Section II Proposed Rules

DEPARTMENT OF CORRECTIONS

RULE NO.: RULE TITLE:

33-401.101 Access to Health Care Services

PURPOSE AND EFFECT: The purpose and effect of the proposed rule is to provide a standard and structure for all inmates to receive health care services

SUMMARY: The rule is necessary to establish the level of health care services to be provided to inmates committed to Department custody, and how inmates access those services.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this rule will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Department used an itemized checklist to conduct an economic analysis and determine if there is an adverse impact or regulatory cost associated with this rule that exceeds the criteria. Upon review of the proposed changes to the rule, the Department has determined that the amendments will not exceed any one of the economic analysis criteria in a SERC as set forth in s. 120.541(2)(a), F.S.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days after publication of this notice.

RULEMAKING AUTHORITY: 944.09, 945.6034, F.S.

LAW IMPLEMENTED: 945.6034, 945.6037, F.S.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Office of the General Counsel, Attn. Richard Brown, 501 South Calhoun Street, Tallahassee, Florida

THE TEXT OF THE PROPOSED RULE IS:

33-401.101 Access to Health Care Services.

(1) All inmates entering the Department will have access to necessary medical, mental health, and dental services.

(2) Health Services Intake and Reception Process – Newly committed inmates shall receive health services intake and reception services.

(a) During intake and reception, inmates must be provided with:

1. An orientation to health services and communicable disease education;

2. Information that details how to access emergency, urgent, and routine medical care;

3. Instruction on medical confidentiality and access to their own medical records; and

4. Instruction on Health Care Advance Directives and anatomical gifts, and information on designating a healthcare surrogate;

(b) Within 14 days of arrival at the reception centers, inmates must receive a health appraisal, including medical, mental health, dental, hearing, mobility, and vision screenings.

(3) Periodic Screenings – Inmates will have access to specific health screenings by age and sex for preventative health maintenance.

(a) An inmate will be scheduled for a periodic screening every five years until the inmate is 50 years of age, and annually thereafter.

(b) Inmates will receive diagnostic tests and lab work as clinically indicated prior to their periodic screening. Results of the periodic screening tests and labs will be discussed with the inmate by the medical provider during the screening.

(c) Inmates may be referred to a medical provider or be enrolled in a chronic illness clinic, as applicable to their current health status, during the screening.

(d) During the periodic screening, inmates will receive appropriate health education and instruction on updating or creating a Health Care Advance Directive or designating a healthcare surrogate.

(4) Specialty Care –

(a) Inmates who are diagnosed with a chronic illness requiring ongoing medical treatment will be enrolled in a chronic illness clinic for monitoring of their illness. Inmates in a chronic illness clinic will be seen as often as the medical provider determines necessary or according to the clinic-established guidelines, but not to exceed intervals of 365 days.

(b) Inmates who meet the criteria for enrollment in multiple chronic illness clinics will be enrolled in all appropriate clinics

for their assessed medical needs. Chronic illness clinic visits may be combined for inmates with multiple diagnoses.

(c) Inmates who are enrolled in a chronic illness clinic will receive a routine periodic screening during a chronic illness clinic visit.

(c) Inmates in chronic illness clinics will receive health education relating to their illness and instruction on updating or creating a Health Care Advance Directive or designating a healthcare surrogate.

(d) Inmates will have access to specialist consultations and hospital care as determined by relevant medical providers, subject to Department utilization management procedures.

(5) End of Sentence and Pre-release Screenings – Pre-release planning will be completed on all inmates being released from custody to ensure continuity of care.

(a) Inmates without placement needs will receive a pre-release screening by a medical provider between sixty to ninety days prior to end-of-sentence or release from custody.

(b) Inmates with clinically significant needs or disabilities will receive a pre-release screening six months prior to the scheduled release date.

