THE FULL TEXT OF THE PROPOSED RULE IS:

6A-1.094124 Required Instruction Planning and Reporting.

(1)(a) Each year school districts must submit a Required Instruction Implementation Plan that describes how instruction will be provided for topics in Section 1003.42(2)(a)-(o) and (q)-(w)(+), F.S., for the upcoming school year.

(b) No change.

(c) ~~Except for the 2024-25 school year, the implementation plan is due annually no later than July 1. For the 2024-25 school year, the implementation plan is due no later than August 15, 2024.~~

(2) No change.

(3) As provided in Section 1003.42(2), F.S., members of instructional staff in public schools must teach the required instruction topics efficiently and faithfully, using materials that

meet the highest standards of professionalism and historical accuracy.

(a) Efficient and faithful teaching of the required topics must be consistent with Florida's the state academic standards and the Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards.

(b) Instruction on the required topics must be factual and objective, and may not suppress or distort significant historical events, such as the Holocaust, the atrocities committed by communist governments, slavery, the Civil War and Reconstruction, the civil rights movement and the contributions of women, African Americans, Asian Americans, Pacific Islanders, American and Hispanic Americans people to our country, as already provided in Section 1003.42(2), F.S. Examples of theories that distort historical events and are inconsistent with State Board approved standards include the denial or minimization of the Holocaust, and the teaching of Critical Race Theory, meaning the theory that racism is not merely the product of prejudice, but that racism is embedded in American society and its legal systems in order to uphold the supremacy of white persons. Instruction may not utilize material from the 1619 Project and may not define American history as something other than the creation of a new nation based largely on universal principles stated in the Declaration of Independence. Instruction must include the U.S. Constitution, the Bill of Rights and subsequent amendments.

(c) Efficient and faithful teaching further means that any discussion is appropriate for the age and maturity level of the students, and teachers serve as facilitators for student discussion and do not share their personal views or attempt to indoctrinate or persuade students to a particular point of view that is inconsistent with Florida's the state academic standards and the Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards.

(4) through (6) No change.

(7) The History of the Holocaust (1933-1945) and The History of African Americans.

(a) through (b) No change.

(c) Beginning with the 2024-25 school year, the certification is due annually by July 1. The certification for the 2023-24 school year is August 15, 2024.

(8) through (9) No change.

Section IV
Emergency Rules

DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

Division of Food Safety

RULE NO.: RULE TITLE:

5KER26-9 Requirement to Label Kratom Products
SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: On July 1, 2026, the Attorney General of Florida adopted Emergency Rule 2ER26-1, adding seven compounds that, when concentrated at a level above 1,000 parts per million (1 mg/g for powders and solids or 1mg/mL for liquids) or when present at a ratio greater than 1 to 100 parts of mitragynine in any product, to the list of Schedule I Controlled Substances in subsection 893.03(1)(a), F.S. Kratom Products are food products sold in Florida that may contain the listed compounds, their isomers, esters and ethers. In order to protect the public health, safety, and welfare, the Department is adopting this emergency rule to require labeling of Kratom Products that discloses the concentration of the seven compounds and their isomers, esters, and ethers, and the alkaloid ratio of those compounds to the total amount of mitragynine in the product. The rule provides requirements for reporting the concentrations and provides parameters for how the concentrations and the alkaloid ratio should be displayed permanently on the product label to provide the public adequate notice of the contents. The rule also identifies three of the seven compounds that do not meet the definition Kratom Products and clarifies that these compounds should not be present in food products. Without this information clearly and conspicuously identified on the product label, consumers may not know how much of a potentially controlled substance they are consuming or that a product is adulterated, and businesses may not know whether they are buying and selling prohibited products.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: This rule is fair and justified because it takes only the actions necessary to protect

public health, safety, and welfare by ensuring Kratom Products are properly labeled to put consumers on notice that the product contains certain compounds that are controlled substances in certain quantities or are adulterants.

SUMMARY: The rule provides labeling requirements for potentially controlled substances and adulterants that may be found in Kratom Products.

THE FULL TEXT OF THE EMERGENCY RULE IS:

5KER26-9 Requirement to Label Kratom Products.

