Section II Proposed Rules

DEPARTMENT OF HEALTH

Board of Clinical Social Work, Marriage and Family Therapy and Mental Health Counseling

RULE NOS.: RULE TITLES:
64B4-2.002 Definition of "Supervision" for Clinical Social Work, Marriage and Family Therapy and Mental Health Counseling

64B4-2.0025 Qualified Supervisor Definitions and Duties
64B4-2.003 Conflict of Interest in Supervision

PURPOSE AND EFFECT: The Board proposes an amendment that updates the rules for clarity, efficiency, and the enhancement of health and safety.

SUMMARY: The proposed changes define "on premises" to include a licensed mental health professional being present via telehealth or other synchronous electronic means. Additionally, the change removes obsolete language. The proposed changes

clarify that the information submitted by the qualified supervisor must be complete and accurate. Additionally, it establishes that the Qualified Supervisor must respond to requests from the Board for additional information and corrections. The proposed changes clarifies that the prohibition against supervision applies to the current or former therapist, current or former spouse, current or former employees, or are or were in a romantic, sexual, domestic, or familial relationship.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
