SUMMARY: Updates to the Podiatric resident application for resident registration.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

NOTICE OF DISPOSITION FOR VARIANCE OR WAIVER
NOTICE IS HEREBY GIVEN that on August 21, 2026, the Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants, On July 28, 2026 the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and Paragraph 5-202.11(A), 2017 FDA Food Code from BC Key Largo TRC LLC located in Key Largo. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and 3-compartment sink.

The Petition for this variance was published in Vol. 52/146 on July 29, 2026. The Order for this Petition was signed and approved on August 21, 2026. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink and 3-compartment sink are emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that the handwash sinks are provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign

A copy of the Order may be obtained by contacting: Daisy.Aleman@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.

The purpose of this project is to increase capacity, improve traffic operations, and enhance safety on I-75 from Golden Gate Parkway to Alico Road within Collier and Lee Counties. Proposed improvements include adding segments of additional lanes (including auxiliary and express lanes) in both directions, a new diverging diamond interchange at Immokalee Road, ramp modifications at key interchanges, resurfacing, and noise walls at qualifying locations.

This project has been advanced as a part of the Moving Florida Forward Infrastructure Initiative, a statewide effort to deliver congestion relief faster and more efficiently to Florida's residents and visitors. As population and development increase, congestion on I-75 will continue to worsen without added capacity. These improvements are designed to meet travel needs well into the future.

If you have questions about the project, please contact FDOT's Interstate Community Outreach Team by email at: I75Improvements@atkinsrealis.com or by phone at (239)322-3131. Stay informed and sign up project updates by visiting <https://www.swflroads.com/project/452544-1>.
