- (1) The establishment and maintenance of written procedures as required by this Rule.

(A) incoming and outgoing written (including electronic) correspondence to properly identify and handle in accordance with firm procedures, customer complaints, instructions, funds and securities, and communications that are of a subject matter that require review under FINRA rules and federal securities laws.

Reviews of correspondence and internal communications must be conducted by a registered principal and must be evidenced in writing, either electronically or on paper.

(5) Review of Customer Complaints

The supervisory procedures required by this paragraph (b) shall include procedures to capture, acknowledge, and respond to all written (including electronic) customer complaints.

(i) supervising their own activities; and

(ii) reporting to, or having their compensation or continued employment determined by, a person or persons they are supervising.

a. If a member determines, with respect to any of its supervisory personnel, that compliance with subparagraph (i) or (ii) above is not possible because of the member's size or a supervisory personnel's position within the firm, the member must document:

1. the factors the member used to reach such determination; and

2. how the supervisory arrangement with respect to such supervisory personnel otherwise complies with paragraph (a) of this Rule.

(D) procedures reasonably designed to prevent the supervisory system required pursuant to paragraph (a) of this Rule from being compromised due to the conflicts of interest that may be present with respect to the associated person being supervised, including the position of such person, the revenue such person generates for the firm, or any compensation that the associated person conducting the supervision may derive from the associated person being supervised.

(7) Maintenance of Written Supervisory Procedures

A copy of a member's written supervisory procedures, or the relevant portions thereof, shall be kept and maintained in each OSJ and at each location where supervisory activities are conducted on behalf of the member. Each member shall promptly amend its written supervisory procedures to reflect changes in applicable securities laws or regulations, including FINRA rules, and as changes occur in its supervisory system. Each member is responsible for promptly communicating its written supervisory procedures and amendments to all associated persons to whom such written supervisory procedures and amendments are relevant based on their activities and responsibilities.

(c) Internal Inspections

(1) Each member shall conduct a review, at least annually (on a calendar-year basis), of the businesses in which it engages. The review shall be reasonably designed to assist the member in detecting and preventing violations of, and achieving compliance with, applicable securities laws and regulations, and with applicable FINRA rules. Each member shall review the activities of each office, which shall include the periodic examination of customer accounts to detect and prevent irregularities or abuses. Each member shall also retain a written record of the date upon which each review and inspection is conducted.

(A) Each member shall inspect at least annually (on a calendar-year basis) every OSJ and any branch office that supervises one or more non-branch locations.

(B) Each member shall inspect at least every three years every branch office that does not supervise one or more non-branch locations. In establishing how often to inspect each non-supervisory branch office, the member shall consider whether the nature and complexity of the securities activities for which the location is responsible, the volume of business done at the location, and the number of associated persons assigned to the location require the non-supervisory branch office to be inspected more frequently than every three years. If a member establishes a more frequent inspection cycle, the member must ensure that at least every three years, the inspection requirements enumerated in paragraph (c)(2) have been met. The member's written supervisory and inspection procedures shall set forth the non-supervisory branch office examination cycle, an explanation of the factors the member used in determining the frequency of the examinations in the cycle, and the manner in which a member will comply with paragraph (c)(2) if using more frequent inspections than every three years.

(C) Each member shall inspect on a regular periodic schedule every non-branch location. In establishing such schedule, the member shall consider the nature and complexity of the securities activities for which the location is responsible and the nature and extent of contact with customers. The member's written supervisory and inspection procedures shall set forth the schedule and an explanation regarding how the member determined the frequency of the examination.

(2) An inspection and review by a member pursuant to paragraph (c)(1) must be reduced to a written report and kept on file by the member for a minimum of three years, unless the inspection is being conducted pursuant to paragraph (c)(1)(C) and the regular periodic schedule is longer than a three-year cycle, in which case the report must be kept on file at least until the next inspection report has been written.

(A) If applicable to the location being inspected, that location's written inspection report must include, without limitation, the testing and verification of the member's policies

(i) safeguarding of customer funds and securities;

(ii) maintaining books and records;

(iii) supervision of supervisory personnel;

(iv) transmittals of funds (e.g., wires or checks, etc.) or securities from customers to third party accounts; from customer accounts to outside entities (e.g., banks, investment companies, etc.); from customer accounts to locations other than a customer's primary residence (e.g., post office box, "in care of" accounts, alternate address, etc.); and between customers and registered representatives, including the hand-delivery of checks; and

(v) changes of customer account information, including address and investment objectives changes and validation of such changes.

(B) The policies and procedures required by paragraph (c)(2)(A)(iv) must include a means or method of customer confirmation, notification, or follow-up that can be documented. Members may use reasonable risk-based criteria to determine the authenticity of the transmittal instructions.

(C) The policies and procedures required by paragraph (c)(2)(A)(v) must include, for each change processed, a means or method of customer confirmation, notification, or follow-up that can be documented and that complies with SEA Rules 17a-3(a)(17)(i)(B)(2) and 17a-3(a)(17)(i)(B)(3).

(D) If a member does not engage in all of the activities enumerated in paragraphs (c)(2)(A)(i) through (c)(2)(A)(v) at the location being inspected, the member must identify those activities in the member's written supervisory procedures or the location's written inspection report and document in the member's written supervisory procedures or the location's written inspection report that supervisory policies and procedures for such activities must be in place at that location before the member can engage in them.

(3) For each inspection conducted pursuant to paragraph (c), a member must:

(A) have procedures reasonably designed to prevent the effectiveness of the inspections required pursuant to paragraph (c)(1) of this Rule from being compromised due to the conflicts of interest that may be present with respect to the location being inspected, including but not limited to, economic, commercial, or financial interests in the associated persons and businesses being inspected; and

Reprinted with permission from FINRA.
(B) ensure that the person conducting an inspection pursuant to paragraph (c)(1) is not an associated person assigned to the location or is not directly or indirectly supervised by, or otherwise reporting to, an associated person assigned to the location.

(C) If a member determines that compliance with paragraph (c)(3)(B) is not possible either because of a member's size or its business model, the member must document in the inspection report both the factors the member used to make its determination and how the inspection otherwise complies with paragraph (c)(1).

