Reporting Instructions Manual

www.FLTreasureHunt.gov

The Reporting Instructions Manual is designed to provide information and requirements for reporting and remitting unclaimed property to the Florida Department of Financial Services (“Department”), as required under the Florida Disposition of Unclaimed Property Act, chapter 717, Florida Statutes (F.S.), and Rule Chapter 69G-20, Florida Administrative Code (F.A.C.).

Section 1 of this manual is a comprehensive guide to provide information and requirements for reporting and remitting unclaimed property to the State of Florida (sometimes referred to herein as “Florida”).

Section 2 of this manual is frequently asked questions concerning unclaimed property reporting requirements.

The Holder Reporting Online System (Online System) is the Department’s online reporting application where reporting entities file the required unclaimed property report(s) in a safe and secure online environment. Section 1.3 of this manual contains instructions on how to use this system to report and remit unclaimed property.

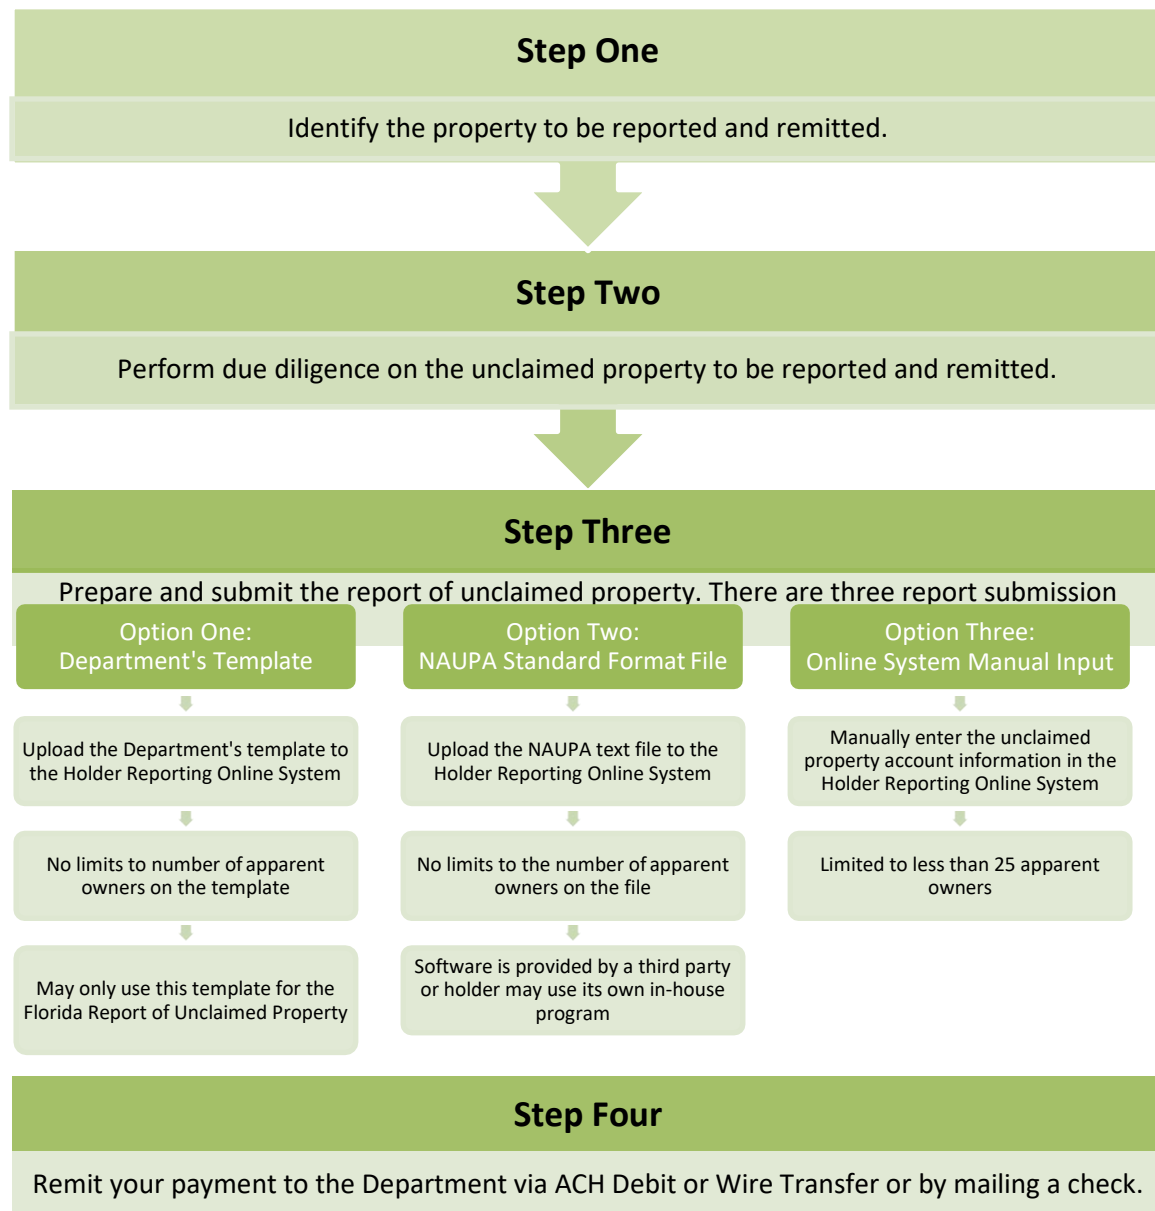

The Department periodically conducts workshops to inform entities regarding reporting and remitting of unclaimed property. Visit our web page at **www.FLTreasureHunt.gov** and click on the **Events** link to see scheduled workshops.

Contact the Department by telephone at (850) 413-5522 or by email at EReporting@MyFloridaCFO.com for questions on the reporting of unclaimed property.

