THE FULL TEXT OF THE PROPOSED RULE IS:

64-4.215 Renewal Application Requirements for MMTCs.

(1) Each MMTC seeking renewal of its MMTC license shall submit a renewal application to the department in compliance with Form DH8053-OMMU-05/01/2026 (Eff. 05/26), “Medical Marijuana Treatment Center Renewal Application Instructions, Requirements, and Forms,” incorporated by reference herein and available at <https://knowthefactsmmj.com/rules-and-regulations/> and at <https://flrules.org/Gateway/reference.asp?No=Ref-19589> together with a renewal fee in the amount prescribed in subsection (9) below.

(2) Renewal applicants may not submit variance requests, pursuant to Rule 64-4.023, F.A.C., as part of the renewal application. Renewal applicants are prohibited from submitting as part of a renewal application any information that varies or changes the MMTC’s initial application, as amended by variance requests approved by the department. Approval of a renewal application does not constitute a variance approval.

(3) The following are grounds for denial of a renewal application:

(a) Failure to submit the required renewal fee;

(b) Failure to provide information or documentation required by the “Medical Marijuana Treatment Center Renewal Application Instructions, Requirements, and Forms;”

(c) Failure to timely correct errors or omissions or supply required information to the department upon request made pursuant to s. 120.60, F.S.;

(d) Failure to meet minimum statutory requirements; or

(e) Any deficiencies or violations that are grounds for revocation or denial pursuant to statute or department rule.

(4) An MMTC seeking renewal must submit its renewal application at least 120 days, but not more than 150 days, before the end of the MMTC’s effective license period. The effective license period is a two-year period measured from the date the MMTC license was initially issued, as indicated on the initial license. The renewal period commences immediately after expiration of the preceding license period, regardless of when the renewal is approved.

(5) An MMTC’s complete renewal application, renewal fee, and supporting documentation must be delivered to the department’s Agency Clerk, at the address provided in the “Medical Marijuana Treatment Center Renewal Application Instructions, Requirements, and Forms,” no later than 5:00 p.m., Eastern Time, on the deadline established in subsection (4). If the deadline falls on a Saturday, Sunday, or legal holiday, then the deadline shall extend to the next day which is not a Saturday, Sunday, or legal holiday. As used in this rule, legal holiday means those days designated in s. 110.117, F.S.

(6) Renewal applications that are not received by the department’s Agency Clerk, at the address provided in the “Medical Marijuana Treatment Center Renewal Application Instructions, Requirements, and Forms,” on or before the date and time set forth in this rule will not be considered.

(7) The amount of the renewal fee will be calculated according to the following formula:

$$\frac{[(FY\ 1\ actual\ expenditures + FY\ 2\ actual\ expenditures) - (MMTC\ initial\ license\ application\ fees\ received\ during\ FY\ 1\ and\ FY\ 2)]}{Total\ number\ of\ licensed\ MMTCs} = MMTC\ renewal\ fee\ amount.$$

(a) FY 1 and FY 2 are the two most recently completed state fiscal years that immediately precede the first day of the two-year calendar period during which renewal applications are due, as reflected in the Medical Marijuana Treatment Center Renewal Fee Schedule. For example, for renewal applications due between January 1, 2023, and December 31, 2024, FY 1 and FY 2 would be the state’s fiscal years ending June 30, 2021, and June 30, 2022, respectively.

(b) For purposes of the formula, the total number of licensed MMTCs will be the number of licensed MMTCs as of the date the renewal fee is calculated.

(8) In establishing the renewal fee, the department will review its records, Department of Financial Services records, and any other necessary state records to ascertain the actual amounts expended to implement and administer s. 381.986, F.S., during the applicable fiscal years and amounts received from MMTC initial license application fees during those same fiscal years.

(9) The renewal fee amount is contained in Form DH8054-OMMU-05/01/2025 (Eff. 05/25), “Medical Marijuana

Treatment Center Renewal Fee Schedule,” incorporated by reference herein and available at <https://knowthefactsmmj.com/rules-and-regulations/> and at <https://flrules.org/Gateway/reference.asp?No=Ref-19590>.

Renewal fee amounts will be established for a period of two consecutive calendar years for all renewal applications due during such calendar years.

(10) An MMTC must maintain compliance with Rule 64-4.217, F.A.C., during the effective license period.

Rulemaking Authority Art. X, § 29, Fla. Const., 381.986(8)(b), 381.986(8)(k) FS. Law Implemented Art. X, § 29, Fla. Const., 381.986(8) FS. History—New

(b) The letter of credit must:

1. Be irrevocable for a period of two years;

2. Name the department as the sole beneficiary;

3. Be written so that the name of the applicant on the letter of credit corresponds exactly with the name of the licensed MMTC;

7. Contain a clause providing that any action to interpret or enforce the terms of the letter of credit or for breach of the letter of credit will be litigated exclusively in the state court of appropriate jurisdiction in and for Leon County, Florida; and

8. Be written so that the terms and conditions of the letter of credit correspond exactly with the damages and liabilities set forth in the “Florida Medical Marijuana Treatment Center Bond,” paragraphs A. and B.