(1) Kratom Products, as defined in Rule 5K-4.030, F.A.C., shall declare on the label the concentration of the following compounds, including the isomers, esters, ethers, salts, and salts of isomers, esters, and ethers, whenever the existence of such isomers, esters, ethers, and salts is possible within the specific chemical designation for each, expressed in milligrams per gram (mg/g) for solid or powdered Kratom Products and milligrams per milliliter (mg/mL) for liquid Kratom Products:

(a) 7-Hydroxymitragynine - (methyl (E)-2-[(2S,3S,7aS,12bS)-3-ethyl-7a-hydroxy-8-methoxy-2,3,4,6,7,12b-hexahydro-1H-indolo[2,3-a]quinolizin-2-yl]-3-methoxyprop-2-enoate);

(b) 9-Hydroxycorynantheidine (9-O-Demethylmitragynine) - methyl (E)-2-[(2S,3S,12bS)-3-ethyl-8-hydroxy-1,2,3,4,6,7,12,12b-octahydroindolo[2,3-a]quinolizin-2-yl]-3-methoxyprop-2-enoate;

(c) 10-Hydroxycorynantheidine ((20S)-10-hydroxycorynantheidine) - Methyl (E)-2-[(2S,3S,12bS)-3-ethyl-9-hydroxy-1,2,3,4,6,7,12,12b-octahydroindolo[2,3-a]quinolizin-2-yl]-3-methoxyprop-2-enoate;

(d) Mitragynine pseudoinoxyl - Methyl (E)-2-[(2S,6'S,7'S,8'aS)-6'-ethyl-4-methoxy-3-oxospiro[1H-indole-2,1'-3, 5, 6, 7, 8, 8a-hexahydro-2H-indolizine, -7'-yl]-3-methoxyprop-2-enoate;

(e) 7-Acetoxymitragynine - Methyl (E)-2-[(2S,3S,7aS,12bS)-7a-acetyloxy-3-ethyl-8-methoxy-2,3,4,6,7,12b-hexahydro-1H-indolo[2, 3-a] quinolizin-2-yl]-3-methoxyprop-2-enoate;

(f) Dihydro-7-hydroxymitragynine (MGM-15) - (E)-methyl 2-((2S,3S,7aS,12aR,12bS)-3-ethyl-7a-hydroxy-8-methoxy-1,2,3,4,6,7,7a,12,12a,12b-decahydroindolo[2,3-a]quinolizin-2-yl)-3-methoxyacrylate; and

(g) 9-Fluoro-7-hydroxymitragynine (MGM-16) - (E)-methyl 2-((2S,3S,7aS,12aR,12bS)-3-ethyl-9-fluoro-7a-hydroxy-8-methoxy-1,2,3,4,6,7,7a,12,12a,12b-decahydroindolo[2,3-a]quinolizin-2-yl)-3-methoxyacrylate.

(2) The compounds included in paragraphs (1)(e), (1)(f), and (1)(g) do not meet the definition of a Kratom Product as provided in s. 500.92, F.S., and rule 5K-4.030, F.A.C., and are therefore adulterants. These compounds cannot be present in a Kratom Product.

(3) If any of the concentrations required in subsection (1) are below the method detection limit, the method detection limit shall be used as the stated concentration. The sum total of the measured concentrations and method detection limits, whichever are greater for each compound, must be less than 1 mg/g or 1 mg/L for solids and liquids, respectively.

(4) Kratom Products shall declare the alkaloid ratio on the label. The alkaloid ratio is the combined total mass in milligrams, of each compound listed in paragraphs (1)(a) through (1)(g) to the total amount, in milligrams, of mitragynine in the Kratom Product, expressed in whole integral numbers. For example, a Kratom Product weighing more than 5g with 1.1 mg of 7-Hydroxymitragynine and 3.6 mg of Mitragynine pseudoinoxyl and 500.2 mg of total mitragynine would be expressed as "Alkaloid Ratio 5 mg:500 mg".

(5) The concentrations required in paragraphs (1)(a) through (1)(g) and the alkaloid ratio required by subsection (4) shall be permanently affixed to the Kratom Product package in a clear and conspicuous manner, including using a color, type size, and contrasting background that render the information likely to be read and understood by the ordinary individual under customary conditions of purchase and use, and does not include affixing the required information solely to the bottom of the container.

(6) The sale of Kratom Products in violation of Rule 5K-4.030, F.A.C., or of this emergency rule shall be subject to penalties as provided in subsection 5K-4.030(5), F.A.C. RULE NO.: RULE TITLE:

61C-4.010 Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice: On June 11, 2026 the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(2)(a), Florida Administrative Code, subsection 61C-4.010(7) Florida Administrative Code and subsection 61C-4.010(6), Florida Administrative Code, and Section 6-40.11. 2017 FDA Food Code from Hula Kai Restaurant LLC. located in Fort Lauderdale. The above referenced F.A.C. addresses the requirement that at least one accessible bathroom be provided for use by customers and employees. They are requesting to utilize bathrooms located on a different level.