(d) Transaction Review and Investigation

(1) Each member shall include in its supervisory procedures a process for the review of securities transactions that are reasonably designed to identify trades that may violate the provisions of the Exchange Act, the rules thereunder, or FINRA rules prohibiting insider trading and manipulative and deceptive device that are effected for the:

(A) accounts of the member;

(B) accounts introduced or carried by the member in which a person associated with the member has a beneficial interest or the authority to make investment decisions;

(C) accounts of a person associated with the member that are disclosed to the member pursuant to [Rule 3210](#); and

(D) covered accounts.

(2) Each member must conduct promptly an internal investigation into any such trade to determine whether a violation of those laws or rules has occurred.

(3) A member engaging in investment banking services must file with FINRA, written reports, signed by a senior officer of the member, at such times and, without limitation, including such content, as follows:

(A) within ten business days of the end of each calendar quarter, a written report describing each internal investigation initiated in the previous calendar quarter pursuant to paragraph (d)(2), including the identity of the member, the date each internal investigation commenced, the status of each open internal investigation, the resolution of any internal investigation reached during the previous calendar quarter, and, with respect to each internal investigation, the identity of the security, trades, accounts, associated persons of the member, or associated person of the member's family members holding a covered account, under review, and that includes a copy of the member's policies and procedures required by paragraph (d)(1).

Reprinted with permission from FINRA.
(B) within five business days of completion of an internal investigation pursuant to paragraph (d)(2) in which it was determined that a violation of the provisions of the Exchange Act, the rules thereunder, or FINRA rules prohibiting insider trading and manipulative and deceptive devices had occurred, a written report detailing the completion of the investigation, including the results of the investigation, any internal disciplinary action taken, and any referral of the matter to FINRA, another self-regulatory organization, the SEC, or any other federal, state, or international regulatory authority.

(e) Responsibility of Member to Investigate Applicants for Registration

Each member shall ascertain by investigation the good character, business reputation, qualifications and experience of an applicant before the member applies to register that applicant with FINRA and before making a representation to that effect on the application for registration.

If the applicant previously has been registered with FINRA or another self-regulatory organization, the member shall review a copy of the applicant's most recent Form U5, including any amendments thereto, within 60 days of the filing date of an application for registration, or demonstrate

to FINRA that it has made reasonable efforts to do so. In conducting its review of the Form U5, the member shall take such action as may be deemed appropriate.

The member shall also review an applicant's employment experience to determine if the applicant has been recently employed by a Futures Commission Merchant or an Introducing Broker that is notice-registered with the SEC pursuant to Section 15(b)(11) of the Exchange Act. In such a case, the member shall also review a copy of the applicant's most recent CFTC Form 8-T, including any amendments thereto, within 60 days of the filing date of an application for registration, or demonstrate to FINRA that it has made reasonable efforts to do so. In conducting its review of a Form 8-T, the member shall take such action as may be deemed appropriate.

In addition, each member shall establish and implement written procedures reasonably designed to verify the accuracy and completeness of the information contained in an applicant's initial or transfer Form U4 no later than 30 calendar days after the form is filed with FINRA. Such procedures shall, at a minimum, provide for a search of reasonably available public records to be conducted by the member, or a third-party service provider, to verify the accuracy and completeness of the information contained in the applicant's initial or transfer Form U4.

 - b. The location is not held out to the public as an office and the associated person does not meet with customers at the location;

• • • **Supplementary Material:** -----

.01 Registration of Main Office. A member's main office location is required to be registered and designated as a branch office or OSJ if it meets the definitions of a "branch office" or "office of supervisory jurisdiction" as set forth in Rule 3110(f). In general, the nature of activities conducted at a main office will satisfy the requirements of such terms.

.02 Designation of Additional OSJs. In addition to the locations that meet the definition of OSJ in Rule 3110(f), each member shall also register and designate other offices as OSJs as is necessary to supervise its associated persons in accordance with the standards set forth in Rule 3110. In making a determination as to whether to designate a location as an OSJ, the member should consider the following factors:

(a) whether registered persons at the location engage in retail sales or other activities involving regular contact with public customers;

(b) whether a substantial number of registered persons conduct securities activities at, or are otherwise supervised from, such location;

(c) whether the location is geographically distant from another OSJ of the firm;

(d) whether the member's registered persons are geographically dispersed; and

(e) whether the securities activities at such location are diverse or complex.

.03 Supervision of Multiple OSJs by a Single Principal. Rule 3110(a)(4) requires a member to designate one or more appropriately registered principals in each OSJ with the authority to carry out

the supervisory responsibilities assigned to that office ("on-site principal"). The designated on-site principal for each OSJ must have a physical presence, on a regular and routine basis, at each OSJ for which the principal has supervisory responsibilities. Consequently, there is a general presumption that a principal will not be designated and assigned to be the on-site principal pursuant to Rule 3110(a)(4) to supervise more than one OSJ. If a member determines it is necessary to designate and assign one appropriately registered principal to be the on-site principal pursuant to Rule 3110(a)(4) to supervise two or more OSJs, the member must take into consideration, among others, the following factors:

- (a) whether the on-site principal is qualified by virtue of experience and training to supervise the activities and associated persons in each location;
- (b) whether the on-site principal has the capacity and time to supervise the activities and associated persons in each location;
- (c) whether the on-site principal is a producing registered representative;
- (d) whether the OSJ locations are in sufficiently close proximity to ensure that the on-site principal is physically present at each location on a regular and routine basis; and
- (e) the nature of activities at each location, including size and number of associated persons, scope of business activities, nature and complexity of products and services offered, volume of business done, the disciplinary history of persons assigned to such locations, and any other indicators of irregularities or misconduct.

The member must establish, maintain, and enforce written supervisory procedures regarding the supervision of all OSJs. In all cases where a member designates and assigns one on-site principal to supervise more than one OSJ, the member must document in the member's written supervisory and inspection procedures the factors used to determine why the member considers such supervisory structure to be reasonable and the determination by the member will be subject to scrutiny.