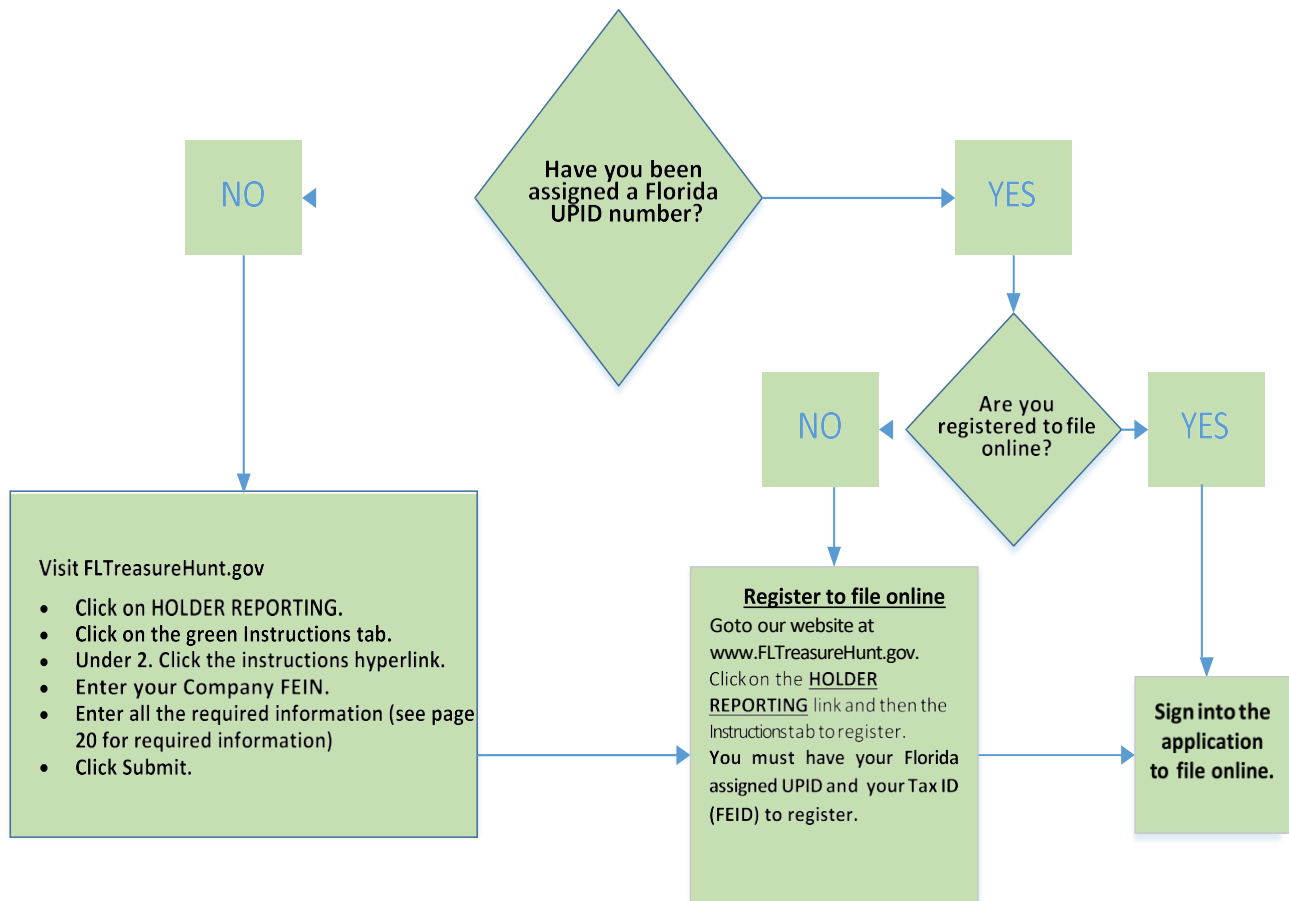

1. SECTION 1: STEPS IN REPORTING AND REMITTING UNCLAIMED PROPERTY TO FLORIDA

The following flow chart summarizes the steps involved in reporting and remitting unclaimed property to the State of Florida:

Online System - If you are not already registered to use our Online System, adopted in Rule 69G-20.034, F.A.C., you must follow the steps identified in the chart below. The [Online System](#) can be accessed at www.FLTreasureHunt.gov by clicking on the **HOLDER REPORTING** link. You will find valuable information under this tab including a handbook on how to use the system.

1.1 STEP 1 - IDENTIFY THE UNCLAIMED PROPERTY TO BE REPORTED AND REMITTED

Unclaimed property is primarily an intangible property liability that has been inactive on the books of a holder for a period of time as provided by state law (**dormancy period**) for which there has been no owner-generated activity. Once these liabilities are identified, the first step is to determine which state's unclaimed property law must be followed for each liability and that state's required dormancy period which determines when the liability becomes unclaimed property and subject to being reported and remitted.

Where to report and remit unclaimed property is primarily determined based on the following Supreme Court decisions:

- (I) *Texas v. New Jersey*, 379 U.S. 674, 85 S.Ct. 626, 13 L.Ed.2d 596 (1965).
- (II) *Pennsylvania v. New York*, 407 U.S. 206, 92 S.Ct. 2075, 32 L.Ed.2d 693 (1972).

These decisions establish the Primary and Secondary Rules which determine where a holder must report and remit unclaimed property.

- The **Primary Rule** requires that intangible unclaimed property be reported to the state of the owner's last known address.
- The **Secondary Rule** requires that when there is an unknown owner, no last known address, or the owner's address is located in a state without an applicable unclaimed property law, the intangible property must be reported to the holder's state of domicile.
- The **Transaction Rule** is codified in 12 U.S.C. 2503 as an exception to the Primary and Secondary Rules. The Transaction Rule provides the following where any sum is payable on a traveler's check, money order, or other similar written instrument on which a banking or financial organization or a business association is directly liable:
 - 1) If the books and records show the state of purchase, that state shall be entitled exclusively to take custody of the sum payable on the traveler's check, money order, or other similar instrument, to the extent that state's laws provide for taking custody.
 - 2) If the books and records do not show the state of purchase, that state in which the banking or financial organization or business association has its principal place of business shall be entitled to take custody of the sum payable on the traveler's check, money order, or other similar instrument, to the extent that state's laws provide for taking custody.
 - 3) If the books and records show the state of purchase and the laws of that state do not provide for taking custody of the sum payable on the traveler's check, money order, or other similar instrument, the state in which the banking or financial organization or business association has its principal place of business shall be entitled to take custody of the sum payable on the instrument, to the extent that state's laws provide for taking custody.

Based on these rules, once you have identified the liabilities that will be subject to Florida's unclaimed property law, you must follow the requirements set forth by Florida. The Florida Property Code and Dormancy Table, provided in this manual, is a helpful tool in identifying liabilities and the required dormancy period. Once the liability reaches the required dormancy period, it becomes unclaimed property and subject to being reported and remitted to Florida.

1.2 STEP 2 – PERFORM DUE DILIGENCE

Prior to reporting and remitting unclaimed property valued at \$50 or more which has reached its required dormancy period (as explained in STEP 1) during the calendar year, the holder must perform due diligence as outlined by statute.

Due diligence means the use of reasonable and prudent methods under particular circumstances to locate apparent owners of inactive accounts using the taxpayer identification number or social security number, if known, which may include, but are not limited to, using a nationwide database, cross-indexing with other records of the holder, mailing to the last known address (unless the last known address is known to be inaccurate), providing written notice as described in chapter 717, F.S., by electronic mail if an apparent owner has elected such delivery, or engaging a licensed agency or company capable of conducting such search and providing updated addresses.