(a) In lieu of a bond or letter of credit, the MMTC may provide \$5 million cash to the department via a wire transfer in the timeframe required by subsection (2).

(b) An MMTC that intends to provide cash in lieu of a bond or letter of credit must contact the department via email at OMMULicenseOperation@flhealth.gov and request instructions to effectuate a wire transfer of the cash to the Grants and Donations Trust Fund.

(c) Cash provided in lieu of a bond or letter of credit is subject to forfeiture on the same conditions and for the same damages and liabilities set forth in the “Florida Medical Marijuana Treatment Center Bond,” paragraphs A. and B.

(6) Financial Assurance Reduction.

(a) An MMTC that has posted an initial Financial Assurance in the amount of \$5 million may reduce the Financial Assurance to \$2 million if the MMTC is serving at least 1,000 qualified patients, subject to the following requirements:

1. Prior to reducing a \$5 million Financial Assurance, an MMTC must submit to the department completed Form DH8039-OMMU-05/2026 (Eff. 05/26), “Medical Marijuana Treatment Center Financial Assurance Reduction Request,” incorporated by reference herein and available at <https://knowthefactsmmj.com/rules-and-regulations/> and at <https://flrules.org/Gateway/reference.asp?No=Ref-19591>.

(9) The department will revoke an MMTC's license if the MMTC's Financial Assurance is canceled, revoked, or withdrawn in any manner and the MMTC fails to provide new Financial Assurance to the department as required by this rule and in the required amount on or before the effective date of cancellation, revocation, or withdrawal.

64-4.221 MMTC Seed-to-Sale Tracking System Integration.

(1) For purposes of this rule, the following definitions apply:

(a) “Department STS Tracking System” means the computer software seed-to-sale (STS) tracking system established, maintained, and controlled by the department pursuant to s. 381.986(8)(d), F.S.

(b) “Internal STS Tracking System” means an MMTC's own computer software seed-to-sale tracking system.

(c) “Unique product ID” means a unique combination of letters, numbers, or special characters selected by an MMTC and assigned to each type of usable product and marijuana delivery device made available to qualified patients. Usable products of the same cultivar, size, volume, flavor, ratio of tetrahydrocannabinol to cannabidiol, and route of administration shall be considered a single product type for purposes of assigning a unique product ID. The stock-keeping unit (SKU) number assigned to an MMTC's usable product or marijuana delivery device may also serve as the unique product ID so long as the SKU number is unique to each product type and marijuana delivery device.

(2) An MMTC must use an Internal STS Tracking System that fully integrates with the Department STS Tracking System. An Internal STS Tracking System is deemed fully integrated with the Department STS Tracking System when it successfully connects to and communicates with the Department STS Tracking System in real time. This connection will be established through an application programming interface (API).

(3) Prior to full integration with the Department STS Tracking System, each MMTC must:

(a) Complete the three department-approved training sessions;

(b) Submit a written integration plan to ommu_seedtosale@flhealth.gov and receive department approval of the plan, as provided in subsection (5); and

(c) Complete a validation process with the Department's STS Tracking System vendor during which the MMTC sends test files through its Internal STS Tracking System to the

Department's STS Tracking System to test the communication between the two systems.

(4) An MMTC must achieve full integration with the Department STS Tracking System before obtaining cultivation authorization from the department.

(5) The written integration plan required by subsection (3) must detail the process for fully integrating the MMTC's Internal STS Tracking System with the Department STS Tracking System.

(a) The written integration plan must be submitted to the department for approval via email at ommu_seedtosale@flhealth.gov. The department will send written notice to the MMTC either approving the written integration plan, requesting additional information, or requiring changes to the plan.

(b) The written integration plan must include, without limitation, the following information:

1. Name, phone number, and email address of the MMTC's contact person with primary responsibility for integrating the Internal STS Tracking System with the Department STS Tracking System;

2. Name of the Internal STS Tracking System;

3. Key date milestones, including, but not limited to:

64-4.222 MMTC STS Tracking System Procedures.

(1) For the purposes of this rule, the following definitions apply:

(a) “Department STS Tracking System” shall have the same meaning as provided in Rule 64-4.221, F.A.C.

(b) “Internal STS Tracking System” shall have the same meaning as provided in Rule 64-4.221, F.A.C.

(c) “Point-of-sale system” means a computer software system used by an MMTC to accept payments from customers and track sales of marijuana delivery devices and usable product. An MMTC's Internal STS Tracking System may also serve as the MMTC's point-of-sale system.

