Introduction

Welcome to the Division of Arts and Culture Specific Cultural Project (SCP) Guidelines. These guidelines are supported under section 265.286, *Florida Statutes and* incorporated by reference into Rule 1T-1.036, *Florida Administrative Code* and detail policies and requirements for the application and administration of Specific Cultural Project grants. Specific Cultural Project grants are referred to as Culture Builds Florida Grants in the General Appropriations Act.

Application Process:

Applications are announced on the Division's website (dos.fl.gov/cultural) and emailed through the Division's general announcement email list. – Join the email list at: <https://tinyurl.com/2hhr9v3b>

Program Description

The Division is a state government entity working to promote and support arts and culture development within the State of Florida. The Division's grants are intended to fund exemplary programs and projects. Proposal Types

Discipline-Based

Discipline-Based projects are discipline-specific for organizations conducting culture projects, realizing their stated mission.

Discipline Categories

Discipline-Based applicants must select one of eleven (11) discipline categories.

- **Dance** - organizations that promote excellence in dance, including dance companies and other organizations with dance programming.
- **Literature** - organizations that promote excellence in the literary arts, including small presses, non-commercial publishing houses, professional literary groups and other organizations with literary programming.
- **Media Arts** - organizations that promote excellence in film, video, radio and television, including film and video festivals and media art exhibitions, conferences and seminars.
- **Multidisciplinary** - organizations that produce two (2) or more separate artistic or cultural disciplines.
 - Presenting organizations should apply to the Presenting discipline. Botanical gardens, zoos, science centers and museums should apply to the Museum discipline. Organizations with an arts education mission can apply to the Arts in Education discipline.
- **Museum** - organizations that are primarily aesthetic and educational with proposals focused on the applicant's collections and/or exhibits, including zoos, botanical gardens, arboretums, nature centers and aquariums.
 - Museums are encouraged but not required to participate in the American Alliance of Museums' Museum Assessment Program (MAP) and to pursue or maintain national accreditation through American Alliance of Museums (AAM), American Zoological Association (AZA) or Zoological Association of America (ZAA).

- The Museum discipline may include:
 - Art museums,
 - Historical museums,
 - Multidisciplinary museums,
 - Science museums (botanical gardens, zoos, arboretums, nature centers and aquariums), and
 - Youth and children's museums.
- Non-museum organizations conducting visual art exhibitions should apply to the Visual Art discipline.
- **Music** - organizations that promote excellence in vocal and/or instrumental music performance and creation, including chamber or jazz ensembles, choral groups, community bands orchestras, opera and world music ensembles.
 - Producers of musical theatre should submit their application to the appropriate Theatre discipline (professional or community).
 - Presenting organizations should apply to the Presenter discipline.
- **Presenter** – organizations that enter into agreements to showcase performances or other cultural activities. The organization generally does not create, rehearse, cast or have artistic control over the performance or activity.
 - Applicants producing, rather than strictly presenting, should apply to the appropriate discipline for their activities, such as Music, Theatre, Dance, Multidisciplinary, etc. If an applicant is presenting and producing it should consider the percentage of its programming that is dedicated to presenting when deciding which discipline to apply to.
 - Applicants that organize festivals while producing a significant portion of its art or culture should select the discipline category for the festival activity. For example, an organization producing content for a film festival should apply to the Media Arts discipline while a cultural festival that is producing music, visual art and dance activities should apply to the Multidisciplinary category. For more information, contact a program manager (see: [Help](#)).
- **Theatre** – organizations that promote excellence in theatre performance. Musical theatre is included in this discipline. Organizations producing opera should apply to the Music discipline. College and university theatre programs should apply to the Community Theatre discipline.
 - **Community Theatre** should be very specific when describing how artists are compensated. Although it is assumed that most community theatres will not be compensating most actors, applicants should address whether technical staff (directors, designers) are compensated and if any actors receive financial compensation of any kind.
 - If a community theatre is in the process of becoming a professional house, the application should describe where the applicant is in the transition and when the applicant expects to be offering full compensation to artistic staff.

