DEPARTMENT OF ENVIRONMENTAL PROTECTION  
Water Quality Criteria Exemption for Installations Discharging  
Into Class G-I or G-II Ground Water

RULE NO.: RULE TITLE:

62-520.500 Water Quality Criteria Exemptions for Installations Discharging Into Class G-I or G-II Ground Water  
The Department of Environmental Protection (Department) gives notice of its intent to grant a water quality criteria exemption under Rule 62-520.500, Florida Administrative Code, (F.A.C.), from the secondary standards set for color, odor and iron established in Chapter 62-520, F.A.C. The water quality criteria exemption would establish alternative compliance levels for the standard for color, odor and iron for the permitted Class V, Group 3, injection well system associated with the Tohopekaliga Water Authority Southside Water Reclamation Facility located at 5701 Michigan Ave, St. Cloud, Florida 34772, Osceola County. The injection well system consists of the Injection Well No. 1 (IW-1), Shallow Monitor Well No. 1 (SMW-1), and Deep Monitor Well No. 1 (DMW-1), which discharge to Class G-II ground water. The file has been assigned, OGC file number 25-0201. The Petitioner has demonstrated they are entitled to the exemption under Rule 62-520.500, F.A.C. The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Division of Water Resource Management, at 2600 Blair Stone Road, Tallahassee, Florida 32399.

This action is final and effective on the date filed with the Clerk of the Department unless a petition for an administrative hearing is timely filed under Sections 120.569 and 120.57, F.S., before the deadline for filing a petition. On the filing of a timely and sufficient petition, this action will not be final and effective until further order of the Department. Because the administrative hearing process is designed to formulate final agency action, the hearing process may result in a modification of the agency action or even denial of the application. The procedures for petitioning for a hearing are as follows. A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000. Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), F.S., must be filed within fourteen days of

publication of the notice or receipt of written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of such notice regardless of the date of publication. The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) the name and address of each agency affected and each agency's file or identification number, if known; (b) the name, address, and telephone number of the petitioner; (c) the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; (d) an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (e) a statement of when and how the petitioner received notice of the agency decision; (f) a statement of all disputed issues of material fact. If there are none, the petition must so indicate; (g) a concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; (h) a statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and (i) a statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

Because the administrative hearing process is designed to determine final agency action on the application, the filing of a petition for an administrative hearing means that the Department's final action may be different from the position taken in this notice. Persons whose substantial interests will be affected by any such final decision of the Department have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation under Section 120.573, F.S. is not available.
