of research infrastructure resources and investigator friendly project life cycle guidance. The section held by SVPHA is not yet determined who will occupy post-renovation. We know it will be research mission and will construct a suite on the west side that can be assigned to a future research group.

The estimated construction budget is \$6,044,800 including but not limited to a complete building renovation of approximately 20,000 SQFT of the 3rd floor of the Communicore building. The following renovation project shall receive 3 Green Globes from the Green Building Initiative as a minimum project requirement.

The contract for construction management services will consist of two phases, pre-construction and construction. Pre-construction services will begin at the Design Development stage and will include production of cost studies and estimates; value engineering; analysis of the design documents for constructability, coordination, detailing, materials, and systems; development and maintenance of the construction schedule; production of detailed jobsite management plans; development of strategies for the procurement of trade contracts; development of waste management strategies; and development of a Guaranteed Maximum Price (GMP) proposal based on 100% Construction Documents. If the GMP proposal is accepted and executed, the construction phase will be implemented. In this phase, the construction manager becomes the single point of responsibility for performance of the construction of the project and shall publicly bid trade contracts. Failure to negotiate an acceptable fixed fee for phase one of the contract, or failure to arrive at an acceptable GMP budget within the time provided in the agreement, may result in the termination of the construction manager's contract.

Applicants will be evaluated on the basis of their past performance, experience, personnel, references, bonding capacity, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant must be licensed to practice as a general contractor in the State of Florida and, if the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida. The selected applicant will also be required to provide insurance coverage

for General Liability, Automotive Liability, Workers' Compensation, and Builder's Risk.

Applicants desiring to provide construction management services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be prepared as specified in the CMQS Instructions and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.
2. Company information and signed certification.
3. A completed, project-specific "CM Qualifications Supplement" (CMQS) proposal. Applications on any other form will not be considered.
4. Resumes, LEED accreditation, and other pertinent credentials for all proposed staff.
5. Proof of the applicant's corporate status in Florida (if applicable) and a copy of the applicant firm's current contracting license from the appropriate governing board.
6. Proof of applicant's bonding capacity and liability insurance coverage.

If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida. As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected construction manager must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list. Incomplete proposals will be disqualified. Submittal materials will not be returned.

Additional information to assist the applicant in preparing a complete proposal – including the project-specific CMQS forms, instructions, Project Fact Sheet, facilities program, UF Design Services Guide, UF Design and Construction Standards, standard University of Florida Agreement for CM Services, and other project and process information – can be found on the Planning Design & Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the application submittal as prescribed in the Project Fact Sheet. Electronic submittals must be received by the Planning Design & Construction office by 3:00 p.m. local time on Thursday, September 5, 2024. Facsimile (FAX) submittals are not acceptable and will not be considered.

 Child Nutrition Programs State Waiver Request

CHILD NUTRITION PROGRAM
 STATE WAIVER REQUEST TEMPLATE

Notice ID 28617248, submitted on 8/6/2024 in the Florida Administrative Register (FAR) in Publication Volume 50, Number 154 has been revised. This meeting notice supersedes the previously submitted notice.

Child Nutrition Programs are expected to be administered according to all statutory and regulatory requirements; waivers to the requirements are exceptions. However, Section 12(l) of the Richard B. Russell National School Lunch Act, 42 U.S.C. 1760(l), provides authority for USDA to waive requirements for State agencies or eligible service providers under certain circumstances. When requesting the waiver of statutory or regulatory requirements for the Child Nutrition Programs (CNP), including the Child and Adult Care Food Program (CACFP), the Summer Food Service Program (SFSP), the National School Lunch Program (NSLP), the Fresh Fruit and Vegetable Program (FFVP), the Special Milk Program (SMP), and the School Breakfast Program (SBP), State agencies and eligible service providers should use this template. State agencies and eligible service providers should consult with their FNS Regional Offices when developing waiver requests to ensure a well-reasoned, thorough request is submitted. State agencies and eligible service providers are encouraged to submit complete waiver requests at least 60 calendar days prior to the anticipated implementation date. Requests submitted less than 60 calendar days prior to the anticipated implementation should be accompanied by an explanation of extenuating circumstances.

For more information on requests for waiving Program requirements, refer to SP 15-2018, CACFP 12-2018, SFSP 05-2018, Child Nutrition Program Waiver Request Guidance and Protocol- Revised, May 24, 2018.

 Region: SERO

Eligible service providers participating in waiver and affirmation that they are in good standing:

The waiver would apply to NSLP, SBP, ASP, FFVP, SFSP, SSO, SMP sponsors throughout the state of Florida.

