RULE NO.: RULE TITLE:

61G5-30.004 Citations

PURPOSE AND EFFECT: The Board proposes a rule amendment to update the requirements for citations.

SUMMARY: The proposed rule amendment updates and clarifies the rule requirements for citations pursuant to S. 120.5435, F.S.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this rule will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days after publication of this notice.

RULE NO.: RULE TITLE:

68D-21.004 Criteria for Approval of Ordinances

PURPOSE AND EFFECT: The proposed rule amendments implement the new statutory criteria outlined in section 327.46(1)(c)1., Florida Statutes, which authorizes local governments to establish boating restricted areas extending up to 1,000 feet from a confluence of water bodies presenting a blind corner when necessary to ensure safe navigation and visibility for approaching vessels. These changes provide clarity to applicants and promote consistent review of ordinance review applications.

SUMMARY: The proposed rule amendment implements Legislative changes to section 327.46(1)(c)1., F.S., allowing boating restricted areas created by local governments to extend beyond 300 feet from a blind corner, by establishing the data and information the Commission may consider when determining whether the statutory criteria have been met.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this rule will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

68D-21.004 Criteria for Approval of Ordinances.

(1) No Change.

(2) An ordinance establishing either an “idle speed, no wake” or a “slow speed, minimum wake” boating restricted area will be approved for areas not more than 300 feet from a confluence (intersection) of water bodies presenting a blind corner, a bend in a narrow channel or fairway, or such other area if an intervening obstruction to visibility may obscure other vessels or other users of the waterway.

(a) A blind corner is presented where an intervening obstruction to visibility prevents the operator of a vessel on one of the water bodies from seeing a vessel on the other water body at a distance of 300 feet or less from the confluence.

1. A boating restricted area established pursuant to this subsection may extend up to 1,000 feet from the confluence (intersection) of water bodies presenting a blind corner if the applicant demonstrates by competent substantial evidence that the extended area is necessary to ensure safe navigation and visibility for approaching vessels.

2. In determining whether an extended area is necessary to ensure safe navigation and visibility for approaching vessels, the Commission will consider available sight distance; waterway characteristics, including channel alignment, curvature, width, and navigational constraints; vessel traffic patterns; vessel operating characteristics; physical obstructions to visibility; navigation or engineering studies; and other competent substantial evidence relevant to navigation safety and visibility.

Section IV Emergency Rules

DEPARTMENT OF LAW ENFORCEMENT

Domestic Security

RULE NO.: RULE TITLE:

11RER26-8 Procedures

SPECIFIC FACTS AND REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY, OR WELFARE: As the White House explained earlier this year, the United States currently is under threat from narcoterrorists and transnational gangs; legacy Islamist terrorists; and violent left-wing extremists, including anarchists and anti-fascists. (United States Counterterrorism Strategy, <https://www.whitehouse.gov/wp-content/uploads/2026/05/2026-USCT-Strategy-1.pdf>).

The timeline for committing terrorist acts has become increasingly short, providing less opportunity for law enforcement or public safety officials to intervene and dismantle terror threats. By its nature, terrorist activity presents an immediate danger to public health, safety, and welfare and therefore necessitates immediate protective measures. Accordingly, the Florida Department of Law Enforcement must adopt an emergency rule pursuant to which the Chief of Domestic Security can recommend designations of foreign and domestic terrorist organizations under section 943.03102, F.S. As the federal government has found, terrorist organization designations play a critical role in the fight against terrorism and are an effective means of curtailing support for terrorist activities. (<https://www.state.gov/foreign-terrorist-organizations/>).

REASONS FOR CONCLUDING THAT THE PROCEDURE USED IS FAIR UNDER THE CIRCUMSTANCES: The procedure used to adopt this emergency rule is fair under the circumstances because terrorist activity presents an immediate danger to public health, safety, and welfare, and therefore necessitates immediate protective measures. The prompt implementation of section 943.03102, F.S., through emergency rulemaking is essential to domestic security because it will enable the Chief of Domestic Security to carry out his statutory functions without undue delay. This procedure provides at least the procedural protections given by other statutes, the State Constitution, and the United States Constitution, and takes only the action necessary to protect the public interest under the emergency procedure.

SUMMARY: Establish procedures for domestic and foreign terrorist organization designations.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: FDLE Agency Clerk, agencyclerk@fdle.state.fl.us, (850)410-7676

THE TEXT OF THE EMERGENCY RULE IS:

11RER26-8 Procedures.

(1) Notice of Intent to Designate. In accordance with section 943.03102(2)(a), F.S., the Chief of Domestic Security will provide written notice to the Governor and Cabinet of his or her intent to designate an organization as a domestic or foreign terrorist organization, accompanied by a summary of the basis for such designation. Unless and until the Governor and Cabinet advise that they will hold a meeting to consider the notice of intent, the Chief of Domestic Security will take no further action on the notice of intent.

(2) Notice to Organization. If the Governor and Cabinet advise that they will hold a meeting to consider the notice of intent, the Chief of Domestic Security will add the date, time, and location of the meeting to the notice of intent and promptly provide that notice, along with any materials relating to the notice of intent that are not confidential, exempt, or otherwise protected from disclosure by state or federal law, to the organization pursuant to section 943.03102(2)(b), F.S.

(a) Objections. The notice will inform the organization that it may, within seven days of receipt, object to the proposed designation in writing and provide any information and documentation the organization believes would counsel against the designation. The Department will transmit all timely objections to the Governor and Cabinet for consideration prior to the meeting.

(b) Meeting. The Governor and Cabinet may permit, at their sole discretion, the organization to appear at the meeting and present argument, for a period of time specified by the Governor and Cabinet, as to why the information and

documentation the organization previously submitted counsels against the designation.