(c) A pre-release screening will include:

1. A review of the inmate's electronic medical record;

2. An interview with the inmate;

3. A physical examination as necessary to evaluate the inmate's current health status;

4. A review of the mental health needs of the inmate; and

5. Follow-up care education.

(d) Inmates will be provided with a pre-release health care summary, maintenance medications, and an immunization record card with all current immunizations.

(6) Sick Call – medical attention for non-urgent needs.

(a) All inmates will have access to sick call. Sick call will be provided in a clinical setting at least five days a week. There will be a daily triage process, based on the seriousness of the complaints, to determine when an inmate will be seen.

(b) Inmates who wish to request a sick call appointment may use Form DC4-698B, Inmate Sick-Call Sign-Up. Form DC4-698B is hereby incorporated by reference. Copies of this form are available from the Forms Control Administrator, 501 South Calhoun Street, Tallahassee, Florida 32399-2500. <http://flrules.org/Gateway/reference.asp?No=Ref-20224>. The effective date of the form is XX/XX.

(c) An inmate in open population may sign up at a location designated by the institution using Form DC4-698B, Inmate Sick-Call Sign-Up. Upon arrival at the sick call area, the inmate may fill out Form DC4-698A, Inmate Sick-Call Request, with the required information and give it to health services staff, or alternatively, an inmate may complete a Form DC4-698A prior to a sick call and place it in a secured box. Form DC4-698A is incorporated by reference in Rule 33-402.101, F.A.C.

(d) An inmate in special housing may use Form DC4-698A, Inmate Sick-Call Request, to sign up for sick call. After filling out the DC4-698A, the inmate will give the completed form to nursing staff during special housing rounds. Nursing staff will initial and date the Form DC4-698A and return the pink copy to the inmate.

(7) Emergency Care – Inmates shall be allowed to declare an emergency at any time and be seen by an appropriate health care provider.

(8) Inmate Copayment for Nonemergency Health Care Services – Inmate copayments and waivers will be applied as provided in Section 945.6037, F.S. In addition to the circumstances described therein, the Department may waive all or part of a copayment if a health care visit is related to:

(a) Inmates receiving an Americans with Disabilities (ADA) accommodation who require maintenance or repair of an ADA device;

(b) A Prison Rape Elimination Act (PREA) incident involving sexual abuse or sexual battery; or

(c) Admission to an inpatient unit (transitional care unit, crisis stabilization unit, infirmary, or Mental Health Treatment Facility).

(9) Inmates may refuse health services as specified in Rule 33-401.105, F.A.C.

(10) Inmate access to mental health services is specified in Chapter 33-404, F.A.C.

(11) Inmate access to dental services is specified in Rule 33-402.101, F.A.C.

RULE NO.: RULE TITLE:

59G-4.324 Speech-Language Pathology Services

PURPOSE AND EFFECT: The purpose of the amendment to Rule 59G-4.324, Florida Administrative Code, (F.A.C.), is to incorporate by reference the Florida Medicaid Speech-Language Pathology Services Coverage Policy, September 2026.

SUMMARY: The revised coverage policy includes technical edits and updates to comport with national standards.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this rule will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: A checklist was prepared by the Agency to determine the need for a SERC. Based on this information at the time of the analysis and pursuant to section 120.541, Florida Statutes, the rule will not require legislative ratification.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days after publication of this notice.

NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 52 No. 181, September 17, 2026, issue of the Florida Administrative Register.

The following information is corrected to read as follows:

PURPOSE AND EFFECT: The Commission proposes the rule amendment to remove minor violation fines for violations of s. 160.143(3), portions of which were declared unconstitutional in *Kells Hetherington v. Ginger Bowden Madden*. The Commission proposes the rule amendment to delete the reference to Section 106.04(8), F.S., from the rule text and law implemented because the statute was repealed. This is being done as part of the 5 year comprehensive rule review.