- **Professional Theatre**, including professional storytelling organizations, are required to pay their actors. Applicants should be very specific when describing the financial compensation and/or benefits that are offered to artistic staff and actors.
- **Traditional Arts** - organizations that preserve and present traditional arts from specific cultural groups in Florida, including performances, exhibitions, festivals and other programming featuring traditional artists and their work. This discipline's goals are to support programming of traditional artists in a public venue and to foster recognition and awareness of traditional arts. (For more information, see Traditional Arts under Definitions)
 - The Traditional Arts discipline is NOT intended for programming that focuses primarily on the following types of activities: research for scholarly purpose only or historical presentations.
 - Please contact your program manager to confirm your application meets the definition of Traditional Arts before applying to this discipline.
- **Visual Arts** organizations that promote excellence in the visual arts through activities such as:
 - exhibitions,
 - publications,
 - educational programs,
 - artist workshops, and
 - professional development for visual artists.

Applicants should select the discipline that best fits their proposal. Applicants should consider whether they are presenting or producing the activity when choosing a discipline category.

Arts in Education

Arts in Education project grants provide up to \$25,000 for projects that cultivate learning and artistic development for students and teachers by promoting, encouraging and supporting arts and culture as an integral part of education and lifelong learning. This includes:

- the learning and artistic development of pre-kindergarten through grade 12 students and teachers, or
- initiatives and proposals that help applicants work as individuals or partners to carry out community programs and school reform through the arts.

The Division supports the view that the arts build cultural understanding, mutual respect and strong communities. Arts in Education projects accomplish this by bringing artists and cultural experiences directly into Florida schools, hospitals, nursing and eldercare facilities, senior centers, community spaces, cultural facilities and other organizations. The Division encourages the use of Florida-based artists whenever possible.

Arts in Education applicants that conduct programming or activities in a public school district, charter school, state college or university, private school (K-College), or a homeschool community shall provide a letter of support from the educational facilities at which activities are to be conducted expressing that facilities support for the applicant's programming or activities.

Funding Categories

There are **four** funding categories for Arts in Education Projects:

1. Arts Partnership,
2. Artist Residency,
3. Teaching Artists, and
4. Artist Performances on Tour.

Arts Partnership

The Arts Partnership funding category provides consideration up to \$25,000 to support projects that will advance arts education and the development of long-term partnerships through effective collaboration between community arts and cultural organizations, support service agencies and educational entities.

Applicants may request up to \$25,000 for arts partnership projects that have completed planning and design work and are ready for implementation or expansion.

If proposals include computer, video and technology equipment, applicants must show how technology equipment, systems and programs are integrated into their specific arts education partnership.

Arts Partnership projects are not intended to fund the same project year after year.

Focus Areas

Focus areas for the Arts Partnership project may include the following:

1. school-based arts education,
2. programming that integrates the arts into areas not usually associated with the arts such as:
 - non-arts curriculum,
 - school-to-work initiatives,
 - the healthcare system,
 - community care for the elderly, and
 - adult continuing education programs.
3. programming that brings together different generations,

4. arts and technology programming in music, visual arts, theatre, dance, media and/or literary arts, and community arts education.

Artist Residency

Artist residencies place professional Florida artists in a variety of education and community settings. Services performed by resident artists may include:

- teaching one or more aspects of their art form,
- creating or performing works of art so that participants may observe and be a part of the creative process,
- relating their art form to other curriculum areas or disciplines.

Residencies can change the way a community views a particular art form and the arts in general. Artists engage participants in making art in a mutually supportive, creative learning environment, and participants explore creative-expression and the role of the arts. This process encourages imaginative thinking, problem solving, goal setting and teamwork.

All residencies should relate to:

- core curriculum or Florida Standards Assessment at www.cpalms.org/Public (for residencies targeted to pre-K through grade 12), or
- community needs and goals (for residencies not targeted toward pre-K through grade 12, including colleges, universities, after school programs and cultural and community service programs).

Activities

Artist residencies should include at least one (1) preliminary session with the artist(s) to discuss residency goals, scheduling, planning, objectives, requirements, etc. This session does not count towards the required contact hours. **The artist should be paid for this session.**

In addition to the preliminary session, residency activities may include the following:

1. an event that shares the core participants' work,
2. arts-related professional development for staff, arts educators, administrators and teachers (in-service workshops/institutes, seminars, etc.),
3. related in-state field trip to a gallery, museum, concert or performance for the core participants, and
4. an event that joins core participants, their family and friends in hands-on arts activities.

