Section II

Proposed Rules

FISH AND WILDLIFE CONSERVATION COMMISSION

Vessel Registration and Boating Safety

RULE NO.: RULE TITLE:

68D-24.003 Criteria for Establishing Boating Restricted Areas.

PURPOSE AND EFFECT: Section 327.46, F.S., was recently amended to expand the circumstances under which local governments may establish certain boating restricted areas. Amendments to this rule are needed to align the Commission's criteria for establishing boating-restricted areas with those statutory changes and maintain consistency in the establishment of boating-restricted areas. Furthermore, the amendments incorporate a provision that allows consideration of gaps between adjacent boating-restricted areas when determining appropriate zone boundaries.

SUMMARY: The proposed amendment incorporates recent statutory changes to section 327.46(1)(c)1., F.S., which now allows boating restricted areas created by ordinance to extend beyond 300 feet from a blind corner, if certain criteria are met. This rule change will provide for consistent criteria for boating restricted areas created by local government and by the Commission.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this rule will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days after publication of this notice.

RULEMAKING AUTHORITY: 327.04, 327.46, FS.

LAW IMPLEMENTED: 327.46, FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Shayna Fisher, Boating and Waterways Section, Division of Law Enforcement, 620 South Meridian Street, Tallahassee, Florida 32399, shayna.fisher@myfwc.com; (850)617-9530.

THE TEXT OF THE PROPOSED RULE IS:

68D-24.003 Criteria for Establishing Boating Restricted Areas.

(1) through (3) No change.

(4) When the Commission is determining whether a boating restricted area is necessary to protect public safety under the statutory criteria of boating accidents, visibility, hazardous water levels or currents, vessel traffic congestion, and/or other navigational hazard, the following data, as applicable, will be considered.

(a) Visibility:

1. A blind corner is presented where an intervening obstruction to visibility prevents the operator of a vessel on one of the water bodies from seeing a vessel on the other water body at a distance of 300 feet or less from the confluence.

a. A boating restricted area established pursuant to this subsection may extend up to 1,000 feet from the confluence (intersection) of water bodies presenting a blind corner when competent substantial evidence demonstrates that the extended area is necessary to ensure safe navigation and visibility for approaching vessels.

b. In determining whether an extended area is necessary to ensure safe navigation and visibility for approaching vessels, the Commission will consider available sight distance;

waterway characteristics, including channel alignment, curvature, width, and navigational constraints; vessel traffic patterns; vessel operating characteristics; physical obstructions to visibility; navigation or engineering studies; and other competent substantial evidence relevant to navigation safety and visibility.

2. No Change.

(b) through (d) No change.

(5) A boating restricted area may be established to close the gap with a "slow speed, minimum wake" zone where there are two or more existing or newly created boating restricted areas that are separated by 500 feet or less, such that acceleration of vessels between the areas is unsafe or presents a risk of collision. The drawings provided in this chapter are intended to provide information to assist the boat operator in locating the boating restricted areas depicted. The drawings are not to scale and should not be used for navigation purposes. The text of these rules is controlling and dispositive of the exact location of the boundaries of each boating restricted area.

(6) The drawings provided in this chapter are intended to provide information to assist the boat operator in locating the boating restricted areas depicted. The drawings are not to scale and should not be used for navigation purposes. The text of these rules is controlling and dispositive of the exact location of the boundaries of each boating restricted area.

The following changes were made to 2026-27 CAPE Industry Certification Funding List:

Addition of a new credential, Thinkable Program Development and Problem-Solving Core Principles.

