Proposed Rules

DEPARTMENT OF REVENUE

Property Tax Oversight Program

RULE NO.: RULE TITLE:

12D-16.002 Index to Forms

PURPOSE AND EFFECT: The purpose of this rulemaking is to amend current forms supporting the Rule Chapter 12D-19 (Certified Florida Property Appraiser and Certified Florida Tax Collector).

SUMMARY: Amend forms incorporated in Chapter 12D-19, including Form DR-4001, Application for Florida Professional Certification, to update the online registration links. Clarify start dates required in the "Experience for Certification" section, add instructional language and additional blank lines for course information to the "Approved Courses" section, and insert a new page 2 to list additional approved courses. And amend Form DR-4002, Application for Approval of a Course or Continuing Education Credit Hours, to clarify how to list course hours, replace the option to mail documents with option to email the documents, and insert a new page 2 to list additional courses.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this rule will not have an adverse impact on small business or likely increase directly or

indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: 1) no requirement for a SERC was triggered under Section 120.541(1), F.S.; and, 2) based on past experiences with activities for providing the public tax information and rules of this nature, the adverse impact or regulatory cost, if any, do not exceed nor would exceed any one of the economic analysis criteria in a SERC, as set forth in Section 120.541(2)(a), F.S.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days after publication of this notice.

RULEMAKING AUTHORITY: 95.18(3), 192.001(18), 193.085(4)(a), (b), 193.091(3)(b), 193.114(1), (6), 193.1142(1), 193.122(1), (2), 193.155(8)(f), (h), 193.1556(2), 193.461(3)(a), (e), 193.501(8), (9), 193.625(3)(a), 194.011(3), 194.014, 194.034(1)(b), (c), (2), 194.037(3), 195.002(2), 195.027(1), (4), 195.087(1)(a), (2), 196.011(1), (5), (6), 196.075(4)(d), (5), 196.101(4)(c), 196.121(1), 196.173(6)(a), 196.1975(4)(c), 196.1978, 197.1979, 196.198, 196.1983, 196.1995(8), 197.2423(3), 197.2425, 197.319, 197.323, 197.3632(5)(b), 197.3635, 197.552, 200.065(1), (5), 200.069, 218.12(12), 218.125(2), 218.135(2), 218.26(1) FS.

RULE NO.: RULE TITLE:

12D-16.002 Index to Forms

PURPOSE AND EFFECT: The purpose of this rulemaking is to implement statutory changes enacted by 2026 legislation to forms used in the truth in millage process and amend forms to clarify and align with current statutes.

SUMMARY: Amend the following forms based on 2026 Legislation:

Amend Forms DR-403V, The 20XX Revised Recapitulation of the Ad Valorem Assessment Roll Value Data, DR-489V, The 20XX Preliminary Recapitulation of the Ad Valorem Assessment Roll, Value Data, and create Form DR-482MH, Application for Assessment of Mobile Home Parks. The draft amendments provide fields for the property appraiser to report data on a new assessment limitation for mobile home park owners and create an application for mobile home park owners to apply for an assessment limitation with the county property appraiser each year, as provided in new section 193.626 F.S., as amended by sections 9 and 10 of Chapter 2026-239, L.O.F.

Amend Forms DR-420MM, Maximum Millage Levy Calculation, Final Disclosure, and DR-420-MM-P, Maximum Millage Levy Calculation, Preliminary Disclosure. The draft amendments remove unnecessary data fields no longer needed for the maximum millage rate calculation, as provided in s. 200.065(5)(a), F.S., as amended by section 2 of Chapter 2026-240, L.O.F.

Amend Form DR-482, Application and Return for Agricultural Classification of Lands. The draft amendments require owners of packinghouses and the land on which they are located to annually apply to the property appraiser for an assessment using the income methodology approach, as provided in section 193.4616, F.S., as amended by section 7 of Chapter 2026-239, L.O.F.

Amend Form DR-528, Notice of Ad Valorem Taxes and Non-Ad Valorem Assessments. The draft amendment adds the option for a property owner to make online payments for property taxes to the tax collector, as provided in s. 215.322, F.S., as amended by section 1 of Chapter 2026-169, L.O.F.

Additional forms being amended:

Amend Forms DR-403EB, The 20XX Ad Valorem Assessment Rolls Exemption Breakdown of _____ County, Florida, and DR-489EB, The 20XX Ad Valorem Assessment Rolls Exemption Breakdown of _____ County, Florida. The draft amendments create a new line for property appraisers to report data on the exemption breakdown of multifamily projects subject to land use restriction agreements as provided in section 196.1978(4), F.S.

