

DEP Form 73-114B FOUNDATION LOCATION CERTIFICATION

E-Mail to: CCCL@FloridaDEP.gov

Or Mail to:

**Coastal Construction Control Line Program
Office of Resilience and Coastal Protection
Florida Department of Environmental Protection
2600 Blair Stone Road Mail Station 3522
Tallahassee, Florida 32399-2400**

Permit Number: _____ Permittee Name: _____

This is to certify that all aspects of the foundation location, as constructed, are in accordance with both the plans and the project description approved by the Department of Environmental Protection as part of the permit. The foundation location certification is based upon such surveys as are necessary to determine the actual location specified below:

Distance the seawardmost piling has been placed as measured perpendicular to the coastal construction control line: _____ feet

Note: Any deviations from the approved plans and specifications shall be stated as an exception to this certification. No further vertical construction on the permitted structure is authorized until the CCCL Program of the Office of Resilience and Coastal Protection has notified the permittee, in writing, that this foundation location certification has been approved.
