RULE NO.:       RULE TITLE:

64B8-42.001     Licensure by Endorsement

PURPOSE AND EFFECT: The Board proposes the rule to reflect the new requirements in s. 456.0145, F.S., regarding licensure by endorsement and will now be required to apply to the Department of Health using a new form incorporated in the rule titled Mobile Opportunity by Interstate Licensure Endorsement (MOBILE).

SUMMARY: The Board proposes the rule to reflect the new requirements in s. 456.0145, F.S., regarding licensure by endorsement and will now be required to apply to the Department of Health using a new form incorporated in the rule titled Mobile Opportunity by Interstate Licensure Endorsement (MOBILE).

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

RULE NO.: RULE TITLE:

62-521.400 Ground Water Protection Measures in Wellhead Protection Areas

The Department of Environmental Protection hereby gives notice: That it has issued an order on September 4, 2024, granting RMC Property Group’s Petition for a Variance. The Petition was received on August 25, 2023. Notice of receipt of this Petition was published in the Florida Administrative Register on September 5, 2023, and an amended notice of receipt was published July 9, 2024. The petition requested a variance from subsection 62-521.400(1), F.A.C., which regulates the installation of underground storage tanks regulated under Chapter 62-761, F.A.C., within a wellhead protection area. No public comment was received. The Order, file number 23-1349, granted the variance based on a showing that Petitioner demonstrated that a strict application of the rule would result in substantial hardship to Petitioner or would affect Petitioner differently than other similarly situated applicants and because Petitioner demonstrated that the purpose of the underlying statute will be or has been achieved by other means. A copy of the Order or additional information may be obtained by contacting: Sydney B. Cummings, Department of Environmental Protection, 2600 Blair Stone Road, Mail Station 3500, Tallahassee, Florida 32399-2400, telephone: (850)245-8633, email: Sydney.Cummings@floridadep.gov during normal business hours, 8:00 a.m. - 5:00 p.m., Monday through Friday, except legal holidays.

**DEPARTMENT OF EDUCATION**

Florida Atlantic University

FAU Notice to CM - BT686 Student Union Expansion

**NOTICE TO CONSTRUCTION MANAGERS**

BT-686

Student Union Phase II - Expansion

Boca Raton Campus

Florida Atlantic University, on behalf of its Board of Trustees, announces that Construction Management (CM) services will be required for the project listed below:

Project No.: BT-686

Project Name: Student Union Phase II - Expansion

Located on Florida Atlantic University's Boca Raton Campus, the Student Union Expansion will provide a state-of-the-art event space and "outdoor living room" for the Student Union Complex. At approximately 23,000 GSF the stand-alone event center is to serve 600 persons for banquet style and lecture of 950 persons. The grand room should be able to be divided into six smaller spaces and different subsets (2 and 3 spaces); allowing for the greatest flexibility in reconfiguration options. The outdoor courtyard serves as the space between the existing Student Union and the event center. This space serves as the hub for student gathering, socializing, studying, and pre-event space for the event center. The project also consists of renovating the first floor meeting rooms and enhancing the exterior envelope of the existing Student Union building. The construction budget (including site development) is approximately \$20.1 million; with a total project cost of \$25.1 million.

The contract for Construction Management services will consist of two phases. Phase one is pre-construction services, for which the Construction Manager will be paid a fixed fee. Pre-construction services will begin immediately and will include production of cost studies and estimates; value engineering; analysis of the design documents for constructability, coordination, detailing, materials, and systems; development and maintenance of the construction schedule; production of detailed jobsite management plans; development of strategies for the procurement of trade contracts; development of waste management strategies; and development of a Guaranteed Maximum Price (GMP) proposals based on Construction Documents. If the GMP proposal is accepted and executed, the

construction phase will be implemented. In this phase, the construction manager becomes the single point of responsibility for performance of the construction of the project and shall publicly bid trade contracts. Failure to negotiate an acceptable fixed fee for phase one of the contract, or failure to arrive at an acceptable GMP budget within the time provided in the agreement, may result in the termination of the construction manager's contract.