Amend Form DR-452, Return of Real Property in Attempt to Establish Adverse Possession Without Color of Title. The draft amendment adds a section for notarizing the attestation clause as required by s. 95.18(3), F.S.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this rule will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: 1) no requirement for a SERC was triggered under Section 120.541(1), F.S.; and, 2) based on past experiences with activities for providing the public tax information and rules of this nature, the adverse impact or regulatory cost, if any, do not exceed nor would exceed any one of the economic analysis criteria in a SERC, as set forth in Section 120.541(2)(a), F.S.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days after publication of this notice.

BROWARD COUNTY PURCHASING

Notice of Unsolicited Proposal and Report of Public Interest Determination

Pursuant to Section 255.065, Florida Statutes

Proceeding With Unsolicited Proposal from Dependable Equities, LLC, Pursuant to Section 255.065(3)(d), Florida Statutes

On May 22, 2026, Broward County ("County"), a political subdivision of the State of Florida, received an unsolicited proposal ("Original Proposal") from Dependable Equities, LLC ("Dependable Equities") to demolish the existing County-owned structure and perform site clearing at 400 NE 4th Street,

Fort Lauderdale, Florida ("400 Property"), at its sole cost and expense, in exchange for temporary use of the cleared 400 Property for construction logistics and support activities associated with its adjacent Ombelle development. On August 12, 2026, Dependable Equities amended the Original Proposal by addendum to request temporary use of additional County-owned property located at 408 NE 4th Street, Fort Lauderdale, Florida ("408 Property") (the 400 Property and the 408 Property are collectively referred to herein as the "Properties") (the Original Proposal, as amended by the August 12, 2026, addendum, collectively, the "Proposal").

As part of the County's further evaluation of the Proposal, demolition of the existing County-owned structure and site clearing at the 408 Property are also contemplated as part of the proposed arrangement.

The demolition, site clearing, and temporary use at the Properties for construction logistics and support activities associated with the Ombelle development, as contemplated by the Proposal and the County's further evaluation thereof, are collectively referred to herein as the "Project."

On August 20, 2026, the Broward County Board of County Commissioners ("Board") directed the County Administrator to proceed with further evaluation of the Proposal pursuant to the public meeting process set forth in Section 255.065(3)(c), Florida Statutes, rather than the public bidding process set forth in Section 255.065(3)(b), Florida Statutes.

On September 10, 2026, the Board held the first duly noticed public meeting required by Section 255.065(3)(c), Florida Statutes. County staff presented the Proposal, and affected public entities and members of the public were provided an opportunity to comment. No public comments regarding the Proposal were received.

On September 22, 2026, the Board held the second duly noticed public meeting required by Section 255.065(3)(c), Florida Statutes, and considered the statutory factors required to determine whether the Proposal is in the public's interest, including the public-comment record of the September 10, 2026, meeting and any public comments received at the September 22, 2026, meeting. Following consideration of those factors, the Board adopted Resolution No. 2026-395, determining that the Project, as reflected in the Proposal and the County's further evaluation thereof, was in the public's interest in accordance with Section 255.065(3)(c), Florida Statutes, and directing the County Administrator to proceed with further evaluation of the Proposal and negotiation of a comprehensive agreement with Dependable Equities, subject to the remaining requirements of Section 255.065, Florida Statutes.

In making its public interest determination, the Board considered the factors required by Section 255.065(3)(c), Florida Statutes, and made the following findings:

1. Benefits to the public. The existing vacant County-owned structure at the 400 Property was constructed in approximately 1956, was significantly impacted by the April 2023 flooding, is not currently used for a County purpose, and is at the end of its useful life. The County incurred approximately \$36,000 in maintenance expenses for the 400 Property in Fiscal Year 2025. Additionally, the existing County-owned structure at the 408 Property is also vacant and currently not needed for County use. Under the Proposal, Dependable Equities would demolish the existing structures and perform the required site clearing at the Properties at its sole cost and expense. The Proposal would eliminate unused County-owned structures, including the deteriorated structure at the 400 Property, reduce ongoing County maintenance and security obligations, avoid County expenditures for demolition, site clearing, and ultimately return the Properties to the County in a cleared condition for future County-determined uses following expiration or earlier termination of the temporary use by Dependable Equities.