FLORIDA HOUSING FINANCE CORPORATION

RULE NO.: RULE TITLE:

67-21.003 Application and Selection Process for Developments

NOTICE OF DISPOSITION FOR VARIANCE OR WAIVER
NOTICE IS HEREBY GIVEN that on September 28, 2026, the Florida Housing Finance Corporation, entered the Order Granting in Part and Denying in Part the Second Amended

Petition for Waiver of paragraphs 67.21.003(1)(a) and (b), F.A.C. (2024) and Certain Provisions of RFA 2024-213 from WHFT LL Workforce, Ltd. and WHFT LL Workforce Developer, LLC as follows:

a) Petitioner is GRANTED a limited waiver of paragraphs 67-21.003(1)(a) and (b), F.A.C. (2024), and the corresponding requirement in Section One C. of RFA 2024-213 that an Applicant seeking 4% Housing Credits in conjunction with Live Local SAIL apply for those Housing Credits as part of its competitive SAIL Application rather than through the Non-Competitive Application Package, solely to permit Petitioner to submit a Non-Competitive Application for 4% Housing Credits for the Development notwithstanding that those Housing Credits were made available through RFA 2024-213 and were not requested in Petitioner's competitive Application.

b) To the extent the Second Amended Petition requests waiver of any other provision of RFA 2024-213 or other waiver relief beyond the limited Rule and RFA relief expressly granted in paragraph (a), that relief is DENIED. This action does not amend, rescore, or otherwise alter Petitioner's competitive Application or the final agency action selecting it. This action does not award or allocate Housing Credits, approve a bond transaction, approve the proposed increase in units or revised set-aside commitments, establish the final amount of Live Local SAIL funding, or determine the financial feasibility of the revised Development. Those matters remain subject to all applicable staff approval, Non-Competitive Application, credit underwriting, rule, and RFA requirements. Except for the limited relief expressly granted, all other applicable requirements remain in effect.

c) Except for the specific RFA requirement expressly waived in paragraph (a), any requirements associated with the 4% Housing Credits set forth in the RFA that are more restrictive than the corresponding requirements in the Non-Competitive Application Package shall apply, including, but not limited to, any requirement to waive an option or right to submit a request for a qualified contract.

Florida Housing determined that the Petitioner had demonstrated that it would suffer a substantial hardship if the waiver was not granted. The Petition was filed on July 20, 2026, and notice of receipt of the petition was published on July 22, 2026, in Volume 52, Number 141 of the F.A.R.

A copy of the Order may be obtained by contacting: Ana McGlamory, Corporation Clerk, Florida Housing Finance Corporation, 227 N. Bronough St., Ste. 5000, Tallahassee, FL 32301-1329.

NOTICE OF DISPOSITION FOR VARIANCE OR WAIVER

NOTICE IS HEREBY GIVEN that on September 28, 2026, the Florida Housing Finance Corporation, entered the Order Granting Waiver of subsection 67-48.0072(26), F.A.C. (Aug. 2024) for Metro Grande II Associates, Ltd. extending Petitioner's loan closing deadline from September 25, 2026, to January 29, 2027, subject to the following conditions:

(1) If the Principals of Petitioner and its Developer entities have not closed on the Corporation funding sources prior to the issuance of the first RFA in the 2027-2028 competitive RFA cycle, the Principals of Petitioner and its Developer entities will be prohibited from submitting any Priority 1 Applications in any RFA in the 2027-2028 competitive RFA cycle until Petitioner has closed on the Corporation funding sources.

(2) Notwithstanding condition (1), if Petitioner does not close on the Corporation funding sources, and instead returns all Corporation funding awarded to the Development, the prohibition in condition (1) shall no longer apply.

Florida Housing determined that the Petitioner had demonstrated that it would suffer a substantial hardship if the waiver was not granted. The Petition was filed on August 28, 2026, and notice of receipt of the petition was published on September 1, 2026, in Volume 52, Number 170 of the F.A.R.

