2026-2027 Master Credentials List
Industry Certifications

Credential applications are received throughout the year and evaluated on a quarterly basis for inclusion on the state Master Credentials List. This version of the 2026-2027 Master Credentials List includes the credentials approved by the Credentials Review Committee on May 13, 2026. Eligibility for secondary level CAPE funding is determined by the State Board of Education and is captured on the CAPE Industry Certification Funding List (<https://www.fdoe.org/academics/career-adult-edu/cape-secondary/cape-industry-cert-funding-list-current.stm>).

Credentials highlighted in yellow are in their first year of "flagged-for-removal" status based on demand and/or wage deficiencies. Credentials on the 2026-27 MCL whose demand/wage deficiencies are not cured by February 2027 will remain on the list for a second year. See Notes column for details.

The local demand and credential sequencing fast-track applications can be found near the top of the page [here](#).

Beginning with the initial 2025-26 MCL published in February 2025, these credentials will be highlighted in orange to indicate they are in their second year of "flagged-for-removal" status. Additional information to cure the demand/wage deficiencies associated with credentials highlighted in orange must be submitted by no later than December 1, 2026, to prevent the removal of these credentials from the 2026-27 MCL published in February 2027. See Notes column for details.

Green Highlights = Credential is new to the MCL in 2026-2027.

2026-2027 Master Credentials List
Industry Certifications

Credential applications are received throughout the year and evaluated on a quarterly basis for inclusion on the state Master Credentials List. This version of the 2026-2027 Master Credentials List includes the credentials approved by the Credentials Review Committee on May 13, 2026. Eligibility for secondary level CAPE funding is determined by the State Board of Education and is captured on the CAPE Industry Certification Funding List (<https://www.fdoe.org/academics/career-adult-edu/cape-secondary/cape-industry-cert-funding-list-current.stm>).

Credentials highlighted in yellow are in their first year of "flagged-for-removal" status based on demand and/or wage deficiencies. Credentials on the 2026-27 MCL whose demand/wage deficiencies are not cured by February 2027 will remain on the list for a second year. See Notes column for details.

The local demand and credential sequencing fast-track applications can be found near the top of the page [here](#).

Beginning with the initial 2025-26 MCL published in February 2025, these credentials will be highlighted in orange to indicate they are in their second year of "flagged-for-removal" status. Additional information to cure the demand/wage deficiencies associated with credentials highlighted in orange must be submitted by no later than December 1, 2026, to prevent the removal of these credentials from the 2026-27 MCL published in February 2027. 2026-2027 Master Credentials List
Industry Certifications

Credential applications are received throughout the year and evaluated on a quarterly basis for inclusion on the state Master Credentials List. This version of the 2026-2027 Master Credentials List includes the credentials approved by the Credentials Review Committee on May 13, 2026. Eligibility for secondary level CAPE funding is determined by the State Board of Education and is captured on the CAPE Industry Certification Funding List (<https://www.fdoe.org/academics/career-adult-edu/cape-secondary/cape-industry-cert-funding-list-current.stm>).

Credentials highlighted in yellow are in their first year of "flagged-for-removal" status based on demand and/or wage deficiencies. Credentials on the 2026-27 MCL whose demand/wage deficiencies are not cured by February 2027 will remain on the list for a second year. See Notes column for details.

The local demand and credential sequencing fast-track applications can be found near the top of the page [here](#).

Beginning with the initial 2025-26 MCL published in February 2025, these credentials will be highlighted in orange to indicate they are in their second year of "flagged-for-removal" status. Additional information to cure the demand/wage deficiencies associated with credentials highlighted in orange must be submitted by no later than December 1, 2026, to prevent the removal of these credentials from the 2026-27 MCL published in February 2027. See Notes column for details.

2026-2027 Master Credentials List
Industry Certifications

Credential applications are received throughout the year and evaluated on a quarterly basis for inclusion on the state Master Credentials List. This version of the 2026-2027 Master Credentials List includes the credentials approved by the Credentials Review Committee on May 13, 2026. Eligibility for secondary level CAPE funding is determined by the State Board of Education and is captured on the CAPE Industry Certification Funding List (<https://www.fdoe.org/academics/career-adult-edu/cape-secondary/cape-industry-cert-funding-list-current.stm>).

Credentials highlighted in yellow are in their first year of "flagged-for-removal" status based on demand and/or wage deficiencies. Credentials on the 2026-27 MCL whose demand/wage deficiencies are not cured by February 2027 will remain on the list for a second year. See Notes column for details.
The local demand and credential sequencing fast-track applications can be found near the top of the page [here](#).

Beginning with the initial 2025-26 MCL published in February 2025, these credentials will be highlighted in orange to indicate they are in their second year of "flagged-for-removal" status. Additional information to cure the demand/wage deficiencies associated with credentials highlighted in orange must be submitted by no later than December 1, 2026, to prevent the removal of these credentials from the 2026-27 MCL published in February 2027. See Notes column for details.