Selection of finalists for interviews will be made on the basis of Construction Manager qualifications, including experience and ability; past experience; bonding capacity; record-keeping, administrative ability, critical path scheduling expertise; cost estimating; cost control ability; quality control capability; qualification of the firm's personnel, and staff and consultants; and responses to questions and pricing details as posed during the interview phase. Finalist may request a copy of the standard Florida Atlantic University Agreement between Owner and Construction Management by contacting the University's Sole Point of Contact for this project, Corrine Okun, Facilities Management Administrative Services Manager, at [cgarwood2012@fau.edu](mailto:cgarwood2012@fau.edu). A copy of the facilities program is available on the Facilities Management website at: <http://www.fau.edu/facilities/avp/AE-CM-advertise-home.php>.

From the date of issuance of this Notice until a final selection of a Construction Manager is made or a notice of cancellation is posted, the Construction Manager must not make available or discuss its proposal, or any part thereof, with any member of the Selection Committee, unless permitted by the Sole Point of Contact, in writing, for purposes of clarification only, as set forth herein. Any individual associated with a Construction Manager who contacts members of the Selection Committee, regarding any aspect of this project, whether such contact be in person, telephone, or through electronic or written correspondence, may be determined to have violated the terms and conditions of this solicitation. - 1. BENEFITS TO THE PUBLIC:**
- The public will have access to a unique multisport beach facility in Dania Beach, Florida, catering to all age groups for recreational outdoor activities.
  - The facility will offer a variety of lifestyle beach sports such as sand pickleball, beach volleyball, footvolley, beach tennis, beach flag football, and more.

- The presence of 6 lighted courts, seating areas, and a concession stand at Frost Park will enhance the overall experience.

- Leagues, vacation training packages, and local, national, and international tournaments will attract visitors to the city, boosting tourism and economic activity.

Rita Crockett Beach Sports Academy (RCBSA) proposes to develop a state-of-the-art beach sports facility in Dania Beach, Florida to cater to the growing demand for outdoor recreational activities there. The proposed academy/facility, situated at Frost Park adjacent to the Dania Beach Casino, will offer a diverse range of beach-based sports and activities catering to both tourists and local residents. By leveraging the unique setting, establishing strategic partnerships, and employing comprehensive marketing, we know that this academy/facility has the potential to become a premier destination for beach sports and recreation in the Dania Beach/Fort Lauderdale area. The popularity of sand and beach sports has seen significant growth in recent years, driven by a combination of factors including increased awareness, accessibility, and global events. Here's a breakdown of trends nationally and internationally:

Recent Growth Trends:

**Increased Participation:** Activities like beach volleyball, sand soccer, and beach tennis have gained traction, with more recreational leagues and tournaments emerging globally. The rise of social media has also played a role in showcasing these sports, attracting younger participants.

**Olympic Influence:** The inclusion of beach sports in major events like the Olympics has boosted their visibility. For instance, beach volleyball has been a staple since 1996, and sports like surfing and skateboarding have recently joined the Olympic roster, further elevating interest.

**Health and Wellness Trends:** The growing focus on fitness and outdoor activities has led to a surge in sand sports, which are often seen as fun ways to stay active. This trend is particularly strong in coastal regions.

**Infrastructure Development:** Many countries are investing in infrastructure for beach sports, including dedicated facilities and hosting major national and international tournaments, which helps to promote these activities.

Future Outlook:

**Continued Growth:** The trend of increasing participation is likely to continue, particularly in emerging markets where beach sports are gaining recognition. Countries with coastlines are expected to see more organized events and leagues.

**Sustainability Focus:** As environmental awareness grows, there will likely be a push for sustainable practices in beach sports, including eco-friendly events and conservation efforts to protect beach environments.

**Technological Integration:** The use of technology, such as apps for organizing events or wearable tech for performance

tracking, may enhance the experience for participants and spectators alike.

**Diversity of Sports:** Beyond traditional activities, new sand sports are emerging, appealing to various demographics. This diversification can engage a broader audience, including families and casual participants.

**International Competitions:** We anticipate hosting international competitions and collaborations, as countries look to showcase their talent on global stages, leading to increased interest and investment.

The future of sand and beach sports is bright, with ongoing growth driven by social, technological, and environmental factors. As these sports gain more traction globally, they will continue to evolve and attract diverse participants.

Dania Beach, is an excellent location for a beach sports academy/facility for several reasons:

**Geographic Advantages:**

**Prime Location:** Dania Beach is situated in a popular tourist area near Fort Lauderdale, making it easily accessible for both locals and visitors.

