

Notice of Pre-Eligibility for VTIP Program **and ~~And~~ Instructions for Delivery of Junked Title**

Congratulations on the following vessel being determined to be pre-eligible for disposal by the Vessel Turn-In Program (VTIP):

One more important step is needed to make the vessel eligible for removal from the waters of this State and disposal by the Program. Please carefully follow the steps below.

1. Using pen or marker, write the word “JUNKED” across the face of your vessel title in large, legible print, as in the example below.
2. Sign and date the title document above the word “JUNKED,” as is done in the example below.
3. Return the JUNKED title to the VTIP Program in the postage paid envelope enclosed.
4. The return of the JUNKED title should be postmarked within 10 days of the receipt of this notification.
5. Once the JUNKED title is received by VTIP staff, as long as the condition of the vessel has not changed such that it no longer meets the criteria contained in the FWC Vessel Turn-In Program Guidelines, the vessel will be fully eligible for and authorized for removal from the waters of this State, destruction, and disposal. Such removal, destruction, and disposal may proceed immediately. VTIP staff will contact you to acknowledge receipt of the JUNKED title.
6. Should you have any questions, please contact VTIP staff at VTIP@myfwc.com and include your vessel’s registration number for reference.
7. At-Risk (VTIP) vessels that sink prior to the FWC contractor arriving to remove, destroy and dispose of the vessel, will be REJECTED BY THE PROGRAM, and the owner may be subject to derelict vessel charges under s.823.11, F.S. including criminal penalties and the responsibility to repay removal, destruction and disposal costs. The owner of the approved VTIP vessel is required to keep the vessel floating until the FWC hired contractor arrives to remove the vessel. Should the vessel in question sink, the approved VTIP application and removal will be DENIED, and the owner will retain title to the sunken vessel. Said vessel remains in the ownership of the applicant until the vessel is removed by the contractor. In all cases, the state never takes title to the vessel.

The vessel and applicant must continue to meet all eligibility conditions listed in the FWC Vessel Turn-In Program (VTIP) Guidelines until the vessel is removed from the waters of this State by the VTIP in order to maintain eligibility.