Not more than 120 days and not less than 60 days prior to filing the report required under section 717.117, F.S., the holder shall send written notice by first-class United States mail to the apparent owner

at the apparent owner's last known address from the holder's records or from other available sources. The written notice may be sent via electronic mail ("email") if the apparent owner has elected to receive delivery via email. The notice must inform the apparent owner that the holder is in possession of property subject to chapter 717, F.S. and be sent via mail and email if the holder's records do not disclose the address(es) to be inaccurate. These two means of contact are not mutually exclusive.

The written notice to the apparent owner must:

- 1) Contain a heading that reads substantially as follows: "Notice. The State of Florida requires us to notify you that your property may be transferred to the custody of the Florida Department of Financial Services if you do not contact us before (insert date that is 30 days after the date of notice)."
- 2) Identify the type, nature, and, except for property that does not have a fixed value, value of the property that is the subject of the notice.
- 3) State that the property is currently with the holder and provide instructions that the apparent owner must follow to claim the property from the holder.
- 4) State that the property will be turned over to the custody of the Department if no response is received within 30 days after the date of the notice.
- 5) State that any property that is not legal tender of the United States may be sold or liquidated by the Department.
- 6) State that after the property is turned over to the Department, an apparent owner seeking return of the property may file a claim with the Department.

The holder must provide the name and contact information of the holder representative the owner can contact if they have any questions. **The due diligence letter must not contain any contact information for the State of Florida.** Failure to perform due diligence as provided by statute could result in potential fines and interest penalties.

If the documents establishing a deposit in a banking or financial organization state the address of a beneficiary of the deposit and the account is valued at \$50 or more, the holder must also give notice to the beneficiary.

1.3 STEP 3 – PREPARE AND SUBMIT THE REPORT OF UNCLAIMED PROPERTY AND REMITTANCE/PAYMENT

Once you have identified a liability subject to Florida’s unclaimed property law and it has reached the required dormancy period, it becomes unclaimed property and must be reported and remitted to the Department **before** May 1 of each year. If the due date for filing the report of unclaimed property falls on a Saturday or Sunday, the following Monday will be considered the due date.

The Department has established the Online System that can be securely used by all entities to submit the report of unclaimed property. The Online System can be accessed at www.FLTreasureHunt.gov. If you need assistance using the Online System, a handbook is available at www.FLTreasureHunt.gov, under the **HOLDER REPORTING** link, **Prepare Report** tab. The report of unclaimed property shall apply to all unclaimed property reaching the required dormancy period during the preceding calendar year ending December 31.

The report of unclaimed property must have sufficient information so that owners can easily search the unclaimed property database to recover their property. Except for traveler’s checks and money orders, the report of unclaimed property must include the name, social security number, a taxpayer identification number, and date of birth, if known, and last known address, if any, of each person appearing from the records of the holder to be the owner of any property which is presumed unclaimed. This information will assist the Department in its attempt to locate the owner and ensure the Department pays the correct owner of the property. Each item of property must have a separate property record. If an owner has multiple properties, each property must be identified as a separate record.

IMPORTANT:

- a. The report of unclaimed property formatted as an Excel spreadsheet. A Word document, Access database, or PDF file **will not be accepted**.
- b. Clerks of Court - All intangible property held for the owner that has not been claimed by the owner for more than one (1) year after it became payable or distributable is presumed unclaimed and is subject to being reported and remitted to the Department. However, money held in the court registry for which no court order has been issued to determine an owner is not payable or distributable and is not to be reported and remitted to the Department.

NOTE: Regardless of the resource utilized to create the report of unclaimed property, the Department will incur no liability for any errors in the resulting report. It is the responsibility of the holder to accurately report as required by law.

1.3.1 ELECTRONIC REPORT FORMAT OPTION

Entities reporting 25 or more apparent owners must file the report of unclaimed property using the electronic format on the Department’s Online System. The Online System provides for two electronic report format options. Option 1 is the Department’s template, and Option 2 is a National Association of Unclaimed Property Administrators (NAUPA) standard format file.

NOTE: If the report of unclaimed property contains less than 25 apparent owners, either the electronic report format option or the manual input option provided below in section 1.3.2 may be used.