Updates and additions to CAPE Digital Tool Certificates offered by Isograd Inc. The revisions establish separate funding parameters for the Basic and Productive performance levels and align those performance levels with the appropriate grade level funding eligibility. Collectively, these revisions establish a consistent funding structure for the affected TOSA Digital Tool Certificates. Basic-level certifications are authorized for funding in grades K-5, while Productive level certifications are authorized for funding in grades 6-8. The revisions also allow the applicable performance levels to be separately identified for reporting and funding purposes while maintaining the certifications' classification as CAPE Digital Tool Certificates. As part of these revisions, certain existing certifications were updated to reflect the applicable minimum performance level and grade level range, while additional certifications were added to the 2026-27 CAPE Industry Certification Funding List. The following provides a detailed account of the revisions:

o For TOSA DigComp, ISOGR801 was revised to designate Basic as the minimum performance level for funding, with funding eligibility limited to grades K-5. ISOGR814 was added to the 2026-27 CAPE Industry Certification Funding List to recognize the Productive performance level, with a minimum performance level of Productive required for funding and eligibility limited to grades 6-8.

o For TOSA CyberCitizen, ISOGR802 was revised to designate Basic as the minimum performance level for funding, with funding eligibility limited to grades K-5. ISOGR815 was added to recognize the Productive performance level, with a minimum performance level of Productive required for funding and eligibility limited to grades 6-8.

o For TOSA Google Docs, ISOGR803 was revised to designate Basic as the minimum performance level for funding and establish funding eligibility for grades K-5. ISOGR816 was added to recognize the Productive performance level, with funding eligibility limited to grades 6-8. Similarly, TOSA Google Sheets ISOGR804 and TOSA Google Slides ISOGR805 were revised to designate Basic as the minimum performance level for funding and establish funding eligibility for grades K-5. ISOGR817, representing the Productive level for TOSA Google Sheets, and ISOGR818, representing the Productive level for TOSA Google Slides, were added to the 2026-27 CAPE Industry Certification Funding List with a minimum performance level of Productive and funding eligibility limited to grades 6-8.

o For the Microsoft-related TOSA certifications, TOSA Excel ISOGR806, TOSA PowerPoint ISOGR807, and TOSA Word ISOGR808 were revised to designate Basic as the minimum performance level for funding, with funding eligibility limited to grades K-5. Corresponding Productive level certifications were added to the 2026-27 CAPE Industry Certification Funding List to establish funding eligibility for students in grades 6-8. ISOGR819 was added for TOSA Excel, ISOGR820 was added for TOSA PowerPoint, and ISOGR821 was added for TOSA Word, with a minimum performance level of Productive required for funding. A Productive level certification for TOSA Word was also added to establish the same performance and grade level funding parameters.

o For the TOSA Adobe certifications, the existing certifications were revised to designate Productive or higher as the minimum performance level for funding and to establish funding eligibility for grades 6-8. These revisions apply to TOSA Adobe Illustrator ISOGR809, TOSA Adobe InDesign ISOGR810, TOSA Adobe Photoshop ISOGR811, and TOSA Adobe Premiere Pro

ISOGR812. Corresponding Basic-level certifications were added to the 2026-27 CAPE Industry Certification Funding List to establish funding eligibility for students in grades K-5. These additions include ISOGR823 for TOSA Adobe Illustrator, ISOGR824 for TOSA Adobe InDesign, ISOGR825 for TOSA Adobe Photoshop, and ISOGR826 for TOSA Adobe Premiere Pro. Each newly added certification requires a minimum performance level of Basic for funding.

o For TOSA Python, ISOGR813 was revised to designate Basic as the minimum performance level for funding, with funding eligibility limited to grades K-5. ISOGR822 was added to the 2026-27 CAPE Industry Certification Funding List to recognize the Productive performance level, with a minimum performance level of Productive required for funding and eligibility limited to grades 6-8.

RULE NO.: RULE TITLE:

69O-138.003 Market Conduct Exam Methodology
NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with section 120.54(3)(d)1., F.S., published in Vol. 52 No. 112, June 10, 2026, issue of the Florida Administrative Register.

69O-138.003 Market Conduct Exam Methodology

The Office will prioritize scheduling and conducting market conduct examinations of insurers and other entities regulated by the Office based on the following selection methodology.

(1) Definitions. The following words and phrases, when used in this rule shall have the following meanings, except where the context clearly indicates a different meaning:

(a) “Complaint” means a communication to the Division, made by an insured or named beneficiary, primarily expressing a grievance or dissatisfaction over the handling of any insurance transaction in which the Office has regulatory authority. This term does not include complaints against an incorrect entity; complaints relating to any form of alternative dispute resolution process; complaints that include a hurricane trend; complaints in which the Office has no regulatory authority; complaints which are duplicative, harassing or frivolous; and suspected fraudulent claim complaints.

