**Section II
 Proposed Rules**

DEPARTMENT OF HEALTH

Board of Speech-Language Pathology and Audiology

RULE NO.: RULE TITLE:
 64B20-4.003 On-the-Job Training, Role and Observation of Speech-Language Pathology and Audiology Assistants

PURPOSE AND EFFECT: The proposed amendments to the rule’s incorporated form, DH-MQA 1269, will help ensure compliance with the intent of the rule. The Department currently receives updates using the form from both supervisors and assistants, while the rule requires that updates should only be provided by supervisors. In addition, assistants incorrectly use the form to notify the Department of temporary supervisory assignments due to absences, whether planned or unplanned by the supervisor, which is not the intent of the rule. The form is being updated to further clarify these requirements and procedures for supervisors and assistants.

SUMMARY: Updates were made to the application incorporated in the rule.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is

required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:
60FF1-5.003 911 Grant Programs

The Emergency Communications Board hereby gives notice: of the issuance of an Order regarding the Petition for Variance or Waiver for St. Johns County, filed on January 11, 2024. The Notice of Petition for Variance or Waiver was published in Volume 50, No. 10, of the January 16, 2024, Florida Administrative Register. The Petitioner sought a variance or waiver of a provision in the application form titled “911 Grant Programs, Form W Form 3A,” incorporated into paragraph 60FF1-5.003(2)(a), Florida Administrative Code. The Board considered the Petition at a duly-noticed teleconference meeting held on January 23 and 24, 2024. The Board’s Order, filed on February 20, 2024, grants the Petition for variance or waiver, finding that Petitioner has complied with the requirements of subsection 120.542(2) of the Florida Statutes.