1.3.1.1 CREATING THE DEPARTMENT'S TEMPLATE

The Department has created templates that can be used for reporting Cash, Stock, and Tangible unclaimed property through the Online System. These templates are available at no charge and can be used in place of a NAUPA standard format file. You must be registered to use the Online System to access these templates which are located on the dashboard under "Templates" and designed to work exclusively with the Department's Online System.

The templates must be downloaded and saved to the registered user's computer. After the download is complete, the user must first "ENABLE CONTENT" before adding data and then fill in the information required by each pre-defined column. If you copy and paste information, you must use the "Paste Special" function. Review the property type codes and the relationship codes on pages 11 through 17 of this manual and ensure you apply the correct code for each property on the template.

Once the template is complete, it must be saved as a ".CSV (Comma Delimited)" file and submitted to the Department through the Online System. Save a copy of the template for your records.

1.3.1.2 SUBMITTING THE NAUPA FILE TO THE STATE OF FLORIDA

NAUPA is an organization of all 50 states which facilitates collaboration among state unclaimed property administrators in their effort to reunite unclaimed property with the rightful owner. The NAUPA standard format is designed by NAUPA to help standardize the reporting process in all states. Refer to the NAUPA Standard Format Manual ([link](#)) to access the definitions and specifications under each field in the NAUPA standard format file, as it provides detailed information on the requirements of the NAUPA standard format.

To assist you in preparing the NAUPA standard format file, free reporting software information can be found at www.FLTreasureHunt.gov, under the **HOLDER REPORTING** link, **Prepare Report** tab. You can also choose to use your organization's internal IT resources or any other third-party vendor to create the NAUPA standard format file or utilize any other third-party vendor. Review the property type codes and relationship codes on pages 11 through 17 of this manual to ensure you apply the correct code for each property on the NAUPA standard format file.

After preparing the NAUPA standard format file, you must submit it to the Department through the Online System. Follow the online application chart in Section 1 above if you have not registered to use this system.

1.3.2 MANUAL INPUT OPTION

A holder reporting less than 25 apparent owners may file the report of unclaimed property using either the manual input option **or** the electronic report format option on the Department's Online System. The manual input option allows for properties to be manually entered online and eliminates the need to create the Department's Excel template or the NAUPA standard file, as required under the electronic format option. Review the property type codes and relationship codes on pages 11 through 17 of this manual to ensure you apply the correct code for each property that is manually input.

Entities reporting more than 24 apparent owners must use the electronic report format option described in section 1.3.1

1.3.3 REMITTANCE / PAYMENT

All unclaimed property other than the contents of a safe-deposit box or other safekeeping repository must be remitted once the report is filed through the Online System. Your filing is not complete until both the report and remittance/payment are received by the Department.

1.3.3.1 CASH RELATED PROPERTY

The Online System provides the following options for remitting cash to the State of Florida.

- A. ACH Debit/Online Payment** – This is a safe and secure method of payment, free of charge and preferred by the Department. It allows for easy reconciliation of cash remittances to the filed report of unclaimed property. To use this option, you must provide the following information:
- The name on your Bank Account
 - Bank Routing Number
 - Bank Account Number

IMPORTANT: Before utilizing this option, you must contact your financial institution to ensure there are no existing ACH blocks on your account.

Your bank will require our ACH Company ID Number for this payment. Please go to the Holder Reporting section of our website (FLTreasureHunt.gov) and click on the “Remittance Information” tab to obtain our current ACH Company ID Number.

A fee for insufficient funds may be charged if your account has a block on it and the transaction is returned by your bank.

- B. Check** - A check made payable to the Florida Department of Financial Services. Include with the check, a copy of the coupon attached to the confirmation email you will receive after filing your report of unclaimed property through the Online System.
- C. Wire Transfer** - The instructions may be obtained by sending an email to the Department at **EReporting@MyFloridaCFO.com**.

1.3.3.2 SECURITIES RELATED PROPERTY

The holder is responsible for preparing the report of unclaimed property and will be responsible for remittance of the securities. Information on the remittance of securities can be accessed at www.FLTreasureHunt.gov by clicking on the **HOLDER REPORTING** link, Remittance Information tab, Securities Transfer Information link. It is also attached as Addendum A on pages 21 through 23.

Do not report stocks or other intangible ownership interests unless you are also able to simultaneously deliver the property. Any unclaimed property delivered to the Department must have value. Should any property that is not transferred become transferable in the future and available for delivery simultaneously with the report of unclaimed property, report the property to the Department and include a brief explanation stating why the property was reported after the reporting due date. Contact the Department at EReporting@MyFloridaCFO.com or at 850-413-5522 if you have any questions.

