THE TEXT OF THE PROPOSED RULE IS:

6A-14.064 College Credit Dual Enrollment.

(1) The dual enrollment program is the enrollment of an eligible public or private secondary student in this state or home education or personalized education program student in this state in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree. Postsecondary institutions that are eligible to participate in the dual enrollment program are Florida public postsecondary institutions and eligible not for-profit independent colleges and universities pursuant to s. 1011.62(1)(i), F.S. A student enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. For purposes

of the Dual Enrollment Program, a student who is enrolled in a Department of War Education Activity (DoWEA) school and who resides with a parent who is an active-duty member of any military branch of the United States military, and a Florida resident, shall be able to participate in the program if the student meets eligibility requirements established in s. 1007.271, F.S.

(2) Dual Enrollment Agreements.

(a) Public School Dual Enrollment Agreements are established between an eligible public or private postsecondary institution and a public school district or eligible charter school. Each district school superintendent and each postsecondary institution president shall develop a comprehensive dual enrollment agreement for the respective school district and postsecondary institution. Each Public School Dual Enrollment Agreement must include the requirements established in s. 1007.271(21), F.S.

(b) Private School Dual Enrollment Agreements are established between an eligible public or private postsecondary institution and an eligible private secondary school that is in compliance with s. 1002.42(2), F.S., and provides a secondary curriculum pursuant to s. 1003.4282, F.S. Each Private School Dual Enrollment Agreement must include the requirements established in s. 1007.271(24), F.S.

(c) Home Education Dual Enrollment Agreements are established between the parent of a home education student or a student participating in a personalized education program as defined in s. 1002.01(2), F.S., and an eligible public or private postsecondary institution. Each Home Education Dual Enrollment Agreement must include the requirements established in s. 1007.271(13), F.S.

(d) Military Personnel Dual Enrollment Agreements are established between an eligible public or private postsecondary institution and the parent of a student enrolled in a DoWEA school. Each Military Personnel Dual Enrollment Agreement must include the requirements established in s. 1007.271(13), F.S. Students must provide a copy of DoDEA Form 1367 to the postsecondary institution to ensure the award of high school credit toward high school graduation. The agreement must also include the signature of the principal of the DoWEA school in which the student is enrolled.

(e) All dual enrollment agreements must be submitted annually by August 1 of each year to the Office of Articulation through the Dual Enrollment Agreement Submission site located on the Florida Department of Education website. For home education and military personnel agreements, institutions shall submit a template that meets the requirements of s. 1007.271, F.S., and this rule, and are not required to submit an executed agreement for each student.

(3)(4) To be eligible to receive college credit through dual enrollment:

(a) Students must meet the grade point average (GPA) requirements, as specified in Section 1007.271, F.S., for the degree or certificate program selected. Procedures for determining exceptions to the GPA requirements on an individual student basis must be noted in the Dual Enrollment ~~Articulation~~ Agreement as required by Section 1007.271, F.S.

(b) Students must demonstrate readiness for college-level work pursuant to Section 1008.30(1), F.S., and Rule 6A-10.0315, F.A.C., which is hereby incorporated by reference. Pursuant to Section 1008.30(1), F.S., Florida College System institutions may use alternative methods in lieu of the common placement tests as identified in Rule 6A-10.0315, F.A.C., to determine student eligibility to participate in dual enrollment. The use of alternative methods must be specified in the Dual Enrollment ~~Articulation~~ Agreement. Students who have been identified as deficient in basic competencies in one of the areas of reading, writing or mathematics, as determined by scores on a postsecondary readiness assessment or alternative method identified in Rule 6A-10.0315, F.A.C., shall not be permitted to enroll in college credit courses in curriculum areas precluded by the deficiency. Students may enroll in college credit courses that are not precluded by the deficiency; however, students may not earn more than twelve (12) college credit hours prior to the correction of all deficiencies. Exceptions to the twelve (12) college credit hour limitation may be granted by the postsecondary institution provided that the dual enrollment student is concurrently enrolled in a secondary course(s) in the basic competency area(s) for which they have been deemed deficient by the postsecondary readiness assessment or alternative method. In addition, the secondary student who has accumulated twelve (12) college credit hours and has not yet demonstrated proficiency in the basic competency areas of reading, writing and mathematics must be advised in writing by the school district of the requirements for associate degree completion and state university admission, including information about future financial aid eligibility and the potential costs of accumulating excessive college credit, as outlined in Section 1009.286, F.S.