Contact Hours

Residencies must have a minimum number of contact hours based on the grant amount requested. A contact hour is 60 minutes or one class period of hands-on activity with the artist. Specific Cultural Project Grant Guidelines, eff. 11/2025
Rule 1T-1.036(2), Florida Administrative Code

Residency days and weeks do not have to be consecutive. Use the table below to determine the required contact hours.

Minimum required contact hours by request.

Request Amount	Minimum Required Contact Hours
\$10,000 or less	at least 30
\$10,001 to \$15,000	at least 40
\$15,001 to \$20,000	at least 50
\$20,001 to \$25,000	at least 60

For the purposes of the grant, all required contact hours must take place during the grant period. Residencies may exceed the minimum contact hours without penalty. Residency applications that do not show at least 30 contact hours will be deemed ineligible.

Teaching Artists

The Teaching Artists Program provides funding to Florida-based artists providing educational services in Florida public schools. Teaching Artists integrate the creative process into the classroom. As both artists and educators, Teaching Artists bring their artistic disciplines into the classroom setting to help students gain a new perspective and develop skills by exploring their own creativity in a variety of artistic media. A teaching artist (artist educator) is a practicing professional artist with the complementary skills and sensibilities of an educator, who engages people in learning experiences in, through and about the arts.

Teaching artists must provide lesson plans that show correlation to specific Florida Standards. These can be found on the Florida Department of Education website at: www.fldoe.org/academics/standards. An excellent resource is at the CPALMS website at www.cpalms.org/Public. For college, university, community and adult audiences, artists must provide options for activities that enrich their experiences at performances.

Applicants are only required to have 50% match (cash or in-kind) for this category. There is no limit on the amount of in-kind that can be included in the proposal budget.

Applicant Eligibility

All applicants must be Florida professional artists (see Definition) and educators.

- a declaration of domicile, or
- a recent federal tax return showing a Florida address.

Applicants must redact their Social Security Number and any other sensitive financial information submitted as documentation of residency as all application documents are subject to Public Records Law (Chapter 119, *Florida Statutes*).

All applicants must be 18 years of age or older by the application deadline. Applicants may not be enrolled in a degree or certificate program.

Required Attachments

- Samples of their artistic work. The quality of the work sample is critical to the panel's evaluation of the application,

Artist Performances on Tour

The Artist Performances on Tour Program provides funding to Florida-based professional performing artists for touring activities to communities; touring activities include both a performance and an educational component. All performances are accompanied by educational components. Touring activity must take place outside the home county of the applicant artist and within the state of Florida.

Most touring activities are presented to K-12 students, many of them in less populated counties with little exposure to live performance. It is for this reason that educational activities play such an important role. In addition to performance pieces, touring artists must offer a menu that includes master classes, lecture/demonstrations, workshops, hands-on activities and residencies of varying length; these must be accompanied by study guides and other material to enrich the students' experience. For K-12 students, artists can also provide lesson plans that show correlation to specific Florida Standards. These can be found on the Florida Department of Education website at: www.fldoe.org/academics/standards. An excellent resource is at the CPALMS website at www.cpalms.org/Public. For college, university, community and adult audiences, artists must provide options for activities that enrich their experiences at performances.

Applicants are required to have only 50% match (cash or in-kind) for this category. There is no limit on the amount of in-kind that can be included in the proposal budget.

Applicant Eligibility

All applicants must be solo professional artists (see Definition) or companies with full-time, paid artistic/program/managerial staff that compensate all artistic, program, design, technical and managerial staff in accordance with applicable labor standards. For this program, artist duos and ensembles that are not incorporated as non-profit 501(c)(3) must apply in the name of the lead representative. (Example: If the two-person Alice and Jerry's Fabulous Beethoven Magic Act is not incorporated as a non-profit, then either Alice or Jerry must be the actual applicant; this is how grant payments will be directed.)

Solo artists must reside in Florida. For companies (more than one performer such as duos and ensembles), at least half of the artists must have their primary residence in Florida and the company's primary place of business must be located in Florida.

Applicants must be able to provide evidence of touring experience.