The Petition for this variance was published in Vol. 52/114 on June 12, 2026. The Order for this Petition was signed and approved June 23, 2026, after a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the bathrooms located on the 1st floor are maintained in a clean and sanitary manner and are provided with hot and cold running water under pressure, soap, approved hand drying devices, handwash sign and are available during all hours of operation. The Petitioner shall also ensure that directional signage is installed in the main restaurant area clearly stating the location of the bathrooms.

NOTICE IS HEREBY GIVEN that Division of Florida Condominiums, Timeshares, and Mobile Homes, Department of Business and Professional Regulation, State of Florida has received the petition for declaratory statement from Ventura Lakes MHC-NM LLC. The petition seeks the agency's opinion as to the applicability of Section 723.059, F.S. as it applies to the petitioner.

The Petitioner requests a declaratory statement for the following: (1) Under section 723.059(3), F.S., when a purchaser of a P1 mobile home at Ventura Lakes is approved for tenancy and intends to become a resident of the park, does the purchaser have the right to assume the seller's existing lot rental amount and rental terms for the remainder of the annual rental-agreement term then in effect, ending on the next January 1 rent-adjustment date? (2) Does section 723.059(5), F.S., which provides that lifetime leases are not assumable except as stated therein, prohibit only the assumption of the lifetime lease itself, while leaving intact the separate right under section 723.059(3) to assume the remainder of the current rental-agreement term? (3) May a mobile home park owner impose market rent immediately upon transfer of a P1 home, before expiration of the seller's current annual rental-agreement term, based solely on the fact that the seller's lease is a lifetime lease? (4) Do sections 723.059(3), 723.059(4), and 723.059(5), F.S., when read together, permit the following result: the purchaser of a P1 home may not assume the seller's lifetime lease or lifetime renewal rights, but may assume the seller's existing lot rental amount and rental terms only through the end of the current

NOTICE IS HEREBY GIVEN that Division of Florida Condominiums, Timeshares, and Mobile Homes, Department of Business and Professional Regulation, State of Florida has received the petition for declaratory statement from Royal Palm Village, LLC: Frederick Osier. The petition seeks the agency's opinion as to the applicability of Sections 723.016 and 723.017, F.S. as it applies to the petitioner.

The Petitioner requests a declaratory statement concerning the following: (1) Does the Division's regulatory authority under 723.016, F.S. grant the Division administrative authority to investigate, regulate, or penalize materially false or misleading advertising and promotional representations made by a mobile park owner? (3) Does the Division interpret Chapter 723 as protecting homeowners beyond the initial sale or rental transaction when promotional representations continue to be publicly maintained and relied upon throughout the duration of their tenancy? (4) Does the Division interpret Chapter 723 as limiting the enforcement of false advertising provisions exclusively to private civil litigation under 723.017, or does the Division retain independent regulatory and administrative enforcement authority to correct deceptive advertising practices. DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Florida Condominiums, Timeshares and Mobile Homes

NOTICE IS HEREBY GIVEN that Division of Florida Condominiums, Timeshares, and Mobile Homes, Department of Business and Professional Regulation, State of Florida has received the petition for declaratory statement from Royal Palm Village, LLC.: Frederick Osier. The petition seeks the agency's opinion as to the applicability of Sections 723.005, 723.011, 723.012, and 723.031, F.S. Rules 61B-30.002, 61B-31.001, and 61B-31.002, F.A.C. as it applies to the petitioner.

The Petitioner seeks an interpretation clarifying the following:

(1) Does the Division possess authority under Chapter 723 or Florida Administrative Code 61B, Florida Statutes, to review, investigate, or require correction of integrated prospectus documents distributed to residents where such documents materially affect homeowner rights, obligations, disclosures, or representations governed under Chapter 723? (2) Where Chapter 723 does not expressly define or authorize an "integrated prospectus," does the Division interpret such consolidated documents as: Unofficial convenience collection, regulated disclosure instruments, or documents outside the Division's authority entirely? (3) May homeowners reasonably rely upon integrated prospectus documents distributed by park owners as accurate representations of officially filed and approved prospectus materials under Chapter 723? (4) May the park owners represent amendments or integrated prospectus materials as "approved" where the Division reviewed only procedural filing compliance? (a) This impacts both the lot tenancy obligations and a resident's ability to know which rules are legally binding. (b) Does the Division interpret Sections 723.011 and 723.012 as permitting the distribution of consolidated prospectus materials implying substantive Division approval where no substantive review occurred? (5) Does the Division interpret Section 723.005 as permitting the agency to disclaim authority over consolidated disclosure documents where those documents might materially affect: lot rental obligations, homeowners rights, park rules, disclosures, or statutory protections established under Chapter 723? Case no. 2026-043607.