.04 Annual Compliance Meeting. A member is not required to conduct in-person meetings with each registered person or group of registered persons to comply with the annual compliance meeting (or interview) required by Rule 3110(a)(7). A member that chooses to conduct compliance meetings using other methods (e.g., on-demand webcast or course, video conference, interactive classroom setting, telephone, or other electronic means) must ensure, at a minimum, that each registered person attends the entire meeting (e.g., an on-demand annual compliance webcast would require each registered person to use a unique user ID and password to gain access and use a technology platform to track the time spent on the webcast, provide click-as-you go confirmation, and have an attestation of completion at the end of a webcast) and is able to ask questions regarding the presentation and receive answers in a timely fashion (e.g., an on-demand annual compliance webcast that allows registered persons to ask questions via an email to a presenter or a centralized address or via a telephone hotline and receive timely responses directly or view such responses on the member's intranet site).

.05 Risk-based Review of Member's Investment Banking and Securities Business. A member may use a risk-based review system to comply with Rule 3110(b)(2)'s requirement that a registered

principal review, all transactions relating to the investment banking or securities business of the member. A member is not required to conduct detailed reviews of each transaction if a member is using a reasonably designed risk-based review system that provides a member with sufficient information that permits the member to focus on the areas that pose the greatest numbers and risks of violation.

.06 Risk-based Review of Correspondence and Internal Communications. By employing risk-based principles, a member must decide the extent to which additional policies and procedures for the review of:

(a) incoming and outgoing written (including electronic) correspondence that fall outside of the subject matters listed in Rule 3110(b)(4) are necessary for its business and structure. If a member's procedures do not require that all correspondence be reviewed before use or distribution, the procedures must provide for:

- (1) the education and training of associated persons regarding the firm's procedures governing correspondence;
- (2) the documentation of such education and training; and
- (3) surveillance and follow-up to ensure that such procedures are implemented and followed.

(b) internal communications that are not of a subject matter that require review under FINRA rules and federal securities laws are necessary for its business and structure.

.07 Evidence of Review of Correspondence and Internal Communications. The evidence of review required in Rule 3110(b)(4) must be chronicled either electronically or on paper and must clearly identify the reviewer, the internal communication or correspondence that was reviewed, the date of review, and the actions taken by the member as a result of any significant regulatory issues identified during the review. Merely opening a communication is not sufficient review.

.08 Delegation of Correspondence and Internal Communication Review Functions. In the course of the supervision and review of correspondence and internal communications required by Rule 3110(b)(4), a supervisor/principal may delegate certain functions to persons who need not be registered. However, the supervisor/principal remains ultimately responsible for the performance of all necessary supervisory reviews, irrespective of whether he or she delegates functions related to the review. Accordingly, supervisors/principals must take reasonable and appropriate action to ensure delegated functions are properly executed and should evidence performance of their procedures sufficiently to demonstrate overall supervisory control.

.09 Retention of Correspondence and Internal Communications. Each member shall retain the internal communications and correspondence of associated persons relating to the member's

investment banking or securities business for the period of time and accessibility specified in SEA Rule 17a-4(b). The names of the persons who prepared outgoing correspondence and who reviewed the correspondence shall be ascertainable from the retained records, and the retained records shall be readily available to FINRA, upon request.

.10 Supervision of Supervisory Personnel. A member's determination that it is not possible to comply with paragraphs (b)(6)(C)(i) or (b)(6)(C)(ii) of Rule 3110 prohibiting supervisory personnel from supervising their own activities and from reporting to, or otherwise having compensation or continued employment determined by, a person or persons they are supervising generally will arise in instances where:

- (a) the member is a sole proprietor in a single-person firm;
- (b) a registered person is the member's most senior executive officer (or similar position); or
- (c) a registered person is one of several of the member's most senior executive officers (or similar positions).

.11 Use of Electronic Media to Communicate Written Supervisory Procedures. A member may use electronic media to satisfy its obligation to communicate its written supervisory procedures, and any amendment thereto, pursuant to Rule 3110(b)(7), provided that: (1) the written supervisory procedures have been promptly communicated to, and are readily accessible by, all associated persons to whom such supervisory procedures apply based on their activities and responsibilities through, for example, the member's intranet system; (2) all amendments to the written supervisory procedures are promptly posted to the member's electronic media; (3) associated persons are notified that amendments relevant to their activities and responsibilities have been made to the written supervisory procedures; (4) the member has reasonable procedures to monitor and maintain the security of the material posted to ensure that it cannot be altered by unauthorized persons; and (5) the member retains current and prior versions of its written supervisory procedures in compliance with the applicable record retention requirements of SEA Rule 17a-4(e)(7).

.12 Standards for Reasonable Review. In fulfilling its obligations under Rule 3110(c), each member must conduct a review, at least annually, of the businesses in which it engages. The review must be reasonably designed to assist in detecting and preventing violations of and achieving compliance with applicable securities laws and regulations and with FINRA rules. Each member shall establish and maintain supervisory procedures that must take into consideration, among other things, the firm's size, organizational structure, scope of business activities, number and location of the firm's offices, the nature and complexity of the products and services offered by the firm, the volume of business done, the number of associated persons assigned to a location, the disciplinary history of registered representatives or associated persons, and any indicators of irregularities or misconduct (i.e., "red flags"), etc. The procedures established and reviews conducted must provide that the quality of supervision at remote locations is sufficient to ensure compliance with applicable securities laws and regulations and with FINRA rules. A member must be especially diligent in establishing procedures and conducting reasonable reviews with respect to a non-branch location where a registered

representative engages in securities activities. Based on the factors outlined above, members may need to impose reasonably designed supervisory procedures for certain locations or may need to provide for more frequent reviews of certain locations.

.13 General Presumption of Three-Year Limit for Periodic Inspection Schedules. Rule 3110(c)(1)(C) requires a member to inspect on a regular periodic schedule every non-branch location. In establishing a non-branch location inspection schedule, there is a general presumption that a non-branch location will be inspected at least every three years, even in the absence of any indicators of irregularities or misconduct (i.e., "red flags"). If a member establishes a longer periodic inspection schedule, the member must document in its written supervisory and inspection procedures the factors used in determining that a longer periodic inspection cycle is appropriate.

