MARTIN COUNTY BOARD OF COUNTY COMMISSIONERS

Proceeding With Unsolicited Proposal For The Martin County Operations Facility

MARTIN COUNTY, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA

Proceeding with Unsolicited Proposal for the Martin County Operations Facility

Pursuant to Section 255.065(3)(D), Florida Statutes

On October 31, 2025, Martin County (County), a political subdivision of the State of Florida, received a public-private-partnership (P3) unsolicited proposal from Building Tomorrow's Schools, Inc. (BTS) to deliver a new Maintenance and Operations Facility by July 2027 located in unincorporated Martin County.

On December 2, 2025, the Board of County Commissioners (BOCC) held the first duly noticed public meeting pursuant to section 255.065(3)(c), Florida Statutes, wherein the County presented and heard public comment regarding BTS's unsolicited proposal. After the staff presentation and request for public comment, the BOCC voted 3 to 1 in favor of moving the unsolicited proposal to its second publicly noticed meeting of the BOCC to determine if the unsolicited proposal is in the public's interest.

On February 24, 2026, the BOCC conducted its second duly noticed public meeting on BTS's unsolicited proposal pursuant to section 255.065(3)(c), Florida Statutes. The County Attorney's Office provided an overview of the process required under section 255.065(3)(c), Florida Statutes, including the five (5) factors the BOCC must consider for its determination of the public's interest; the proposed Resolution 26-2.50 for the BOCC's consideration; and, that if the unsolicited proposal is determined to be in the public interest the process will commence with County staff and BTS to prepare a comprehensive agreement for the Martin County Operations Facility. The comprehensive agreement will need to comply with the requirements of section 255.065, Florida Statutes. The BOCC then heard public comment from the public at the meeting and there was no negative public comment for the project that needs to be addressed. The BOCC engaged in discussion regarding BTS's unsolicited proposal after hearing all public comments, the BOCC passed Resolution No. 26-2.50 finding BTS's unsolicited proposal for the Martin County Operations Facility was in the public's interest in a vote of 4 to 1.

In making its decision, the County considered all public comment, none of which was against the project and therefore no public comment needs to be specifically addressed.

BTS's unsolicited proposal, the BOCC's December 2, 2025, and February 24, 2026, duly noticed public meetings (including the agenda memos, back-up documents, presentations and

which are all incorporated in this report by reference) are all available below at:

WHEREAS, under section 255.065(3)(c), Florida Statutes, the Board is required to determine whether BTS's unsolicited proposal is in the public's interest at a second public meeting; and

WHEREAS, the Board had a second public meeting on February 24, 2026 to determine whether the unsolicited proposal was in the public's interest and to hear public comment; and

WHEREAS, at the second public meeting, the Board evaluated the following factors presented by staff, with the assistance of the retained professionals, to determine whether BTS's unsolicited proposal is in the public's interest:

2. The financial structure of and the economic efficiencies achieved by the proposal. The proposed financial structure and delivery method are financially feasible and are anticipated to reduce project delivery time, lower lifecycle costs, and achieve economic efficiencies when compared to traditional delivery methods.

3. The qualifications and experience of the private entity that submitted the proposal and such entity's ability to perform the project. Building Tomorrow's Schools, Inc. has completed over 50 public projects and demonstrates the qualifications, experience, and capacity necessary to design, construct, and deliver a complex, multi-department County Maintenance and Operations Facility in accordance with the proposal.

4. The project's compatibility with regional infrastructure plans. The project is compatible with applicable regional infrastructure plans and is consistent with the County's Capital Improvement Plan and the Federal Aviation Administration approved Voluntary Corrective Action Plan, supporting long-term facilities planning and strategic objectives.

5. Public comments submitted at the meeting. The Board of County Commissioners requested public comment at the December 2, 2025, public meeting. The Board heard public comments at the February 24, 2026, meeting (second publicly noticed meeting). There was no negative public comment; and accordingly, no public comment needs to be specifically addressed. Additionally, the public will have the opportunity to provide public comments prior to the County entering into a comprehensive agreement with BTS.