**Ideal Climate:** The warm, sunny weather year-round allows for year-round participation in beach sports.

**Community and Infrastructure:**

**Existing Facilities:** Dania Beach, Frost Park already has some recreational infrastructure, which can be easily expanded to include our beach sports academy/facility.

**Community Engagement:** The local community should be supportive of this new recreational opportunity, as beach sports can promote health and wellness.

**Economic Potential:**

**Tourism Boost:** A beach sports academy/facility could attract tourists, leading to increased business for local hotels, restaurants, and shops.

**Hosting Events:** The academy/facility could host regional, national and international tournaments, bringing additional revenue and visibility to the area.

**Variety of Sports:**

**Diverse Offerings:** The academy/facility will cater to a range of beach sports, including beach volleyball, sand soccer, and beach tennis, and others as mentioned below, appealing to different demographics.

Rita Crockett Beach Sports Academy (RCBSA's mission is to help create a positive impact on the community. Everyone is welcome to become a part of our program. We are dedicated to helping all players find a passion for playing beach sports. We are focused on developing players at all levels by providing collective and individual classes. Our goal is to help each individual reach his goal target. The PIT at Frost Park is a Beach Sport Complex that offers a variety of lifestyle beach sports ranging from beach volleyball, footvolley, beach tennis, beach flag football and more. Home to 6-8 lighted courts with a sitting

area for viewing, The PIT is a great place for locals and tourists to experience these lifelong sports.

Partnering with Dania Beach, The PIT will offer vacation training packages to bring visitors to the city for not only sports, but also to experience all of the opportunities the “first city of Broward County has to offer.” RCBSA will create a unique beach sports academy that will serve the City of Dania Beach by bringing an array of beach sports for locals as well as becoming a destination for all beach sports. The PIT will host local, national, and international tournaments, bringing attention to the City of Dania Beach. RCBSA will attract beach sport lovers to participate in all beach sports, including, but not limited to: Sand Pickleball, Beach Volleyball, Beach Tennis, Beach Badminton, Beach Foot Volley, Beach Soccer, Beach Flag Football, and Beach Handball.

Free-play time for the community, Beach Volleyball Juniors Club and showcases, after school sports programs, a multiple sports training facility destination, college annual beach volleyball invitational tournament, etc....

In summary, Dania Beach has the potential to be a thriving location for a beach sports academy/facility, benefiting the community economically and promoting a fun and active lifestyle.

## 2. FINANCIAL STRUCTURE AND ECONOMIC EFFICIENCIES:

- The project is expected to boost the local economy by attracting visitors to Dania Beach, leading to increased spending on accommodations, dining, and other local services.

- Revenue generated from leagues, training packages, and tournaments can contribute to the financial sustainability of the facility.

- Partnerships with the city and potentially sponsors can provide additional funding opportunities to support the project.

Initial Investment: The estimated cost for the development of the beach sports facility at Frost Park is \$554,502. This investment will cover construction costs, supporting amenities, start-up operational expenses, salaries, sports equipment purchases, and administrative fees. The City will be responsible for contributing 50% of the start-up contribution estimated at \$277,251 from the total \$554,502 with the City providing essential support. RCBSA will manage operational costs beyond the City’s 50% start-up contribution.

Revenue Generation: The facility is projected to generate annual revenues based on a comprehensive market analysis and operational plan. The revenue streams include membership fees, training fees, tournament entry fees, travel expenses, private coaching services, merchandise sales, and equipment sales. The City and RCBSA will have a revenue share of all revenue generated from “The Pit” with the City receiving 30% of the revenue share and RCBSA receiving 70%.

Revenue Programming: Tentative pricing structures have been outlined for various services provided by the facility, such as junior beach volleyball club memberships, team training fees, tournament entry fees, travel expenses, private coaching, and merchandise/equipment sales.

Economic Efficiencies: - Potential Return on Investment: The projected annual revenues demonstrate strong potential for a solid return on investment, indicating the economic viability of the proposal.

Revenue Diversification: The proposal includes considerations for revenue diversification through services like club memberships, training programs, tournaments, coaching services, and merchandise sales. This diversification can help mitigate risks and enhance economic efficiencies.