NOTICE OF DISPOSITION FOR VARIANCE OR WAIVER

NOTICE IS HEREBY GIVEN that on September 28, 2026, the Florida Housing Finance Corporation, entered an Order Granting in Part and Denying in Part Petition for Waiver of subsection 67-48.0072(26), F.A.C. (2021) and RFA 2023-211 Exhibit D, Section 5 for Pollywog Creek Mews, LLC, extending Petitioner's loan closing deadline from September 25, 2026 to January 29, 2027, subject to the following conditions:

a) The Principals of Petitioner and its Developer entities are prohibited from submitting any Priority 1 Applications in any future RFA until Petitioner has closed on the Corporation funding sources; and

b) Notwithstanding condition (a), if Petitioner does not close on the Corporation funding sources and instead returns all Corporation funding awarded to the Development, the prohibition in condition (a) shall no longer apply.

Petitioner's request for a waiver of an additional extension fee is hereby DENIED as unnecessary because Petitioner paid the applicable one-percent extension fee in connection with its first extension and Florida Housing does not assess an additional extension fee for subsequent extensions granted by waiver.

Florida Housing determined that the Petitioner had demonstrated that it would suffer a substantial hardship if the waiver was not granted. The Petition was filed on September 1, 2026, and notice of receipt of the petition was published on September 2, 2026, in Volume 52, Number 171 of the F.A.R.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

The Department of Environmental Protection announces a public meeting to which all persons are invited.

DATE AND TIME: October 29, 2026, 4:00 p.m. – 7:00 p.m.

PLACE: Gardenville Recreation Center, 6219 Symmes Road, Gibsonton, Florida 33534.

GENERAL SUBJECT MATTER TO BE CONSIDERED: The purpose of this public meeting is to obtain public comment on the draft underground injection control permit (File No. 0441618-003-004-UC/1EX, WACS ID 108120) for Mosaic Fertilizer, LLC (Mosaic). The draft permit proposes to authorize the construction of two Class V, Group 9, exploratory wells and an associated monitor well at the Mosaic Riverview facility, located at 8813 U.S. Highway 41 S., Riverview, Florida, in Hillsborough County. The proposed exploratory wells are designed to be constructed to a total depth of 3,500 feet below land surface. Injection or disposal of wastewater is not authorized under this draft permit. The information from the exploratory wells and associated monitor well would be used to provide additional information to evaluate the suitability of the subsurface geology and confinement for potential underground injection activities. Any underground injection of wastewater would require a separate permit authorization. Mosaic submitted its application for the exploratory wells and

associated monitor well on June 24, 2026. The draft permit was issued on September 23, 2026. The Notice of Draft Permit was published in the Tampa Bay Times on September 27, 2026.

During this open-house style public meeting, representatives of both DEP and Mosaic will be available to answer questions and provide information about the draft permit, the proposed exploratory wells and proposed monitor well. All comments made by interested parties during the public comment period shall be considered in determining final agency action in accordance with Rule 62-528.330, Florida Administrative Code.

BROWARD COUNTY PURCHASING

Notice of Unsolicited Proposal and Report of Public Interest Determination

Pursuant to Section 255.065, Florida Statutes

Proceeding With Unsolicited Proposal from Dependable Equities, LLC, Pursuant to Section 255.065(3)(d), Florida Statutes

On May 22, 2026, Broward County ("County"), a political subdivision of the State of Florida, received an unsolicited proposal ("Original Proposal") from Dependable Equities, LLC ("Dependable Equities") to demolish the existing County-owned structure and perform site clearing at 400 NE 4th Street, Fort Lauderdale, Florida ("400 Property"), at its sole cost and expense, in exchange for temporary use of the cleared 400 Property for construction logistics and support activities associated with its adjacent Ombelle development. On August 12, 2026, Dependable Equities amended the Original Proposal by addendum to request temporary use of additional County-owned property located at 408 NE 4th Street, Fort Lauderdale, Florida ("408 Property") (the 400 Property and the 408 Property are collectively referred to herein as the "Properties") (the Original Proposal, as amended by the August 12, 2026, addendum, collectively, the "Proposal").