(c) Petition for Removal. The notice will inform the organization that in the event the Governor and Cabinet approve the designation, the organization may petition the Department at any time following such approval for the removal of such designation. The petition for removal may include any information and documentation the organization believes would support removal of the designation.

(d) The notice will direct the organization to submit its objection or petition for removal, if any, to:

(e) Appeals. The notice will inform the organization that it, or any of its members, may appeal a designation by challenging it in the circuit court of the Second Judicial Circuit in and for Leon County, Florida.

(3) Designation Publication. If the Governor and Cabinet approve the designation, the Department will publish a notice in the Florida Administrative Register within seven days after such approval in accordance with section 943.03102(2)(e), F.S., which notice will provide that the designation is effective 30 days after publication. The Department will also publish the designation on the Department's website as required by section 943.03102(1)(b), F.S.

(4) Membership in Designated Organization. The Department will not consider there to be cause for prosecution for a violation of section 775.33 or 775.34, or Chapter 874, F.S., based solely on membership in the organization.

(5) Material Support or Resources. The Department will not consider there to be cause for prosecution for a violation of section 775.33 or Chapter 874, F.S., based solely on the provision of legal counsel or legal support services to the organization for purposes of representing or providing advice in connection with existing or anticipated litigation concerning a designation or defending against a criminal prosecution.

Florida Building Commission

NOTICE OF PETITION FOR DECLARATORY STATEMENT

NOTICE IS HEREBY GIVEN that the Florida Building Commission has received the petition for declaratory statement from Michael Price filed on August 26, 2026. The petition seeks the agency's opinion as to the applicability of Section 553.791, Florida Statutes, as it applies to the petitioner.

Petitioner presents the following questions: 1. Under the version of Section 553.791 applicable to Petitioner's circumstances, where a qualified Private Provider has completed plan review, determined that revised construction documents comply with the applicable codes, and provided the required Plan Compliance Affidavit, may Petitioner rely upon that completed Private Provider plan review in determining how to proceed with the projects if the local enforcement agency independently conducts or proposes to conduct a technical Code-compliance review of those same plans for the purpose of determining whether the Private Provider's Code-compliance determination is correct? 2. For purposes of determining Petitioner's rights and obligations in proceeding under Section 553.791, does an independent technical examination by the local enforcement agency of plans already reviewed for Code compliance by Petitioner's Private Provider constitute replication of the Private Provider's plan review within the meaning of Section 553.791(1)(b)? 3. In light of Section 553.791(1)(d), which included review of building plans within "building code inspection services," do the audit requirements of Section 553.791(20) apply when a local enforcement agency audits Private Provider plan-review services? 4. If Section 553.791(20) applies to Private Provider plan-review services, may Petitioner's Private Provider plan review be subjected to an audit or technical re-review by a local

building-code enforcement agency that has not established the standard operating Private Provider audit procedures required by that subsection? 5. If Section 553.791 otherwise authorizes the local enforcement agency to identify an alleged deficiency in Private Provider-reviewed plans as Petitioner seeks authorization to proceed, what written identification of the specific deficiency and applicable Code provisions is required under Petitioner's circumstances?

A copy of the Petition for Declaratory Statement may be obtained by contacting: the Agency Clerk's Office, Department of Business and Professional Regulation, 2601 Blair Stone Road, Tallahassee, Florida 32399, (850)921-0342, AGC.Filing@myfloridalicense.com.

STATEMENT

NOTICE IS HEREBY GIVEN that the Florida Building Commission has received the petition for declaratory statement from Michael Price filed on August 26, 2026. The petition seeks the agency's opinion as to the applicability of Section 553.791, Florida Statutes, as it applies to the petitioner.

Petitioner presents the following questions: 1. Under Section 553.791(15), when a qualified Private Provider determines that revised construction documents comply with the applicable codes while the local Building Official maintains that they do not and the projects remain subject to Stop Work Orders, is that type of unresolved disagreement a dispute subject to the procedure established by Section 553.791(15)? 2. When such a dispute remains unresolved and the fee owner seeks to invoke Section 553.791(15)(a), does that subsection require the local Building Official to be available to meet with the Private Provider within two business days for the purpose of attempting to resolve the dispute? 3. If a dispute subject to Section 553.791(15) cannot be resolved between the local Building Official and Private Provider, what procedure does Section 553.791(15)(b) provide for Petitioner to pursue resolution so that Petitioner may determine how to proceed with the projects?

Petitioner presents the following questions: 1. Where a qualified Private Provider has completed plan review, determined that submitted plans comply with the applicable codes, and submitted the required Plan Compliance Affidavit, what legal effect does the provider's subsequent withdrawal or termination of future services, by itself, have under Section 553.791 upon the previously completed plan review and Plan Compliance Affidavit as Petitioner seeks to proceed with the pending applications? 2. Where the Private Provider's subsequent withdrawal or termination of future services is not based upon any identified error, deficiency, or Code-compliance issue in the completed plan review or Plan Compliance Affidavit, under what circumstances, if any, does Section 553.791 permit that completed plan review or affidavit to be rescinded, withdrawn, invalidated, or rendered ineffective? 3. For purposes of determining how Petitioner may proceed with the pending applications, does Section 553.791 authorize the local enforcement agency to treat a Private Provider's withdrawal or termination of future services, by itself, as rendering an existing permit application unable to proceed after plan review has been completed and the Plan Compliance Affidavit submitted? 4. Under Petitioner's present circumstances, may the fee owner retain another qualified Private Provider, update the Notice to Building Official to

identify the replacement provider and services to be performed, and maintain the existing permit application rather than initiate a new permit application solely because the prior Private Provider ceased providing further services?