2. Financial structure and economic efficiencies. Dependable Equities proposes to bear, at its sole cost and expense, the costs associated with demolition, debris removal, and site clearing at the Properties. In exchange, Dependable Equities would receive temporary and revocable use of the Properties for construction logistics and support activities associated with the adjacent Ombelle development. The contemplated comprehensive agreement would have a 36-month initial term encompassing demolition, site clearing, and temporary use and would permit the County to terminate or recapture the temporary use rights as provided in the comprehensive agreement. The proposed structure would avoid County expenditures for the demolition, debris removal, and site clearing work and reduce the County's ongoing maintenance, security, and other carrying obligations associated with the Properties. Based upon these considerations and the proposed terms of the arrangement, the Board found that the financial structure provides economic efficiencies and benefits to the County. The final consideration and other business terms remain subject to negotiation and subsequent Board approval of a comprehensive agreement.

3. Qualifications, experience, and ability to perform. Dependable Equities has represented that it owns and manages a real estate portfolio valued at approximately \$4 billion. County staff has also identified the adjacent Ombelle Project as a 775-unit development being undertaken by Dependable Equities. The Proposal contemplates that Dependable Equities will be responsible for coordinating and undertaking the demolition, debris removal, site clearing, site security, stabilization, and temporary construction-logistics activities comprising the Project. Based upon Dependable Equities' real estate development experience, its ongoing development of the adjacent Ombelle Project, and the

information reviewed by County staff, the Board found that Dependable Equities possesses, directly and through appropriately qualified contractors, the qualifications, experience, and ability necessary to perform the Project.

4. Compatibility with regional infrastructure plans. The Project is temporary in nature, preserves County ownership of the Properties, and does not grant Dependable Equities permanent rights in either property. County staff considered the temporary nature and proposed use of the Project, including its location adjacent to the Ombelle development, the County's continued ownership of the Properties, the absence of any permanent property interest in favor of Dependable Equities, and the requirement that the Properties be used only for temporary construction logistics and support activities. The contemplated arrangement includes fencing and site-security measures, controls the handling, storage, removal, and disposal of hazardous or regulated materials in accordance with applicable law, and requires site clearing, stabilization, and return of the affected Properties to the County in a clean and cleared condition. Based upon that analysis, the Board found that the Project is compatible with applicable regional infrastructure plans.

5. Public comments. Affected public entities and members of the public were provided an opportunity to comment on the Proposal at the September 10, 2026, and September 22, 2026, duly noticed public meetings. No public comments regarding the Proposal were received at either meeting. No public comments regarding the Proposal were received. Based upon the foregoing findings, the Board determined that the Proposal should proceed under Section 255.065(3)(c), Florida Statutes, because it would avoid County expenditures for demolition and site clearing of unused County-owned structures, reduce ongoing County maintenance and security obligations, and provide Dependable Equities only temporary and revocable use of the Properties. The contemplated arrangement would preserve County ownership of the Properties and the County's ability to determine their future use following expiration or earlier termination of the temporary use rights.

Pursuant to Section 255.065(3)(d), Florida Statutes, Broward County publishes this report of the Board's public interest determination. Any comprehensive agreement resulting from the negotiations must be returned to the Board for separate approval.

Resolution No. 2026-395, which contains the Board's complete findings, is incorporated into this report by reference and is available, together with the supporting materials, at: Broward County - File #: 26-1083

BROWARD COUNTY PURCHASING

Notice of Unsolicited Proposal and Report of Public Interest Determination

Pursuant to Section 255.065, Florida Statutes

Proceeding With Unsolicited Proposal from Filthy Organics, LLC, Pursuant to Section 255.065(3)(d), Florida Statutes

On May 26, 2026, Broward County (“County”), a political subdivision of the State of Florida, received an unsolicited proposal (“Proposal”) from Filthy Organics, LLC (“Filthy Organics”) for the design, construction, and operation of a composting operation for the processing and beneficial reuse of yard waste on approximately eight acres of County-owned land located within the Broward County Landfill at 7101 SW 205th Avenue, Unincorporated Broward County, Florida (“Property”). On August 17, 2026, the County received a written supplement from Filthy Organics providing additional information and clarification regarding certain terms of the Proposal.

The design, permitting, construction, operation, and maintenance of the composting operation for the processing and beneficial reuse of yard waste on the Property, as contemplated by the Proposal, are collectively referred to herein as the “Project.”

On August 20, 2026, the Broward County Board of County Commissioners (“Board”) directed the County Administrator to proceed with further evaluation of the Proposal pursuant to the public meeting process set forth in Section 255.065(3)(c), Florida Statutes, rather than the public bidding process set forth in Section 255.065(3)(b), Florida Statutes.