(d) “Unique product ID” shall have the same meaning as provided in Rule 64-4.221, F.A.C.

(2) An MMTC's Internal STS Tracking System must remain fully integrated with the Department STS Tracking System, as provided in Rule 64-4.221, F.A.C. If an MMTC's Internal STS Tracking System disconnects from the Department STS Tracking System for more than 2 hours (meaning communication between the two systems is disrupted), the MMTC must notify the department of the disconnection no later than three hours after the disconnection begins. Notice must be sent to the department via email at ommu_seedtosale@flhealth.gov.

(a) An MMTC shall not dispense usable product to qualified patients or caregivers during a period of disconnection unless the MMTC verifies that the qualified patient or caregiver has active status in the Medical Marijuana Use Registry with a current physician certification and sufficient availability within the patient's current order and supply limit in accordance with Rule 64-4.224, F.A.C. If the Medical Marijuana Use Registry is not available, the MMTC shall not dispense usable product during a period of disconnection.

(b) The MMTC must immediately notify the department once communication between the two systems is restored. Within 24 hours of restoration, the MMTC must provide an itemized list in CSV file format of all dispensations that occurred during the outage. The itemized list of dispensations must contain, at a minimum, the following information for each dispensation: date and time of the dispensation, patient ID number, department seed-to-sale inventory identification number, weight dispensed, and dispensing facility location. The itemized list of dispensations must be sent to the department via email at ommu_seedtosale@flhealth.gov.

(3) An MMTC shall configure its Internal STS Tracking System in such a manner that it provides to the department, through the application programming interface (API) technology, the information contained in Form DH5059-OMMU-05/2026 (Eff. 05/26), “MMTC Seed-to-Sale Required Data Collection Document,” incorporated by reference herein and available at: <https://knowthefactsmmj.com/rules-and-regulations/> and at <https://flrules.org/Gateway/reference.asp?No=Ref-19592>. An MMTC shall ensure that its Internal STS Tracking System provides the department all required information in accordance with the timeframes stated in the MMTC Seed-to-Sale Required Data Collection Document form.

(4) An MMTC shall retain all data recorded in its Internal STS Tracking System for a period of 3 years from the date of entry. Additionally, an MMTC shall, within 48 hours of the department's request, provide the department, in CSV file format, the native data and information contained in the MMTC's Internal STS Tracking System.

(5) The only persons authorized to use or access the MMTC's Internal STS Tracking System are:

(a) An MMTC owner, officer, manager, or employee;

(b) The MMTC's Internal STS Tracking System vendor; and

(c) The Department STS Tracking System vendor.

An MMTC shall be subject to disciplinary action in accordance with Rule 64-4.210, F.A.C., for allowing anyone other than the above-listed persons (including, but not limited to, third-party websites) to use or access information contained in its Internal STS Tracking System.

(6) Usable whole flower marijuana dispensed by an MMTC and recorded in its Internal STS Tracking System in ounces will be converted to grams by the Department STS Tracking System using the following equation: 1g = 0.0353 oz.

(7) An MMTC must record the dispensation of usable product in its Internal STS Tracking System under only one route of administration that has been approved by the qualified physician for the qualified patient (i.e., usable product approved for inhalation must be dispensed and recorded in the MMTC's Internal STS Tracking System under inhalation).

(8) An MMTC shall use the usable product's department-approved product name when recording and tracking a product in the Department STS Tracking System, the MMTC's point-of-sale system, and Internal STS Tracking System.

(9) An MMTC shall assign a unique product ID to each type of usable product and marijuana delivery device made available to qualified patients. An MMTC shall use the unique product ID when recording and tracking a product or device in its point-of-sale system and Internal STS Tracking System, as provided in the MMTC Seed-to-Sale Required Data Collection Document form.

(10) An MMTC shall generate a marijuana transportation manifest from its Internal STS Tracking System each time the MMTC transports marijuana. The transportation manifest generated from the MMTC’s Internal STS Tracking System shall comply with the requirements of s. 381.986(8)(g), F.S.

(11) When recording information in its Internal STS Tracking System, an MMTC shall identify with specificity the precise location (e.g., room, storage unit, or other designated area) where the marijuana is located at the facility. An MMTC’s Internal STS Tracking System shall, at all times, accurately identify the specific location of marijuana within the MMTC’s facility.

(12) An MMTC shall provide the department written justification for any changes to weight or count inventory, as reflected in the MMTC’s internal STS tracking system, that do not result from a processing step, dispensation of marijuana, wholesale purchase or distribution of marijuana, or disposal of waste. The written justification shall be provided to the department via email at ommu_seedtosale@flhealth.gov within 12 hours of the weight or count adjustment.

