PURPOSE AND EFFECT: The purpose of the rule development is to revise the Procedures for Binding Determinations of Agricultural Exemptions, Chapter 5M-15, F.A.C. The proposed language also adds review and response periods that apply to both the landowner and the Water Management Districts and describes when a request is ineligible for a binding determination evaluation.

SUBJECT AREA TO BE ADDRESSED: The subject area of the proposed rule is the process for requesting a binding determination pursuant to Section 373.407, F.S., and for determining whether an existing or proposed agricultural activity qualifies for an exemption from environmental resource permitting under Section 373.406(2), F.S.

DEPARTMENT OF FINANCIAL SERVICES**OIR – Insurance Regulation**

RULE NO.: RULE TITLE:

69O-149.0025 Definitions

PURPOSE AND EFFECT: The primary reason for the proposed change is have Medicare Supplement rate filings be considered a medical expense, such that it would be subject to Rule 69O-149.0025(6)(f), F.A.C., where Florida experience and medical trend are considered when determining rate increases. Currently, companies utilize nationwide experience in conjunction with Florida experience and medical trend to propose rate increases. However, nationwide experience is not an “apples-to-apples” comparison with Florida experience because Florida uses a different rating basis than most states. Additionally, even the other states that use the same rating basis as Florida oftentimes have meaningful rating differences when compared to Florida, making nationwide experience unreasonable to use to justify Florida rate changes.

SUMMARY: Amending 69O-149.0025(15), F.A.C., to have Medicare Supplement be considered a Medical Expense product under Rule 69O-149.0025(15), F.A.C., which will subject it to subsection (6)(f). Also, repealing subsection (c) defining Medicare Supplement for policy form purposes. Section (6)(b)(1) is also amended to clarify that disability with benefit periods of less than 24 months is not considered low expected frequency.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: Agency personnel familiar with the subject matter of the rule amendment have performed an economic analysis of the rule amendment that shows that the rule amendment is unlikely to have an adverse impact on the State economy in excess of the criteria established in Section 120.541(2)(a), Florida Statutes.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