(b) “Claims-handling Complaint” means a Complaint over the handling of a claim, alleging one or more of the matters described in s. 624.3161(8)(b), F.S., submitted only by an insured or named beneficiary. This term does not include claims complaints against an incorrect entity; complaints relating to any form of alternative dispute resolution process; complaints that include a hurricane trend; complaints in which the Office has no regulatory authority; complaints which are duplicative, harassing or frivolous; and suspected fraudulent claim complaints.

(c) “Complaint Index” means, for an insurer, insurer group, or entity regulated by the Office and a line of insurance, the index is calculated by dividing its complaint share by its market share for that line of insurance.

(d) “Complaint Share” means the percentage of complaints reported to the Office by the Division relevant to specific insurers, insurer groups, or other entities regulated by the Office for any given line of insurance when compared to the total complaints reported to the Office by the Division for that line of insurance.

(e) “Office” means the Office of Insurance Regulation.

(f) “Direct Written Premium” means a consideration paid, or to be paid, to the insurer for the issuance and delivery of any binder or policy of insurance or annuity written directly to the consumer.

(g) “Division” means the Division of Insurance Consumer Services, a division within the Department of Financial Services.

(h) “Insurer” includes every individual, company, association, organization, partnership, syndicate, business trust, corporation or legal entity engaged as indemnitor, surety or contractor, holding a certificate of authority issued by the Office, which is authorized to enter into contracts of insurance or annuity.

(i) “Line of Insurance” means the subclassifications of kinds of insurance which are required to be annually reported on the standardized Annual Statement adopted by the Office.

(j) “Market Share” means the percentage of the direct written premiums when compared to the total direct written premiums in the State of Florida for a given line of insurance.

(k) “Reporting Period” means the preceding calendar year, as reflected on the standardized Annual Statement adopted by the Office.

~~(2)(a)(4)~~ Priority 1 - Statutorily Required Examinations,:

(a) through (c) renumbered 1. through 3. No Changes

~~(b)(2)~~ Priority 2 - Post-hurricane Required Examinations, pursuant to s. 624.3161(7), F.S.,:

For purposes of this paragraph, residential property claim complaints used in calculating the top 20 percent of insurers are limited to hurricane-related claims and hurricane-related trends and do not include complaints against an incorrect entity; complaints relating to any form of alternative dispute resolution process; complaints in which the Office has no regulatory authority; complaints which are duplicative, harassing or frivolous; and suspected fraudulent claim complaints.

~~(c)(3)~~ Priority 3 - Identified Market Concerns, pursuant to s. 624.3161(8), F.S.,:

(a) through (c) renumbered 1. through 3. No Change

~~(d)(4)~~ Priority 4 - Non-statutory Examinations, pursuant to s. 624.3161(8), F.S.,:

~~1.(a)~~ Complaint data analysis, as evaluated under the methodology in paragraphs (2)(f) and (2)(g) of this rule including the existence of a disproportionate number of claims-handling complaints,

(b) through (d) renumbered 2. through 4. No change.

(e) Pursuant to s. 624.3161(8), F.S., the Office may exercise its discretion to determine what information received or gathered warrants a Priority 3 or Priority 4 market conduct examination for insurers, insurer groups, and other entities regulated by the Office with regard to:

1. An insurance regulator in another state has initiated or taken regulatory action against the insurer or entity regarding an act or omission of such insurer or entity which, if committed in this state, would constitute a violation of the laws of this state or any rule or order of the Office or department.

2. The results of a National Association of Insurance Commissioners Market Conduct Annual Statement indicate that the insurer is a negative outlier with regard to particular metrics.

3. Evidence that the insurer is violating or has violated the Unfair Insurance Trade Practices Act, and

4. Any other conditions the Office deems necessary for the protection of the public, including a disproportionate number of complaints as determined under paragraph (2)(f).