64-4.224 Dosing and Supply Limits for Medical Marijuana.

(1) Pursuant to s. 381.986(4)(f), F.S., a qualified physician may not issue a physician certification for more than three 70-day supply limits of marijuana or more than six 35-day supply limits of marijuana in a form for smoking. The 70-day supply limit and 35-day supply limit are set forth in this rule.

(2) A 35-day supply limit for marijuana in a form for smoking shall not exceed 2.5 ounces. Marijuana in a form for smoking shall only be dispensed by an MMTC as usable whole flower, ground usable whole flower, or prerolled marijuana cigarettes. An MMTC may not dispense usable whole flower, ground usable whole flower, or prerolled marijuana cigarettes under any other route of administration (e.g., vaporization).

(3) The equivalent daily dose amount limit and 70-day supply limit for approved routes of administration of marijuana are as follows:

| Route of Administration | Daily Dose Amount | 70-Day Supply Limit |
|----------------------------------|-------------------|---------------------|
| Edibles | 60 mg THC | 4,200 mg THC |
| Inhalation (e.g., vaporization) | 350 mg THC | 24,500 mg THC |
| Oral (e.g., capsules, tinctures) | 200 mg THC | 14,000 mg THC |
| Sublingual (e.g., sublingual) | 190 mg THC | 13,300 mg THC |

| | | |
|---------------------------------|-------------|---------------|
| tinctures) | | |
| Suppository | 195 mg THC | 13,650 mg THC |
| Topical (e.g., creams) | 150 mg THC | 10,500 mg THC |
| Marijuana in a form for smoking | 2.025 grams | N/A |

(4) An aggregate 70-day supply limit of marijuana, other than marijuana in a form for smoking, shall not exceed 24,500 mg of THC.

(5) A qualified physician may request an exception to the daily dose amount limit, the 35-day supply limit of marijuana in a form for smoking, and the 4-ounce possession limit of marijuana in a form for smoking by electronically submitting the information required by Form DH8031-OMMU-05/2026 (Eff. 05/26), “Request for Exception,” incorporated by reference herein and available at <https://knowthefactsmmj.com/rules-and-regulations/> and at <https://flrules.org/Gateway/reference.asp?No=Ref-19593> to the department via the Medical Marijuana Use Registry.

(a) An exception to the 4-ounce possession limit for marijuana in a form for smoking will only be approved in conjunction with an approved exception to the 35-day supply limit for marijuana in a form for smoking.

(b) Upon receipt of the completed “Request for Exception” form through the Medical Marijuana Use Registry and any required documentation, the department will approve or disapprove the exception request within 14 calendar days.

(c) When submitting a “Request for Exception” to the department, a qualified physician is responsible for complying with the relevant practice act, Chapter 458 or 459, F.S., and any applicable standards of practice or practice requirements adopted thereunder. Violations are subject to disciplinary action by the governing regulatory board.

(6) Each approved exception is valid for up to the duration of the qualified patient’s physician certification(s), which shall not exceed 210 days. However, an approved exception is no longer valid and must be closed in the Medical Marijuana Use Registry by a qualified physician if:

(a) The qualified physician submits a new “Request for Exception” for the qualified patient and obtains department approval; or

(b) Upon accepting a qualified patient in the Medical Marijuana Use Registry who has an existing certification with a department-approved exception request, the new qualified physician shall have seven calendar days to close the existing certification, including the approved exception request. If the new qualified physician does not close the existing certification within the prescribed timeframe, the existing certification will be automatically closed in the Medical Marijuana Use Registry.

(7) Any subsequent exception requests to the daily dose amount limit, the 35-day supply limit of marijuana in a form for smoking, and the 4-ounce possession limit of marijuana in a form for smoking must be submitted in accordance with subsection (5).

(8) An MMTC shall not dispense, and a qualified patient may not obtain, more than a 70-day supply of marijuana within any 70-day period or more than a 35-day supply of marijuana in a form for smoking within any 35-day period, unless there is an approved Request for Exception in place.

(a) The 70-day period is measured by looking back 70 days from the date of each dispensation.

(b) The 35-day period is measured by looking back 35 days from the date of each dispensation.

(c) The amount of marijuana an MMTC may dispense to a qualified patient on any given day is calculated as follows:

1. The difference between the 35-day supply limit of marijuana in a form for smoking and the patient’s total dispensation history over the past 35-day period.

2. The difference between the 70-day supply limit of marijuana not in a form for smoking and the patient’s total dispensation history over the past 70-day period.

3. Notwithstanding the calculations in subparagraphs (8)(c)1. and (8)(c)2., an MMTC shall not dispense to a patient an amount exceeding the amount remaining on the patient’s current order. The amount remaining on a patient’s current order is calculated by subtracting all dispensations to the patient under the current order from the total amount allowed by such order.
