PREFACE TO RULES

These rules are intended to implement the provisions of Section 215.97, Florida Statutes, which prescribes the requirements for a Florida Single Audit Act audit. This statute describes who or what is to be audited; describes when, where, how, and by whom State single audits of nonprofit and for-profit organizations are to be made; and requires that certain standards and procedures be followed. Rules for implementation of the Florida Single Audit Act for local governmental entities are separately promulgated in Chapter 10.550, Rules of the Auditor General.

Sections 215.97(2)(a) and 215.97(8)(a), Florida Statutes, provide that each nonstate entity that expends a total amount of State financial assistance equal to or in excess of \$750,000 in any fiscal year of such nonstate entity shall be required to have an audit for such year in accordance with the Florida Single Audit Act.

The statutes use various terms that may have common meanings. However, a number of these terms, such as "State single audit," "nonprofit organization," and "for-profit organization," have statutory definitions. When defined by statute, the statutory definitions prevail over other definitions.

Auditors are cautioned that, in general, these rules neither repeat nor paraphrase the statutory provisions. Hence, knowledge of statutory provisions is the responsibility of individual auditors.

These rules are intended to and do implement, interpret, or make specific certain statutory provisions that are within the authority of the Auditor General to implement, interpret, or make specific. However, the rules are not intended to supersede, nor do the rules impinge on, the authority of the Board of Accountancy in the regulation of the practice of accountancy as authorized by Chapter 473, Florida Statutes.

The contents of the financial reporting package required by Rule 10.656(3) to be submitted by nonprofit and for-profit organizations shall include an audit of the financial statements of such organizations and reports and related information required for an audit conducted pursuant to Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). It is the intent of these rules that the auditor shall combine reports and schedules to the extent possible and shall avoid including duplicate findings in the various reports, schedules, and management letter.

Project-specific audits conducted pursuant to the Florida Single Audit Act shall comply with these rules except with respect to requirements imposed by these rules applicable to financial statements and notes thereto. The scope of project-specific audits shall not be required to include an examination of the financial statements as described in Rule 10.655(2) and (3), as applicable.

These rules are effective for fiscal years ending June 30, 2023, and thereafter. Any nonprofit or for-profit organizations that have not filed required financial reporting packages for earlier fiscal years should submit financial reporting packages that have been prepared and submitted in accordance with the rules in effect for those fiscal years.

Note: All statutory references are to the 2025 Florida Statutes.

10.651 PURPOSE

- (1) Under the Florida Single Audit Act (Section 215.97, Florida Statutes), a nonprofit or for-profit organization may be required to have an annual audit of State financial assistance. The audit threshold defined in Rule 10.654(1)(a) applies to audits of State financial assistance.
- (2) Under Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), as applicable, a nonprofit organization may also be required to have an annual audit of Federal awards. The Federal Awards audit shall be conducted as part of the Florida Single Audit Act audit.
- (3) The Comptroller General of the United States has adopted professional auditing standards for the audit of entities, including nonprofit or for-profit organizations, receiving Federal awards. These standards are contained in the publication entitled *Government Auditing Standards*.
- (4) The Auditor General has adopted the auditing standards set forth in *Government Auditing Standards* as the standards for State single audits of nonprofit and for-profit organizations pursuant to Florida law. Hence, the same auditing standards are applicable to Federal awards audits and State financial assistance audits and should eliminate duplication of audit activity.
- (5) There are statutory differences between Federal and Florida audit requirements as to what is to be audited. There may also be differences in the way similar terms are defined in Federal law and Florida law. Auditors shall preserve these distinctions.
- (6) The purpose of these rules is to implement, interpret, or make specific various provisions of Section 215.97, Florida Statutes.
- (7) These rules will also form the basis of the review of financial reporting packages pursuant to Section 215.97(12)(f), Florida Statutes.

General Authority and Law Implemented - Section 215.97, Florida Statutes.