(f) Pursuant to the authority under s. 624.3161(8)(f), F.S., as a condition the Office deems necessary for the protection of the public, the selection methodology that will be used by the Office to initially evaluate a disproportionate number of complaints against insurers, insurer groups, and other entities regulated by the Office under Priority 3 and Priority 4 is as follows:

1. Starting in April of 2027 and each reporting period after, the Office shall create the complaint index for individual insurers, insurer groups, and entities regulated by the Office, reporting market share in any line of insurance within this state as shown on the standardized Annual Statement adopted by the Office.

2. Direct premiums written for each insurer, insurer group, and entity regulated by the Office for each line of insurance will be compared to the total direct premiums written for each line of insurance to determine the market share. A minimum market share will not be established for purposes of this rule.

3. Complaint information for the reporting period will be obtained from the Division for individual insurers, insurer groups, and entities regulated by the Office.

4. Complaint information will be subdivided by line of insurance. Each line of insurance requires a minimum threshold of 50 complaints to calculate a complaint index.

5. A complaint share for each insurer, insurer group, and entity regulated by the Office will be determined by line of insurance based on the complaint information received by the Division.

6. A complaint index for each insurer, insurer group, and entity regulated by the Office will be calculated, for each line of insurance, by dividing the complaint share by the market share of direct written premium for that line of insurance.

7. A complaint index greater than 1.5 for a line of insurance will be treated as an elevated complaint index for purposes of this subsection, indicating that the insurer, insurer group, or entity has a complaint share more than 1.5 times its market share for that line of insurance.

8. For an insurer, insurer group, or entity with an elevated complaint index, the Office will evaluate the underlying complaint information to identify each reason for the complaints.

9. If the Office determines that a complaint index and the reasons contained in the underlying complaint information identify a negative trend in the business practices of the insurer, insurer group or entity regulated by the Office or may be causing consumer harm, the Office shall provide the complaint

index and underlying complaint information to the insurer, insurer group, or entity regulated by the Office for review to ensure the data does not contain anomalies or false positives.

10. Based on completion of the review by the insurer, insurer group, or entity regulated by the Office, the Office may determine that a market conduct examination of the insurer, insurer group, or entity regulated by the Office is merited.

(g) Pursuant to s. 624.3161(8)(b), F.S., the Office will also determine whether an insurer, insurer group, or entity regulated by the Office has a disproportionate number of claims-handling complaints. In determining whether there is a disproportionate number of claims-handling complaints, the processes set forth in paragraph (2)(f) shall apply, but shall be limited to claims-handling complaints as defined in paragraph (1)(b). Given the insurer's market share, a claims-handling complaint index greater than 1.5 for a line of insurance will be treated as an elevated claims-handling complaint index for purposes of this subsection. The Office shall provide the complaint index and underlying complaint information to the insurer, insurer group, or entity regulated by the Office for review to ensure the data does not contain anomalies or false positives. Based on completion of the review by the insurer, insurer group, or entity regulated by the Office, the Office may determine that a market conduct examination of the insurer, insurer group, or entity regulated by the Office is merited.

(3) Nothing in this rule restricts the authority of the Office to conduct market conduct examinations for any reason or as often as it deems necessary.

(5) An insurer has a disproportionate number of claims-handling complaints when one or more of the following conditions are met:

(a) Sustained elevation (alternative persistence test). The insurer's complaint index is ≥ 1.50 in three of the last four quarters, with ≥ 15 claims handling complaints in at least two of those quarters.

(b) Statistical outlier. The insurer's rolling four quarter complaint index is ≥ 2 standard deviations above the statewide mean for the line of business, with ≥ 40 claims handling complaints over the four quarter window.

(c) Adverse trend plus elevation. The insurer shows a three-consecutive quarter increasing trend in the complaint index and the most recent quarter is ≥ 2.00 with ≥ 25 claims handling complaints in that quarter.

(d) Post catastrophe condition. Following a hurricane or tropical storm, the insurer meets the top 20 percent claims-handling complaint to claims ratio condition described in s. 624.3161(7)(b)1., F.S., which independently constitutes a disproportionate level for purposes of this rule.

