(2) Landowner is the current owner of the Parcel identified in the Official Record of
 County, Florida, by Parcel Identification Number
,
consisting of acres, and located at the physical address of

for which Landowner received a copy of the preliminary gamma radiation survey results (Initial Survey) on
(date received)

(3) Landowner believes that the Initial Survey was flawed or not representative of conditions on the site on the basis of the statement below and any additional information Landowner attaches hereto:¹

¹ Allegations of flaws must describe in detail how the Initial Survey did not follow established procedures for surface or subsurface contamination surveys or standard quality control procedures, how the survey instrument(s) was or were not calibrated or set to the correct energy window, or how the Initial Survey did not account for temporary unresponsiveness of a detector following a high radiation level interaction. Allegations of an unrepresentative Initial survey must describe in detail how the Initial Survey did not comprehensively scan the entire former phosphate land parcel subject to the Initial Survey.

(4) Landowner will facilitate, at Department's request, access to and entry upon the Parcel at any reasonable time for purposes of conducting the Additional Survey.

Under penalties of perjury, I declare that I have read the foregoing document, and that the facts stated in it are true, to the best of my knowledge and belief.
