DEPARTMENT OF ENVIRONMENTAL PROTECTION  
 State Revolving Fund (SRF) Program  
 NOTICE OF AVAILABILITY  
 FLORIDA FINDING OF NO SIGNIFICANT IMPACT  
 Bay County

The Florida Department of Environmental Protection (DEP) has determined that Bay County’s project involving construction of a subaqueous water main adjacent to the Dupont Bridge and under East Bay is not expected to generate controversy over potential environmental effects. The total estimated construction cost is approximately \$9,000,000. The project may qualify for Drinking Water State Revolving Fund loans composed of federal and state funds. DEP will consider public comments about the environmental impacts of the proposed project that are postmarked or delivered at the address below within 30 days of this notice. A full copy of the FLORIDA FINDING OF NO SIGNIFICANT IMPACT can be obtained by writing to: Catherine Murray, SRF Program, Department of Environmental Protection, 3900 Commonwealth Boulevard, MS#3505, Tallahassee, Florida 32399-3000 or calling (850)245-2966 or emailing to catherine.m.murray@dep.state.fl.us.

Quest Corporation of America, Inc.  
 Notice of Opportunity  
 THE FLORIDA DEPARTMENT OF TRANSPORTATION (FDOT) announces an opportunity to request a public hearing. The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried out by FDOT pursuant to 23 U.S.C. § 327 and a Memorandum of Understanding dated May 26, 2022, and executed by Federal Highway Administration and FDOT.  
 PURPOSE: Notice is hereby given that interested persons may request a location and design concept public hearing for:  
 Project Name: U.S. 1/State Road (S.R.) 5 Over Pellicer Creek Bridge Replacement  
 Type of Project: Project Development & Environment (PD&E) Study  
 Project Limits: Flagler County / St. Johns County Line  
 City/County: City of Palm Coast in Flagler County and St. Johns County, Florida  
 Financial Project Identification (FPID) Number: 447118-1  
 Federal-Aid Project Number: N/A  
 Project Description:  
 FDOT is proposing to replace the northbound and southbound U.S. 1 bridges over Pellicer Creek at the Flagler County / St. Johns County line. The existing southbound bridge was constructed in 1927, and the northbound bridge was constructed in 1957. The purpose of the project is to provide modern bridges to ensure continued safety and mobility along U.S. 1 in this area. The proposed bridges will have two travel lanes in each direction and wider shoulders to accommodate bicyclists. The bridges will maintain similar clearance over Pellicer Creek and the bridge opening will be wider than the existing opening. Additional improvements include reconstructing the roadway at the bridge approaches and providing minor drainage improvements. The PD&E study is evaluating and documenting potential engineering and natural, physical, socioeconomic, and cultural environmental effects of the proposed improvements. FDOT is conducting the PD&E study in accordance with the requirements of the National Environmental Policy Act and other applicable federal and state laws and regulations.  
 This proposed project involves the use of properties protected under the National Historic Preservation Act of 1966. The southbound bridge (#730008) was evaluated as eligible for listing in the National Register of Historic Places (NRHP) for its significance in Engineering and Transportation. The proposed undertaking will result in an ‘adverse effect’ to the NRHP-eligible bridge. In consultation with the State Historic Preservation Officer, proposed mitigation strategies for the southbound bridge include preparation of a Historic American Engineering Record document, as outlined in the Section 106 Case Study Report and the Draft Section 106 Memorandum of

Agreement (MOA). A Programmatic Section 4(f) Evaluation was also prepared.

The Approved Section 106 Case Study Report, the Draft Section 106 MOA, and the Draft Programmatic Section 4(f) Evaluation are available for public review on the project webpage at [www.cflroads.com/project/447118-1](http://www.cflroads.com/project/447118-1) through August 31, 2024. Persons who have questions or comments or those interested in requesting a location and design concept public hearing should submit a request in writing to: Florida Department of Transportation, Shelley ChinQuee, P.E., Project Manager, 719 South Woodland Boulevard, DeLand, FL 32720, or by email at [Shelley.ChinQuee@dot.state.fl.us](mailto:Shelley.ChinQuee@dot.state.fl.us).

The request should be postmarked no later than 15 calendar days following the publication of this notice or by August 31, 2024.