On September 10, 2026, the Board held the first duly noticed public meeting required by Section 255.065(3)(c), Florida Statutes. County staff presented the Proposal, and affected public entities and members of the public were provided an opportunity to comment.

On September 22, 2026, the Board held the second duly noticed public meeting required by Section 255.065(3)(c), Florida Statutes, and considered the statutory factors required to determine whether the Proposal is in the public’s interest, including the public comments received at the September 10, 2026, meeting. Following consideration of those factors, the Board adopted Resolution No. 2026-396, determining that the unsolicited proposal is in the public’s interest and directing the County Administrator to proceed with further evaluation and negotiation of a comprehensive agreement with Filthy Organics, subject to the remaining requirements of Section 255.065, Florida Statutes.

In making its public interest determination, the Board considered the factors required by Section 255.065(3)(c), Florida Statutes, and made the following findings:

1. Benefits to the public. The Proposal would provide additional capacity within Broward County for processing and beneficial reuse of yard waste, support diversion of yard waste from landfill disposal, increase recycling, and produce finished compost and other beneficial-use material. The Project would

be privately financed and would not require County capital funding. The Proposal also contemplates the possibility of providing certain finished compost and screened material to the County for County uses.

2. Financial structure and economic efficiencies. Filthy Organics proposes to bear the costs associated with the design, permitting, construction, operation, and maintenance of the Project without County capital funding. Filthy Organics has indicated a willingness to negotiate adjustments to the financial terms based on intake levels, escalation provisions, performance guarantees, and other protections. The privately financed compost field avoids the need for County capital funding and provides the opportunity for the County to receive financial consideration for use of the County-owned land. The final compensation structure and other financial protections will be established through negotiation of the comprehensive agreement.

3. Qualifications, experience, and ability to perform. Filthy Organics is a Broward County-based organic waste recycling company that has operated a community-scale aerated static pile composting facility in Broward County since 2021 and currently processes approximately 22,000 pounds of organic waste per week. Filthy Organics has identified existing relationships with local municipalities, institutions, and commercial customers. Although the Project represents a significant increase in scale from Filthy Organics’ existing operations, the Board found that Filthy Organics has the relevant operating experience and existing market relationships supporting its ability to undertake the Project. Prior to approval of any comprehensive agreement, the County will require satisfactory evidence of financial capacity and financing, qualified personnel, suitable equipment, permitting capability, and other information necessary to demonstrate Filthy Organics’ ability to develop and operate the Project at the proposed scale.

4. Compatibility with regional infrastructure plans. The Project would be located within the existing Broward County Landfill footprint and would utilize existing landfill access and related infrastructure. County staff considered the Project in relation to existing and planned landfill activities, including ingress and egress, future landfill development, cover operations, emergency and hurricane-debris operations, regulatory requirements, stormwater and environmental controls, fire protection, and long-term solid waste planning. These matters can be addressed through appropriate conditions, operating requirements, and protections in the comprehensive agreement. Accordingly, the Board found that the Project is compatible with applicable regional infrastructure plans.

5. Public comments. Affected public entities and members of the public were provided an opportunity to comment on the Proposal at the September 10, 2026, duly noticed public

meeting. Oral public comments included support for expanding composting and yard-waste diversion, producing compost for beneficial use, and advancing a privately financed project without County capital funding. A speaker familiar with Filthy Organics' work in Southwest Ranches described a positive service relationship and praised its customer service and professionalism. A representative of the League of Women Voters of Broward County supported the Proposal while recommending evaluation of the financial terms and contract duration, geographically distributed processing locations, and expedited competitive procurements to allow participation by multiple providers. Representatives of an existing composting operator supported the County's waste-diversion objectives and requested an opportunity for dialogue and participation, including an opportunity to compete. They stated that their company had substantial composting experience and could offer greater financial compensation to the County than the proposed terms in the Proposal. They also expressed concern that favorable access to County-owned land could provide Filthy Organics a competitive advantage that could adversely affect their existing business. Having considered these comments, the Board determined that the Proposal should proceed under Section 255.065(3)(c), Florida Statutes, because it offers an initial, privately financed opportunity to expand yard-waste processing and beneficial reuse while the County continues planning for its broader solid waste needs.

Pursuant to Section 255.065(3)(d), Florida Statutes, Broward County publishes this report of the Board's public interest determination. Any proposed comprehensive agreement must be returned to the Board for approval.

Resolution No. 2026-396, which contains the Board's complete findings and consideration of the public comments, is incorporated into this report by reference and is available, together with the supporting materials, at: Broward County - File #: 26-1198