.14 Exception to Persons Prohibited from Conducting Inspections. A member's determination that it is not possible to comply with Rule 3110(c)(3)(B) with respect to who is not allowed to conduct a location's inspection will generally arise in instances where:

- (a) the member has only one office; or
- (b) the member has a business model where small or single-person offices report directly to an OSJ manager who is also considered the offices' branch office manager.

.15 Temporary Program to Address Underreported Form U4 Information. FINRA is establishing a temporary program that will issue a refund to members of Late Disclosure Fees assessed for the late filing of responses to Form U4 Question 14M (unsatisfied judgments or liens) if the Form U4 amendment is filed between April 24, 2014 and December 1, 2015 and one of the following conditions is met: (1) the judgment or lien has been satisfied, and at the time it was unsatisfied, it was under \$5,000 and the date the judgment or lien was filed with a court (as reported on Form U4 Judgment/Lien DRP, Question 4.A.) was on or before August 13, 2012; or (2) the unsatisfied judgment or lien was satisfied within 30 days after the individual learned of the judgment or lien (as reported on Form U4 Judgment/Lien DRP, Question 4.B.). This program has a retroactive effective date of April 24, 2014, and it will automatically sunset on December 1, 2015. Members will not be able to use the program after December 1, 2015.

.16 Temporary Extension of Time to Complete Office Inspections. Each member obligated to complete an inspection of an office of supervisory jurisdiction, branch office or non-branch location in calendar year 2020 pursuant to, as applicable, paragraphs (c)(1)(A), (B) and (C) under Rule 3110, shall be deemed to have satisfied such obligation if the applicable inspection is completed on or before March 31, 2021.

.17 Temporary Relief to Allow Remote Inspections for Calendar Years 2020, 2021, 2022, 2023, and Through the Earlier of the Effective Date of the Remote Inspections Pilot Program, if Approved, or June 30, 2024.

(a) Use of Remote Inspections. Each member obligated to conduct an inspection of an office of supervisory jurisdiction, branch office or non-branch location in the calendar years specified in this supplementary material pursuant to, as applicable, paragraphs (c)(1)(A), (B) and (C) under Rule 3110 may, subject to the requirements of this Rule 3110.17, satisfy such obligation by conducting the applicable inspection remotely, without an on-site visit to the office or location. In accordance with Rule 3110.16, inspections for calendar year 2020 must have been completed on or before March 31, 2021. Inspections for calendar year 2021 must have been completed on or before December 31, 2021, for calendar year 2022, on or before December 31, 2022, and for calendar year 2023, on or before December 31, 2023. With respect to a member's obligation to conduct an inspection of an office or location in calendar year 2024, a member has the option to conduct those inspections remotely through the earlier of the effective date of the Remote Inspections Pilot Program proposed in File No. SR-FINRA-2023-007, if approved, or June 30, 2024. Notwithstanding Rule 3110.17, a member shall remain subject to the other requirements of Rule 3110(c).

(b) Written Supervisory Procedures for Remote Inspections. Consistent with a member's obligation under Rule 3110(b)(1), a member that elects to conduct its inspections remotely for any of the calendar years specified in this supplementary material must amend or supplement its written supervisory procedures to provide for remote inspections that are reasonably designed to assist in detecting and preventing violations of and achieving compliance with applicable securities laws and regulations, and with applicable FINRA rules. Reasonably designed procedures for conducting remote inspections of offices or locations should include, among other things: (1) a description of the methodology, including technologies permitted by the member, that may be used to conduct remote inspections; and (2) the use of other risk-based systems employed generally by the member firm to identify and prioritize for review those areas that pose the greatest risk of potential violations of applicable securities laws and regulations, and of applicable FINRA rules.

(c) Effective Supervisory System. The requirement to conduct inspections of offices and locations is one part of the member's overall obligation to have an effective supervisory system and therefore, the member must continue with its ongoing review of the activities and functions occurring at all offices and locations, whether or not the member conducts inspections remotely. A member's use of a remote inspection of an office or location will be held to the same standards for review as set forth under Rule 3110.12. Where a member's remote inspection of an office or location identifies any indicators of irregularities or misconduct (i.e., "red flags"), the member may need to impose additional supervisory procedures for that office or location or may need to provide for more frequent monitoring of that office or location, including potentially a subsequent physical, on-site visit on an announced or unannounced basis. The temporary relief provided by this Rule 3110.17 does not extend to a member's inspection requirements beyond the earlier of the effective date of the Remote Inspections Pilot Program proposed in File No. SR-FINRA-2023-007, if approved, or June 30, 2024, and such inspections must be conducted in compliance with Rule 3110(c).

(d) Documentation Requirement. A member must maintain and preserve a centralized record for the calendar years specified in this supplementary material that separately identifies: (1) all offices or locations that had inspections that were conducted remotely; and (2) any offices or locations for

which the member determined to impose additional supervisory procedures or more frequent monitoring, as provided in Rule 3110.17(c). A member's documentation of the results of a remote inspection for an office or location must identify any additional supervisory procedures or more frequent monitoring for that office or location that were imposed as a result of the remote inspection.

* Where such office of convenience is located on bank premises, signage necessary to comply with applicable federal and state laws, rules and regulations and applicable rules and regulations of other self-regulatory organizations, and securities and banking regulators may be displayed and shall not be deemed "holding out" for purposes of this section.

Notices

(a) Each member shall designate and specifically identify to FINRA one or more principals who shall establish, maintain, and enforce a system of supervisory control policies and procedures that:

(1) test and verify that the member's supervisory procedures are reasonably designed with respect to the activities of the member and its associated persons, to achieve compliance with applicable securities laws and regulations, and with applicable FINRA rules; and

(2) create additional or amend supervisory procedures where the need is identified by such testing and verification. 3130. Annual Certification of Compliance and Supervisory Processes

The Rule

Notices

(a) Designation of Chief Compliance Officer(s)

Each member shall designate and specifically identify to FINRA on Schedule A of Form BD one or more principals to serve as a chief compliance officer.