As part of the County's further evaluation of the Proposal, demolition of the existing County-owned structure and site clearing at the 408 Property are also contemplated as part of the proposed arrangement.

The demolition, site clearing, and temporary use at the Properties for construction logistics and support activities associated with the Ombelle development, as contemplated by the Proposal and the County's further evaluation thereof, are collectively referred to herein as the "Project."

On August 20, 2026, the Broward County Board of County Commissioners ("Board") directed the County Administrator to proceed with further evaluation of the Proposal pursuant to the public meeting process set forth in Section 255.065(3)(c), Florida Statutes, rather than the public bidding process set forth in Section 255.065(3)(b), Florida Statutes.

On September 10, 2026, the Board held the first duly noticed public meeting required by Section 255.065(3)(c), Florida Statutes. County staff presented the Proposal, and affected public entities and members of the public were provided an opportunity to comment. No public comments regarding the Proposal were received.

On September 22, 2026, the Board held the second duly noticed public meeting required by Section 255.065(3)(c), Florida

Statutes, and considered the statutory factors required to determine whether the Proposal is in the public's interest, including the public-comment record of the September 10, 2026, meeting and any public comments received at the September 22, 2026, meeting. Following consideration of those factors, the Board adopted Resolution No. 2026-395, determining that the Project, as reflected in the Proposal and the County's further evaluation thereof, was in the public's interest in accordance with Section 255.065(3)(c), Florida Statutes, and directing the County Administrator to proceed with further evaluation of the Proposal and negotiation of a comprehensive agreement with Dependable Equities, subject to the remaining requirements of Section 255.065, Florida Statutes.

In making its public interest determination, the Board considered the factors required by Section 255.065(3)(c), Florida Statutes, and made the following findings:

1. Benefits to the public. The existing vacant County-owned structure at the 400 Property was constructed in approximately 1956, was significantly impacted by the April 2023 flooding, is not currently used for a County purpose, and is at the end of its useful life. The County incurred approximately \$36,000 in maintenance expenses for the 400 Property in Fiscal Year 2025. Additionally, the existing County-owned structure at the 408 Property is also vacant and currently not needed for County use. Under the Proposal, Dependable Equities would demolish the existing structures and perform the required site clearing at the Properties at its sole cost and expense. The Proposal would eliminate unused County-owned structures, including the deteriorated structure at the 400 Property, reduce ongoing County maintenance and security obligations, avoid County expenditures for demolition, site clearing, and ultimately return the Properties to the County in a cleared condition for future County-determined uses following expiration or earlier termination of the temporary use by Dependable Equities.

2. Financial structure and economic efficiencies. Dependable Equities proposes to bear, at its sole cost and expense, the costs associated with demolition, debris removal, and site clearing at the Properties. In exchange, Dependable Equities would receive temporary and revocable use of the Properties for construction logistics and support activities associated with the adjacent Ombelle development. The contemplated comprehensive agreement would have a 36-month initial term encompassing demolition, site clearing, and temporary use and would permit the County to terminate or recapture the temporary use rights as provided in the comprehensive agreement. The proposed structure would avoid County expenditures for the demolition, debris removal, and site clearing work and reduce the County's ongoing maintenance, security, and other carrying obligations associated with the Properties. Based upon these considerations and the proposed terms of the arrangement, the Board found that the financial structure provides economic efficiencies and

benefits to the County. The final consideration and other business terms remain subject to negotiation and subsequent Board approval of a comprehensive agreement.

3. Qualifications, experience, and ability to perform. Dependable Equities has represented that it owns and manages a real estate portfolio valued at approximately \$4 billion. County staff has also identified the adjacent Ombelle Project as a 775-unit development being undertaken by Dependable Equities. The Proposal contemplates that Dependable Equities will be responsible for coordinating and undertaking the demolition, debris removal, site clearing, site security, stabilization, and temporary construction-logistics activities comprising the Project. Based upon Dependable Equities' real estate development experience, its ongoing development of the adjacent Ombelle Project, and the information reviewed by County staff, the Board found that Dependable Equities possesses, directly and through appropriately qualified contractors, the qualifications, experience, and ability necessary to perform the Project.