10.654 DEFINITIONS

(1) As used in these rules, the term:

- (a) "Audit threshold" means the threshold amount used to determine when a State single audit or a project-specific audit of a nonstate entity shall be conducted in accordance with Section 215.97, Florida Statutes. Each nonstate entity that expends a total amount of State financial assistance equal to or in excess of \$750,000 in any fiscal year of such nonstate entity is required to have a State single audit or a project-specific audit for such fiscal year in accordance with the requirements of Section 215.97, Florida Statutes. [Section 215.97(2)(a), Florida Statutes]
- (b) "Auditor" means an independent certified public accountant licensed pursuant to Chapter 473, Florida Statutes, and retained and paid by a nonprofit or for-profit organization to perform an audit pursuant to Section 215.97(8), Florida Statutes.
- (c) "Generally accepted accounting principles" are those accounting principles, generally accepted in the United States of America, as defined by the FASB *Accounting Standards Codification*, Topic 105 *Generally Accepted Accounting Principles* or the GASB *Codification of Governmental Accounting and Financial Reporting Standards*, Section 1000 *The Hierarchy of Generally Accepted Accounting Principles*, as applicable.
- (d) "Government Auditing Standards" are those audit standards set forth in the publication *Government Auditing Standards* (2018 Revision) issued by the Comptroller General of the United States.
- (e) "Management letter" means a written statement of the auditor's comments and recommendations. This letter shall be prepared and included as a part of each financial reporting package submitted pursuant to Section 215.97(8)(g), Florida Statutes. Unless otherwise required to be reported in the auditor's report on internal control and compliance or schedule of findings and questioned costs (see Rule 10.654(1)(h)), the management letter shall include, but not be limited to, noncompliance with provisions of contracts or grant agreements, or fraud, waste, or abuse, that has occurred or is likely to have occurred, that has an effect on the financial statements or State project amounts that is less than material but warrants the attention of those charged with governance. **Note:** Fraud, noncompliance with provisions of laws or regulations and contracts or grant agreements, or waste or abuse that does not warrant the attention of those charged with governance, or internal control deficiencies that are not material weaknesses or significant deficiencies may be reported in the management letter based on professional judgment.
- (f) "Pass-through entity" means a nonprofit or for-profit entity that provides State financial assistance to a subrecipient to carry out a State project.
- (g) "Schedule of Expenditures of State Financial Assistance" refers to a schedule prepared in accordance with the requirements of Department of Financial Services Rules, Chapter 69I-5, Florida Administrative Code, State Financial Assistance.

- (h) "Schedule of Findings and Questioned Costs relating to State Financial Assistance" refers to a schedule prepared by the auditor and included as part of each financial reporting package submitted pursuant to Section 215.97(8)(g), Florida Statutes. The schedule shall include:
1. A summary of the auditor's results, including:
 - a. The type of report the auditor issued on the financial statements of the auditee (i.e., unmodified opinion, qualified opinion, adverse opinion, or disclaimer of opinion);
 - b. Where applicable, a statement that significant deficiencies or material weaknesses in internal control were disclosed by the audit of the financial statements;
 - c. A statement as to whether the audit disclosed any noncompliance that was material to the financial statements of the auditee;
 - d. Where applicable, a statement that significant deficiencies or material weaknesses in internal control over major State projects were disclosed by the audit;
 - e. The type of report the auditor issued on compliance for major State projects (i.e., unmodified opinion, qualified opinion, adverse opinion, or disclaimer of opinion);
 - f. A statement as to whether the audit disclosed any audit findings that the auditor was required to report under Rule 10.656;
 - g. An identification of major State projects;
 - h. The calculated dollar threshold used to distinguish between Type A and Type B projects as described in Department of Financial Services Rules, Chapter 69I-5, Florida Administrative Code, State Financial Assistance.
 2. Findings relating to the financial statements that are required to be reported in accordance with *Government Auditing Standards*.
 3. Findings and questioned costs for State financial assistance, which shall include audit findings as described in Rule 10.654(1)(h)4.
 - a. Audit findings (e.g., internal control findings, compliance findings, questioned costs, fraud, or significant instances of waste or abuse) that relate to the same issue shall be presented as a single finding. Where practical, audit findings shall be organized by State awarding agency or pass-through entity.

