

U.S.-Produced Iron & Steel Sample Waiver Checklist

Instructions: The Administering Entity may complete this form in connection with its determination that a Waiver applies to the Project specified below by checking the appropriate box under “Yes,” “No,” or “N/A,” and including applicable comments in the “Notes” column. Pursuant to section 255.0993(2)(b), F.S., it is the Administering Entity’s responsibility to solely determine whether a Waiver applies to the Project.

Administering Entity: _____

Project Name: _____

Project Number (if applicable): _____

Iron or Steel Products Intended to be Permanently Incorporated in the Project: _____

| Items | Yes | No | N/A | Notes |
|---|-----|----|-----|-------|
| Quantity, Availability, and Quality Waivers | | | | |
| Did the Project’s prime contractor’s solicitation documents require bidders to provide separate prices for Domestic Iron or Steel Products and Foreign Iron or Steel Products needed for the Project? | | | | |
| Did the Project’s prime contractor’s solicitation documents contain a Project schedule with fixed delivery dates for all Iron or Steel Products needed for the Project? | | | | |
| Did the Project’s prime contractor’s solicitation documents contain detailed specifications as to the required quantity and quality of all Iron or Steel Products needed for the Project? | | | | |
| Did the Project’s prime contractor’s solicitation documents require bidders to make reasonable efforts to locate suppliers of Domestic Iron or Steel Products and include in their bid a list of contacted suppliers? | | | | |
| Have enough bids or pricing information from sources offering Domestic Iron or Steel Products been received to constitute a reasonable survey of the market? | | | | |
| Has correspondence been received from prospective bidders indicating a lack of Domestic Iron or Steel Products being available in sufficient quantities or of satisfactory quality? | | | | |

| | | | | |
|---|--|--|--|--|
| Is the Administering Entity aware of any other evidence indicating the lack of Domestic Iron or Steel Products being available in sufficient quantities or of satisfactory quality? (If “Yes,” describe in the “Notes” column.) | | | | |
| Cost Waivers | | | | |
| Based on the bids or pricing information received, will the use of Domestic Iron or Steel Products increase the Total Cost of the Project by more than 20%? (If “No,” a Cost Waiver is not applicable to the Project.) | | | | |
| Public Interest Waivers | | | | |
| Are there important policy goals relating to the Project that cannot be achieved by complying with Rule 60D-16.002(1)(a), F.A.C.? (If “Yes,” describe in the “Notes” column.) | | | | |
| Is the Administering Entity aware of any other evidence indicating that complying with Rule 60D-16.002(1)(a), F.A.C., is inconsistent with the public interest? (If “Yes,” describe in the “Notes” column.) | | | | |