(e) For the purposes of this subsection:

1. Complaint Index is determined by comparing the

number of claims handling complaints to the number of an insurer's open claims as reported by the insurer on the latest Catastrophe Reporting Form required to be filed under subsection 690.142.015(1), F.A.C.

2. Only claims handling complaints filed by a named insured or named beneficiary shall be used to determine if an insurer has a disproportionate number of claims handling complaints.

3. A request made by a named insured, a named beneficiary, a representative of the insured or named beneficiary, or an insurer to participate in any form of alternate dispute resolution process shall not be included when calculating the Complaint Index.

Section V Petitions and Dispositions Regarding Rule Variance or Waiver

WATER MANAGEMENT DISTRICTS

Southwest Florida Water Management District

RULE NO.: RULE TITLE:

40D-22.201 Year-Round Water Conservation Measures

NOTICE OF DISPOSITION FOR VARIANCE OR WAIVER

NOTICE IS HEREBY GIVEN that on September 03, 2026, the Southwest Florida Water Management District, has issued an order granting a variance.

Petitioner's Name: Minto Bradenton, LLC - File Tracking No. 26-4434

Date Petition Filed: April 14, 2026

Rule No.: 40D-22.201, F.A.C.

Nature of the rule for which variance or waiver was sought:

Lawn and Landscape Irrigation

Date Petition Published in the Florida Administrative Register: April 17, 2026

General Basis for Agency Decision: Petitioner demonstrated substantial hardship and proposed an alternative means of achieving the purpose of the statute implemented by the rule.

A copy of the Order may be obtained by contacting: Camille R. Mourant, 7601 US Highway 301, Tampa, Florida 33637, (813)438-4906, water.variances@watermatters.org.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Beaches and Coastal Systems

RULE NO.: RULE TITLE:

62B-33.002 Definitions

NOTICE OF DISPOSITION FOR VARIANCE OR WAIVER
 NOTICE IS HEREBY GIVEN that on September 02, 2026, the Department of Environmental Protection, issued an order granting a Petition for a Variance to Florida Environmental and Land Services, Inc., on behalf of David Getchell (Order). The petition was received on June 4, 2026. Notice of receipt of the Petition was published in the Florida Administrative Register on June 9, 2026. The petition requested a variance from subparagraphs 62B-33.002(b)3 and paragraph 62B-33.002(12)(c), F.A.C., which provide the definitions for eligible structures, nonconforming structure, vulnerable, and conditions where construction of armoring shall be authorized, respectively. No public comment was received. The Department Order, file number 26-1606, granted the variance based on a demonstration by the Petitioner that the purpose of the underlying statute is met and that a strict application of the rule would result in substantial hardship to Petitioner.

A copy of the Order may be obtained by contacting: Doug Aarons, Florida Department of Environmental Protection, 2600 Blair Stone Road, Mail Station 3522, Tallahassee, Florida 32399-2400; telephone (850)245-7672; e-mail douglas.aarons@floridadep.gov, during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays.

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Central Florida Expressway Authority (CFX) is holding a public meeting for State Road 534 regarding Phase 2 of the project, which is currently in design from east of Narcoossee Road to Cyrils Drive. Phase 2 of SR 534 is a 3.5-mile section of the 14-mile expressway that will support the current and projected travel needs in Southeast Orange and Northeast Osceola counties. SR 534 will also be a critical component of a future regional network of expressways, known as the Southern Beltway, serving Orange, Osceola and Polk Counties.

Construction of the 8.4-mile section of SR 534 between SR 417 and Cyrils Drive is expected to begin in 2027 and is anticipated to partially open to traffic in 2030. All 14 miles of SR 534 are anticipated to be fully completed by 2032. Once complete, SR 534 will help relieve congestion on local roadways, support evacuation and emergency response, and enhance regional connectivity in this fast-growing area. Please see the attached fact sheet for project details.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons who require accommodations under the Americans with Disabilities Act (ADA) or persons who require translation services, free of charge, should contact Tiany Sousa, Public Involvement Coordinator, by email at Design@CFXway.com, at least seven (7) days prior to the hearing. If you are hearing or speech impaired, please contact us by using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).