- b. Audit findings reported under (h)2. and (h)3.a. of this subsection shall clearly indicate whether they relate to the financial statements and State financial assistance, respectively, and shall be reported in a manner that avoids duplication of findings within the schedule.
4. The following audit findings:
- a. Deficiencies in internal control over major State projects that are determined to be a material weakness either individually or in combination. Material weaknesses may include reportable conditions in internal controls that are referred to in Section 215.97(8)(i), Florida Statutes. The auditor's determination of whether a deficiency in internal control is a material weakness is in relation to a type of compliance requirement for a major State project or an audit objective identified in the compliance supplement.
 - b. Deficiencies in internal control over major State projects that are determined to be significant deficiencies. Significant deficiencies may include reportable conditions in internal controls that are referred to in Section 215.97(8)(i), Florida Statutes. The auditor's determination of whether a deficiency in internal control is a significant deficiency is in relation to a type of compliance requirement for a major State project or an audit objective identified in the compliance supplement.
 - c. Material noncompliance with provisions of laws, regulations, contracts, or grant agreements related to a major State project. The auditor's determination of whether a noncompliance with provisions of laws, regulations, contracts, or grant agreements is material for the purpose of reporting an audit finding in this schedule is in relation to a type of compliance requirement for a major State project or an audit objective identified in the compliance supplement.
 - d. Known questioned costs that are greater than \$25,000 for a type of compliance requirement for a major State project. Known questioned costs are those specifically identified by the auditor. In evaluating the effect of questioned costs on the opinion on compliance, the auditor considers the best estimate of total costs questioned (likely questioned costs), not just the questioned costs specifically identified (known questioned costs). The auditor shall also report known questioned costs when likely questioned costs are greater than \$25,000 for a type of compliance requirement for a major State project. In reporting questioned costs, the auditor shall include information to provide proper perspective for judging the prevalence and consequences of the questioned costs.

- e. Known questioned costs that are greater than \$25,000 for a State project that is not audited as a major State project. Except for audit follow-up, the auditor is not required to perform audit procedures for such a State project; therefore, the auditor will normally not find questioned costs for a project that is not audited as a major State project. However, if the auditor does become aware of questioned costs for a State project that is not audited as a major State project (e.g., as part of audit follow-up or other audit procedures) and the known questioned costs are greater than \$25,000, then the auditor shall report this as an audit finding.
 - f. The circumstances concerning why the auditor's report on compliance for major State projects is other than an unmodified opinion, unless such circumstances are otherwise reported as audit findings in the schedule of findings and questioned costs relating to State financial assistance.
 - g. Known fraud affecting a major State project, unless such fraud is otherwise reported as an audit finding in the schedule of findings and questioned costs relating to State financial assistance. This does not require the auditor to make an additional reporting when the auditor confirms that the fraud was reported outside of the auditor's reports under the direct reporting requirements of *Government Auditing Standards*.
 - h. Significant instances of waste or abuse relating to a major State project. Waste is the act of using or expending resources carelessly, extravagantly, or to no purpose. Importantly, waste can include activities that do not include abuse and does not necessarily involve a violation of law. Rather, waste relates primarily to mismanagement, inappropriate actions, and inadequate oversight. Abuse involves behavior that is deficient or improper when compared with behavior that a prudent person would consider reasonable and necessary business practice given the facts and circumstances. Abuse also includes misuse of authority or position for personal financial interests or those of an immediate or close family member or business associate. Abuse does not necessarily involve fraud, or noncompliance with provisions of laws, regulations, contracts, or grant agreements.
 - i. Instances where the results of auditor follow-up procedures disclosed that the summary schedule of prior audit findings prepared by the auditee in accordance with Rule 10.656(3)(d)5. materially misrepresents the status of any prior audit finding.
- (i) "Summary Schedule of Prior Audit Findings" means a schedule that reports the status of any audit findings included in the prior audit's schedule of findings and questioned costs relating to State financial assistance. The summary schedule shall also include audit findings reported in the prior audit's summary schedule of prior audit findings except audit findings listed as corrected or no longer valid or not warranting further action. The schedule shall include the audit finding reference number required by Rule 10.656(4)(a)7.