4. Compatibility with regional infrastructure plans. The Project is temporary in nature, preserves County ownership of the Properties, and does not grant Dependable Equities permanent rights in either property. County staff considered the temporary nature and proposed use of the Project, including its location adjacent to the Ombelle development, the County's continued ownership of the Properties, the absence of any permanent property interest in favor of Dependable Equities, and the requirement that the Properties be used only for temporary construction logistics and support activities. The contemplated arrangement includes fencing and site-security measures, controls the handling, storage, removal, and disposal of hazardous or regulated materials in accordance with applicable law, and requires site clearing, stabilization, and return of the affected Properties to the County in a clean and cleared condition. Based upon that analysis, the Board found that the Project is compatible with applicable regional infrastructure plans.

5. Public comments. Affected public entities and members of the public were provided an opportunity to comment on the Proposal at the September 10, 2026, and September 22, 2026, duly noticed public meetings. No public comments regarding the Proposal were received at either meeting. No public comments regarding the Proposal were received. Based upon the foregoing findings, the Board determined that the Proposal should proceed under Section 255.065(3)(c), Florida Statutes, because it would avoid County expenditures for demolition and site clearing of unused County-owned structures, reduce ongoing County maintenance and security obligations, and provide Dependable Equities only temporary and revocable use of the Properties. The contemplated arrangement would preserve County ownership of the Properties and the County's

ability to determine their future use following expiration or earlier termination of the temporary use rights.

Pursuant to Section 255.065(3)(d), Florida Statutes, Broward County publishes this report of the Board's public interest determination. Any comprehensive agreement resulting from the negotiations must be returned to the Board for separate approval.

Resolution No. 2026-395, which contains the Board's complete findings, is incorporated into this report by reference and is available, together with the supporting materials, at: Broward County - File #: 26-1083

BROWARD COUNTY PURCHASING

Notice of Unsolicited Proposal and Report of Public Interest Determination

Pursuant to Section 255.065, Florida Statutes

Proceeding With Unsolicited Proposal from Filthy Organics, LLC, Pursuant to Section 255.065(3)(d), Florida Statutes

On May 26, 2026, Broward County ("County"), a political subdivision of the State of Florida, received an unsolicited proposal ("Proposal") from Filthy Organics, LLC ("Filthy Organics") for the design, construction, and operation of a composting operation for the processing and beneficial reuse of yard waste on approximately eight acres of County-owned land located within the Broward County Landfill at 7101 SW 205th Avenue, Unincorporated Broward County, Florida ("Property"). On August 17, 2026, the County received a written supplement from Filthy Organics providing additional information and clarification regarding certain terms of the Proposal.

The design, permitting, construction, operation, and maintenance of the composting operation for the processing and beneficial reuse of yard waste on the Property, as contemplated by the Proposal, are collectively referred to herein as the "Project."

On August 20, 2026, the Broward County Board of County Commissioners ("Board") directed the County Administrator to proceed with further evaluation of the Proposal pursuant to the public meeting process set forth in Section 255.065(3)(c), Florida Statutes, rather than the public bidding process set forth in Section 255.065(3)(b), Florida Statutes.

On September 10, 2026, the Board held the first duly noticed public meeting required by Section 255.065(3)(c), Florida Statutes. County staff presented the Proposal, and affected public entities and members of the public were provided an opportunity to comment.

On September 22, 2026, the Board held the second duly noticed public meeting required by Section 255.065(3)(c), Florida Statutes, and considered the statutory factors required to determine whether the Proposal is in the public's interest, including the public comments received at the September 10,

2026, meeting. Following consideration of those factors, the Board adopted Resolution No. 2026-396, determining that the unsolicited proposal is in the public's interest and directing the County Administrator to proceed with further evaluation and negotiation of a comprehensive agreement with Filthy Organics, subject to the remaining requirements of Section 255.065, Florida Statutes.