(b) Annual Certification Requirement

Each member shall have its chief executive officer(s) (or equivalent officer(s)) certify annually,¹ as set forth in paragraph (c), that the member has in place processes to establish, maintain, review, test and modify written compliance policies and written supervisory procedures reasonably designed to achieve compliance with applicable FINRA rules, MSRB rules and federal securities laws and regulations, and that the chief executive officer(s) has conducted one or more meetings with the chief compliance officer(s) in the preceding 12 months to discuss such processes.

(c) Certification

The certification shall state the following:

The undersigned is/are the chief executive officer(s) (or equivalent officer(s)) of (name of member corporation/partnership/sole proprietorship) (the "Member"). As required by FINRA Rule 3130(b), the undersigned make(s) the following certification:

1. The Member has in place processes to:

(A) establish, maintain and review policies and procedures reasonably designed to achieve compliance with applicable FINRA rules, MSRB rules and federal securities laws and regulations;

(B) modify such policies and procedures as business, regulatory and legislative changes and events dictate; and

(C) test the effectiveness of such policies and procedures on a periodic basis, the timing and extent of which is reasonably designed to ensure continuing compliance with FINRA rules, MSRB rules and federal securities laws and regulations.

2. The undersigned chief executive officer(s) (or equivalent officer(s)) has/have conducted one or more meetings with the chief compliance officer(s) in the preceding 12 months, the

subject of which satisfy the obligations set forth in FINRA Rule 3130.

3. The Member's processes, with respect to paragraph 1 above, are evidenced in a report reviewed by the chief executive officer(s) (or equivalent officer(s)), chief compliance officer(s), and such other officers as the Member may deem necessary to make this certification. The final report has been submitted to the Member's board of directors and audit committee or will be submitted to the Member's board of directors and audit committee (or equivalent bodies) at the earlier of their next scheduled meetings or within 45 days of the date of execution of this certification.

4. The undersigned chief executive officer(s) (or equivalent officer(s)) has/have consulted with the chief compliance officer(s) and other officers as applicable (referenced in paragraph 3 above) and such other employees, outside consultants, lawyers and accountants, to the extent deemed appropriate, in order to attest to the statements made in this certification.

¹ Members must ensure that each ensuing annual certification is effected no later than on the anniversary date of the previous year's certification.

• • • **Supplementary Material:** -----

.01 Designation of Co-Chief Executive Officers. A member may choose to designate a second co-chief executive officer, provided that each of the two chief executive officers must individually discharge all of the obligations set forth in Rule 3130, and each shall be held responsible for the representations in the certification as if they were the member's only chief executive officer. Designation of a co-chief executive officer pursuant to this Rule applies only for the purposes of this Rule and has no effect on any other regulatory obligation imposed on a member or its chief executive officer.

.02 Designation of Multiple Chief Compliance Officers. FINRA recognizes that compliance expertise may reside in more than one individual in firms with distinct business segments. Therefore, a member may choose to designate more than one chief compliance officer, provided that (1) each designated chief compliance officer is a principal; (2) the member precisely defines and documents the areas of primary compliance responsibility assigned to each designated chief compliance officer and makes specific provisions for which of the designated chief compliance officers has primary compliance responsibility in areas that can reasonably be expected to overlap; (3) each designated chief compliance officer satisfies all of the requirements of Rule 3130 with respect to his or her defined area of primary compliance responsibility as if that individual was the member's only chief compliance officer and (4) collectively, the designated chief compliance officers have the responsibilities and expertise that enable them to consult with the chief executive officer(s) on the totality of the subject matters required to be addressed in the certification by the chief executive officer(s) under Rule 3130.

Thus, for example, a member that chooses to have multiple chief compliance officers is required to conduct one or more meetings annually between the chief executive officer(s) (or equivalent officer(s)) and each designated chief compliance officer, individually or collectively. At each such meeting, the chief executive officer (or equivalent officer) would be required to discuss with each chief compliance officer the required topics, but only as it relates to the particular chief compliance officer's defined and documented area of primary compliance responsibility.

.03 Importance of Compliance Processes. It is critical that each FINRA member understand the importance of employing comprehensive and effective compliance policies and written supervisory procedures. Compliance with applicable FINRA rules, MSRB rules and federal securities laws and regulations is the foundation of ensuring investor protection and market integrity and is essential to the efficacy of self-regulation. Consequently, the certification requirement is intended to require processes by each member to establish, maintain, review, test and modify its compliance policies and written supervisory procedures in light of the nature of its businesses and the laws and rules that are applicable thereto, and to evidence such processes in a report reviewed by the chief executive officer(s) (or equivalent officer(s)) executing the certification.

.04 Content of Meetings Between Chief Executive Officer and Chief Compliance

Officer. Included in this processes requirement is an obligation on the part of the member to conduct one or more meetings annually between the chief executive officer(s) (or equivalent officer(s)) and the chief compliance officer(s) to: (1) discuss and review the matters that are the subject of the certification; (2) discuss and review the member's compliance efforts as of the date of such meetings; and (3) identify and address significant compliance problems and plans for emerging business areas.

.05 Role of the Chief Compliance Officer. The periodic and content requirements for meetings between the chief executive officer(s) (or equivalent officer(s)) and the chief compliance officer(s), as well as the pertinent requirements of paragraphs 3 and 4 of the certification, are intended to indicate the unique and integral role of a chief compliance officer both in the discharge of certain compliance processes and reporting requirements that are the subject matter of the certification and in providing a reliable basis upon which the chief executive officer(s) can execute the certification. A chief compliance officer is a primary advisor to the member on its overall compliance scheme and the particularized rules, policies and procedures that the member adopts. This is because a chief compliance officer should have an expertise in the process of (1) gaining an understanding of the products, services or line functions that need to be the subject of written compliance policies and written supervisory procedures; (2) identifying the relevant rules, regulations, laws and standards of conduct pertaining to such products, services or line functions based on experience and/or consultation with those persons who have a technical expertise in such areas of the member's business; (3) developing, or advising other business persons charged with the obligation to develop, policies and procedures that are reasonably designed to achieve compliance with those relevant rules, regulations, laws and standards of conduct; (4) evidencing the supervision by the line managers who are responsible for the execution of compliance policies; and (5) developing programs to test

compliance with the member's policies and procedures.