Cost Management: Effective cost management strategies, such as careful monitoring of operational expenses, maintenance costs, and pricing structures, will be crucial for ensuring economic efficiencies and long-term financial sustainability.

- Market Sensitivity and Competition: The proposal acknowledges factors like seasonal fluctuations, weather conditions, local market competition, and the need for marketing and promotion to attract customers. Addressing these factors strategically can enhance economic efficiencies and revenue generation.

In summary, the financial structure and economic efficiencies of the proposal for the beach sports facility at Frost Park are designed to support sustainable operations, revenue growth, and a positive return on investment through diversified revenue streams, cost-effective management practices, and market-sensitive pricing strategies

## 3. QUALIFICATIONS AND EXPERIENCE OF THE PRIVATE ENTITY:

- Rita Buck-Crockett, the face of RCBSA, brings extensive experience and expertise to the project. Rita has put together a strong and diverse Board of Directors to help her in making the best decisions for the RCBSA.

- Rita's background as a former Assistant Athletic Director, Head Indoor and Beach Volleyball Coach for Florida International University, and her professional volleyball career demonstrate her deep knowledge of the sports industry.

- Her achievements, including playing professional volleyball internationally and coaching at various levels, highlight her leadership and success in the field.

- Rita's accolades and honors from national and international sports organizations further attest to her qualifications and credibility in the sports community.

- With Rita's leadership, the private entity has the potential to effectively manage and operate the proposed multisport beach facility, ensuring its success and benefit to the community.

## 4. THE PROJECT’S COMPATIBILITY WITH REGIONAL INFRASTRUCTURE PLANS.

- The City of Dania Beach passed their first ever Parks Master Plan in 2019 focusing on its first-ever comprehensive 10-year plan to address latent community park and recreation needs while providing a professional roadmap to improve public recreation and leisure facilities throughout the city. Numerous cities throughout the tri-county area have embarked or are beginning to embark on their own Parks Master Plan in order to expand and provide and meet the recreational and leisure services needs of the communities. This partnership would be another step forward in meeting those needs and bringing the City of Dania Beach and other surrounding cities Parks Master Plans to life.

- In addition to the city passing the Parks Master Plan in 2019, the City of Dania Beach adopted a revised Comprehensive Plan in 2023. This Comprehensive Plan has a Parks and Recreation element with goals and objectives for the city with the overall goal of providing a sustainable recreation and open space system to adequately meet the physical, social, recreational and cultural needs for all current and future residents and visitors of the City with an objective of all public facilities in the city being open to the public. Another main objective of the Comprehensive Plan is to ensure these recreational needs and standards are met through public and private resources. A partnership with Rita Crockett Beach Sports Academy supports these objectives.

- Along with the with the City's Parks Master Plan and the Comprehensive Plan, Broward County has a Recreation and Open Space Element to their Comprehensive Plan that was adopted in 2019 with the goal to provide safe and adequate recreation sites and facilities to satisfy the current and future needs while promoting active and healthy living. Broward County amended their master plan in 2022 with the continued goal of providing a countrywide park system with diverse facilities and recreation opportunities to enhance the well-being of all residents, businesses and visitors while also creating a world-call and truly inclusive guest experience and develop specialty parks and signature elements unique to Broward County. The addition of the Rita Crockett Beach Sports Academy adds an additional element of recreation facilities for the community and visitors alike to promote active and healthy living that is truly a specialty and signature facility in Broward County. The Rita Crockett Beach Sports Academy, AKA, the "Pit" is the first of its kind in Florida and will be run by Rita Buck-Crockett an inductee of the Women's Volleyball Hall of Fame, an Olympic silver medalist, a collegiate volleyball coach and a resident of the City of Dania Beach to name a few of Rita's outstanding achievements.

In conclusion, the Rita Crockett Beach Sports Academy will help not only City of Dania Beach reach one of the many objectives the city's parks master plan and comprehensive plan, but all the objective of Broward County.

5. PUBLIC COMMENTS SUBMITTED AT THE MEETING  
There were no public comments and/or feedback submitted or provided during any of the public hearing meetings.

**FINDINGS:**

Based upon the above factors and the attached proposal, the Administration supports a finding of a public interest determination to proceed with the unsolicited proposal. Once approved by the City Commission the City Clerk shall publish these findings, along with the proposal in the Florida Administrative Record, as required by F.S. s. 255.065.