Solo artists and a minimum of half of duos and ensembles must provide documentation of Florida residency (as defined by section 196.015 or section 222.17, *Florida Statutes*) as of the application deadline. This documentation must include one of the following:

- a valid Florida driver's license or identification card,
- proof of voter registration in Florida (a voter registration card or other official correspondence from the supervisor of elections),
- a declaration of domicile, or
- a recent federal tax return showing a Florida address.

Applicants must redact their Social Security Number and any other sensitive financial information submitted as documentation of residency as all application documents are subject to Public Records Law (Chapter 119, *Florida Statutes*).

- Samples of original work (images of artwork, screenplay, musical composition, audio or video recordings), and
- Proof of Florida residency.

About the Application

Grant Period

All proposed activities must take place within the 12-month grant period.

- The grant period **start date** is July 1 of the state fiscal year in which requested grant funding is appropriated by the Florida Legislature
- The grant period **end date** is June 30 of the state fiscal year in which requested grant funding is appropriated by the Florida Legislature (the next calendar year), unless an end date extension is approved by the Division.
- For example, if the state fiscal year spans 2028-2029, the grant period start date is July 1, 2028, and the grant period end date is June 30, 2029.

Accessibility and Non-Discrimination

The Division of Arts and Culture is committed to making the arts and culture accessible for all Floridians.

Organizations seeking support for programming and project activities must be in strict conformity with all applicable state and federal laws and are required to be open and accessible to all members of the public, regardless of sex, race, color, national origin, religion, disability, age or marital status.

The Americans with Disabilities Act (ADA) prohibits discrimination against individuals with disabilities in employment, state and local government services, public accommodations, transportation and telecommunication. The ADA extends the requirements under Section 504 of the Rehabilitation Act of 1973, as amended, to all activities of state and local governments and places of public accommodations operated by private entities, including places of public display. The 504 Self Evaluation Workbook which can be used as a reference and downloadable Disability Symbols can be found at dos.fl.gov/cultural/info-and-opportunities/resources-by-topic/accessibility.

Operating Budget

Organizations are required to provide three fiscal year budgets for their organization: the last completed fiscal year, their current fiscal year budget and their proposed budget for the upcoming fiscal year. While the proposal budget includes expensing during the grant period of July 1 – June 30, the operating budget should match the applicant's fiscal year.

Applicants are expected to present their operating budget using the following budget categories.

Expenses:

1. Personnel: Administrative (administrative employees)
2. Personnel: Programmatic (programmatic employees)
3. Personnel: Technical/Production (technical/production employees)
4. Outside Fees and Services: Programmatic (programmatic outside contractors)
5. Outside Fees and Services: Other (all other outside contractors)
6. Space Rental, Rent or Mortgage
7. Travel
8. Marketing (tangible marketing products)
9. Remaining Operating Expenses (all other expenses not listed above)

Income:

1. Revenue: Admissions (income earned through ticket sales)
2. Revenue: Contracted Services (income earned through contracted services)

Specific Cultural Project Grant Guidelines, eff. 11/2025
Rule 1T-1.036(2), Florida Administrative Code

3. Revenue: Other (any other earned income)
4. Private Support: Corporate (funds from corporate entities)
5. Private Support: Foundation (funds from foundations)
6. Private Support: Other (funds from individuals)
7. Government Support: Federal (funds from federal entities)
8. Government Support: State/Regional (funds from regional entities)
9. Government Support: Local/County (funds from local or county government)
10. Applicant Cash (organization's reserves, could be income from investments)

In-kind: Organizations are allowed to include some in-kind (donated goods and services) in their operating budget.

To calculate the maximum allowed in-kind, look at your organization's Total Cash Income (TCI) for the last fiscal year. The Total Operating Income (TOI) is the total of TCI plus in-kind value.

- If the TCI is \$150,000 or less, the TOI may not include more than 25% of the TCI amount as in-kind. Maximum allowable in-kind = TCI divided by 3. For example, if the TCI is \$90,000, the maximum value of in-kind donations is \$30,000. The maximum TOI in this example is \$120,000. (\$30,000 is 25% of \$120,000).
- If the TCI is over \$150,000, TOI may not include more than 10% in-kind. Maximum allowable in-kind = TCI divided by 9. For example, if the TCI is \$180,000, the maximum value of in-kind donations is \$20,000. The maximum TOI in this example is \$200,000 (\$20,000 is 10% of \$200,000).