It is the expertise in the process of compliance that makes a chief compliance officer an indispensable party to enable the chief executive officer(s) to reach the conclusions stated in the certification. Consequently, any certification made by a chief executive officer (or equivalent officer) under circumstances where a chief compliance officer has concluded, after consultation, that there is an inadequate basis for making such certification would be, without limitation, conduct inconsistent with the observance of the high standards of commercial honor and the just and equitable principles of trade — a violation of Rule 2010. Beyond the certification requirement, it is the intention of this Rule to foster regular and significant interaction between senior management and the chief compliance officer(s) regarding the member's comprehensive compliance program.

.06 Responsibility for Compliance Functions. The chief compliance officer(s) and other compliance officers that report to the chief compliance officer(s) (as described in the sentence that immediately follows) shall perform the compliance functions contemplated by this Rule, including paragraphs 3 and 4 of the certification. Nothing in this Rule is intended to limit or discourage the participation of other employees both within and without the member's compliance department in any aspect of the member's compliance programs or processes, including those matters discussed in this Rule. However, it is understood that a chief compliance officer and, where applicable, the most senior compliance officers having primary compliance department responsibility for each of the member's business segments, will retain responsibility for the compliance functions contemplated by this Rule, including paragraphs 3 and 4 of the certification.

As may be necessary to render their views and advice, the chief compliance officer(s) and the other officers referenced in paragraph 3 of the certification who consult with the chief executive officer(s) (or equivalent officer(s)) pursuant to paragraph 4, shall, in turn, consult with other employees, officers, outside consultants, lawyers and accountants.

.07 Effect of Certification on Business Line Responsibility. The FINRA Board of Governors recognizes that supervisors with business line responsibility are accountable for the discharge of a member's compliance policies and written supervisory procedures. The signatory to the certification is certifying only as to having processes in place to establish, maintain, review, test and modify the member's written compliance and supervisory policies and procedures and the execution of this certification and any consultation rendered in connection with such certification does not by itself establish business line responsibility.

.08 Ability of Chief Compliance Officer to Hold Other Positions. The requirement to designate one or more chief compliance officers does not preclude such persons from holding any other position within the member, including the position of chief executive officer, provided that such persons can discharge the duties of a chief compliance officer in light of his or her other additional responsibilities.

.09 Members Without a Board of Directors or Audit Committee. The requirement that a member's processes include providing the report to the board of directors and audit committee (required by paragraph 3 of the certification) does not apply to members that do not utilize these types of governing bodies and committees in the conduct of their business.²

.10 Content of Report Documenting Processes. The report required in paragraph 3 of the certification must document the member's processes for establishing, maintaining, reviewing, testing and modifying compliance policies, that are reasonably designed to achieve compliance with applicable FINRA rules, MSRB rules and federal securities laws and regulations, and any principal designated by the member may prepare the report. The report must be produced prior to execution of the certification and be reviewed by the chief executive officer(s) (or equivalent officer(s)), chief compliance officer(s) and any other officers the member deems necessary to make the certification and must be provided to the member's board of directors and audit committee in final form either prior to execution of the certification or at the earlier of their next scheduled meetings or within 45 days of execution of the certification. The report should include the manner and frequency in which the processes are administered, as well as the identification of officers and supervisors who have responsibility for such administration. The report need not contain any conclusions produced as a result of following the processes set forth therein. The report may be combined with any other compliance report or other similar report required by any other self-regulatory organization provided that (1) such report is clearly titled in a manner indicating that it is responsive to the requirements of the certification and this Rule; (2) a member that submits a report for review in response to a FINRA request must submit the report in its entirety; and (3) the member makes such report in a timely manner, i.e., annually.

² As a part of their process, members must have the report reviewed by their governing bodies and committees that serve similar functions in lieu of a board of directors and audit committee.

Notices

(a) A member may hold mail for a customer who will not be receiving mail at his or her usual address, provided that:

(1) the member receives written instructions from the customer that include the time period during which the member is requested to hold the customer's mail. If the requested time period included in the instructions is longer than three consecutive months (including any aggregation of time periods from prior requests), the customer's instructions must include an acceptable reason for the request (e.g., safety or security concerns). Convenience is not an acceptable reason for holding mail longer than three months;

(2) the member:

(A) informs the customer in writing of any alternate methods, such as email or access through the member's website, that the customer may use to receive or monitor account activity and information; and

(B) obtains the customer's confirmation of the receipt of such information; and

(3) the member verifies at reasonable intervals that the customer's instructions still apply.

(b) During the time that a member is holding mail for a customer, the member must be able to communicate with the customer in a timely manner to provide important account information (e.g., privacy notices, the SIPC information disclosures required by Rule 2266), as necessary.

(c) A member holding a customer's mail pursuant to this Rule must take actions reasonably designed to ensure that the customer's mail is not tampered with, held without the customer's consent, or used by an associated person of the member in any manner that would violate FINRA rules or the federal securities laws.

Except as otherwise provided in this Rule, a member that is a party to a networking arrangement under which the member conducts broker-dealer services on or off the premises of a financial institution is subject to the following requirements:

(1) Setting

A member that conducts broker-dealer services on the premises of a financial institution shall:

(A) be clearly identified as the person providing broker-dealer services and shall distinguish its broker-dealer services from the services of the financial institution;

(B) conduct its broker-dealer services in an area that displays clearly the member's name; and

(C) to the extent practicable, maintain its broker-dealer services in a location physically separate from the routine retail deposit-taking activities of the financial institution.

(2) Networking Agreements

(A) Networking arrangements between a member and a financial institution shall be governed by a written agreement that sets forth the responsibilities of the parties and the compensation arrangements and include all broker-dealer obligations, as applicable, set forth in Rule 701 of SEC Regulation R. Independent of their contractual obligations, members shall comply with all broker-dealer obligations, as applicable, under Rule 701 of SEC Regulation R.

(B) The member shall ensure that the written agreement stipulates that supervisory personnel of the member and representatives of the SEC and FINRA will be permitted access to the financial institution's premises where the member conducts broker-dealer services, as applicable, in order to inspect the books and records and other relevant information maintained by the member with respect to its broker-dealer services.

(3) Customer Disclosure

Reprinted with permission from FINRA.