The Petitioner requests clarification of the following: (1) Does Chapter 723, Florida Statutes, permit a mobile home park owner to implement a blanket policy refusing to accept, consider, or respond to community grievances solely because they are compiled and submitted by elected HOA officers on behalf of other residents? (2) Are elected HOA officers and directors acting within the lawful scope of Chapter 723 when they collect, organize, and communicate multiple resident grievances to park management? Endangered and Threatened Native Flora Conservation Grants Program

The FDACS Division of Plant Industry is soliciting applications for review for the 2027 ENDANGERED AND THREATENED NATIVE FLORA CONSERVATION GRANTS PROGRAM. The 1997 Florida Legislature authorized the program to support the protection, curation, propagation, reintroduction, and monitoring of native plant species of the state that are endangered or threatened and is contingent on an annual appropriation.

Who is eligible to apply?

By law, a qualified corporation is:

- a not-for-profit corporation pursuant to s. 501(c) (3) of the Internal Revenue Code of 1954.
- is described in and allowed to receive contributions pursuant to the provisions of s. 170 of the Internal Revenue Code of 1954.
- is a corporation not for profit, incorporated pursuant to Chapter 617 Florida Statutes.
- can demonstrate, based on program criteria described below, the ability to protect, conserve, propagate, reintroduce, and monitor endangered and threatened native flora.

What specific criteria must the applicant document be eligible for consideration?

The law requires that each applicant must successfully document:

- (1) Existing conservation experience with endangered and threatened native flora.
- (2) Existing facilities appropriate for program needs.
- (3) Existing programs administered by the corporation that successfully protect, conserve, propagate, reintroduce, and monitor native flora.
- (4) Existing record keeping and data that is accessible to national databases of endangered and threatened plants.
- (5) Qualified staff with demonstrated experience in native plant conservation.
- (6) Documentation of collaboration with related state, national, or international conservation programs.
- (7) Successful experience propagating and reintroducing endangered and threatened native flora.
- (8) Public exhibit programs publicizing the conservation of native species and the importance of the conservation effort.
- (9) Fiscal stability and ability to match grant funding.

What projects are eligible for funding?

Activities that may receive Endangered and Threatened Native Flora Conservation grant funding are:

- Activities that provide recognition of those native floras to the state that are endangered and threatened.

- Activities that encourage, within a controlled program, the protection, curation, propagation, reintroduction, and monitoring of native flora identified as endangered or threatened.

Local Match

In all cases, applicants eligible to receive state funds must document matching funds. Local match may be in the form of cash, in-kind services, donated services, or materials.

Application Deadline

To be considered for funding, applications must be delivered to the Division of Plant Industry on or before 5:00 p.m., July 31, 2026, or clearly postmarked or show evidence of submission to an express mail service on or before the same time and date.

Application Review and Project Selection

All eligible applications will be evaluated competitively by the Endangered Plant Advisory Council at a public meeting scheduled for the fall of 2026. The Council consists of members appointed by the Florida Commissioner of Agriculture. The Council will review the applications in accordance with the criteria and procedures established in Florida Statute 581.185 and Rule Chapter 5B-40, Florida Administrative Code. The Council will make a recommendation, based on applications received and the qualifications of each applicant, to the Commissioner of Agriculture. A level of funding (full or partial) will be suggested for each project recommended.

Final selection of projects for inclusion in the Department of Agriculture and Consumer Services 2027 legislative budget request will be made by the Florida Commissioner of Agriculture and based on Council recommendations.

The selection will not result in an immediate grant award. Rather, the proposed grants will be subject to the Department's budget request approval before the 2027 Legislature. The award and level of funding of each project will be subject to legislative consideration.

If projects receive 2027 legislative funding, funds will become available after July 1, 2027, the beginning of the next fiscal year. The funds will need to be obligated by June 30, 2028. Any unexpended balance of grant funds not under terms of a contract will revert to the state.

Administrative Requirements

Grantees will be required to sign a grant award contract to receive grant funds. The Division shall prepare the grant award contract and shall contain by reference all regulations, rules, and other conditions governing the grant award. In addition, each grant recipient shall cause an annual post-audit to be conducted by an independent certified public accountant. The annual audit report must be submitted to the Department for review.