1. When audit findings were fully corrected, the summary schedule need only list the audit findings and state that corrective action was taken.
2. When audit findings were not corrected or were only partially corrected, the summary schedule shall describe the planned corrective action as well as any partial corrective action taken.
3. When corrective action taken is significantly different from corrective action previously reported in a corrective action plan, the summary schedule shall provide an explanation.
4. When the auditee believes the audit findings are no longer valid or do not warrant further action, the reasons for this position shall be described in the summary schedule. A valid reason for considering an audit finding as not warranting further action is that two years have passed since the financial reporting package in which the finding occurred was submitted to the State awarding agency and the State awarding agency or pass-through entity is not currently following up with the auditee on the audit finding.

10.655 SCOPE OF THE FLORIDA SINGLE AUDIT ACT AUDIT

- (1) It is the intent of these rules to make *Government Auditing Standards* applicable in the State of Florida to audits of nonprofit and for-profit organizations required to be audited pursuant to Section 215.97, Florida Statutes.
- (2) Independent audits of nonprofit organizations conducted by certified public accountants in accordance with these rules will include an examination of the financial statements, which shall be presented in accordance with the reporting standards set forth in Section 958-205 of the FASB *Accounting Standards Codification*. However, if the nonprofit organization is determined to be a governmental entity based on the guidance provided in the American Institute of Certified Public Accountants *Audit & Accounting Guide—Not-for-Profit Entities*, the audit will instead include a report on financial statements presented in accordance with reporting standards established by the GASB.
- (3) For those nonprofit organizations that have been determined to be governmental entities, the financial statements referred to in subsection (2) are basic financial statements as identified by Section 2200.102b. of the GASB *Codification of Governmental Accounting and Financial Reporting Standards*. In addition, the basic financial statements should be accompanied by: (1) management's discussion and analysis, as identified by Section 2200.102a. of the GASB *Codification of Governmental Accounting and Financial Reporting Standards* and (2) other required supplementary information, as identified by Section 2200.102c. of the GASB *Codification of Governmental Accounting and Financial Reporting Standards*.
- (4) The scope of the audit shall include any additional activities necessary to establish compliance with the term "financial statement audit" as defined and used in *Government Auditing Standards*.
- (5) When applicable, the scope of the audit shall encompass the additional activities necessary to establish compliance with the Uniform Guidance and other applicable Federal law.

General Authority and Law Implemented - Section 215.97, Florida Statutes.

10.656 FINANCIAL REPORTING PACKAGE

- (1) To the extent possible, the auditor shall combine required reports and schedules and shall avoid including duplicate findings in the various reports, schedules, and management letter.
- (2) Each financial reporting package shall comply with the applicable reporting standards as contained in the publications referenced in Rule 10.653.
- (3) Each financial reporting package submitted pursuant to Section 215.97(8)(g), Florida Statutes, and these rules, shall be a single document and contain at least the following:
 - (a) A table of contents.
 - (b) The auditor's report on the basic financial statements and report on internal control and compliance. The reports shall be based on an audit of the financial statements conducted in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*.
 - (c) Any other auditor's reports, related financial information, and auditee-prepared documents required pursuant to the Uniform Guidance and other applicable Federal law.
 - (d) Auditor's reports and related financial information required pursuant to the Florida Single Audit Act and these rules as described below. These reports and information may be combined with the similar reports and information required by the Uniform Guidance; however, the State financial assistance and related findings shall be clearly distinguished from the Federal awards and related findings in such reports and information. Florida Single Audit Act reports and related financial information shall include:
 1. A schedule of expenditures of State financial assistance prepared in accordance with Department of Financial Services Rules, Chapter 69I-5, Florida Administrative Code, State Financial Assistance. This schedule shall be included on the schedule of expenditures of Federal awards, where applicable.
 2. A report that includes an opinion (or disclaimer of opinion) as to whether the schedule of expenditures of State financial assistance is presented fairly in all material respects in relation to the financial statements taken as a whole. This report shall include the elements prescribed by the American Institute of Certified Public Accountants (AICPA) *Audit Guide—Government Auditing Standards and Single Audits*, modified as appropriate to apply to an audit conducted in accordance with the Florida Single Audit Act and these rules. If an auditor other than the financial statement auditor performs the Florida single audit, the auditor may express a separate opinion on the Schedule of Expenditures of State Financial Assistance in accordance with AU-C Section 805, *Special Considerations—Audits of Single Financial Statements and Specific Elements, Accounts, or Items of a Financial Statement*, and the opinion may be dated subsequent to the opinion on the financial statements.

