PURPOSE AND EFFECT: The proposed rule is being developed to add rule text for consistency with 86 CFR 5596, update procedures for renewing licenses, update requirements pertaining to posting signage, and revise FDACS-08127.

SUMMARY: The proposed rule will update fingerprint requirements for license renewal, update the requirements to post signage at cultivation locations, and clarify collection protocols listed in FDACS-08127.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Department's economic analysis of the adverse impact or potential regulatory costs of the proposed rule did not exceed any of the criteria established in Section 120.541(2)(a), Florida Statutes. As part of this analysis, the Department relied upon the fact that there is no fee schedule associated with these proposed changes. Additionally, no interested party submitted additional information regarding the economic impact.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

## FISH AND WILDLIFE CONSERVATION COMMISSION

### Freshwater Fish and Wildlife

RULE NO.: 68A-27.003  
RULE TITLE: Florida Endangered and Threatened Species List; Prohibitions

PURPOSE AND EFFECT: The purpose of this rulemaking is to maintain consistency with federal listing and taxonomic determinations for nine Federally-listed species on the Florida Endangered and Threatened Species List under Rule 68A-27.003, F.A.C.. Proposed revisions will update listing status of the red-cockaded woodpecker (currently Federally-designated Endangered), oceanic whitetip shark and queen conch (both currently with no status) to Federally-designated Threatened. Two species will be added to the Federally-designated Endangered list: the black-capped petrel (currently no status) and pillar coral (currently Federally-designated Threatened). One species, the Bachman's warbler, will be removed from the list due to extinction. Additionally, taxonomy of the federally listed Audubon's crested caracara, Cape Sable seaside sparrow, and Rice's whale will be updated.

SUMMARY: The purpose of the proposed rule changes is to maintain consistency among state and federal lists of protected species. The red-cockaded woodpecker was reclassified from Endangered to Threatened under the federal Endangered Species Act in October 2024. The oceanic whitetip shark was listed as Threatened under the federal Endangered Species Act in January 2018. The queen conch was listed as Threatened under the federal Endangered Species Act in February 2024. The black-capped petrel was listed as Endangered under the federal Endangered Species Act in December 2023. The pillar coral was reclassified from Threatened to Endangered under the federal Endangered Species Act in December 2024. The Bachman's warbler was removed from the Federal List of Endangered and Threatened Wildlife due to extinction in October 2023. Rule 68A-27.0012, F.A.C., states that if a species is federally listed, it will "be listed by the Commission as a Florida Endangered and Threatened Species by virtue of the federal designation." The proposed final rule also will update the taxonomy of the federally listed Audubon's crested

caracara, Cape Sable seaside sparrow, and Rice's whale (formerly Bryde's whale) for consistency with the Federal List of Endangered and Threatened Wildlife.

### Section III Notice of Changes, Corrections and Withdrawals

#### DEPARTMENT OF HEALTH

##### Board of Hearing Aid Specialists

RULE NO.: RULE TITLE:

64B6-3.0012 Endorsement

#### NOTICE OF CORRECTION

Notice is hereby given that the following correction has been  
made to the proposed rule in Vol. 51 No. 79, April 23, 2025  
issue of the Florida Administrative Register.

The correction is as follows:

The Summary of Statement of Estimated Regulatory Costs and  
Legislative Ratification was incorrectly stated. The summary  
shall now read as follows:

#### SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse  
impact on small business or likely increase directly or indirectly  
regulatory costs in excess of \$200,000 in the aggregate within  
one year after the implementation of the rule. A SERC has not  
been prepared by the Agency.

The Agency has determined that the proposed rule is not  
expected to require legislative ratification based on the  
statement of estimated regulatory costs or if no SERC is  
required, the information expressly relied upon and described  
herein: During discussion of the economic impact of this rule at  
its Board meeting, the Board concluded that this rule change  
will not have any impact on licensees and their businesses or  
the businesses that employ them. The rule will not increase any  
fees, business costs, personnel costs, will not decrease profit  
opportunities, and will not require any specialized knowledge  
to comply. This change will not increase any direct or indirect  
regulatory costs. Hence, the Board determined that a Statement  
of Estimated Regulatory Costs (SERC) was not necessary and  
that the rule will not require ratification by the Legislature. No  
person or interested party submitted additional information  
regarding the economic impact at that time. Any person who  
wishes to provide information regarding a statement of  
estimated regulatory costs or provide a proposal for a lower cost  
regulatory alternative must do so in writing within 21 days of  
this notice.

Petitioner is an inmate of the Department. Pursuant to section  
120.81, Florida Statutes, inmates may only participate in  
administrative proceedings under sections 120.54(3)(c) and (7),  
Florida Statutes. A Petition for Declaratory Statement must be  
brought pursuant to section 120.565, Florida Statutes.  
Accordingly, the Petitioner lacks standing to bring this Petition,  
and the Department lacks jurisdiction to issue a declaratory  
statement to Petitioner.

##### DEPARTMENT OF MANAGEMENT SERVICES

Public Employees Relations Commission

NOTICE IS HEREBY GIVEN that the Public Employees  
Relations Commission (PERC) has declined to rule on the  
petition for declaratory statement filed by The School Board of  
Polk County, Florida on March 06, 2025. The following is a  
summary of the agency's declination of the petition:

PERC declined to issue a declaratory statement regarding  
whether a collective bargaining proposal that would require the  
School Board to place a millage referendum on the next ballot  
and requiring the revenue generated by the millage to be used  
exclusively for paying staff salaries, is within the scope of  
bargaining. PERC declined to answer this question because,  
while the School Board inquired about this issue because it  
might be raised during their next contract negotiations with a  
bargaining agent, this issue had already recently arisen during  
the most recent contract negotiations that bargaining agent. The  
Commission took no position as to whether the conduct of the  
School Board and bargaining agent were lawful, or whether it  
constitutes an unfair labor practice, but declined to answer the  
question which could be the subject of an unfair labor practice  
charge. A declaratory statement is not the appropriate vehicle  
for resolving this question at this time. The final order denying  
the petition for declaratory statement was issued on June 2,  
2025, in Case Number DS-2025-001.

A copy of the Order Declining of the Petition for Declaratory  
Statement may be obtained by contacting: The Clerk, Public  
Employees Relations Commission, 4708 Capital Circle  
Northwest, Suite 300, Tallahassee, Florida 32303-7256.
