Section II

Proposed Rules

SOUTH FLORIDA WATER MANAGEMENT DISTRICT

RULE NO.: RULE TITLE:

40E-7.511 Policy and Purpose

40E-7.539 Penalties

PURPOSE AND EFFECT: During the 2025 legislative session, the Florida Legislature passed Senate Bill 108 (SB 108), which created section 120.5435, Florida Statutes (F.S.), and amended section 120.74, F.S. As part of the new requirements under SB 108, each agency, in coordination with the Joint Administrative Procedures committee (JAPC), must review all of its existing rules by July 1, 2030. To comply with these requirements, the District's 2025-2026 Regulatory Plan included substantive changes to Rules 40E-7.511 and 40E-7.539, F.A.C., to ensure congruity with statutory authority by deleting language that paraphrases statutory provisions, deleting a statutory reference that is obsolete, and correcting a typographical error in rulemaking authority.

SUMMARY: The South Florida Water Management District ("District") is proposing the following three amendments: 1) delete subsection 373.59(11), F.S. referenced in Rule 40E-7.511, F.A.C.; 2) delete subsection 40E-7.511(2), F.A.C., because the language paraphrases subsection 373.1395(2), F.S., and remove the number (1) from the first paragraph; and 3) delete subsection 40E-7.539(1), F.A.C., because the language paraphrases section 373.609, F.S., and renumber paragraphs (2) and (3) as paragraphs (1) and (2). The District is also proposing to correct a typographical error in the rulemaking authority for Rule 40E-7.511, F.A.C., to reflect that section 279.101, F.S. should be section 259.101, F.S.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The agency has determined that this rule will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency. The

Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The District completed the Governor's Office of Fiscal Accountability and Regulatory Reform (OFARR) form "Is a SERC Required?" and prepared a summary of the proposed rule amendments, both of which are available upon request. Based on the completed "Is a SERC Required?" form and the District's summary and analysis performed to prepare and complete said documents, the proposed rule amendment does not require legislative ratification pursuant to subsection 120.541(3), F.S.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY (formerly "Specific Authority"): 259.101, 373.044, 373.113, 373.171, F.S.

IF REQUESTED IN WRITING AND NOT DEEMED UNNECESSARY BY THE AGENCY HEAD, A RULE DEVELOPMENT WORKSHOP WILL BE NOTICED IN THE NEXT AVAILABLE FLORIDA ADMINISTRATIVE REGISTER.

64B8-2.001 Definitions

PURPOSE AND EFFECT: The Board proposes the rule amendment to update the rule language and remove outdated language regarding military service.

SUMMARY: To update the rule language and remove language regarding military service.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

The Department of Environmental Protection hereby gives notice: of its determination (pursuant to section 120.542, Florida Statutes, in File No. 0186015) to grant a variance to the Bonita Springs Utilities, Inc. Petition for a Variance. The Petition was received on January 15, 2025. Notice of receipt of this Petition was published in the Florida Administrative Register on January 29, 2025. The petition requested a variance from paragraph 62 521.400(1)(f), F.A.C., to construct a Class I underground injection well, as regulated in Chapter 62-528, F.A.C., within a five hundred (500) foot radial setback distance around a drinking water supply well.