1.3.3.3 SAFE-DEPOSIT BOX TANGIBLE PROPERTY

The holder is responsible for preparing the report of unclaimed property and will be responsible for remittance of the safe deposit box contents. The instructions for the remittance of safe deposit box contents can be accessed at www.FLTreasureHunt.gov by clicking on the **HOLDER REPORTING** link, Remittance Information tab, Safe Deposit Box Remittance Instructions link. It is also attached as Addendum B on pages 24 through 25.

1.3.4 **PROPERTY TYPE CODES, RELATIONSHIP CODES, AND TANGIBLE CATEGORY CODES**

For each report format option, you must input a Property Type Code to identify the type of property being reported, and a Relationship Code to describe the owner's relationship to the property being reported. If you are a financial institution required to report tangible personal properties from safe-deposit boxes, you must input a Tangible Category Code to identify the category type for each item being reported from a safe-deposit box.

1.3.4.1 FLORIDA PROPERTY TYPE CODES AND DORMANCY TABLE

The property type code identifies the type of property reported. The table below is a guide to assist you in identifying the different property types, and it provides a statutory reference and the designated dormancy period which must be met before the property is unclaimed and subject to being reported and remitted to the Department. Other than tangible property held by mail-in secondhand precious metal dealers, the only tangible personal properties that may be reported and remitted are items from safe-deposit boxes in financial institutions as provided in Florida law.

Select the property type code which best identifies the property being reported. The property type code will always be four characters.

NOTE: The codes in the table below are the only property type codes accepted by the Department.

NOTE for all Florida County Clerks of Court – If there are questions regarding which statute to identify as the source and nature of the funds (for example, section 713.585, F.S., for a motor vehicle lien; section 197.473, F.S. for tax deed redemption funds, etc.), contact the Department at EReporting@MyFloridaCFO.com for assistance with reporting this specific property.

1.3.4.2 RELATIONSHIP CODES

The relationship code indicates the reported owners' association with the unclaimed property account. This information helps the Department return the unclaimed property to the owner. The relationship code will always be two letters.

Examples:

1. One owner – a check made payable to John Doe would be the SO (Sole Owner) relationship code as there is only one owner of the property.
2. Multiple owners – a check made payable to John Doe & Jane Doe would be the AN (And) relationship code as both are the owners of the property. The PA (Payee) code **is not** a valid code when there are multiple owners.

A chart of the NAUPA Relationship Codes is at <https://www.unclaimed.org/reporting/naupa-standard-electronic-file-format/> under the NAUPA Standard Electronic File Format link.

The following are relationship codes specific to and accepted by the State of Florida.

RELATIONSHIP CODES

AG	Agent For	A person who is authorized to act for another (the agent's principal).

TC	Tenancy in Common	Type of property owned by at least two people with no rights of survivorship afforded to any of the owners (i.e., account holders). Generally, the ownership in the account is determined on a pro rata basis, meaning that if there are two tenants in the account, each will have a 50% claim on the account's value.
JE	Tenancy by the Entireties	Joint ownership of property by spouses where, upon the death of one, the property goes to the survivor.
OR	(Or) Unspecified Joint Relationship	A designation where any person on the account may obtain all of the property.

PA	Payee	The one named on a check or promissory note entitled to receive payment. NOTE: Only use this code when there is only one payee on a check or promissory note. If there is more than one payee, you must use a relationship code that describes the relationship of the payees on the check. For example: If the payees on a check are John Doe & Jane Doe, then the AN relationship code must be used for both owners.

RELATIONSHIP CODES		
Code	Short Description	Definition
PO	Power of Attorney	A written document signed by a person called the principal giving another person the power to act for the principal. There are both general powers of attorney which give the authorized party broad authority and special powers of attorney that are more limited in scope. To be recognized, a power of attorney must conform to requirements of law.
RE	Remitter	Used primarily on official checks. The Remitter is the person who purchased the official check. This relationship is different from the reporting entity who remits the unclaimed property to the Department.
SO	Sole Owner	The single owner of a property who has all rights to the ownership of the property.
TE	Trustee	A person or entity who holds the assets (corpus) of a trust for the benefit of the beneficiaries and manages the trust and its assets under the terms of the trust.

Simply stated, it is the right to use the property, to enjoy the fruits and income of the property, to rent the property out and to collect the rents, all to the exclusion of the underlying property owner. The usufructuary has the full right to use the property but cannot dispose of nor destroy the property.