~~(c) For joint dual enrollment and Advanced Placement (AP) courses, as authorized in Section 1007.272, F.S., students must comply with the add/drop policies and deadlines of the postsecondary institution. A student who elects to enroll in an AP course that is jointly offered with a dual enrollment course may not earn postsecondary credit for that course through dual enrollment.~~

~~(c)(d)~~ In order to remain eligible for college credit coursework, students must maintain the high school grade point average required for initial eligibility unless otherwise noted in the Dual Enrollment ~~Articulation~~ Agreement.

~~(d)(e)~~ Participation of exceptional student education (ESE) students must be in accordance with statutory eligibility

requirements and with the procedural guidelines and district-college responsibilities delineated in the Dual Enrollment ~~Articulation~~ Agreement.

~~(e)(f)~~ Districts and colleges may agree to extend dual enrollment participation in Student Life Skills (designated as SLS course prefix in the Statewide Course Numbering System) courses to students who do not meet the statutory eligibility requirements, if alternate eligibility requirements are delineated in the Dual Enrollment ~~Articulation~~ Agreement.

~~(f)(g)~~ No change.

~~(4)(2)~~ The following requirements shall apply to faculty providing instruction in college credit dual enrollment courses:

(a) through (b) No change.

(c) The postsecondary institution shall provide all full-time and adjunct faculty teaching dual enrollment courses with a copy of the current faculty or adjunct faculty handbook. Faculty shall adhere to the professional guidelines, rules, and expectations therein. Any exceptions to such requirements must be noted in the Dual Enrollment ~~Articulation~~ Agreement.

(d) The postsecondary institution shall provide all full-time and adjunct faculty teaching dual enrollment courses with a current student handbook detailing information that includes, but is not limited to, add/drop and withdrawal policies, student code of conduct, grading policies, and critical dates. Faculty shall adhere to the guidelines, rules, and expectations therein that apply to faculty. Any exceptions to such requirements must be noted in the Dual Enrollment ~~Articulation~~ Agreement.

(e) through (h) No change.

~~(5)(3)~~ The following curriculum standards for content, syllabi, exams, and grades shall apply to college credit dual enrollment:

(a) through (c) No change.

~~(6)(4)~~ The following environmental standards shall apply to college credit dual enrollment:

(a) No change.

(b) Dual enrollment courses taught on a high school campus may not be combined with any non-college credit other high school course courses, except in accordance with Section 1007.272, F.S.

(c) A formalized process between the high school counselor and the college must be delineated in the Dual Enrollment ~~Articulation~~ Agreement for informing students and parents or guardians of college course-level expectations, including, but not limited to the following:

The questions presented for declaratory statement are the following: QUESTION 1: Do Section 718.112(2)(d)3., Florida Statutes, and subsection 61B-23.0021(2), Florida Administrative Code, apply to Petitioner's circumstances-a residential condominium in which four Board of Governors seats, including two seats designated for Tower IV (Grenoble), have two-year terms expiring at the February 2027 annual meeting-such that each expiring seat constitutes a vacancy caused by expiration of term that must be filled by election of the unit owners, notwithstanding the recorded amendment in part to Section 2.2 of the Bylaws (Broward County Official Record Instrument No. 121080550) that provides for elections commencing in 2028 and states that all current Board members shall serve until that election? QUESTION 2: If the Division determines that the February 2027 election must proceed, is Petitioner entitled to have the election conducted for the two Tower IV (Grenoble) seats under the terms of pre-existing

Section 2.2 of the Bylaws-including the full two-year term of office fixed therein-such that the successors elected in February 2027 serve the two-year terms established by the Bylaws in force at the time the expiring terms commenced, unless and until a lawful amendment recorded prior to the first-notice deadline provides otherwise? QUESTION 3: Do Section 718.112(2)(d)5.a., Florida Statutes, and subsections 61B-23.0021(4) and (5), Florida Administrative Code, apply to Petitioner's circumstances such that Petitioner is entitled to receive the first notice of election not less than 60 days before the February 18, 2027 annual meeting date fixed by the Bylaws and to have Petitioner's timely submitted notice of intent to be a candidate honored under Section 718.112(2)(d)5.a., Florida Statutes, and subsection 61B-23.0021(5), Florida Administrative Code, notwithstanding the recorded existence of the amendment deferring elections to 2028?