Description of the challenge the State agency is seeking to solve, the goal of the waiver to improve services under the Program, and the expected outcomes if the waiver is granted. [Section 12(l)(2)(A)(iii) and 12(l)(2)(A)(iv) of the NSLA]:

As sponsors respond to and recover from emergencies, it is important to reduce administrative burden to the fullest extent possible. FDACS desires to provide administrative and operational flexibility, where possible, while maintaining program integrity in providing nutritious meals during emergency situations. A relief of these regulatory requirements will help us to better meet the needs of our customers.

Challenge without waiver

Sponsors continue to face uncertainty in how to streamline operations while continuing to respond to disaster related challenges, especially power outages, flooding and school closures. Without these waivers, sponsors will spend an extraordinary amount of time completing activities related to regulatory burden rather than focusing on properly servicing students and children.

Decreased program participation.

Food insecurity will continue to be an issue for students and children.

Goal of Waiver to Improve Services

Decrease some administrative pressures for the sponsor during this difficult time.

Continued flexibility of the service options; non-congregate meals service, parent/guardian pick-up, meal service time, offer vs serve and meals at school sites provide sponsors the flexibility needed to continue to provide meals in response to emergency situations.

Maintain sponsor and site program participation and minimize hunger in the local communities.

Expected Outcome of Waiver

Sponsors will have an opportunity to transition back to normal operations over a longer period, which helps to assure success. Sponsors will implement flexibilities, as needed, to minimize the negative impact on program participation because of emergencies.

Simplify program administration for the sponsors, so they can focus on the highest priority needs of their program/sites.

Specific Program requirements to be waived (include statutory and regulatory citations). [Section 12(l)(2)(A)(i) of the NSLA]:
Unanticipated School Closures:

The waivers in this section apply to SFSP and SSO during unanticipated school closures. FNS expects that flexibilities under these waivers will only be implemented by Program operators when congregate meal service is limited by Hurricane Debbie

Allow, if needed, two schools to utilize the same locations and claim separately as necessary.

Detailed description of alternative procedures and anticipated impact on Program operations, including technology, State systems, and monitoring:

If approved, there are no significant impacts on technology or state systems. These waivers will allow NSLP, SBP, ASP, FFVP, SMP, SSO and SFSP sponsors in good standing to serve meals during extraordinary cases due to a disaster, in a non-congregate setting. Approval of these waivers will ensure that children have the nutrition needed during an unanticipated school closure due to an emergency and when the children return to school. Through trainings, visits and reviews, FDACS will track sponsors that were approved to utilize these waivers during an emergency or extraordinary case related to it.

Anticipated impact:

The waivers will decrease the administrative burden, allow for efficient and effective oversight of program operation, and allow SFAs and SFSP sponsors to meet the needs of their families and children. The FDACS will continue to ensure program integrity through the application approval process and technical assistance visits.

If the waivers are not approved, the following impact will likely occur:

The students and children will not have access to meals daily; The SFAs and SFSP sponsors cannot be empathic with their needy communities, serving meals to students and walking children;

The SFAs and SFSP sponsors will not receive funds by reimbursement; affecting their financial area, leading them to not comply with the program meal patterns, forcing them to close operations, and

Affect nutritional, physical and well-being of families' health. Description of any steps the State has taken to address regulatory barriers at the State level. [Section 12(1)(2)(A)(ii) of the NSLA]:

The state agency has not had to address any barriers as these flexibilities were in place. If the waiver is not approved, there will be an increase in administrative burdens, an increase in barriers to participation, and it will create a negative effect on program operations.

Anticipated challenges State or eligible service providers may face with the waiver implementation:

There are no anticipated challenges with waiver implementation for eligible sponsors.

Description of how the waiver will not increase the overall cost of the Program to the Federal Government. If there are anticipated increases, confirm that the costs will be paid from non-Federal funds. [Section 12(1)(1)(A)(iii) of the NSLA]:

There is no anticipated impact on SA administrative cost, SAE and SAF, for state agency oversight with implementation of this waiver.

Anticipated waiver implementation date and time period:

The waiver will take place immediately through October 1, 2024 These waivers will only be authorized by the FDACS for

case-by-case disaster situations and only those entities requiring the waiver(s).

Proposed monitoring and review procedures:

Sponsors and sites will continue to be monitored by the FDACS and standard review procedures will continue to be followed. A corrective action plan and follow-up will address any noncompliance issues.

Proposed reporting requirements (include type of data and due date(s) to FNS):

FDACS will collect and submit data as required.

Link to or a copy of the public notice informing the public about the proposed waiver [Section 12(1)(1)(A)(ii) of the NSLA]:

Disaster waiver – link will be provided once live in Florida system.
