Standard 2. Field Experiences

The program provides high-quality field experiences in a variety of purposeful p-12 settings that offer candidates opportunities to practice the expectations for an effective school administrator as defined in Rule 6A-5.080, F.A.C., and with sustained opportunities to contribute to improving student achievement in the classrooms of p-12 colleagues. Field experiences offer candidates the opportunity to demonstrate mastery of instructional leadership strategies, coaching development and school safety practices.

Indicator 2.1: Field experiences are completed in a variety of purposeful p-12 settings relevant to program objectives and under the supervision and support of staff with the knowledge and skill necessary for the development of the candidate.

Annual Institutional Program Evaluation Plan (IPEP)	Continued Approval Program Summary Report	Continued Approval Site Visit
 The postsecondary institution's program describes changes to: Partnership agreement(s) between the institution and school districts (submit revised partnership agreement). The program describes changes to: How field experience and internship placement settings are selected, utilized, and evaluated; The criteria and plan for selecting and training individuals who supervise and support candidates during their field experiences; The process for verifying that faculty and staff who supervise field experiences have participated in activities in p-12 school settings; and The process or plan for ensuring candidates have field experiences in a variety of purposeful p-12 settings and the opportunity to demonstrate instructional leadership strategies, coaching development and school safety practices. 	A program summary report is not required.	 Off-site: Department identifies questions or areas that need further examination as a result of review of the program summary report and annual IPEPs. On-site: Department seeks evidence in the form of interviews, school site observations, and by other means to resolve questions, identify exemplars, and highlight continuous improvement.

Indicator 2.2: Program candidates are placed in high-quality field experiences to practice and ultimately demonstrate competence in the FELS, as defined in Rule 6A-5.080, F.A.C.

Annual Institutional Program Evaluation Plan (IPEP)	Continued Approval Program Summary Report	Continued Approval Site Visit
 The program describes changes to the process or plan for how: Program candidates demonstrate the expectations of effective school administrators during field experiences; Candidates receive feedback during field experiences and internships, including strategies for improvement; Candidates' performance in high-quality field experiences are collected, evaluated, and analyzed; and Support is determined, administered, and monitored for program candidates who are not successful during field experiences and internships. 	A program summary report is not required.	 Off-site: Department identifies questions or areas that need further examination as a result of review of the program summary report and annual IPEPs. On-site: Department seeks evidence in the form of interviews, school site observations, and by other means to resolve questions, identify exemplars, and highlight continuous improvement.

Standard 3. Program Effectiveness

The program demonstrates a commitment to continuous improvement by evaluating the effectiveness of its candidates and completers and determining areas for program improvement.

Annual Institutional Program Evaluation Plan (IPEP)	Continued Approval Program Summary Report	Continued Approval Site Visit
 The program provides aggregated data in the reporting year on program candidates and program completers including, but not limited to: Number and passage rate of candidates on the FELE, including subtest results at the competency level; Number and passage rate of candidates who passed the FELE on the first attempt; Number and percentage of program completers who are placed in school leadership positions in Florida public schools; Results from program completers' performance evaluations required under section 1012.34, F.S.; Impact that program completers have on student learning as measured by the formulas pursuant to section 1012.34(7), F.S.; Number and percentage of program completers from partnering school districts who took advantage of the two-year guarantee; 	The program prepares a summary or synthesis of data collected over the continued approval period as evidenced in the annual IPEPs and describes patterns and themes of changes made to the program as a result of data analysis.	 Off-site: Department identifies questions or areas that need further examination as a result of review of the program summary report and annual IPEPs. On-site: Department seeks evidence in the form of interviews, school site observations, and by other means to resolve questions, identify exemplars, and highlight continuous improvement.

 h. Survey data from program completers and partnering school districts; and i. Other data results from the program. 2. The program describes assistance provided to any program completer(s) as a result of the two-year 	
guarantee.	

Indicator 3.2: The program uses results of data collection to enhance program elements and capacity for impacting p-12 student learning.			
Annual Institutional Program Evaluation Plan (IPEP)	Continued Approval Program Summary Report	Continued Approval Site Visit	
 The program describes for the reporting year: Specific program elements identified by aggregated data analyses that were determined as areas of strength and areas for growth for continuous program improvement; Stakeholders including program completers and district partners (roles and responsibilities) involved in the decision-making process for determining the enhancement of program elements and capacity for impacting p-12 student learning and how stakeholder input was used; and Specific programmatic enhancements and changes that were made (or will be made) as a result of the decision-making process. 	 The program prepares a continued approval period summary or synthesis of continuous improvement outcomes that includes: Program elements identified as strengths and areas for growth; Stakeholder involvement in programmatic decisionmaking; and How it used the data results for program enhancements and programmatic changes. 	 Off-site: Department identifies questions or areas that need further examination as a result of review of the program summary report and annual IPEPs. On-site: Department seeks evidence in the form of interviews, school site observations, and by other means to resolve questions, identify exemplars, and highlight continuous improvement.