In making its public interest determination, the Board considered the factors required by Section 255.065(3)(c), Florida Statutes, and made the following findings:

1. Benefits to the public. The Proposal would provide additional capacity within Broward County for processing and beneficial reuse of yard waste, support diversion of yard waste from landfill disposal, increase recycling, and produce finished compost and other beneficial-use material. The Project would be privately financed and would not require County capital funding. The Proposal also contemplates the possibility of providing certain finished compost and screened material to the County for County uses.

2. Financial structure and economic efficiencies. Filthy Organics proposes to bear the costs associated with the design, permitting, construction, operation, and maintenance of the Project without County capital funding. Filthy Organics has indicated a willingness to negotiate adjustments to the financial terms based on intake levels, escalation provisions, performance guarantees, and other protections. The privately financed compost field avoids the need for County capital funding and provides the opportunity for the County to receive financial consideration for use of the County-owned land. The final compensation structure and other financial protections will be established through negotiation of the comprehensive agreement.

3. Qualifications, experience, and ability to perform. Filthy Organics is a Broward County-based organic waste recycling company that has operated a community-scale aerated static pile composting facility in Broward County since 2021 and currently processes approximately 22,000 pounds of organic waste per week. Filthy Organics has identified existing relationships with local municipalities, institutions, and commercial customers. Although the Project represents a significant increase in scale from Filthy Organics' existing operations, the Board found that Filthy Organics has the relevant operating experience and existing market relationships supporting its ability to undertake the Project. Prior to approval of any comprehensive agreement, the County will require satisfactory evidence of financial capacity and financing, qualified personnel, suitable equipment, permitting capability, and other information necessary to demonstrate Filthy Organics' ability to develop and operate the Project at the proposed scale.

4.Compatibility with regional infrastructure plans. The Project would be located within the existing Broward County Landfill footprint and would utilize existing landfill access and related infrastructure. County staff considered the Project in relation to existing and planned landfill activities, including ingress and egress, future landfill development, cover operations, emergency and hurricane-debris operations, regulatory requirements, stormwater and environmental controls, fire protection, and long-term solid waste planning. These matters can be addressed through appropriate conditions, operating requirements, and protections in the comprehensive agreement. Accordingly, the Board found that the Project is compatible with applicable regional infrastructure plans.

5.Public comments. Affected public entities and members of the public were provided an opportunity to comment on the Proposal at the September 10, 2026, duly noticed public meeting. Oral public comments included support for expanding composting and yard-waste diversion, producing compost for beneficial use, and advancing a privately financed project without County capital funding. A speaker familiar with Filthy Organics' work in Southwest Ranches described a positive service relationship and praised its customer service and professionalism. A representative of the League of Women Voters of Broward County supported the Proposal while recommending evaluation of the financial terms and contract duration, geographically distributed processing locations, and expedited competitive procurements to allow participation by multiple providers. Representatives of an existing composting operator supported the County's waste-diversion objectives and requested an opportunity for dialogue and participation, including an opportunity to compete. They stated that their company had substantial composting experience and could offer greater financial compensation to the County than the proposed terms in the Proposal. They also expressed concern that favorable access to County-owned land could provide Filthy Organics a competitive advantage that could adversely affect their existing business. Having considered these comments, the Board determined that the Proposal should proceed under Section 255.065(3)(c), Florida Statutes, because it offers an initial, privately financed opportunity to expand yard-waste processing and beneficial reuse while the County continues planning for its broader solid waste needs.

Pursuant to Section 255.065(3)(d), Florida Statutes, Broward County publishes this report of the Board's public interest determination. Any proposed comprehensive agreement must be returned to the Board for approval.

Resolution No. 2026-396, which contains the Board's complete findings and consideration of the public comments, is incorporated into this report by reference and is available, together with the supporting materials, at: Broward County - File #: 26-1198
