RULE NO.: RULE TITLE:

15A-10.034 SSS Frequency of Appointments

NOTICE IS HEREBY GIVEN that on November 12, 2025, the Department of Highway Safety and Motor Vehicles, received a petition for variance from Max Ring, requesting a variance from the provisions of Rule 15A-10.034, FAC, which require clients of DUI Special Supervision Services (SSS) to report in person for individual supervision. Petitioner claims he relocated to Alaska in 2021 and, following initial intake for SSS, for which he agrees to appear in person, he alternatively seeks to report thereafter for individual supervision by remote means,

such as teleconference, videoconference, or other approved means. Petitioner cites the costs and logistical challenges of traveling to Florida for individual supervision as substantial financial and logistical hardships justifying the variance sought. Any interested person or other agency may submit written comments on the petition within 14 days after publication of this notice.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Kathy Jimenez-Morales, Chief Counsel, Driver Licenses, Office of General Counsel, 2900 Apalachee Pkwy, Rm A-432, MS 02, Tallahassee, FL 32399, [kathyjimenez@flhsmv.gov](mailto:kathyjimenez@flhsmv.gov), (850)617-3101.

In the Petition, the Petitioner sought a permanent variance waiving the requirement that "[s]upported living coaching services may not be provided under this subsection to individuals who reside in the same home with a legally responsible family member except during transition from the family home into supported living." However, Petitioner failed to provide facts that constitute competent, substantial evidence to support a variance from or waiver of Rule 59G-13.070, F.A.C.

A copy of the Order or additional information may be obtained by contacting: Douglas D. Sunshine, B.C.S., Agency Clerk, Agency for Health Care Administration, 2727 Mahan Drive, Mail Stop #3, Tallahassee, Florida 32308, [Douglas.Sunshine@ahca.myflorida.com](mailto:Douglas.Sunshine@ahca.myflorida.com), (850)412-3689.

On October 16, 2025, the City Commission held the first duly noticed public meeting on the P3 pursuant to Section 255.065(3)(c), Florida Statutes. The City Commission heard comments from affected public entities and members of the public.

On November 20, 2025, the City Commission conducted its second duly noticed public meeting on the P3 pursuant to Section 255.065(3)(c), Florida Statutes. The City Commission again heard comments from affected public entities and members of the public, all of which were supportive of the P3 Proposal. The City Commission adopted a Resolution that the P3 was a qualifying project and determining it to be in the public interest, by a vote of 5 to 0 based upon the following:

##### A. The Public Interest Determination.

The benefits to the public:

The City has a comprehensive system of public parks and recreation, thereby adding to the quality of life of its citizens and community, and enhancing the public health, welfare, wellness, and quality of life.

The Golf Course is an integral part of the City's recreational system, providing access to golfing activities to the general public.

The Proposal will maximize the management, operations, and maintenance of the Golf Course for the public, while minimizing costs and other obligations that the City would otherwise incur in the self-management, operation, and maintenance of the Golf Course.

The Proposal will help the City further market itself as a vibrant and desirable place to live, work, and play, thereby serving as a catalyst for the City's future economic and social well-being.

The Proposal establishes increased benefits to the public in providing a public golf course than the City could otherwise provide on its own.

The Proposal will allow the City to provide increased public benefits to the general public

The financial structure of and the economic efficiencies achieved by the proposal:

The Proposal clearly establishes and delineates the allocation of revenue, costs, expenses, and financial risk amongst the parties. The City shall receive fair market value rents, including escalatory rent provisions, as well as other compensation and/or reimbursements.

The Proposal provides for the professional management, operation, and maintenance of the Golf Course, at a level greater than that which the City could otherwise itself achieve.

The Proposal contemplates certain obligations be imposed upon the City. However, the City has no direct financial responsibility or exposure to the project contemplated by the Proposal. Further, any such obligations imposed upon the City will be substantially reduced than if the City itself were to undertake the purposes of the Proposal.

The City will not be responsible for any losses or financial obligations incurred by the Proposer.

The Proposer will not be required to undertake any financing to accomplish the purposes of the Proposal, other than that as may be required in the ordinary course of business.

The Proposal, by assigning the responsibility of managing, maintaining and operating the Golf Course, will reduce the impact on the City staff and its related resources.

The Proposal therefore provides maximized economic efficiencies in the management, operations, and maintenance of the Golf Course.

The qualifications and experience of the private entity that submitted the proposal and such entity's ability to perform the project:

The Proposer has been actively engaged in all aspects of the management, operations, and maintenance of a public, par-3 golf course for more than sixteen (16) years.

The Proposer's principal owner, Daryl Rice, has similar substantial experience in operating, maintaining and managing public golf courses.

The Proposer and its principal owner have extensive experience in all aspects of managing, operating, and maintaining a public golf course, including a knowledge of relevant statutes, rules, ordinances and regulations concerning the same, specifically including those which are applicable within the City.

The forthcoming comprehensive agreement will have adequate safeguards in place to ensure full compliance with Section 255.065, F.S.

The project's compatibility with regional infrastructure plans:

As the Golf Course has been in existence since circa 1959, and as the Proposal does not include any expansion or other changes from its current configuration and operations as relating to infrastructure needs, the City finds that the project contemplated by the Proposal is compatible with regional infrastructure plans.

The Proposal will not require any amendments to the City's Code of Ordinances, Land Development Code, Plans, zoning classifications, or similar regulatory changes.

Based upon numerous past assessments and discussions regarding recreational activities within the City, the City concludes that the Proposal constitutes a qualified project that is consistent with all regional projects and regional infrastructure plans.

Public comments submitted at the duly noticed public meeting of October 16, 2025:

Two members of the public provided comments at the duly noticed public meeting on October 16, 2025, and four members of the public provided written comments in advance. Each of these members of the public supported the Proposal, stated that they believed the Proposal to be in the public interest, and that the Commission should proceed with the Proposal.

No public comments were received that the Proposal was not in the public interest, or that the City should not proceed with the Proposal. Further, no public comments suggested or requested any changes to the terms of Proposal.

The City and the public will have further opportunities to review, consider, and comment upon the comprehensive agreement for the management, maintenance and operations of the Golf Course. The City believes the public comments made at that time will be sufficiently addressed in the forthcoming comprehensive agreement.

The City finds that the Proposal should proceed after due consideration of the public comments received, all of which supported the Proposal and the City's determination that the Proposal is in the public interest.

The factors considered in making such public interest determinations.

Consistency with the City's Comprehensive Plan, Code of Ordinances and Land Development Code, and all other applicable laws, rules and regulations.

Financial feasibility and the economic viability of the project.

Economic, social, health, well-being and quality of life benefits to the public.

Proper allocation of risk and responsibility between the City and the Proposer.

Public input.

C. The City's findings based on each considered factor.

The Proposal is consistent with the City's Comprehensive Plan, Code of Ordinances and Land Development Code, and all other applicable laws, rules and regulations.

The Proposal is financially feasible and is economically viable.

The Proposal provides substantial benefits, and promotes and advances the economic, social, health, well-being and quality of life of the public.

The Proposal establishes a proper and reasonable allocation of risk and responsibility between the City and the Proposer, and which will be further ensured and detailed in the comprehensive agreement.

The Proposal was unanimously support by all public comments. Further, the City and public will have further opportunities to review, consider, and comment upon the comprehensive agreement for the management, maintenance and operations of the Golf Course. The City believes the public comments made at that time will be sufficiently addressed in the forthcoming comprehensive agreement

The passage of the Resolution was 5 to 0.

The Mayor thereupon declared the Resolution duly passed and adopted on the 20th day of November, 2025.
