About Retirement Date Funds

Retirement Date Funds are professionally managed funds that are designed to offer you a single solution for maintaining a diversified portfolio based on the amount of time you have until retirement. As your retirement gets nearer, the fund's investment mix gradually shifts from growth to preservation.

About the Other Funds

The other funds listed below allow you to create your own customized portfolio. "(B)" identifies a fund that will automatically block trades under certain circumstances.

Review the Following Important Information Carefully

Do not submit this page with your Enrollment Form.

- **Hybrid Option Special Eligibility Requirements**—The Hybrid Option is available if you have 8 years of previous Pension Plan service and were initially enrolled in the FRS on or after July 1, 2011 (5 years if initially hired prior to July 1, 2011). This option is designed to freeze your accrued Pension Plan benefit and establish an Investment Plan account for all future employer and employee contributions. For more information, call the MyFRS Financial Guidance Line, Option 2.
- **Incomplete Form**—You will be notified if your form is incomplete and was not processed. You must submit a new completed form by your deadline in order for your choice to be processed. Keep a copy for your records.
- **Electronic Signature**—An electronic signature must include a systematic digital authentication such as a date or time stamp showing verification of your intent to sign the form. By submitting a digital authenticated electronic signature, you acknowledge that it is the same as a handwritten signature.
- **Eligibility**—You must be actively employed and earning salary and service credit when your form is received by the Plan Choice Administrator. If it is determined that you were not eligible, your election will be invalid.
- **Reversing an Election Made in Error**—If you make your choice in error or change your mind, you have until 4:00 p.m. ET on the last business day of the month following your election month to cancel your election. To do so, call the MyFRS Financial Guidance Line, Option 2.
- **Confirmation Statement**—You will receive a confirmation statement once your Enrollment Form has been processed. The confirmation statement will be mailed to your address on file as supplied by your employer or delivered electronically through the MyFRS.com website. Allow 2 to 3 weeks to receive it. Notify your employer of any address changes.
- **Beneficiary Designation**—Designate a beneficiary by submitting a Beneficiary Designation Form (BEN-001 for the Pension Plan or IPBEN-1 for the Investment Plan). Forms are available online at *MyFRS.com* or by calling the MyFRS Financial Guidance Line and selecting Option 1. If you do not designate a beneficiary, in the event of your death, your benefits, if any, will be distributed in accordance with Section 121.091(8) or Section 121.4501(20), Florida Statutes, as applicable.
- **2nd Election**—You may have a one-time opportunity during your FRS career to switch from the FRS plan you initially chose to the other plan. There may be a cost for doing so. You cannot file a 2nd Election using this form. Call the MyFRS Financial Guidance Line, Option 1, or use the online resources on *MyFRS.com* for further information.
- **If You Elected “Buy into the FRS Pension Plan and Close my SCCSORP Account”**—You understand, acknowledge, and authorize the following:
 - Your current SCCSORP account will be closed and your account balance will be transferred to the Pension Plan.
 - Your election to close your SCCSORP account and buy into the FRS Pension Plan is irrevocable and you cannot re-enter the SCCSORP at any time in the future.
 - There may be a buy-in cost to make this plan change. This buy-in cost includes the amount necessary to buy into the Health Insurance Subsidy available to retirees of the FRS.
 - You must transfer funds from your SCCSORP account to the Pension Plan in an amount that is equal to the buy-in cost. These funds can include prior career benefits and rollover money in your account. If you do not have sufficient funds in your SCCSORP account, you understand you must use personal funds to pay the additional amount. You can find out the amount of the buy-in cost by calling the MyFRS Financial Guidance Line and selecting Option 2.
 - You must meet the vesting requirements of the Pension Plan. However, the service credit you purchase under the Pension Plan for your previous SCCSORP service will count toward the vesting requirement.
 - The Pension Plan is a defined benefit plan, which will provide you with benefit payments at retirement if you meet certain criteria. As of the most recent actuarial valuation date, the FRS actuarial liability exceeded the actuarial value of its assets, yielding an unfunded actuarial liability. This liability may increase or decrease in the future. The Florida Legislature may increase or decrease the amount that you and your employer contribute to this plan to keep it actuarially funded.
 - To designate a beneficiary for the SCCSORP, I understand that I must contact the provider for that plan.
- **If You Elected “Switch to the FRS Investment Plan for Future Contributions and Retain My Current SCCSORP Account”**—You understand, acknowledge, and authorize the following:
 - Your SCCSORP account and balance will remain in place and all future employer and employee contributions will be directed to your Investment Plan account.
 - There is no buy-in cost to make this plan change.
 - Your combined service under the Investment Plan, Pension Plan, and/or SCCSORP must equal at least 1 year for you to be vested in your employer’s contributions and associated earnings under the Investment Plan.
 - The present value of any previous Pension Plan service will be transferred to the Investment Plan as your opening account balance and this amount will be vested after you meet the vesting requirements of the Pension Plan (including your service under the Pension Plan and Investment Plan, but excluding your SCCSORP service).
- **If You Elected “Switch to the FRS Hybrid Option”**—You understand, acknowledge, and authorize the following:
 - Your SCCSORP account and balance will remain in place and all future employer and employee contributions will be directed to your Investment Plan account.
 - Your previous Pension Plan service will remain in the Pension Plan.
- **If You Elected “Switch to the FRS Investment Plan for Future Contributions and Retain My Current SCCSORP Account” OR “Switch to the FRS Hybrid Option”**—You understand, acknowledge, and authorize the following:

 - You reviewed the fund profiles, the Investment Fund Summary, and the Annual Fee Disclosure Statement at *MyFRS.com* before submitting your Enrollment Form and before selecting any investment funds.

This statement is designed to set forth relevant information in simple terms to help you make better investment decisions. The statement is available online in the “Investment Funds” section on *MyFRS.com*, or you can request a printed copy be mailed at no cost to you by calling the MyFRS Financial Guidance Line and selecting Option 4.
 - Any accrued value you may have in the Pension Plan will be transferred to your Investment Plan account as your opening balance and is subject to the vesting requirements of the Pension Plan. The initial transfer amount is an estimate and your account will be reconciled within 60 days of the transfer using your actual FRS membership record pursuant to Florida law. You direct that all future employer and employee contributions be deposited in your Investment Plan account.
 - If you do not select any investment funds, your Plan contributions will be invested in an age-appropriate Retirement Date Fund as provided under Plan provisions. Be sure to review the “Default Investment Fund Notice” located in the “Privacy, Security, & Terms of Use” section on *MyFRS.com*.

- Sections 121.4501(8)(b)2 and 121.4501(15), Florida Statutes, incorporate the federal law concept of participant control, established by regulations of the U.S. Department of Labor under Section 404(c) of the Employee Retirement Income Security Act of 1974. If you exercise control over the assets in your Investment Plan account, pursuant to Section 404(c) regulations and all applicable laws governing the operation of the Investment Plan, no program fiduciary shall be liable for any loss to your account which results from your exercise of control.
- The Investment Plan is a defined contribution plan. The Florida Legislature can increase or decrease the amount that you and your employer contribute to your account.
- The Investment Plan is not designed to facilitate short-term excessive fund trading. Foreign and global investment funds are subject to a minimum holding period of 7 calendar days following any non-exempt transfers into such funds. - Investment management fees are deducted from your Investment Plan account. These fees may change in the future, and funds may be added or terminated. If any of the funds you select are terminated in the future, you will be able to move your assets into other investment funds prior to fund termination. If you do not move your assets out of a terminated fund, those assets will automatically be moved into a replacement fund designated at that time.
- If you terminate employment and are vested in your account balance, you may be subject to a mandatory payout of your account if the balance is \$1,000 or less, or an account maintenance fee of \$6 per quarter if your account balance is more than \$1,000.