(A) At or prior to the time that a customer account is opened by a member that is a party to a networking arrangement, the member shall disclose in writing to each customer that the broker-dealer services are being provided by the member and not by the financial institution, and that the securities products purchased or sold in a transaction are:

- (i) not insured by the Federal Deposit Insurance Corporation ("FDIC");

(B) Retail communications, including material published, or designed for use, in radio or television broadcasts, Automated Teller Machine ("ATM") screens, billboards, signs, posters and brochures, that announce the location of a financial institution where broker-dealer services are provided by the member or promote the name or services of the financial institution or that are distributed by the member on the premises of a financial institution or at such other location where the financial institution is present or represented shall include the disclosures required by paragraph (a)(3) of this Rule. The following legend may be used to provide these disclosures in retail communications, provided that such disclosures are displayed in a conspicuous manner:

- Not FDIC Insured
- No Bank Guarantee
- May Lose Value

(C) As long as the omission of the disclosures required by paragraph (a)(4)(B) of this Rule would not cause the retail communications to be misleading in light of the context in which the material is presented, such disclosures are not required with respect to messages contained in:

- (i) radio broadcasts of 30 seconds or less;

Reprinted with permission from FINRA.
(ii) electronic signs, including billboard-type signs that are electronic, time and

temperature signs and ticker tape signs, but excluding messages contained in such media as television, online services or ATMs; and

(iii) signs, such as banners and posters, when used only as location indicators.

(5) Notifications of Terminations

3230. Telemarketing

The Rules

Notices

(a) General Telemarketing Requirements

No member or person associated with a member shall initiate any outbound telephone call to:

(1) Time of Day Restriction

Any residence of a person before the hour of 8 a.m. or after 9 p.m. (local time at the called party's location), unless

(A) the member has an established business relationship with the person pursuant to paragraph (m)(12)(A),

(B) the member has received that person's prior express invitation or permission, or

(C) the person called is a broker or dealer;

(2) Firm-Specific Do-Not-Call List

Any person that previously has stated that he or she does not wish to receive an outbound telephone call made by or on behalf of the member; or

(3) National Do-Not-Call List

Any person who has registered his or her telephone number on the Federal Trade Commission's national do-not-call registry.

(b) National Do-Not-Call List Exceptions

A member making outbound telephone calls will not be liable for violating paragraph (a)(3) if:

(1) Established Business Relationship Exception

The member has an established business relationship with the recipient of the call. A person's request to be placed on the firm-specific do-not-call list terminates the established business relationship exception to that national do-not-call list provision for that member even if the person continues to do business with the member;

(2) Prior Express Written Consent Exception

The member has obtained the person's prior express invitation or permission. Such permission must be evidenced by a signed, written agreement (which may be obtained

electronically under the E-Sign Act) between the person and member which states that the person agrees to be contacted by the member and includes the telephone number to which the calls may be placed; or

(3) Personal Relationship Exception

The associated person making the call has a personal relationship with the recipient of the call.

(c) Safe Harbor Provision

A member or person associated with a member making outbound telephone calls will not be liable for violating paragraph (a)(3) if the member or person associated with a member demonstrates that the violation is the result of an error and that as part of the member's routine business practice, it meets the following standards:

(1) Written procedures. The member has established and implemented written procedures to comply with the national do-not-call rules;

(2) Training of personnel. The member has trained its personnel, and any entity assisting in its compliance, in procedures established pursuant to the national do-not-call rules;

(3) Recording. The member has maintained and recorded a list of telephone numbers that it may not contact; and

(4) Accessing the national do-not-call database. The member uses a process to prevent outbound telephone calls to any telephone number on any list established pursuant to the do-not-call rules, employing a version of the national do-not-call registry obtained from the administrator of the registry no more than 31 days prior to the date any call is made, and maintains records documenting this process.

(d) Procedures

Prior to engaging in telemarketing, a member must institute procedures to comply with paragraph (a). Such procedures must meet the following minimum standards:

(1) Written policy. Members must have a written policy for maintaining a do-not-call list.

(2) Training of personnel engaged in telemarketing. Personnel engaged in any aspect of telemarketing must be informed and trained in the existence and use of the do-not-call list.

(3) Recording, disclosure of do-not-call requests. If a member receives a request from a person not to receive calls from that member, the member must record the request and place the person's name, if provided, and telephone number on the firm's do-not-call list at the time the request is made. Members must honor a person's do-not-call request within a reasonable time

from the date such request is made. This period may not exceed 30 days from the date of such request. If such requests are recorded or maintained by a party other than the member on whose behalf the outbound telephone call is made, the member on whose behalf the outbound telephone call is made will be liable for any failures to honor the do-not-call request.

(4) Identification of sellers and telemarketers. A member or person associated with a member making an outbound telephone call must provide the called party with the name of the individual caller, the name of the member, an address or telephone number at which the member may be contacted, and that the purpose of the call is to solicit the purchase of securities or related service. The telephone number provided may not be a 900 number or any other number for which charges exceed local or long distance transmission charges.

(5) Affiliated persons or entities. In the absence of a specific request by the person to the contrary, a person's do-not-call request shall apply to the member making the call, and will not apply to affiliated entities unless the consumer reasonably would expect them to be included given the identification of the caller and the product being advertised.

(6) Maintenance of do-not-call lists. A member making outbound telephone calls must maintain a record of a person's request not to receive further calls.

(e) Wireless Communications

The provisions set forth in this Rule are applicable to members and persons associated with a member making outbound telephone calls to wireless telephone numbers.

(f) Outsourcing Telemarketing

If a member uses another appropriately registered or licensed entity or person to perform telemarketing services on its behalf, the member remains responsible for ensuring compliance with all provisions contained in this Rule.

(g) Caller Identification Information

(1) Any member that engages in telemarketing, as defined in paragraph (m)(20) of this Rule, must transmit or cause to be transmitted the telephone number, and, when made available by the member's telephone carrier, the name of the member, to any caller identification service in use by a recipient of an outbound telephone call.

(2) The telephone number so provided must permit any person to make a do-not-call request during regular business hours.

(3) Any member that engages in telemarketing, as defined in paragraph (m)(20) of this Rule, is prohibited from blocking the transmission of caller identification information.