Request Amount

Specific Cultural Projects have a maximum request of \$25,000. Use the table below to find the maximum request amount. Proposal types and funding categories (levels) are described in detail in the Proposal Types section of the guidelines.

Proposal Type	Funding Category	Maximum Request
Discipline-Based	N/A	\$25,000
Arts in Education*	All	\$25,000
Artist Project	N/A	\$25,000

*** Note:** Arts in Education Residency projects have specific contact hour requirements based on the amount requested.

Grant Proposal Budget

The Proposal Budget expenses must equal the Proposal Budget Income.

Match Requirements

The Division requires that all grants are matched at a minimum of dollar/dollar (See: Exception). This means that if your grant request is \$25,000, your organization would be expected to spend \$25,000 in cash from other non-state and non-federal sources towards the project. This includes any allowable in-kind goods or services.

In-kind (Donated Goods and Services)

In-kind can appear in both the proposal budget and the operating budget. To calculate the value of volunteer services, use the federal minimum wage (see: the Wage and Hour Division of the US Department of Labor at wagehour.dol.gov). If the volunteer is professionally skilled in the service provided (such as a photographer donating photography services or a Certified Public Accountant providing a pro bono audit), use the wage rate the individual is normally paid for the service.

The value of all professionally skilled services used as in-kind must be documented in writing by the volunteer. The value of donated goods must also be documented. Records of such documentation must be available upon request.

Organizations are allowed to include some in-kind in their proposal budget. Applicants can include a maximum of 25% in-kind in the Proposal Budget.

- To calculate the maximum allowed in-kind for the Proposal Budget, use the total Grant Request plus Cash and divide by 3. For example, if the total Grant Request is \$10,000 and Cash is \$50,000, the maximum allowed in-kind value is $(\$10,000 + \$50,000) / 3$, equaling \$20,000.
- Exception – Artist Projects, Artist Performances on Tour, Teaching Artist, and organizations that are located in REDI counties are only required to have 50% match (cash or in-kind). There is no limit to the amount of in-kind that can be used, i.e., the entire match may be in-kind. For information about REDI go to <https://floridajobs.org/community-planning-and-development/community-partnerships/rural-economic-development-initiative>.

Entering the Proposal Budget

The proposal budget consists of an expense section and an income section.

The expense section has three columns:

Specific Cultural Project Grant Guidelines, eff. 11/2025
Rule 1T-1.036(2), Florida Administrative Code

1. Grant funds – these are the funds you are requesting from the state.
2. Cash match – these are cash expenses that are expended from funds earned or raised by your organization.
3. In-kind – this is the value of donated goods and services that are contributed to your organization.

Using the same budget categories used in the operating budget, you will include the lines containing the expenses for your proposal budget. You may add as many line items as needed within the proposal budget. Expenses that are charged to the grant will be listed in the Grant Funds column. Expenses that are paid for by your organization will be placed in the Cash Match column. Any in-kind that you are crediting towards the project will be listed in the in-kind column.

The income section has one column, cash match, in which you will account for the total amount of expenses in the Cash Match (middle) column of the expense section. The Cash Match column in the income section must equal the total of the Cash Match column in the expense section. You will use the categories used in the operating budget to indicate the source of these funds. **Remember, you cannot match grant funds with state or federal funds.**

Applicants to Artist Projects, Artist Performances on Tour, Teaching Artist, and organizations that are located in REDI counties are only required to have 50% match (cash or in-kind). There is no limit to the amount of in-kind that can be used, i.e., the entire match may be in-kind. For information about REDI go to <https://floridajobs.org/community-planning-and-development/community-partnerships/rural-economic-development-initiative>.

Income and Expenses: Allowable, Non-Allowable and Match Only

2. specifically and clearly detailed in the proposal budget; and
3. incurred AND paid within the 1-year Grant Period beginning on July 1 of the year of appropriation ending June 30.

Any state grant funds expenditures that are not allowed will result in the request of the return of funds and could jeopardize future funding with the Division.

Non-Allowable Income and Expenses

Some income and expenses are not allowed in the proposal budget at all. Those include:

Income

1. State funds from any source, including any income that comes from an appropriation of state funds or grants from the State of Florida,

9. Re-granting,
10. Contributions and donations,
11. Mortgage payments, and
12. Payments to current Department of State employees.