3. A report on compliance with requirements that could have a direct and material effect on each major State project and on internal control over compliance. This report shall describe the scope of testing of internal control and the results of those tests and shall include an opinion (or disclaimer of opinion) as to whether the auditee complied with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on a major State project. Where applicable, this report shall refer to the separate schedule of findings and questioned costs relating to State financial assistance (see Rule 10.654(1)(h)). The report shall include the elements prescribed by the American Institute of Certified Public Accountants (AICPA) *Audit Guide—Government Auditing Standards and Single Audits*, modified as appropriate to apply to an audit conducted in accordance with the Florida Single Audit Act and these rules.
 4. A schedule of findings and questioned costs relating to State financial assistance (see Rule 10.654(1)(h)).
 5. A summary schedule of prior audit findings, unless there were no prior audit findings to be reported on, in which case the auditor shall so indicate in the schedule of findings and questioned costs (see Rule 10.654(1)(i)).
 6. A corrective action plan as defined in Section 215.97(8)(i), Florida Statutes.
- (e) The “management letter” required by Sections 215.97(10)(f), and 215.97(11)(d), Florida Statutes, and defined in Rule 10.654(1)(e), unless there are no items related to State financial assistance required to be reported in the management letter, in which case the auditor shall indicate such in the schedule of findings and questioned costs. The financial reporting package shall include a written statement of explanation or rebuttal, including corrective action to be taken, concerning deficiencies cited in the management letter.
- (f) The financial statements as described in Rule 10.655(2) and (3), as applicable, together with related notes to the financial statements and required supplementary information required by generally accepted accounting principles.
- (4) Other reporting requirements:
- (a) Audit findings contained in reports, schedules, and management letters shall include the following specific information:
1. The criteria or specific requirement upon which the audit finding is based, including statutory, regulatory, or other citation.
 2. The condition found, including facts that support the condition identified in the audit finding.
 3. The cause, or the reason or explanation for the condition or the factor(s) responsible for the difference between the situation that exists (condition) and the required or desired state (criteria).

4. The effect or potential effect (i.e., outcome or consequence) of the condition. This should include information to provide proper perspective for judging the prevalence and consequences of the audit findings, such as whether the audit findings represented an isolated instance or a systemic problem. Where appropriate, instances identified shall be related to the universe and the number of cases examined, and shall be quantified in terms of dollar value.
 5. Recommendations to prevent future occurrences of the deficiency identified in the audit finding.
 6. Views of responsible officials of the nonprofit or for-profit organization and, if applicable, an explanation as to why the auditor disagrees with views of responsible officials when there is disagreement with the audit finding.
 7. Reference number.
- (b) Audit findings included in the schedule of findings and questioned costs related to State financial assistance shall include the following additional information:
1. State project identification including the Catalog of State Financial Assistance number and year, name of the State awarding agency, and name of any applicable pass-through entity. When any such information is not available, the auditor shall provide the best information available to describe the State financial assistance.
 2. Identification of questioned costs and how they were computed.

10.657 DELIVERY OF FINANCIAL REPORTING PACKAGE

- (1) Copies of the financial reporting package required by Rule 10.656 shall be submitted to those charged with governance of the recipient organization, the State awarding agencies, and the Auditor General. Copies of a subrecipient's financial reporting package shall be submitted to the subrecipient organization, the recipient organization that provided the State financial assistance, and to the Auditor General. One paper copy and one electronic copy of the financial reporting package shall be provided to the Auditor General at the following mailing address and e-mail address, respectively:

Auditor General
Local Government Audits/251
Claude Pepper Building, Room 401
111 West Madison Street
Tallahassee, Florida 32399-1450

flaudgen_localgovt@aud.state.fl.us

- (2) The financial reporting package required to be submitted pursuant to Section 215.97(8)(g), Florida Statutes, shall be submitted to the Auditor General and the State awarding agencies within 45 days after delivery of the financial reporting package to the auditee, but no later than 9 months after the end of the fiscal year of the auditee. The date that the financial reporting package was delivered to the auditee shall be indicated by that organization in the submittal checklist (form located on FLAuditor.gov under Technical Guidance) accompanying the financial reporting package submitted to the Auditor General.