The term "unencrypted" means not only complete, visible account numbers, whether provided in lists or singly, but also encrypted information with a key to its decryption. This paragraph shall not apply to the disclosure or receipt of a customer's billing information to process a payment pursuant to a telemarketing transaction.

(i) Submission of Billing Information

For any telemarketing transaction, a member or person associated with a member must obtain the express informed consent of the person to be charged and to be charged using the identified account.

(1) In any telemarketing transaction involving preacquired account information and a free-to-pay conversion feature, the member or person associated with a member must:

(A) obtain from the customer, at a minimum, the last four digits of the account number to be charged;

(B) obtain from the customer an express agreement to be charged and to be charged using the account number pursuant to paragraph (i)(1)(A); and

(C) make and maintain an audio recording of the entire telemarketing transaction.

(2) In any other telemarketing transaction involving preacquired account information not described in paragraph (i)(1), the member or person associated with a member must:

(A) identify the account to be charged with sufficient specificity for the customer to understand what account will be charged; and

(B) obtain from the customer an express agreement to be charged and to be charged using the account number identified pursuant to paragraph (i)(2)(A).

(j) Abandoned Calls

(1) No member or person associated with a member shall "abandon" any outbound telephone call. An outbound telephone call is "abandoned" if a person answers it and the call is not connected to a person associated with a member within two seconds of the person's completed greeting.

(2) A member or person associated with a member shall not be liable for violating paragraph (j)(1) if:

Reprinted with permission from FINRA.

(B) the member or person associated with a member, for each outbound telephone call placed, allows the telephone to ring for at least 15 seconds or four rings before disconnecting an unanswered call;

(C) whenever a person associated with a member is not available to speak with the person answering the outbound telephone call within two seconds after the person's completed greeting, the member or person associated with a member promptly plays a recorded message that states the name and telephone number of the member or person associated with the member on whose behalf the call was placed; and

(D) the member retains records establishing compliance with paragraph (j)(2).

(k) Prerecorded Messages

(1) No member or person associated with a member shall initiate any outbound telephone call that delivers a prerecorded message other than a prerecorded message permitted for compliance with the call abandonment safe harbor in paragraph (j)(2)(C) unless:

(A) the member has obtained from the recipient of the call an express agreement, in writing, that:

(i) the member obtained only after a clear and conspicuous disclosure that the purpose of the agreement is to authorize the member to place prerecorded calls to such person;

(ii) the member obtained without requiring, directly or indirectly, that the agreement be executed as a condition of opening an account or purchasing any good or service;

(iii) evidences the willingness of the recipient of the call to receive calls that deliver prerecorded messages by or on behalf of a specific member; and

(iv) includes such person's telephone number and signature (which may be obtained electronically under the E-Sign Act);

(B) the member or person associated with a member allows the telephone to ring for at least 15 seconds or four rings before disconnecting an unanswered call; and within two seconds after the completed greeting of the person called, plays a prerecorded message

.01 Customer. For purposes of this Rule, a "customer" would include any customer that has, or in the previous six months had, a securities account assigned to the registered person at any member.

.02 Estate. For purposes of this Rule, a customer's estate would include any cash and securities, real estate, insurance, trusts, annuities, business interests and other assets that the customer owns or has an interest in at the time of death.

.03 Record Retention. For purposes of paragraph (b) of this Rule, members shall preserve the written notice and approval for at least three years after the date that the beneficiary status or position of trust

has terminated or the bequest received or for at least three years, whichever is earlier, after the registered person's association with the member has terminated.

.04 Position Prior to Association With Member. If a registered person was named as a beneficiary or to a position of trust prior to the registered person's association with the member, the registered person, within 30 calendar days of becoming so associated, shall provide notice to and receive approval from the member consistent with this Rule to maintain the beneficiary status or position of trust.

.05 Pre-Existing Positions. With respect to agreements to assume such status or act in such capacity that were entered into prior to the existence of a broker-customer relationship, such as where the customer was not a customer of the registered person at the time at which the registered person was named beneficiary or to a position of trust, these agreements raise similar conflict of interest concerns as agreements to assume such status or act in such capacity entered into subsequent to the existence of a broker-customer relationship. Therefore, the registered person must act consistent with paragraph (a) of this Rule for any existing beneficiary status or position of trust prior to the initiation of the broker-customer relationship. Moreover, upon receipt of notice of such a position, the member should evaluate the beneficiary status or position of trust consistent with paragraph (b) of this Rule.

.06 Naming Other Persons. A registered person instructing or asking a customer to name another person to be a beneficiary of the customer's estate or to receive a bequest from the customer's estate would present similar conflict of interest concerns as the registered person being so named. Accordingly, a registered person instructing or asking a customer to name another person, such as the registered person's spouse or child, to be a beneficiary of the customer's estate or to receive a bequest from the customer's estate would not be consistent with paragraph (a)(1) of the Rule.

The Rule

Notices

No registered person may be an employee, independent contractor, sole proprietor, officer, director or partner of another person, or be compensated, or have the reasonable expectation of compensation, from any other person as a result of any business activity outside the scope of the relationship with his or her member firm, unless he or she has provided prior written notice to the member, in such form as specified by the member. Passive investments and activities subject to the requirements of Rule 3280 shall be exempted from this requirement.

.01 Obligations of Member Receiving Notice. Upon receipt of a written notice under Rule 3270, a member shall consider whether the proposed activity will: (1) interfere with or otherwise compromise the registered person's responsibilities to the member and/or the member's customers or (2) be viewed by customers or the public as part of the member's business based upon, among other factors, the nature of the proposed activity and the manner in which it will be offered. Based on the member's review of such factors, the member must evaluate the advisability of imposing specific conditions or limitations on a registered person's outside business activity, including where circumstances warrant, prohibiting the activity. A member also must evaluate the proposed activity to determine whether the activity properly is characterized as an outside business activity or whether it should be treated as an outside securities activity subject to the requirements of Rule 3280. A member must keep a record of its compliance with these obligations with respect to each written notice received and must preserve this record for the period of time and accessibility specified in SEA Rule 17a-4(e)(1).