Match Only Expenses

Some expenses can only be made with matching funds and therefore should only be listed in the cash match (middle) column. No state funds may be used towards operational or indirect/overhead costs, including:

1. Phone,
2. Utilities,
3. Software,

4. Office supplies,
5. Equipment costing over \$1,000,
6. Fixtures,
7. Rent,
8. Building maintenance, and
9. Travel.

Review Criteria

All applications will be evaluated and scored using the following three criteria:

- Quality of Offerings (up to 40 points),
- Reach and Impact (up to 35 points),
- Track Record (up to 20 points), and

Specific Cultural Project Grant Guidelines, eff. 11/2025
Rule 1T-1.036(2), Florida Administrative Code

- History and Heritage Promotion (5 points).

Quality of Offerings (up to 40 points)

Applicants must demonstrate the quality of their offerings in all aspects of the proposal. This criterion will be evaluated using the responses to questions related to the following information:

- Applicant mission statement or artist statement,
- Project description,
- Partnerships and collaborations, and
- Required attachments and support materials and/or work samples (see: Support Materials)

Reach and Impact (up to 35 points)

Applicants must project the expected reach and impact of the proposal. This criterion will be evaluated using the following information:

- Estimated number of individuals benefiting, including specifying the number of youth benefiting and artists participating,
- Estimated number of events and opportunities,
- Location and reach of project,
- Project impact (organization's economic impact and education and outreach), and
- Accessibility of facilities and programming.

Track Record (up to 20 points)

This criterion covers administration and fiscal responsibility. This criterion will be evaluated using the following information:

- Organization's fiscal condition and sustainability (does not apply to Teaching Artists, Artist Project or Artist Performances on Tour),
- Operating budget (does not apply to Teaching Artists, Artist Project or Artist Performances on Tour), and
- Project budget.

Applicant's reporting history and compliance status will affect proposals (see: Noncompliance).

History and Heritage Promotion (5 points)

This criterion awards 5 points if the applicant's activities promote or enhance Florida's history, heritage, traditions, ways of life or state symbols, which are defined as one of the symbols designated by the Florida Legislature in Chapter 15, Florida Statutes.

Scoring

The maximum number of points an application can earn is 100. Applications will be individually scored. The average of the individual scores will be rounded to three decimal places. When the fourth decimal is 5 or greater, the score will be rounded up in favor of the applicant. For example, 79.9875 will be rounded to 79.988 but 79.9873 would remain 79.987. **The Department of State's grant recommendation process as provided for in these guidelines does not guarantee any particular grant project will be funded and no grant applicant is entitled to grant funding through this process.**

Review Process

The application review process includes the following:

1. Eligibility determination,
2. Review and scoring,
3. Florida Council on Arts and Culture recommendations, and
4. Secretary of State review.

Eligibility Determination

After the deadline has closed, Division staff will review all submitted applications for basic eligibility and application errors (incorrect request amount, non-allowable expenses, incomplete budget, etc.).

The most common errors are:

- Uploaded the Federal W-9 instead of the Florida Substitute W-9,
- Too much in-kind included in the Operating Budget,
- Non-allowable expenses included in the Proposal Budget, and
- Request Amount too high.

Division staff will contact the grant contact listed in the application and allow them to correct any errors before the applications are sent to the panel for review. Applicants will have a limited window of opportunity to correct the application. Failure to correct application by requested deadline will result in your application being deemed ineligible. **After the application**

deadline, applications may only be amended at the request of Division staff. Only changes that are approved by the Division will be provided to the review panel.

Panel Review

Once eligibility is confirmed by Division staff, the applications will be made available to the review panel. Panelists must have expertise in the arts and culture field.

All panel members must comply with the Standards of Conduct for Public Officers and Employees of Agencies as set forth in section 112.313 *Florida Statutes* and voting conflict of interest laws as set forth in sections 112.3143 and 286.012 *Florida Statutes*.

Panelists independently evaluate each application based on the review criteria detailed in these guidelines and are required to follow the Division's scoring instructions. After each panel member has evaluated the applications, there will be a public panel meeting to review, discuss and score the applications. Panelists must voice their scores in the panel meeting. Only scores voiced during the panel meeting count towards the final average score for an application.

