GENERAL INFORMATION

Florida law generally defines "establishment" to mean a place of business at one general physical location. As used in this application, "the establishment" refers to the physical address of the establishment to be permitted.

A permit is not required of any person who purchases ether in quantities of less than 2.5 gallons, or equivalent by weight. Any person, who manufactures, distributes, or deals in ether in this state at or from more than one location must possess a current valid license at each location. Only one ether permit is required for each location if multiple activities relating to ether occur at one location, but the highest fee applicable to the operation in each location shall be paid by the applicant.

Ether licenses and permits are valid beginning on October 1 of the year for which they are issued and expire on the following September 30. A licensed or permitted facility shall renew its license or permit prior to its expiration date. If a renewal application and fee are not postmarked by the expiration date, the permit may be reinstated only upon payment of a delinquent fee of \$50.00, in addition to the required renewal fee, within 30 days after the date of expiration.

DEFINITIONS:

"Dealer" means any person, firm, corporation, or other entity selling, brokering, or transferring ether to anyone other than a licensed ether manufacturer, distributor, or dealer. This includes selling, brokering, or transferring ether to an exempted facility or to an ether purchaser.

"Distributor" means any person, firm, corporation, or other entity distributing, selling, marketing, transferring, or otherwise supplying ether to retailers, dealers, or any other entity in the primary channel of trade, but does not include retailers.

"Manufacturer" means any person, firm, corporation, or other entity preparing, deriving, producing, synthesizing, or otherwise making ether in any form or repackaging, relabeling, or manipulating ether.

"Purchaser" means any person, firm, corporation, or other entity who purchases ether in quantities of 2.5 gallons, or equivalent by weight, or more for any purpose whatsoever, but does not include a dealer, distributor, or manufacturer.

"Officers of the corporation" mean the five highest corporate officers of the corporation. These generally include the president, vice president, chairman of the board, secretary, treasurer, or equivalent positions.
