RULE NO.: RULE TITLE:

68B-14.004 Recreational Amberjack Season

PURPOSE, EFFECT AND SUMMARY: Gulf of Mexico greater amberjack harvest primarily occur in federal waters but can also be harvested in Gulf state waters. In Gulf federal waters, the species is managed with quotas, size and bag limits, and an open harvest season to prevent overfishing. The most recent stock assessment for Gulf greater amberjack indicated that the stock is overfished and is currently undergoing overfishing. To reduce harvest and end overfishing, the Gulf of Mexico Fishery Management Council (Council) took action to modify the recreational federal fishing season. The new season in Gulf federal waters was implemented by NOAA Fisheries on August 1, 2024.

At its December 2024 meeting, the Florida Fish and Wildlife Conservation Commission approved a rule to modify the recreational season for greater amberjack in Florida's Gulf of Mexico state waters to be consistent with regulations in adjacent federal waters. Specifically, the regulation change modifies the greater amberjack open recreational season to September 1 through October 31, each year in Gulf of Mexico state waters. The purpose of this federal consistency action is to help rebuild the Gulf greater amberjack stock and end overfishing. The effects of this federal consistency action are to modify the greater amberjack season in Gulf of Mexico state waters consistent with the season in adjacent federal waters, thereby reducing the risk of overfishing and harvest closures in federal waters, as well as aid in compliance.

Section VII Notice of Petitions and Dispositions Regarding Declaratory Statements

DEPARTMENT OF FINANCIAL SERVICES

Division of State Fire Marshal

NOTICE IS HEREBY GIVEN that the Department of Financial Services, Division of State Fire Marshal (Department) has received the petition for declaratory statement from Tammy Zurla, on April 21, 2025The petition seeks the agency's opinion as to the applicability of Florida Statute 570.86 / 69A-67 Fire Standards for Nonresidential Farm Buildings as it applies to the petitioner.

The Petitioner has been made aware of an agritourism operator within unincorporated Hillsborough County that is planning to offer summer camp experience to families throughout the summer while school is out. The agritourism operator has several "class 2" farm buildings that he plans on using for various activities. The operator plans to have parents drop their child or children off at 0800 and pick up the children at 1600. The operator will feed, care and supervise the children during this time. It is the view of HCFR that the above-described use fits the definition of daycare use due to the custodial nature of his planned use. The class 2 farm buildings are not subject to the FFPC and are not fire alarmed nor sprinklered.

A copy of the Petition for Declaratory Statement may be obtained by contacting: Sarah Marcos, Sarah.Marcos@myfloridacfo.com