Panel Meetings

Panel meetings are open to the public and anyone can participate by registering through the Zoom links available on the Division's website calendar. Participation instructions will be emailed to applicants and posted on the Division's website and in the online grant system. The Division strongly encourages applicants to participate in the grant panel meeting, although it is not required. Participating in the panel process can be very helpful for those that intend to apply for future grants.

Panel meetings are chaired by a member of the Florida Council on Arts and Culture or a Division staff member. Chairs do not vote on applications being reviewed.

A typical panel meeting will include the following:

1. Call to Order,
2. Introduction of Panelists and Staff,
3. Panel Instructions from the Chair, and
4. Preliminary scoring of applications. For each application:
 - The Chair will announce the application number and applicant name;
 - Applicants may provide a *brief* update on the application. Updates may only include new proposal information;
 - Applicants will be permitted to respond to panelist questions;
 - Each panelist will voice his or her score; and
 - Division staff will calculate and voice the total points and the average panel score.

5. Public comment prior to panel consensus on scores:
 - During public comment, anyone (including applicants) may speak about the applications under consideration. After public comment, panelists may adjust their scores before the final vote to accept all scores.
6. Panel recommendations,
7. General discussion from the panel (policies, procedures),
8. General comments from the public (limited to 3 minutes or at the Chair's discretion),
9. Closing remarks from the Chair, and
10. Adjournment.

Any information provided during the panel review that negatively affects an application may result in an application being deemed ineligible or a reduction in request amount.

Florida Council on Arts and Culture Review

After the panel meeting, the Division will report the panel recommendations to the Florida Council on Arts and Culture. The Council can amend panel recommendations based on new or existing information about the applicant or panel proceedings.

Information that will result in the Council recommending zero funding includes:

- failure to meet all of the requirements listed in this document for applicant eligibility,
- noncompliance with administrative requirements of previous grants,
- bankruptcy or other fiscal concerns, or
- changes in the applicant's staff that would impair implementation of the proposed grant activity.

Council Recommendations

The Florida Council on Arts and Culture develops the list of Specific Cultural Project applications recommended for funding consideration in accordance with section 265.286(3), *Florida Statutes*. The list will be based on the Council's review of panel recommendations.

1. Applications will initially be ordered by average score (highest to lowest);
2. Applications with a tied average score will be ordered using the average points scored on each criterion in the following order:
 1. Quality of Offerings,
 2. Reach and Impact,
 3. Track Record, and
 4. History and Heritage Promotion.

3. If there is still a tie after the score for each criterion has been compared, the applications will be ordered by a sequence number assigned at application submission (lowest to highest).
4. The Council shall organize the list based upon applicant characteristics including discipline, location, or other characteristics determined and voted upon by the Council.

This list will be submitted to the Secretary of State for review and submission to the legislature.

Funding

Subject to Legislative appropriation, the Florida Council on Arts and Culture's list of recommendations reviewed by the Secretary of State may be funded by the Legislature. Not all applications will be funded.

The Department of State's Legislative Budget Request will include the Secretary of State's reviewed list of Specific Cultural Project applications.

If grant funds are returned to the Division, the Division shall award such funds to the next grant organization on the Secretary's list of reviewed applicants according to section 265.286(4), *Florida Statutes*.

Catalog of State Financial Assistance (CSFA) - A statewide compendium of state projects that provide financial assistance to non-state entities. As the basic reference source for state projects, the primary purpose of the Catalog is to assist users with obtaining general information on state projects and identifying state projects that meet specific objectives. Traditional Arts - Traditional arts are traditional cultural expressions through which a community maintains and passes on a shared way of life. Traditional arts are rooted in and reflective of the cultural life of a community. Community members may share a common ethnic heritage, cultural mores, language, religion, occupation or geographic region. These vital and constantly reinvigorated artistic traditions are shaped by values and standards of excellence that are passed from generation to generation, most often within family and community, through demonstration, conversation and practice. Traditional art expressions are usually learned informally through a relative or the community and are maintained without formal teaching or academic training. Traditional arts are learned orally or by observation and imitation, often through a master artist instructing an apprentice. Some traditional arts have a

deep-rooted history with little change, while others are constantly evolving and adapting to their changing environment.
