DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

NOTICE IS HEREBY GIVEN that on June 03, 2025, the Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants, received a petition for An Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and Paragraph 5-202.11(A), 2017 FDA Food Code from Y&Y Deli LLC located in Miami. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and 3 compartment sink.

The Division of Hotels and Restaurants will accept comments concerning the Petition for 5 days from the date of publication of this notice. To be considered, comments must be received before 5:00 p.m.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Daisy.Lee@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.

DEPARTMENT OF BUSINESS AND PROFESSIONAL  
REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-4.010 Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice: On May 13, 2025 the Division of Hotels and Restaurants received a Petition for a Routine Variance for Subparagraph 3-305.11(A)(2), 2017 FDA Food Code, Section 3-305.14, 2017 FDA Food Code, Section 6-202.15, 2017 FDA Food Code, Section 6-202.16, 2017 FDA Food Code, subsection 61C-4.010(1), Florida Administrative Code, and subsection 61C-4.010(6), Florida Administrative Code from Lily's Catering Service Inc. located in Orlando. The above referenced F.A.C. addresses the requirement for proper handling and dispensing of food. They are requesting to dispense bulk time/temperature control for safety foods from an open air mobile food dispensing vehicle.

The Petition for this variance was published in Vol. 51/94 on May 14, 2025. The Order for this Petition was signed and approved on June 2, 2025. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring that each pan within the steam table is properly covered with an individual lid; the steam table is enclosed within a cabinet with tight-fitting doors, and is protected by an air curtain installed and operated according to the manufacturer's specifications that protects against flying vermin or other environmental contaminants; all steam table foods must be properly reheated for hot holding at approved commissaries and held hot at the proper minimum temperature per the parameters of the currently adopted FDA Food Code; and steam table food is to be dispensed by the operator with no customer self-service. The Petitioner shall also strictly adhere to the operating procedures and copies of the variance and operating procedures are to be present on the MFDV during all periods of operation.

A copy of the Order or additional information may be obtained by contacting: Daisy.Lee@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.

### Notice of Petitions and Dispositions Regarding Declaratory Statements

#### DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

##### Construction Industry Licensing Board

NOTICE IS HEREBY GIVEN that the Construction Industry Licensing Board has issued an order disposing of the petition for declaratory statement filed by Cecil Lee Upshaw, III, on behalf of AmEuro Construction, LLC, on December 06, 2024. The following is a summary of the agency's disposition of the petition:

Petitioner sought the determination from the Board regarding the duties and responsibilities, if any, of a qualifying agent during the sixty (60) days immediately following the qualifying agent's resignation or termination from the business they qualify. The Notice of Petition for Declaratory Statement was published in Vol. 50, No. 240, on December 11, 2024, in the Florida Administrative Register. The Boards Order was filed on January 29, 2025. The Board, at its meeting held on January 10, 2025, denied the Petition for Declaratory Statement, finding that the present petition is a request by the Petitioner regarding the duties and responsibilities of another person, namely the contractor who formally qualified the Petitioner's companies. Accordingly, the Board determined that the Petitioner does not meet the definition of a "substantially affected person," as required by section 120.545(1), F.S., and therefore lacks standing to bring this petition.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Amanda Ackermann, Executive Director, Construction Industry Licensing Board, 2601 Blair Stone Road, Tallahassee, Florida 32399-1039 or telephone: (850)487-1395, or by electronic mail to [Amanda.Ackermann@myfloridalicense.com](mailto:Amanda.Ackermann@myfloridalicense.com).

#### DEPARTMENT OF EDUCATION

Florida Agriculture and Mechanical University

FAMU Space Utilization Consultant RFQ

Description

Purpose/Background

Florida A&M University seeks services and related technology to analyze space inventory usage across all academic, research, and administrative buildings. Recognizing inefficiencies and underutilization of existing space throughout the campus, the university aims to adopt a comprehensive approach to its space management strategies, yielding more efficient use of building space. The core objectives of this study will include enhancing space utilization from the data in a manner that aligns with contemporary best practices. To achieve this, the University looks to engage a third-party consultant to review and analyze its current space inventory and usage, benchmarking the data in comparison with similar institutions. This comprehensive study will serve as a roadmap for optimizing space usage and distribution on campus, ultimately enhancing the experience of students, faculty, and staff. The overarching goal is to maximize the efficiency and utilization of the existing space throughout the campus, demonstrate the University's space usage with data, and utilize this information to develop a space strategic plan for adequate space allocation, improving the overall campus functionality and experience.

The solicited services will assess, analyze, and provide an information technology solution for monitoring and analyzing building interior spaces to determine the current utilization rate

based on the University's total available space and make data-driven recommendations. The goal is to optimize the space usage throughout the campus and maintain a database that will ultimately benefit the students, faculty, and staff. This technology will assist with reporting and guide future space needs decisions.

FAMU requires, as a deliverable, the development of a Space Utilization Report for the following space categories:

Classrooms (code 110)

Class Laboratory (code 210)

Open Laboratory (code 220)

Research Laboratory (code 250)

Office Spaces (code 310)

Scope Overview

Collect data related to office space assignments for all FAMU employees on the main campus

o FAMU will work with the selected consultant and provide the necessary information to aid in this effort, including but not limited to:

§ Building Space Inventory File, Building Plans, and other information required

o The selected consultant will organize and maintain this data for the study

o All collected data, drawings, and data updates produced during the study will be shared with FAMU and can be used by the University.