Eligibility for secondary level CAPE funding is determined by the State Board of Education and is captured on the CAPE Industry Certification Funding List (<https://www.fdoe.org/academics/career-adult-edu/cape-secondary/cape-industry-cert-funding-list-current.shtml>).

Credentials highlighted in yellow are in their first year of "flagged-for-removal" status based on demand and/or wage deficiencies. Credentials on the 2026-27 MCL whose demand/wage deficiencies are not cured by February

2027 will remain on the list for a second year. See Notes column for details.

The local demand and credential sequencing fast-track applications can be found near the top of the page [here](#).

Beginning with the initial 2025-26 MCL published in February 2025, these credentials will be highlighted in orange to indicate they are in their second year of "flagged-for-removal" status. Additional information to cure the

demand/wage deficiencies associated with credentials highlighted in orange must be submitted by no later than December 1, 2026, to prevent the removal of these credentials from the 2026-27 MCL published in February

2026-2027 Master Credentials List
Industry Certifications

Credential applications are received throughout the year and evaluated on a quarterly basis for inclusion on the state Master Credentials List. This version of the 2026-2027 Master Credentials List includes the credentials approved by the Credentials Review Committee on May 13, 2026. Eligibility for secondary level CAPE funding is determined by the State Board of Education and is captured on the CAPE Industry Certification Funding List (<https://www.fdoe.org/academics/career-adult-edu/cape-secondary/cape-industry-cert-funding-list-current.shtml>).

Credentials highlighted in yellow are in their first year of "flagged-for-removal" status based on demand and/or wage deficiencies. Credentials on the 2026-27 MCL whose demand/wage deficiencies are not cured by February 2027 will remain on the list for a second year. See Notes column for details.

The local demand and credential sequencing fast-track applications can be found near the top of the page [here](#).

Beginning with the initial 2025-26 MCL published in February 2025, these credentials will be highlighted in orange to indicate they are in their second year of "flagged-for-removal" status. Additional information to cure the demand/wage deficiencies associated with credentials highlighted in orange must be submitted by no later than December 1, 2026, to prevent the removal of these credentials from the 2026-27 MCL published in February 2027. See Notes column for details.

Green Highlights = Credential is new to the MCL in 2026-2027.

2026-2027 Master Credentials List
Industry Certifications

Credential applications are received throughout the year and evaluated on a quarterly basis for inclusion on the state Master Credentials List. This version of the 2026-2027 Master Credentials List includes the credentials approved by the Credentials Review Committee on May 13, 2026. Eligibility for secondary level CAPE funding is determined by the State Board of Education and is captured on the CAPE Industry Certification Funding List (<https://www.fdoe.org/academics/career-adult-edu/cape-secondary/cape-industry-cert-funding-list-current.shtml>).

Credentials highlighted in yellow are in their first year of "flagged-for-removal" status based on demand and/or wage deficiencies. Credentials on the 2026-27 MCL whose demand/wage deficiencies are not cured by February 2027 will remain on the list for a second year. See Notes column for details.

The local demand and credential sequencing fast-track applications can be found near the top of the page [here](#).

Beginning with the initial 2025-26 MCL published in February 2025, these credentials will be highlighted in orange to indicate they are in their second year of "flagged-for-removal" status. Additional information to cure the demand/wage deficiencies associated with credentials highlighted in orange must be submitted by no later than December 1, 2026, to prevent the removal of these credentials from the 2026-27 MCL published in February 2027. See Notes column for details.

Green Highlights = Credential is new to the MCL in 2026-2027.

2026-2027 Master Credentials List
Industry Certifications

Credential applications are received throughout the year and evaluated on a quarterly basis for inclusion on the state Master Credentials List. This version of the 2026-2027 Master Credentials List includes the credentials approved by the Credentials Review Committee on May 13, 2026. Eligibility for secondary level CAPE funding is determined by the State Board of Education and is captured on the CAPE Industry Certification Funding List (<https://www.fdoe.org/academics/career-adult-edu/cape-secondary/cape-industry-cert-funding-list-current.stm>).

Credentials highlighted in yellow are in their first year of "flagged-for-removal" status based on demand and/or wage deficiencies. Credentials on the 2026-27 MCL whose demand/wage deficiencies are not cured by February 2027 will remain on the list for a second year. See Notes column for details.
The local demand and credential sequencing fast-track applications can be found near the top of the page [here](#).

Beginning with the initial 2025-26 MCL published in February 2025, these credentials will be highlighted in orange to indicate they are in their second year of "flagged-for-removal" status. Additional information to cure the demand/wage deficiencies associated with credentials highlighted in orange must be submitted by no later than December 1, 2026, to prevent the removal of these credentials from the 2026-27 MCL published in February 2027. See Notes column for details.

Green Highlights = Credential is new to the MCL in 2026-2027.

*Eligibility for secondary level CAPE funding is determined by the State Board of Education and is captured on the CAPE Industry Certification Funding List (<https://www.fdoe.org/academics/career-adult-edu/cape-secondary/cape-industry-cert-funding-list-current.stm>).