Data Management

The selected consultant will be responsible for the data collection tools and methodology, as well as data storage and organization throughout the study

The complete dataset and study will be provided as a deliverable to the University.

Drawing and data updates discovered during the study shall be shared with the University as they are identified

Classroom, Class Laboratory, Open Laboratory, and Research Laboratory Utilization Data and Calculation

Document current classroom, class labs, open labs, and research labs utilization and trends over the following fall, spring, and summer semesters using recommended best practices for the classrooms.

o Utilization measures must include duration of use and number of seats used compared to capacity by hour, day, week, month, and academic term

Utilization must be calculated according to the University standards using weekly room periods as the base unit of time

Recommend and provide other utilization measures based on best practices beyond the University standards

Utilization Monitoring Method

The University would prefer electronic methods via de-identified wifi, Bluetooth, and/or similar signal monitoring. The

initial proposed scope is below. The University is seeking a square foot unit cost.

The consultant will be responsible for abiding by all applicable cybersecurity and information technology regulations and requirements. The University's Division of Information Technology will review the proposed solution with the selected consultant.

Any area should be monitored for at least three months and include at least two full months of a fall or spring semester.

Desired information

The University is interested in the utilization of data points, including but not limited to:

Person density and duration in a building, floor, and/or area throughout each 24-hour day and 5-day week

Offices, classrooms, class labs, open labs, and research labs occupancy compared to enrollment caps and actual enrollment Utilization Monitoring Building List

Florida A&M University and the consultant will define the utilization monitoring locations collaboratively.

**INSTRUCTIONS:**

The university's Sole Point of Contact for this project is Craig Talton, Executive Director, Office of Facilities Planning, Construction, and Safety (phone: (850)412-7509 and email [craig.talton@famuedu](mailto:craig.talton@famuedu)). From the date of issuance of this Notice until a final selection of a Space Utilization Consultant is made or a notice of cancellation is posted. The Space Utilization Consultant must not make available or discuss its proposal, or any part thereof, with any member of the Selection Committee, unless permitted by the Sole Point of Contact, in writing, for purposes of clarification only, as set forth herein. Any individual associated with a Space Utilization team who contacts members of the Selection Committee regarding any aspect of this project, whether such contact is in person, by telephone, or through electronic or written correspondence, may be determined to have violated the terms and conditions of this solicitation. If that determination is made, any proposal received from such an individual or their company may be rejected as non-responsive and not subject to evaluation. If

there are any changes or additions to the Sole Point of Contact information during the process, the participating space utilization teams will be informed through an addendum to the Notice.

Questions regarding the Notice and/or process should be submitted by email to the Sole Point of Contact. No oral communications shall be considered as a change to the Notice. FAMU may respond to questions deemed by the University to be material in nature via a written addendum to the Notice. Interpretation of the wording of this document shall be the responsibility of FAMU, and that interpretation shall be final.

All postings referred to in this Notice will be posted electronically on the FAMU Office of Procurement website at <http://www.famuedu/index.cfm?Purchasing&Solicitations> and <https://www.flrules.org/>. At all times, it shall remain the responsibility of the consultants participating in this solicitation to check the postings at our office and/or the Purchasing Department in the POM Building B. No further notice will be given.

The Selection Committee may reject all proposals and stop the selection process anytime.

A copy of the Project FACT Sheet can be obtained by contacting Craig Talton, Director, (850)599-3197.

**INSTRUCTIONS:** Firms desiring to apply for consideration shall submit a letter of application.

The letter of application should be attached:

1. A completed "Professional Qualifications Supplement" (PQS); form will be obtained from the FAMU Facilities Planning and Construction Office. Applications in any other form will not be considered.

2. A copy of the applicant's current Professional Registration Certificate from the appropriate governing board. An applicant must be properly registered at the time of application to practice their profession in the State of Florida. If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida.

3. Submit three (3) three-ring, comb, or spiral (no hard, solid, or tack) bound copies of the requested data in the above order, including a flash drive with an electronic copy. Applications that do not comply with the above instructions may be disqualified. Application materials will not be returned. The plans and specifications for State University System projects are subject to reuse by the provisions of Section 287.055, Florida Statutes. FAMU is an equal opportunity institution, and, as such, strongly encourages the lawful involvement of certified Minority and Women-Owned Business Enterprises (MBEs) in the provision of space, design, and construction-related services, ensuring fair and equal opportunities for competition and participation in these services. As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for

a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant over \$25,000 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

4. Professional Qualifications Supplement (PQS) forms, descriptive project information, and selection criteria may be obtained by contacting Craig Talton, Executive Director, Office of Facilities, Planning, and Construction, Florida A&M University, Plant Operations and Maintenance, Building A, Suite 100, 2400 Althea Gibson Way, Tallahassee, Florida 32307, Phone: (850)5993197, Fax: (850) 5612289, Email: craig.talton@famu.edu.
